# National Curriculum Assessment and Public Examination Results in Wales 2008

## **School Standards**

### **Introduction**

This book presents for Wales the 2008 results of 7, 11 and 14-year-olds taught and assessed to National Curriculum standards; the KS4 results of 15-year-olds; and the KS5 results of 17-year-olds.

### **Access to Information**

This publication is designed to provide a comprehensive picture of standards attained in each LEA area and to place those standards within an all-Wales context. Information on individual schools is available from each school via its prospectus and Governors' Annual Report. Both documents contain the latest aggregate school results for a range of indicators as well as the national (all-Wales) results.

Totals may not necessarily agree with the sum of their components due to rounding.
