1 Introduction

This Management Information (MI) Requirement sets out the information that must be reported to the Department for Education's (DfE) National Client Caseload Information System (NCCIS) in the financial year beginning April 2015. It is designed primarily for data managers who have responsibility for the local client caseload information system (CCIS) and reporting information to DfE.

Data managers must ensure that all colleagues that input information to CCIS are familiar with and adhere to the definitions set out in appendices A - F of this requirement.

Objectives

CCIS is essentially a local database that provides local authorities with the information they need to support young people to engage in education and training; to identify those who are not participating and to plan services that meet young people's needs. It also enables local authorities to provide management information to DfE through NCCIS. Information recorded on NCCIS is used to:

- monitor the extent to which young people are meeting the duty to participate in education or training. This requires pupils who reached the compulsory school leaving age in summer 2014 and beyond to continue in full time education or training, and apprenticeship, or full time employment combined with part time study until at least their 18th birthday
- produce monthly tables, which are available on the NCCIS portal, for services to compare and benchmark their performance against others
- produce tables relating to participation, young people not in education, employment or training (NEET) and the September Guarantee which are made available on GOV.UK
- combine with other administrative data to produce KS4 and KS5 destination measures and the NEET Quarterly Brief
- evaluate policies such as the Youth Contract and traineeships

This MI Requirement describes the data that must be stored in CCIS and reported to DfE in a way that is consistent between local authorities and with other data sources. The descriptions of data items (eg field lengths and data types) do not mean that local systems should necessarily hold the information in

that format, but data must be converted to the required format before being submitted to NCCIS.

Services may choose to record additional data on their local systems, such as educational attainment, or information needed to support a wider range of services delivered by the local authority. As this information will not be reported to DfE it can be held and stored according to local needs.

A key objective for 2015-16 is to further improve the robustness and completeness of information recorded on NCCIS. This will require services to focus more on young people who move between local authority areas, and to reduce further the proportion of young people whose activity is not known. In order to achieve this, services are reminded of the importance of:

- recording the young person's Unique Learner Number (ULN) where that is available
- having arrangements in place with other authorities to identify and share information about young people who have moved between areas
- making effective use of information provided through NCCIS about young people educated out of area in year 11; potential duplicate records; and information from DWP about young people making a claim for benefits

XML Standards

The UK eGovernment Interoperability Framework (e-GIF) aims to prevent problems arising from incompatible content of different computer systems. It has adopted XML (extensible mark-up language) as the primary standard for data integration and presentation tools for all public sector systems.

DfE has agreed with the IT software industry, local authorities and schools common standards for the collection and dissemination of data. These standards include XML. The DfE's development of new systems and interfaces between its legacy systems and other, new government systems, should comply with the e-GIF, which also mandates internet standards.

In compliance with DfE's strategy, the data defined in the schema will use XML tags, and the definitions of data to be passed between elements of CCIS will be described using XML message structures.

The XML schemas to support the information exchange required by DfE form part of this requirement and are available on the NCCIS portal.

Changes to the requirement in 2015-16

There have been a small number of changes made to the requirement for 2015-16. These are to reflect policy changes and to help improve the robustness of NCCIS data, especially that relating to the duty to participate. The main changes are:

- the replacement of references to 'Learning Difficulties and Disabilities (LDD)' with 'Special Education Needs and Disabilities (SEND)' in line with the 2014 Children's Act;
- the addition of a new code to the current activity indicator field ([CA01](#)) for young people in full-time education in a custodial institution (secure children's home, secure training centre or under-18 young offender's institution);
- the addition of a new code to the current activity indicator field ([CA01](#)) for young people who have found employment and who have an agreed start date;
- the addition of a new requirement for young people in the first year of two year courses to have a 'current activity review date' ([CA06](#)) of 31 August;
- to add clarity about the use of the 'expected course end date' ([CA16](#));
- to revise the 'intended destinations' dataset ([ID01](#)) to better align with the duty to participate;
- to add clarity about the cohort of young people to be recorded on CCIS; and the process to be followed when young people move between local authority areas ([Section 4](#));
- to add clarity about the cohort to be tracked for September Guarantee purposes ([appendix A](#)); and
- the addition of a new appendix ([appendix D](#)) to give further information about the error codes given in the main body of the document.

