Theme	Children, Education and Skills

Key Points

- The number of full-time equivalent teachers is 18,916.6. This represents an increase of 494 from 18,422.6 in 2019/20.
- The median age of teachers is 42.2 years, an increase from 41.5 years in 2016/17. There are slightly more teachers aged under 30 this year (11.8%) compared to 2016/17 (11.0%).
- The teacher headcount is 20,410, this is an increase of 506 teachers from 2019/20.
- The headcount of male teachers is 4,657, this is an increase of 110 teachers from 2019/20. The proportion of teachers working in all schools who are male had been declining between 2016/17 and 2020/21.
- The overall PTR in 2020/21 is 18.0, a decrease of 0.3 from the overall PTR in 2019/20.

Introduction

The purpose of this statistical bulletin is to provide analysis of the latest annual data collections relating to teacher numbers and pupil: teacher ratios in grant-aided schools in 2020/21. This information is analysed by school type and teacher characteristics including gender, age, full-time/part-time working and principal/vice principal breakdown.

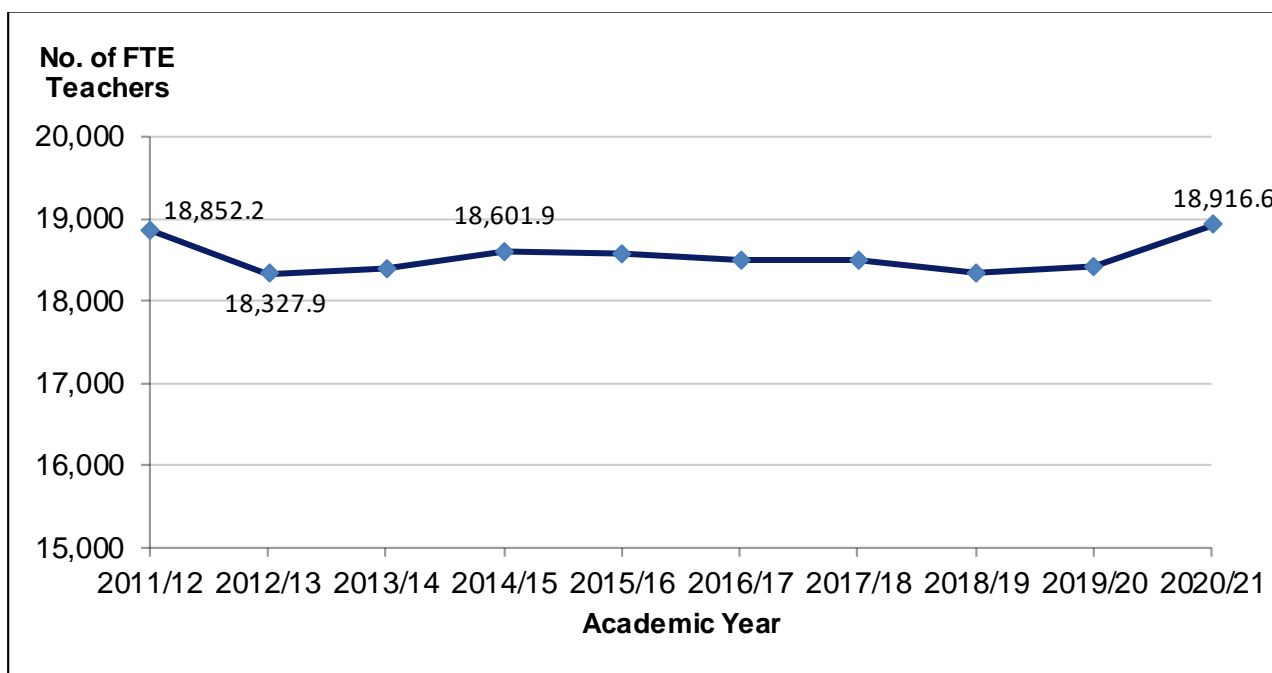

The information collected throughout this process is used by policy branches within the Department of Education to inform education workforce policy. The data are also used to respond to Assembly questions.

