## Notes to Editors

1. The statistics in this Press Release have been derived from the Further Education Statistical Record (FESR), a computerised return consisting of an individual record for each enrolment on a vocational course in Northern Ireland Further Education Institutions.
2. In the text 'students' and 'enrolments' are used interchangeably; strictly all figures relate to enrolments.
3. Higher Education is defined as a course leading to a qualification above A-level standard. This includes postgraduate study, first degrees, BTEC Higher National Diploma (HND) and Certificate (HNC) courses and a number of professional qualifications.
4. The figures in this Press Release are counts of student enrolments as at 1<sup>st</sup> November 2000, and 1999/00 figures are as at 1<sup>st</sup> November 1999.
5. Mode of attendance identifies students studying full or part-time:
  - (a) Full-time students include all students whose attendance is:
    - (i) full-time (for at least 15 hours and at least 7 sessions per week, or for more than 21 hours per week, with no sessional requirement);
    - (ii) on sandwich courses; or
    - (iii) on short courses (single self-contained periods of full-time study of under 4 weeks' duration, within one academic year, which do not have to satisfy the hour and session requirements of (i) above).
  - (b) Part-time students include all students whose attendance is:
    - (i) part-time day;
    - (ii) block release;
    - (iii) evening only;
    - (iv) open/distance learning; or
    - (v) linked to their attendance at a school on a full-time basis.
6. Age is at 1<sup>st</sup> July 2000.
7. All GCSE and A-Level enrolments (irrespective of subject) are grouped in the "Applied Science" Subject Category.
8. The standard classification subject groups listed in tables 3(a), 3(b) and 3(c) are a departure from those used in NI Further Education Press Releases (prior to 1999/00). While the previous subject areas mirrored the categories used by the UK Higher Education Statistical Agency (HESA), the standard classification subject groups listed in the present Press Release are categories used by the Department for Employment and Learning.
9. This Press Release includes an increase in Jobskills numbers following the transfer of enrolments from NI Training centres to Further Education Colleges in April 2000.

<sup>1</sup> The majority of part-time enrolments on HND courses refer to students who are either taking additional modules in order to convert an HNC to an HND, or completing specific HND units which were previously failed/not completed.

<sup>2</sup> The majority of part-time enrolments on GNVQ courses are 'link' students i.e. full-time school pupils attending the college to take specific GNVQ units, with the remainder of the award being taught at the school.