How to use this document

This document is designed to make it as easy as possible to understand the data entities required to be reported via NCCIS. Section 2 defines the groups of data by relevant area, eg current activity or September Guarantee. It also gives guidance on what the items mean and how to submit the monthly XML returns.

If more information is required for a particular data item then the user can navigate to that section by clicking on the data number. For example, for the detail of the data field “Young Person Record ID” in the “Young Person dataset” click on the number “YP01”. This takes the user to the relevant page in the document.

It is not possible to cover all eventualities in the requirement, and if in doubt guidance should be sought from the NCCIS helpline (see below). Supplements to this requirement, or additional guidance, may be issued from time to time.

It is expected that local authorities will collect information to support their equal opportunities policy and record information on their own client caseload information system. However, there is only a limited requirement to report equal opportunities information to DfE.

Further information is available from the NCCIS Helpline (helpline@nccis.org.uk).

2 Data requirement to be reported to DfE

This section details the different data sets that need to be consistent within local CCIS systems in order to report information to DfE or exchange with other local authority (LA) systems.

3 Data items

This section sets out the format that must be used for each data item that appears in the data sets. Additional information about the definitions that should be used can be found in [appendix A](#).

The data fields are described as follows:

<p>Field type</p>	<p>Alphanumeric – a standard string up to the max length</p> <p>Numeric – a value containing only numbers</p> <p>Date – a valid date (length is not applicable)</p> <p>Yes / No – a Boolean that must at least store yes and no. Locally a CCIS may store don't know (length is not applicable)</p>
<p>Field Required</p>	<p>M – Mandatory. The CCIS must have provision to store this information locally. Storage need not be against a record directly, but can be derived from other information eg establishment name can be derived from establishment number</p> <p>R – Recommended. The CCIS is recommended to store this information</p>
<p>Value Required</p>	<p>M – Mandatory. The CCIS must record this data value for a primary cohort client. Where a data entity is Y/N, positive information should be sought; ie 'unknown' or no value is not acceptable</p> <p>C – Conditional Mandatory. The CCIS may conditionally require this information; eg the educational establishment is mandatory for a client activity with an education activity</p> <p>O – Optional. The CCIS should include a value where it is appropriate to do so; eg a young person's middle name.</p>

Data fields

Field	YP01 Young Person ID		
Field Required	M	Field length	13
Value Required	M	Field type	Numeric
Schema ref	YoungPersonsID		
Description	The identification number of the individual		
Valid entries	See the notes below. The number must be a unique 13 digit code for each young person		
Validation rule	'YoungPersonsID' not of the correct length	Error code	1
	Duplicate 'YoungPersonsID' found		902
	'YoungPersonsID' does not contain a value that is specified as the DatabaseID in the FileHeader		903

Notes

Services must have a system generated unique reference created as follows:

00099999999999 where:

000 : DfE Database Registration ID

9999999999 : Unique number allocated by CCIS database

All numeric values must be leading 0 padded.

The same CCIS Young Person Record ID (YPID) must NOT be allocated to more than one young person. Nor must numbers that have been used previously be re-used.

Where a service changes software suppliers, or merges with / splits from other services, a new YPID will be created. Where this is the case, the previous YPID must be stored in a new field (YP62) so that it can be referenced in future.

[Return to Dataset List](#)

Field	YP02 Given name		
Field Required	M	Field length	20
Value Required	M	Field type	Alphanumeric
Schema Ref	GivenName		
Description	The forename or first name of the young person		
Valid entries	Any none Null string		
Validation rule	'GivenName' does not contain a value	Error code	2

Notes

The young person's name must be recorded in full and not a shortened or familiar version.

For young people of compulsory education age information may be sourced from the pupil census. Schools have a duty to provide the name, address and date of birth (DoB) of all pupils.

[Return to Dataset List](#)

Field	YP03 Family name		
Field Required	M	Field length	30
Value Required	M	Field type	Alphanumeric
Scheme Ref	FamilyName		
Description	Last name		
Valid entries	Any none Null string		
Validation rule	'FamilyName' does not contain a value	Error code	3

Notes

For young people of compulsory education age information may be sourced from the pupil census. Schools have a duty to provide the name, address and DoB of all pupils.