Information in this statistical bulletin relates to teacher numbers and Pupil: Teacher Ratios. All figures referred to are included in the main body of the text. All tables are included as annexes.

1. Full-time equivalent teacher numbers

- **Figure 1** shows the number of FTE teachers since 2011/12. The number of FTE teachers fell from 18,852.2 in 2011/12 to 18,422.6 in 2019/20, a fall of 429.6. The number of FTE teachers increased this year by 494 from 18,422.6 in 2019/20 to 18,916.6 in 2020/21.
- The majority of this increase was an increase in the number of FTE temporary teachers, with 976.4 FTE temporary teachers in 2019/20 increasing to 1,386.5 in 2020/21, an increase of 410.1.
- The number of FTE teachers recorded in 2020/21 might have been affected by the launch of the Engage Programme by the Department of Education, which provided funding to both primary and post-primary schools to provide additional teaching support for pupils.

Figure 1: Full-time equivalent teachers, 2011/12 - 2020/21

- Between 2019/20 and 2020/21 nursery schools, primary schools, non-grammar schools, grammar schools and special schools have seen increases in their numbers of FTE teachers (0.4, 209, 222.1, 36.5 and 28.1 respectively). On the other hand, preparatory departments of grammar schools have seen a decrease in their number of FTE teachers (2.1). This information is given in **Table 1**.

2. Teacher headcount and characteristics

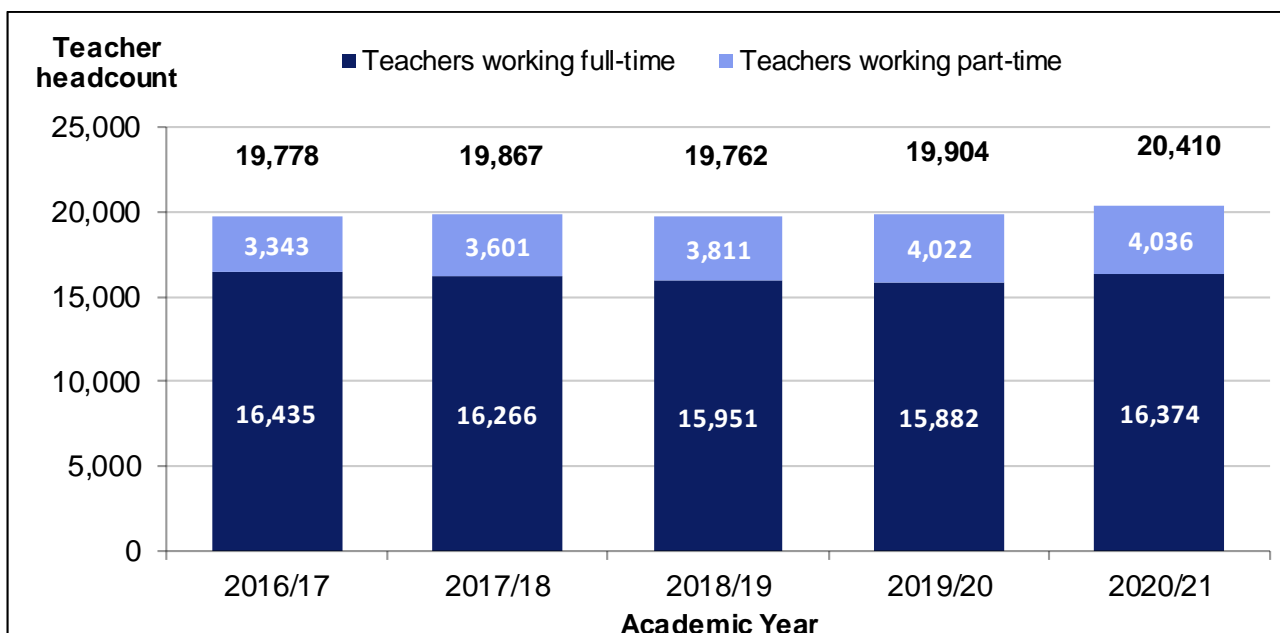

- Figure 2** shows the distribution of teachers' ages. The median age of teachers in 2020/21 is 42.2 years; increasing from 41.8 in 2019/20. There are proportionally more teachers aged under 30 this year (11.8%) than in 2016/17 (11.0%). This information is shown in Tables 2 and 3.

