Introduction

The Higher Education Statistics Agency (HESA) collects information on students from higher education institutions in the UK. This document sets out statistical information on initial teacher training (ITT) in Wales obtained through HESA for 2007/08. You can find data, by institution, on undergraduate and postgraduate courses, primary and secondary phase courses and by secondary subject.

In looking at the statistics, you need to be aware that institutions are recommended to 'counsel out' students who, in the judgement of their tutors, will not have the attributes to make good teachers.

Welsh medium trainees are those on an ITT course that is designed to enable trainees to teach bilingually or on an ITT course leading to a formal certificate of bilingual education. Bilingual in this context means English and Welsh.

Notes on the tables

Data Source: HESA Student Record 2007/08

- Number of students is the number starting on or before 1 November 2007, who have not left before 2 November 2007.
- Percentage Welsh medium students gaining QTS are as a percentage of the total gaining QTS.
- Students specialising in Welsh are counted as Welsh-medium students.
- Average Tariff score per student is shown for students entering through UCAS in 2007/08, with non-zero Tariff score.
- The interquartile range of Tariff points per student is from the value which 25% of values are below to the value which 25% of values are above.
- Age is at 31 August 2007.
- Percentages of students with a disability and students in receipt of DSA are out of those with known disability status.
- Figures from DLHE are those leavers who have responded to the DLHE and have gained QTS.

Due to data protection, figures of less than 5 have been replaced by *.

Any figure that allows the * value to be identified both within this sheet and from all institution totals has been replaced by +.