[Return to Dataset List](#)

Field	YP04 Middle name		
Field Required	M	Field length	30
Value Required	O	Field type	Alphanumeric
Schema ref	MiddleName		
Description	Middle name		
Valid entries			
Validation Rule		Error code	

Notes

For young people of compulsory education age information may be sourced from the pupil census.

[Return to Dataset List](#)

Field	YP07 Gender		
Field Required	M	Field length	1
Value Required	M	Field type	Alphanumeric
Schema ref	Gender		
Description	Pupil Gender		
Valid entries	F – Female M – Male U – Not Known N – Not Specified		
Validation rule	'Gender' does not contain a value	Error code	4
	'Gender' does not contain a recognised value		5

Notes

For young people of compulsory education age most information will be sourced from the pupil census.

This is a required field for CCIS systems. Where the young person's gender is not known, or the young person refuses to disclose the gender, the CCIS must use the correct corresponding code.

U - 'Not known' means that the gender of the person has not been recorded.

N - 'Not specified' means indeterminate, ie unable to be classified as either male or female.

[Return to Dataset List](#)

Field	YP08 Date of birth		
Field Required	M	Field length	10
Value Required	M	Field type	Date
Schema ref	DOB		
Description	Date of birth		
Valid entries	CCYY-MM-DD		
Validation rules	'DOB' does not contain a value	Error code	8
	'DOB' contains a value which makes the young person over the academic age of 25		9
	'DOB' contains a value which makes the young person below academic age of 15		10
	DOB' contains a value which makes the young person without a SEND flag over the age of 20		40

Notes

For young people of compulsory education age most information will be sourced from the pupil census. Schools have a duty to provide the name, address and DoB of all pupils.

[Return to Dataset List](#)

Field	YP09 Lead LA code		
Field Required	M	Field length	3
Value Required	M	Field type	Numeric
Schema ref	LeadLEA		
Description	LA code for the authority responsible for supporting the young person		
Valid entries	See appendix B for valid LA codes		
Validation rules	Mandatory 'LeadLEA' does not contain a value	Error code	14
	'LeadLEA' does not contain a recognised value		15
	'LeadLEA' does not contain the LEA specified in the XML return header		26

Notes

This is to identify the LA with primary responsibility for the young person, ie:

- For those of **compulsory education** age, this will be the 3 digit code of the LA area where they are being educated
- For young people who have **reached compulsory school leaving age**, this will be the 3 digit code of where they reside regardless of their current activity

See [section 4](#) for further information about the cohort for which local authorities are responsible.

Services may wish to generate secondary registrations for young people that they are supporting but for whom they are not the lead authority (eg where they are the corporate parent for a care leaver who has moved to another area, or a young person with a SEND who is educated out of area pre-16).

Where secondary registrations are generated, the 'LeadLEA' must contain the code for the authority that is responsible for the young person. Secondary registrations must be excluded from the XML sent to DfE.

[Return to Dataset List](#)

Field	YP10 Cohort status		
Field Required	M	Field length	1
Value Required	M	Field type	Alphanumeric
Schema ref	CohortStatus		
Description	The young person's status within the Service cohort		
Valid entries	P = Primary cohort G = No longer in primary cohort but covered by September Guarantee A = Age reached where an "active record" is no longer required L = Young person aged 20 – 25 whose EHCP/LDA has ceased T = Transferred to another LA so no longer an "active record" E = Left England so no longer an "active record" M = Found to be a duplicate record D = The young person is deceased		
Validation rules	'CohortStatus' contains an unrecognised value, the file will fail validation	Error code	904
	'CohortStatus' of 'T' but no value in 'Transferred ToLACode'		13
	YP in Guarantee cohort but either 'GuaranteeStatus' or 'LEACode' is missing from the 'September Guarantee' node		905

Notes

Code P should be used for young people in the primary cohort – see [section 4](#).

Code G should be used from May to September for young people who are no longer in the primary cohort but for whom the authority is responsible for delivering the September Guarantee.

There is further information about the cohort status codes in section 4.