Figure 2: Proportions of teachers by age band, 2016/17 – 2020/21

- Figure 3** shows the teacher headcount since 2016/17, broken down by full-time/part-time working. The headcount has increased this year by 506, following the previous year's increase of 142. The proportion of teachers working part-time has been gradually increasing with 20.2% of all teachers working part-time in 2019/20, compared to 16.9% in 2016/17. However, this year the proportion of teachers working part-time dropped slightly to 19.8% in 2020/21. This information is shown in Tables 4 and 5.

Figure 3: Teacher headcount by full-time/part-time working, 2016/17-2020/21

- **Figure 4** shows that 77.2% of all teachers are female and 22.8% are male in 2020/21, compared to 76.8% of females and 23.2% of males in 2016/17. **Table 5** shows that since 2016/17 there has been a 1.4 percentage point increase in the proportion of male teachers working part-time compared with 3.2 percentage point increase for female teachers working part-time. This information is displayed in **Tables 4** and **5**.

Figure 4: Teacher headcount by gender, 2016/17 - 2020/21

- **Figure 5** shows how the relative proportions of male and female teachers vary by school type. Most notable, is the lack of male teachers in nursery schools (noted at 0). In primary and preparatory schools 15.5% of teachers are male, in post primary schools 30.2% of teachers are male and in special schools 20.3% of teachers are male. This information is given in **Table 4**.

Figure 5: Proportions of female and male teachers, 2020/21

- Figure 6** illustrates how the relative proportions of principals and vice principals vary by gender and school type. Most notable, is the low percentage of male principals and vice principals (30.8% and 15.2% respectively) in special schools. In nursery, primary and preparatory schools 35.8% of principals and 33.2% of vice principals are male and in post-primary schools 54.9% of principals and 43.0% of vice principals are male. **Table 7** gives a breakdown of the number of principals and vice principals by gender and school type.

Figure 6: Proportions of principals and vice principals by gender, 2020/21

- In primary and preparatory schools 60.0% of principals are female compared to 84.5% of all teachers in primary and preparatory schools being female. Similarly, in all post primary schools 45.1% of all principals are female compared to 69.8% of all post primary teachers being female (**Figures 5 and 6**).

3. Pupil: Teacher Ratios

- Figure 7** details the PTRs for nursery, primary and post-primary schools from 2011/12 to 2020/21. Over this period the overall PTR saw an increase of 1.1, going from 16.9 in 2011/12 to 18.0 in 2020/21 (**Table 8**). Primary and post primary schools followed a similar pattern, with primary increasing from 20.5 in 2011/12 to 21.8 in 2020/21 (an increase of 1.3) and post-primary increasing from 14.8 in 2011/12 to 15.8 in 2020/21 (an increase of 1.0).

Figure 7: Pupil: Teacher Ratios, 2011/12 - 2020/21

- Figure 8** shows PTRs by school type. This year saw a decrease of 0.3 in the overall PTR figure, going from 18.3 in 2019/20 to 18.0 in 2020/21 (**Table 8**). This decrease is due to an increase of 3,434 FTE pupils, while the number of FTE teachers increased proportionately more (494), resulting in a lower number of pupils per teacher.
- PTRs have risen slightly this year for grammar schools (0.1). This was due to an increase in FTE pupils (975) and a proportionately smaller increase in FTE teachers (36.5).
- PTRs have decreased this year for primary schools (0.6), non-grammar schools (0.1) and preparatory departments (0.1). For primary this is due to a decrease in the FTE pupils (593) and an increase in the FTE teacher numbers (209). For non-grammar schools the FTE pupil numbers increased by 2858 but the FTE teachers increased proportionately more (222.1). For preparatory departments this was due to a decrease in FTE pupils (41) and a slight decrease in FTE teachers (2.1). The PTR for nursery schools and special schools have remained constant this year at 25.5 and 6.7 respectively.

