Introduction

The school improvement (SI) monitoring and brokering grant was announced on 30 November 2016. The grant has been allocated to local authorities since September 2017 to allow them to continue to monitor performance of maintained schools, broker school improvement provision, and intervene as appropriate.

This document sets out allocations of £30 million to cover the period September 2019 to March 2020.

We will confirm funding beyond March 2020 in due course.

Modelling

The £30 million is distributed between all eligible local authorities, excluding City of London and Isles of Scilly) to cover the period of September 2019 to March 2020.

The minimum amount of funding a local authority can receive is £50,000 and all local authorities will receive at the least this amount in October 2019.

The allocations are made on a per eligible school basis for those schools deemed open on 1 September 2019.

Eligible schools are schools run by local authorities, including special schools and PRUs, for pupils aged 5 to 16; the list used was extracted from Get Information About Schools as at September 2019.

The general labour market area cost adjustment (GLM ACA) factor is used and has been updated to match the ACA used in the central school services block of the national funding formula (NFF).