The XML extract to DfE should only cover young people with a cohort status of either "P" or "G" and report once only those who have left the cohort as either 'A', 'L', 'T', 'E', 'M' or 'D'.

[Return to Dataset List](#)

Field	YP12 LA code at year 11		
Field Required	M	Field length	3
Value Required	M	Field type	Numeric
Schema Ref	LEACodeAtYear11		
Description	LA code where young person was educated on 31 May in the academic year in which they reached the compulsory school leaving age		
Valid entries	See appendix B for valid LA codes		
Validation rule	'LEACodeAtYear11' does not equal the Year 11 Offer 'LEACode' (SG19)	Error code	25
	'LEACodeAtYear11' does not contain a recognised value		24

Notes

The LA code where the young person was educated at the end of their compulsory education. This must be the same as the area responsible for ensuring that the young person has an offer under the Y11 September Guarantee and is surveyed in the annual activity survey.

This field will be used by DfE to track the activities of young people over time, so should be completed for all young people who move into the area after completing compulsory education. LA codes 000 to 004 should be used for young people who whose pre-16 education was outside England (see [appendix B](#)).

[Return to Dataset List](#)

Field	YP13 Transferred to LA code		
Field Required	M	Field length	3
Value Required	C	Field type	Numeric
Schema ref	TransferredToLACode		
Description	The local authority code of the area that a young person has moved to		
Valid entries	See appendix B for valid LA codes		
Validation rule	'TransferredToLACode' exists but 'CohortStatus' is not 'T'	Error code	34
	'TransferredToLACode' is not a recognised value		35
	'TransferredToLACode' returned is 004 which is not valid		41
	'TransferredToLACode' should not be the same as the lead LA code		42

Notes

Mandatory for Cohort Status = 'T' and 'E'

This field should be used when a young person has left the local authority area either because:

- They were educated in area but resident out of area in Year 11, and now they have completed compulsory education responsibility for their support has been passed to the authority where they live; or
- The young person has moved to a new local authority area and their record has been transferred.

This code must only be used where the service is satisfied that the 'importing' authority has taken responsibility for tracking the young person in the future.

On no account must young people be transferred to the unknown code 004.

If a young person is known to have moved away, but their new address is not known, the young person should be recorded as "Current situation not known – cannot be contacted".

There is further information about managing the records of young people who move between local authority areas in [section 4](#) of this document.

[Return to Dataset List](#)

Field	YP18 Address		
Field Required	M	Field length	See below
Value Required	M	Field type	Alphanumeric
Schema ref	Address1-4, Town, County		
Description	Address of young person		
Valid entries			
Validation rule	'Address' field does not contain any data	Error code	31

Notes

Complies with BS7666 standard address formats.

The primary requirement is to store a valid contact address of the following.

Sub dwelling
Dwelling
Street
Locality
Town
County

Where data is not routinely stored in BS7666 format, a 4 line address format can be accepted.

[Return to Dataset List](#)

Field	YP19 Address postcode		
Field Required	M	Field length	9
Value Required	M	Field type	Alphanumeric
Schema ref	Postcode		
Description	Postcode of the young person's main residence		
Valid entries	BS7666 postcode Valid postcode formats are: An nAA AAn nAA AnA nAA Ann nAA AAnA nAA AAnn nAA where 'A' is an alphabetical character and 'n' a numeric character.		
Validation rule	'Postcode' does not contain a value	Error code	32
	'Postcode' is not in a recognised format		43

Notes

If the young person's current address is not known, or they are of no fixed abode, the XML extract should record their post code as ZZ99 9ZZ.

Services may continue to record their local office address or dummy post code in their local systems, but it should default to ZZ99 9ZZ in the XML extract.

For young people educated away from home (including at independent specialist providers or higher education institutions), their main residence should be recorded and not their temporary term time address.

