

Associate Ambulance Practitioner Apprenticeship Standard

<p>Occupational profile The Associate Ambulance Practitioner (AAP) works as part of the wider Emergency & Urgent Care setting, having direct contact with service users or others, providing high quality and compassionate care. Day to day duties and tasks for an AAP would involve working as part of an ambulance crew responding to emergency (999) & urgent calls providing emergency and urgent assistance, driving safely and progressively at high speed. The AAP will assess, treat and manage service users at the scene (reducing the need for hospital admission), either referring service users to alternative care provisions or safely discharging them on scene. Other tasks involve working closely with other emergency services and the wider NHS. Tasks of an AAP will include evaluating different approaches to solving problems, communicating those results accurately and reliably, with structured and coherent arguments. AAP's work at a level above that of Healthcare Support Workers and have knowledge of the underlying concepts and associated principles within their area of study, including the ability to evaluate and interpret these. They will have the qualities and transferable skills necessary for employment, exercising some personal responsibility. AAP's will undertake further annual training and develop new skills within a structured and managed environment when employment is secured. The AAP will work under the supervision of a Registered Practitioner in accordance with Regulatory policies and procedures for an initial probationary period of 20 weeks. After successful completion the AAP will be accountable for their own actions, operating within their own scope of practice, and will work alongside professional colleagues of higher or lower grades.</p>			
Professional body alignment and registration statement	Achievement of the standard makes you eligible for employment by any United Kingdom NHS Ambulance Service or other relevant organisation(s) ¹	Entry requirements:	Entry will be determined by employers and will include behavioural recruitment to support organisational values; interview; fitness test; 18 years+; Full GB driving licence.
