Introduction

The Higher Education Statistics Agency (HESA), collects information on students from higher education institutions in the UK. This document sets out statistical information on initial teacher training (ITT) in Wales obtained through HESA for 2004/05. You can find data, by institution, on undergraduate and postgraduate courses, primary and secondary phase courses and by secondary subject.

In looking at the statistics, you need to be aware that institutions are recommended to 'counsel out' students who, in the judgement of their tutors, will not have the attributes to make good teachers.

Welsh medium trainees are those on an ITT course that is designed to enable trainees to teach bilingually or on an ITT course leading to a formal certificate of bilingual education. Bilingual in this context means English and Welsh.

Due to data protection, figures of less than 5 have been replaced by *

Any figure that allows the * value to be identified both within this sheet and from all institution totals has been replaced by +
