

Route map through assessment

Course: Art and Design

Level: National 5

This document is intended to assist teachers in planning and delivering the overall vision for Curriculum for Excellence.

The vision for the new national qualifications is to create assessment opportunities that follow and support learning and teaching. This follows the principles laid out in *Building the Curriculum 5* and makes assessment a natural part of learning and teaching.

This route map aims to signpost all of the relevant material that is available to support your subject. Your professional judgement is vital and the documents listed below are intended to support you in deciding the most appropriate ways to generate evidence and assess candidates.

Education Scotland has produced a professional focus paper for art and design, and this is a good starting point as it provides support to help develop learning and teaching approaches that take forward the purposes and principles of Curriculum for Excellence through Art and Design National 5.

Art and Design National 5 course content

The main SQA art and design page is found at <http://www.sqa.org.uk/sqa/45707.html>. Pages specifically relating to National 5 are at <http://www.sqa.org.uk/sqa/47388.html>. Staff should also regularly check the updates and announcements section of this page.

The course specification can be found at

http://www.sqa.org.uk/files_ccc/CfE_CourseSpec_N5_ExpressiveArts_ArtandDesign.pdf.

There are two units: Art and Design: Expressive Activity, and Art and Design: Design Activity.

More detail on course coverage can be found in the course support notes.

http://www.sqa.org.uk/files_ccc/CfE_CourseUnitSupportNotes_N5_ExpressiveArts_ArtandDesign.pdf

Further mandatory information on course coverage is found on page 9 of the course assessment specification. This breaks each unit down into sections and topics.

A course comparison from National 3 to National 5 is also available.

Course assessment

At National 5 added value will be assessed in a course assessment, which consists of two components: a portfolio and a question paper. The course will be graded A–D.

http://www.sqa.org.uk/files_ccc/CfE_CourseAssessSpec_N5_ExpressiveArts_ArtandDesign.pdf

Portfolio

The portfolio will provide evidence of the development and realisation of one single line of expressive enquiry and one single line of design enquiry. The portfolio will be assessed on both the process and the end product, and because of this learners should develop a portfolio that shows the creative starting point and the further development and creative realisation of their ideas. The portfolio is worth an overall 160 marks (80% of the overall grade), with the design and expressive activities equally weighted at 80 marks each. All portfolio evidence will be submitted to SQA for external marking.

Question paper

There will be a 1 hour and 10 minute question paper worth 60 marks, which will be carried out under exam conditions and marked by SQA. It will test learners' knowledge and understanding of art and design practice, and their ability to critically analyse and respond to examples of art and design work. There will be two sections: Expressive Art Studies (20 marks) and Design Studies (20 marks). In each section two questions should be answered. Learners will answer one mandatory question and one free choice of question from each section.

A specimen question paper and marking scheme are available at

http://www.sqa.org.uk/files_ccc/ArtandDesignSQPN5.pdf

Unit assessment

Units are mandatory when taken as part of the Art and Design National 5 course but they can be taken independently. Unit support notes follow on from the course support notes.

http://www.sqa.org.uk/files_ccc/CfE_CourseUnitSupportNotes_N5_ExpressiveArts_ArtandDesign.pdf

Each individual unit also has a National 5 unit specification.

Each unit specification gives details of the outcomes and assessment standards. There are **two** outcomes per unit, encompassing skills development as well as knowledge, understanding and application.

Art and Design: Expressive Activity

http://www.sqa.org.uk/files_ccc/CfE_Unit_N5_ArtandDesign_ExpressiveActivity.pdf

Art and Design: Design Activity

http://www.sqa.org.uk/files_ccc/CfE_Unit_N5_ArtandDesign_DesignActivity.pdf

Learners must meet all the outcomes and assessment standards, and staff should read the documentation carefully. Evidence should be generated through learning and teaching. Assessment evidence can be drawn from a variety of activities and presented in a variety of formats. All of the evidence does not have to be generated from one activity but can be from several tasks and assessments carried out throughout the course. Learners should have access to resources to complete the assessment task and no time restrictions should be imposed. Staff should use their professional judgment when looking at the assessment evidence and ensure that minimum competency is met. They should undertake quality assurance regularly.

Different ways of gathering evidence have been suggested by SQA. The most traditional approach is unit by unit. A combined approach links skills development, knowledge and understanding from two units together. In order to build their portfolio, learners will gather evidence generated from everyday learning through key classroom tasks and activities. Unit assessment support is kept on the [SQA Secure](#) website.

Verification

The verification process is meant to be supportive and not onerous.

Internal verification is the process of ensuring standards are applied uniformly and consistently within a school in line with national standards. External verification is the process of ensuring that national standards are maintained consistently across all schools.

Art and Design: Quality Assurance – external verification: <http://www.sqa.org.uk/sqa/66834.html>

Quality assurance: <http://www.sqa.org.uk/sqa/58448.html>

Prior verification

http://www.sqa.org.uk/files_ccc/Prior%20Verification%20Centre%20Guidance%20FINAL.pdf

Staff who devise their own assessments can send them to SQA for prior verification, free of charge. This is only necessary where significant changes have been made to the unit assessment provided. It gives departments confidence that their proposed assessment is fit for purpose and meets national standards.

Internal verification

http://www.sqa.org.uk/sqa/files_ccc/InternalVerificationGuideforSQAcentres.pdf

As a matter of course staff should be quality assuring their assessments by carrying out activities that they have always done, for example double marking and blind marking. A sample of learners' work should be marked by more than one staff member in a department, and in single-person departments an arrangement should be made with another local authority school.

External verification

In art and design schools will submit a sample of learners' evidence for scrutiny by subject-specialist qualification verifiers. SQA intend that every school will be verified over the first few years. Verification will take place in November, February and May. Twelve samples will be asked for.

http://www.sqa.org.uk/sqa/files_ccc/Evidence_required_for_verificationevents.pdf

Schools must retain the evidence until 31 July. Of each academic year.

http://www.sqa.org.uk/sqa/files_ccc/SQA_Evidence_retention_requirements_A3_table.pdf

Key messages from verification will be put up on the SQA website.

Recognising positive achievement

http://www.sqa.org.uk/files_ccc/Recognising_Positive_Achievement_N4N5.pdf

This is only applicable to National 5 **not** Higher. A learner who achieves 'No Award' in a National 5 course assessment will be able to gain a National 4 course award as long as he/she has passed all the internally assessed units of the National 5 course **and** has passed the National 4 Added Value Unit.

Results services

http://www.sqa.org.uk/sqa/files_ccc/FA6669_SQA_Results_Services_A5_8pp_brochure_web.pdf

<http://www.sqa.org.uk/sqa/65427.html>

There are no longer any appeals. SQA offer two services: (1) Exceptional Circumstances Consideration Service (within ten days of sitting the external assessment) and (2) Post Results Service. The latter consists of either a clerical check or a marking review. It is likely that this will be carried out in conjunction with the school SQA co-ordinator.