Figure 8: Pupil: Teacher Ratio by school type, 2019/20 - 2020/21

- Figure 9** shows that the overall PTR is lower than in Wales, but higher than in Scotland. The PTR in England (qualified and unqualified teachers) is the same at 18.0. However, direct comparisons are not advised, as there are differences in the coverage and scope of the data collections. This information is broken down by school type in **Table 9**.

Figure 9: Overall Pupil: Teacher Ratios in NI, England, Scotland and Wales^{1,2} – R³

¹An overall PTR figure for Republic of Ireland is not available.

³R - Revised

4. Notes to readers

National Statistics

1. The United Kingdom Statistics Authority (UKSA) has designated these statistics as National Statistics, in accordance with the Statistics and Registration Service Act 2007 and signifying compliance with the Code of Practice for Official Statistics.
2. Teacher workforce statistics in grant-aided schools in Northern Ireland were assessed by the Statistics Authority in July 2010. Following work to address recommendations that were identified from the assessment ([Assessment and action plan of statistics on workforce \(opens in new window: https://www.statisticsauthority.gov.uk/wp-content/uploads/2015/12/images-assessment-report-51-schools-for-northern-ireland_tcm97-33759.pdf\)](https://www.statisticsauthority.gov.uk/wp-content/uploads/2015/12/images-assessment-report-51-schools-for-northern-ireland_tcm97-33759.pdf)) the UKSA confirmed the designation of these statistics as National Statistics in June 2011. It is a producer's responsibility to maintain compliance with the standards expected for National Statistics. If we become concerned about whether these statistics are still meeting the appropriate standards, we will discuss any concerns with the Authority promptly. National Statistics status can be removed at any point when the highest standards are not maintained, and reinstated when standards are restored.
3. Designation can be broadly interpreted to mean that the statistics:
 - meet identified user needs;
 - are well explained and readily accessible;
 - are produced according to sound methods, and
 - are managed impartially and objectively in the public interest.
4. For general enquiries about National Statistics, contact the National Statistics Public Enquiry Service on 0845 601 3034
Minicom: 01633 812399
E-mail: info@statistics.gov.uk
Fax: 01633 652747
Letters: Customer Contact Centre, Room 1.015, Office for National Statistics, Cardiff Road, Newport, NP10 8XG
5. You can also find National Statistics on the Internet: [ONS Website \(opens in new window: http://www.ons.gov.uk\)](http://www.ons.gov.uk)

Local Management of Schools

6. Since the introduction of Local Management of Schools (LMS) all schools have had fully delegated budgets. This means decisions on staffing levels have been taken by all post-primary schools since 1991/92 and since 1998/99 for all primary schools.

Pupil: Teacher Ratio and teacher numbers

7. The teacher numbers are based on a reference week in the autumn term: 23-27 November 2020.
8. The following types of teacher are included when aggregating teacher numbers and calculating the Pupil: Teacher Ratio:
 - full-time permanent teachers;
 - part-time permanent teachers; and
 - temporary teachers filling vacant posts, secondments or career breaks.

9. Excluded from all calculations are:

- substitute teachers;
- peripatetic teachers;
- classroom support staff.

10. For the Pupil: Teacher Ratio (PTR) calculation, numbers are expressed as full-time equivalents, with part-time hours being converted on the basis that a full-time working week is 32.4 hours.

11. The median age of a population is the age at which half the population is older than this age and half the population is younger than this age. Median age is used as a comparative measure of the age of the teaching population as it is more resistant than other measures of central tendency to being skewed by outlier data.

12. Prior to 2003/04, the figures for nursery, primary, non-grammar and special schools were extracted from the computerised teachers' payroll system, whilst the figures for grammar schools were obtained from an aggregate statistical return completed by the schools. Now, every grant-aided school is sent a list of teachers derived from the computerised teachers' payroll system, and asked to mark any amendments. This checking process was introduced from 2003/04 for nursery, primary, non-grammar and special schools, from 2005/06 for controlled grammar schools, and from 2007/08 for voluntary grammar schools. The net effect of this change in 2003/04 was that the number of teachers as verified by schools was some 400 lower than the number of teachers extracted from the payroll system, because, for example, substitute teachers had been incorrectly recorded.

