Further Education & Skills 24+ Advanced Learning Loans

Release Date: 29 October 2015

Next Update: 26 November 2015

Coverage: 2015/16: England; 24+, Level 3 and above

Statistician: Mohammed Bentaleb (fe.statistics@bis.gsi.gov.uk)

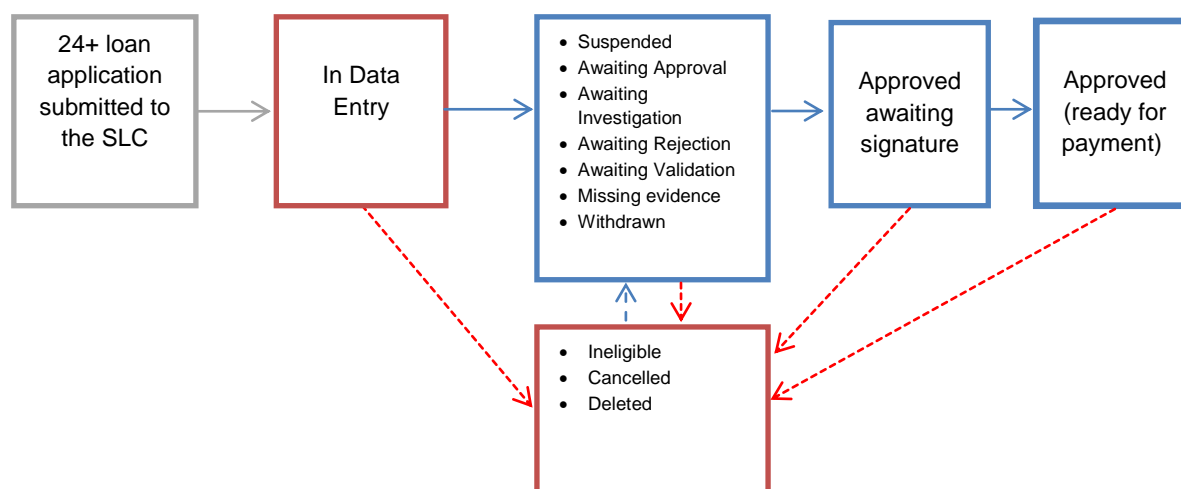

1. This is a Department for Business, Innovation and Skills (BIS) report for the 24+ Advanced Learning Loans system and contains information relating to courses starting in the 2015/16 academic year.
2. The report contains an outline of the source of the data, headline information and tables presenting application and processing figures. Information presented is as given in application forms and is subject to change.
3. This release of 24+ Advanced Learning Loans Application Information covers applications for courses starting in the 2015/16 academic year. Applications for courses starting in the 2014/15 academic year closed at the end of July 2015 (although changes can be made after July through change of circumstances).
4. The next release of 24+ Advanced Learning Loans Information will be on 26 November 2015, and will relate to applications submitted to the end of October.

Data Source

The data used to produce this report are sourced from the live Student Loans Company (SLC) application database. The data refer to all applications received for 24+ Loans, which include both unprocessed and processed applications, but exclude those ineligible, cancelled, deleted and in data entry. The live database provides information on applications, and is updated on an ongoing basis due to applications being processed, therefore data presented throughout the academic year are subject to change. A database snapshot provides data on applications (including application state) as it was held for any given date. This report uses data on applications on the 30th September 2015 for the 2015/16 academic year. Data presented in this report may also change for particular applications at some point in the future.

Figure 1 provides an overview of different application states. The state of an application can depend on various factors, including how much progress has been made processing the application, as well as the accuracy of the information and supporting evidence provided. In the 24+ Advanced Learning Loans report, the definition of applications received exclude those that are in data entry, ineligible, cancelled or deleted.

Figure 1 – Process map of application states

Applications move between different states on an ongoing basis. For example, an application may be in data entry and move to awaiting approval or an application that has been approved may move into the cancelled, deleted or in data entry state. It is therefore possible that the number of applications received could decrease from one month to the next if a large amount of applications move to the states in the red boxes (and are not classed as an application received), although this is highly unlikely in practise. Also, due to the changing of states, the sum of monthly application states over the course of the academic year will not equal the total for the full academic year.

Other Related Statistics

On Wednesday 14th October 2015 the Department for Business, Innovation and Skills published the [Further Education and Skills Statistical First Release](#), which contains full year provisional figures relating to the number of learners participating in FE in the 2014/15 academic year who were funded through the 24+ Advanced Learning Loans system ([see Table 25](#)). This includes learners whose course started in the 2013/14 academic year that continued into the 2014/15 academic year, and so these figures are not comparable to those in this report.

The next release of the Further Education and Skills Statistical First Release will be on 18th November 2015, and will show final data on participation for the full 2014/15 academic year.

The Student Loans Company also published their [24+ Advanced Learning Loans Paid in England](#) publication on Wednesday 14th October 2015, which includes information on payments made to FE providers on behalf of loans-funded learners during the 2013/14 and 2014/15 academic years. Data presented here relates to learners who are participating on a further education loan funded by a 24+ advanced learning loan, and hence are not directly comparable to the figures presented in this report.

On Thursday 18th June 2015 the Student Loans Company published [Debt and Repayment statistics for England](#), which included figures debt and repayment relating to some 24+ Advanced Learning Loans for the 2014/15 academic year.
