Introduction

Background

GTC Scotland was set up under the Teaching Council (Scotland) Act 1965. It was the first such body for teachers in the United Kingdom and, indeed, one of the first teaching councils in the world. One of the fundamental principles underlying the work of the Council is that of professional self-government.

The principal aims of the Council are:

- To contribute to improving the quality of teaching and learning;
- To maintain and enhance professional standards in schools and colleges in collaboration with partners including teachers, employing authorities, teacher education institutions, parents and the Scottish Executive Department;
- To be recognised as a voice and advocate for the teaching profession;
- To contribute to the development of a world class educational system in Scotland.

Introduction to this Digest

This is the sixth Statistical Digest produced by GTC Scotland from its register of qualified teachers. The GTCS Scotland Register holds detailed information regarding the teaching profession in Scotland. The information that the Council is able to hold on its register is set out in the Teachers' Registration (Scotland) Rules.

In this digest, the numbers of registered teachers (and two specific sub-categories) are split by voting category, age, gender and sector. In addition, the numbers of Probationer teachers currently participating in the Teacher Induction Scheme are split by sector, age and gender.

Criteria and terms used

The data contained in the Digest is based on the following general criteria:

- Registered Teachers refers to qualified teachers currently employed in Local Authority schools where registration is a requirement. Other qualified teachers employed in Independent schools, higher education and in further education are encouraged to register.
- Fully Registered Teachers refers to those teachers who are fully registered with the Council, while Head Teacher refers to a teacher currently employed in a Head Teacher's post
- Provisionally Registered Teachers refers to probationer teachers who have completed an approved initial teaching qualification. Some teachers will have been given provisional registration through an Exceptional Admissions route.
- Probationer Teachers refers to those teachers registered on the 2009/10 Teacher Induction Scheme, compared to those registered on 2008/09 scheme aiming to meet the requirements of the Standard for Full Registration, and form a subset of provisionally registered teachers. Probationer teachers are employed in Primary and Secondary schools only.
- The census date for the data taken from the Register is 30 September 2009.
- Comparison date (where applicable) is taken from the Register of 30 September 2008.
- Data is continuously being updated on the Register. The data recorded is a real-time snapshot and can increase or decrease with time.

The management and publication of all information from the GTCS Register of qualified teachers is in keeping with Data Protection legislation and safeguards against the publication of data about individuals.