[Return to Dataset List](#)

Field	YP27 Ethnic code		
Field Required	M	Field length	4
Value Required	M	Field type	Alphanumeric
Schema ref	Ethnicity		
Description	Ethnicity code of young person		
Valid entries	<u>White</u> WBRI = White British WIRI = White Irish WROM = Gypsy or Irish Traveller WOTH = Any other White background <u>Mixed/multiple ethnic groups</u> MWBC = White and Black Caribbean MWBA = White and Black African MWAS = White and Asian MOTH = Any other mixed/multiple ethnic background <u>Asian/Asian British</u> AIND = Indian APKN = Pakistani ABAN = Bangladeshi CHNE = Chinese AOTH = Any other Asian background <u>Black/African/Caribbean/Black British</u> BCRB = Caribbean BAFR = African BOTH = Any other Black background <u>Other ethnic group</u> OARA = Arab OOTH = Any other ethnic group <u>Not known</u> REFU = Refused to disclose NOBT = Information not obtained		
Validation rules	'Ethnicity' does not contain a value	Error code	6
	'Ethnicity' does not contain a recognised value		7

Notes

Services are required to report to DfE using the 2011 Census classification above. This ensures that data from NCCIS are consistent with those recorded across government. Services choosing to use the DfE extended codes locally should map these to the codes above before submission to NCCIS. The ethnicity codes can be found at the [Office for National Statistics website](#).

[Return to Dataset List](#)

Field	YP32 LA code currently educated		
Field Required	M	Field length	3
Value Required	C	Field type	Numeric
Schema ref	EducatedLEA		
Description	LA code where the young person is currently educated		
Valid entries	See appendix B for valid LA codes		
Validation rule	'EducatedLEA' does not contain a recognised value	Error code	19

Notes

Should be blank if not in an education destination.

[Return to Dataset List](#)

Field	YP37 Unique learner number		
Field Required	M	Field length	10
Value Required	C	Field type	Numeric
Schema ref	UniqueLearnerNo		
Description	Unique Learner Number		
Valid entries	10 digit value		
Validation rule	'UniqueLearnerNo' invalid format	Error code	30

Notes

The 10 digit unique learner number (ULN) is allocated to an individual learner once and will stay with them for life.

The ULN is key to matching information received from schools and colleges with that held on CCIS; for checking for duplicate records; and for sharing information with neighbouring authorities. If there is any doubt about the reliability of a ULN (eg where a young person appears to have two different ULNs) it is better to leave this field blank than to risk recording an incorrect ULN.

Schools are required to obtain ULNs and to include these in their census returns from January 2014.

Further information is available from the [Learning Records Service website](#).

[Return to Dataset List](#)

Field	YP45 SEND flag		
Field Required	M	Field length	1
Value Required	M	Field type	Yes / No
Schema Ref	SENDFlag		
Description	Young people with a special educational need or disability		
Valid entries	Y – Yes N - No		
Validation rule	'SENDFlag' does not contain a value	Error code	103
	'SENDFlag' does not contain a recognised value		102

Notes

For CCIS purposes, a young person is deemed to have a special educational need or disability if he/she:

- had a statement of special educational need (SEN) at the time of completing compulsory education; or
- is still attending school and has been given a SEN since completing compulsory education; or
- has received a learning difficulty assessment (LDA); or
- has an education, health and care (EHC) plan.

Young people assessed as school action or school action plus should not be recorded as having a SEND on the XML return. Services may, of course, wish to record this information locally.

[Return to Dataset List](#)

Field	YP59 Guarantee status indicator		
Field Required	M	Field length	1
Value Required	C	Field type	Yes / No
Schema ref	GuaranteeStatusIndicator		
Description	Guarantee Status Indicator		
Valid entries	Y – Yes N - No		
Validation rule	'GuaranteeStatusIndicator' does not contain a recognised value	Error code	27
	'GuaranteeStatusIndicator' = 'Y' but either 'GuaranteeStatus' or 'LEACode' is missing from the 'SeptemberGuarantee' node.		906

Notes

Yes / No indicator to determine whether the young person should be counted in the September Guarantee cohort in the current year.

The young person's age – and not their year group - determines whether or not they are eligible for an offer. The indicator should be recorded as 'Yes' for all young people who are:

16 year old/Year 11 Guarantee: Young people in their last year of compulsory education (including those who have been 'held back' or are a 'year ahead') and:

- were registered at an education institution in the local authority area on 31 May 2015; or
- were not registered at an education institution but who were resident in the local authority area on 31 May 2015.