13. From 2009/10, schools have been asked to verify the gender of their teaching staff.

14. From 2011/12, schools have been asked to verify who is the principal/acting principal and vice principal/acting vice principals in their school.

15. More detail about the collection of teacher workforce statistics may be found at: [DE Website \(opens in new window; https://www.education-ni.gov.uk/publications/education-workforce-data-collection-and-validation\)](https://www.education-ni.gov.uk/publications/education-workforce-data-collection-and-validation)

Pupil: Teacher Ratio: pupil numbers

16. Pupil figures are taken from the Annual Schools' Census conducted in October 2020.

17. Pupil figures are expressed as full-time equivalents. A pupil on a part-time attendance mode is counted as 0.5 of a full-time pupil.

18. Statistics relating to enrolments can be found on the facts and figures section of the Department of Education website:

[Statistics and Research - School Enrolments Bulletin 2020/21 \(opens in new window\)](#)

Comparisons

19. Comparisons of PTR between management types and territories must be interpreted with caution, as differences may be spurious, reflecting other factors such as distributions of school and class sizes, and the proportions of schools of each type (nursery, primary and post-primary). There is also variation in the coverage and scope of the data collection between territories. Data for other regions may also be found at: England [Statistics and Research - School Workforce in England November 2019 \(opens in new window\)](#)

Scotland - [Statistics and Research - School Workforce in Scotland 2020 \(opens in new window\)](#)

Wales - [Statistics and Research - School Workforce in Wales 2020 \(opens in new window\)](#)

Republic of Ireland - [Statistics and Research - School Workforce in Republic of Ireland 2019/20 \(opens in new window\)](#)

Revisions Policy

20. The figures included in this release may be subject to minor revision and these will be notified in accordance with our revisions policy. This can be accessed at [DE Website \(opens in new window; https://www.education-ni.gov.uk/sites/default/files/publications/de/Statistical%20Revisions.pdf\)](https://www.education-ni.gov.uk/sites/default/files/publications/de/Statistical%20Revisions.pdf)

Definition of management types

- **Controlled** schools are owned and managed by the Education Authority through boards of governors. Primary and secondary school Boards of Governors consist of representatives of transferors (mainly the Protestant Churches) along with representatives of parents, teachers and the Education Authority. Controlled nursery, grammar and special school boards of governors consist only of representatives of the latter 3 categories. Within the controlled school sector there are a number of integrated schools and a small but growing number of Irish-medium schools.
- **Catholic maintained** schools are voluntary schools owned by trustees (appointed by the Roman Catholic Church) and managed by CCMS through boards of governors. Board of governors consist of members nominated by the trustees along with representatives of parents, teachers and the Education Authority. Within the Catholic maintained sector there are a small number of Irish-medium schools.
- **Other maintained** schools are voluntary schools owned by trustees and managed by boards of governors which consist of members nominated by trustees along with representatives of parents, teachers and the Education Authority. This sector includes a number of Irish-medium schools.
- **Voluntary grammar** schools are owned by trustees and managed by boards of governors which consist of members nominated by trustees along with representatives of parents, teachers, the Department and, in most cases, the Education Authority. (Voluntary grammar schools vary in the rates of capital grant to which they are entitled depending on the management structure they have adopted, with the vast majority entitled to capital grants of 100%)
- **Grant-maintained integrated schools** are owned and managed by their boards of governors, which consist of foundation governors along with representatives of parents, teachers and the Department.
- All of the above are types of grant-aided school. **Independent schools** do not receive any funding from the Education Authority or the Department of Education.

General

21. The following symbols are used in the tables in this Press Release:

* = Relates to fewer than 5 cases

= Number (5 or more) suppressed to prevent disclosure of small numbers elsewhere

- = Indicates no schools in this category
