2. PROJECT CO-ORDINATOR INTERVIEW TOPIC GUIDE
Introduction

- Outline reason for interview and confidentiality
- Ask permission to record interview
- Any questions?
- Consent forms

1. Your role

Could I just check your job title and role with respect to the pilot project? Have these changed in any way over the last year?

Does your agency still have the same role in the pilot?

2. Key elements of the pilot project

Have the key ‘components’ (i.e., what services you are delivering) of the enhanced support package for teenage parents in your pilot changed in any way over the last year? Any new services offered? Or any withdrawn? What were the reasons for any changes?

- Accommodation-based
- Work with private rented sector/ bond or guarantee schemes
- Floating support/ support worker for young parents
- Peer mentoring/ buddy schemes
- Peer education/ school-based programmes/ outreach programmes
- Life coaching
- Counselling
- Training courses/ group activities
- IT initiatives
- Other elements

Are any of the components now being delivered in a different way (e.g., more or less staff, different agency etc). Again please explain any changes.

3. Target group/ referrals and assessment procedures

Client group

One year on, what is the client group for the pilot? Has this changed in any way since the start of the project? Explore reasons for any changes.

- Age groups (just 16 and 17 year old teenage mothers in housing need or older too, 18 and 19 year olds)
- Teenage mothers and the fathers?
- Teenage parents in care or who are care leavers
- Children of the teenage parents
- Parents (of teenage parents)/ extended family
- Those at risk of teenage pregnancy/ pregnant teenagers/ teenage parents

Are there any plans to (further) change the client group?
Referral and assessment procedures
Have there been any changes to the referral or assessment procedures for the pilot?
  • Processes
  • Different agencies involved?

Overall how well do the referral and assessment mechanisms work in practice? Could the procedures be improved in any way? If so, how?

Are procedures generating appropriate numbers of young people for the pilot? Any under or over-demand for the pilot services?

4. Delivering support to young parents

In your views, is the pilot delivering the right range of support to teenage parents? How well does it meet the support needs of teenage parents/young people?

Are there any other kinds of help that could usefully be provided by the pilot (any gaps identified)?

How about the intensity of support? Is this about right or should it be higher or lower?

5. Inter-agency working

Are all the agencies that need to be involved actually involved with the pilot?
  • Housing providers (social/private landlords)
  • Housing Authorities including District Councils in Counties
  • Children’s centres
  • Care leavers services
  • Health services (maternity, health visitors, Family Nurse Partnership?)
  • Connexions
  • Schools/colleges
  • Employers/Job Centre Plus etc
  • Youth Offending Team
  • Youth workers
  • Voluntary sector
  • Other services

How well do links between the pilot project and other key services work at an operational and strategic level?

6. Overall assessment of the pilot

What impacts is the pilot having on the lives of teenage parents/young people?
  • Impact on their confidence/attitudes/emotional well-being etc
  • Success with engaging young people
  • Impact on accommodation
  • Impact on employment/education/training
  • Impact on people’s health
• Impact on relationships/ support networks

5. TEENAGE PARENT SURVEY ONE (TPS1) QUESTIONNAIRE
Good morning/afternoon/evening, my name is... calling from BMRB, an independent research company. We are doing some research about the services provided for young people such as yourself, so that we can tell local authorities what young people find most helpful.

Your name was given to us because you’ve had contact with services supporting (young people living in hostels [Pilot G] / young parents [everywhere else]) in (Pilot A/Pilot B/Pilot C/Pilot D/Pilot E/Pilot F).

We are very interested in what you think about the help you have been given. Everything you tell us is COMPLETELY CONFIDENTIAL. It is your opinion about these services that we are interested in, and we will not tell anyone what you have said. We will look at your answers combined with the answers from everyone else who takes part in the survey, and write up the results in a report in which it will not be possible to identify anyone.

You may remember receiving a letter to tell you that we would be calling. Is it okay to ask you some questions now?

IF NECESSARY: The survey will take around 20 minutes.

IF NECESSARY: This research is being done on behalf of the Department for Children, Schools and Families, the government department responsible for policies affecting children and young people.

IF NECESSARY: As well as your opinions we also need to ask you some factual questions such as who you live with, and whether you are doing any paid work, or going to college. We are NOT checking up on who you live with or what you are doing. These questions are so we can see if people have different opinions of the services they use depending on their circumstances. Again, all your answers are confidential and we won’t tell anyone what you have said.

IF NECESSARY, BECAUSE YOUNG PEOPLE ARE UNSURE WHAT SERVICES ARE BEING REFERRED TO: We’ve contacted you because you’ve...

_Pilot A: ...been in contact with the Teenage Parent Pilot which provides support for young parents in Pilot A._

_Pilot B: ... moved into either Orlando House or Gocher Court and been given a key worker and lifecoach._

_Pilot C: ...used the Side-by-Side peer mentor scheme for young parents in Pilot C._

_Pilot D: ...used the services provided for teenage parents in Pilot D, which might be either the Teenage Parent Family Floating Support, or the Teenage Parent Buddy Scheme, or the Straight Talking Peer Education programme._

_Pilot E: ...used the 'Teenage Parents Actogether Project' which supports young parents in Pilot E._

_Pilot F: ...been helped by a teenage parent support worker who’s based at your Children’s Centre._

_Pilot G: ...used Project 92, which supports young people living in hostels in Pilot G._

Good morning/afternoon/evening, my name is... calling from TNS-BMRB, an independent research company. Your name was given to us because you’ve...:

[Pilot A]: …been in contact with Angela or Michelle from the Teenage Parent Pilot Team which provides support for young parents in Pilot A.

[Pilot B]: … moved into either Orlando House or Gocher Court and been given a key worker and lifecoach.

[Pilot C]: …used the Side-by-Side peer mentor scheme for young parents in Pilot C.

[Pilot F]: …been helped by a teenage parent support worker who’s based at your Children’s Centre.

[Pilot G]: …used Project 92, which supports young people living in hostels and young parents in Pilot G.

[If participated in first survey] You might remember speaking to us several months ago. Thanks again for helping us out with that survey. We’d like to ask you some more questions to see how you’re getting on and what you think about any help you’ve been given since then.

[If did not participate in first survey] We’d like to ask you what you think about the help you’ve been given so that we can tell local authorities what young people find most helpful.

[All] We are very interested in what you think about the help you have been given. Everything you tell us is COMPLETELY CONFIDENTIAL. It is your opinion about these services that we are interested in, and we will not tell anyone what you have said. We will look at your answers combined with the answers from everyone else who takes part in the survey, and write up the results in a report in which it will not be possible to identify anyone.

You may remember receiving a letter and/or text message to tell you that we would be calling. Is it okay to ask you some questions now?

[All] As well as your opinions we also need to ask you some factual questions such as who you live with, and whether you are doing any paid work, or going to college. We are NOT checking up on who you live with or what you are doing. These questions are so we can see if people have different opinions of the services they use depending on their circumstances. Again, all your answers are confidential and we won’t tell anyone what you have said.

IF NECESSARY: The survey will take around 25 minutes.