17 year old/Year 12 Guarantee: Young people who reached the compulsory school leaving age in summer 2014 and were resident in the local authority area on 31 May 2015.

The Guarantee cohort is 'locked' at the end of May. There is further guidance in [appendix A](#).

[Return to Dataset List](#)

Field	YP60 Youth Contract indicator		
Field Required	M	Field length	1
Value Required	C	Field type	Yes / No
Schema ref	YouthContractIndicator		
Description	Youth Contract Indicator (16/17 year old element)		
Valid entries	Y - Yes N - No		
Validation rule	'YouthContractIndicator' does not contain a recognised value	Error code	36

Notes

Yes / No indicator to determine whether the young person is receiving support under the 16/17 element of the Youth Contract.

Young people must be aged 16 or 17 on the date of entry but may remain on the programme for up to 12 months.

The indicator should remain in place as long as the young person is participating in the programme. It should be used alongside the young person's relevant activity code – eg education, training, NEET.

This indicator should not be used for 18/19 year olds jobseekers accessing the Youth Contract through Jobcentre Plus.

[Return to Dataset List](#)

Field	YP61 Youth Contract start date		
Field Required	M	Field length	10
Value Required	C	Field type	Date
Schema ref	YouthContractStartDate		
Description	Date participation in Youth Contract started		
Valid entries	CCYY-MM-DD		
Validation rule	'YouthContractStartDate' must contain a value as 'YouthContractIndicator' is "Y"	Error code	29

Notes

[Return to Dataset List](#)

Field	YP62 Previous YP identifier		
Field Required	M	Field length	13
Value Required	C	Field type	Numeric
Schema ref	PreviousYPIDIdentifier		
Description	The young person's previous individual identifier		
Valid entries	See below		
Validation rule	'PreviousYPIDIdentifier' not of the correct length.	Error code	37

Notes

The young person's identifier (YPID) should normally remain unchanged. But there can be exceptions, for example:

- where a sub-regional database is split into separate local authority databases and young people are given new identifiers;
- where a young person moves between local authority areas.

In these cases, the young person's previous identifier should be recorded. This should be the full 13-digit identifier made up of the 3-digit database code plus 10-digit unique number previously allocated to that young person.

[Return to Dataset List](#)

Field	EP03 DfE number		
Field Required	M	Field length	7
Value Required	C	Field type	Numeric
Schema Ref	EstablishmentNumber		
Description	DfE Establishment Number for the educational establishment attended by the young person		
Valid entries	A list of valid establishment numbers is available from the EduBase portal		
Validation rule	'EstablishmentNumber' does not contain a valid value.	Error code	228

Notes

Mandatory for all young people in full time education in schools and colleges ie activity codes 110, 120, 210, 220, 230, 270 and 280. The DfE establishment number should also be recorded for young people in secure children's homes and secure training centres.

The DfE number should be the 3-digit LA code followed by the 4-digit establishment number. Establishment numbers can be found on the [EduBase portal](#). Where a young person is educated at home or there is no valid establishment number use code 9999 plus the relevant prefix.

[Return to Dataset List](#)

Field	EP04 Unique pupil number		
Field Required	M	Field length	13
Value Required	C	Field type	Numeric
Schema Ref	UniquePupilNumber		
Description	Unique pupil number (UPN)		
Valid entries	See Unique Pupil Numbers (UPN) - A guide for schools and local authorities		
Validation rule	'UniquePupilNumber' not of correct length	Error code	38

Notes

The unique pupil number (UPN) identifies each pupil in England. UPNs are allocated to pupils according to a nationally specified formula on first entry to school (or in some cases earlier). Pupils' UPNs are intended to remain with them throughout their school career and transfer with them when they change school.

It is particularly important for the UPN to be recorded if the ULN is not known.

The UPN would normally be obtained from the school census.

Valid entries	A list of valid establishment numbers is available from the UKRLP		
Validation rule	'UKProviderReferenceNumber' is not of the correct format	Error code	39

Notes

The UKPRN is a reference number issued by the UK Register of Learning Providers (UKRLP). The UKPRN is widely used by the Education Funding Agency (EFA) and recording it on NCCIS can help with the upload and matching of data both locally and nationally. It also identifies education and training establishments that do not have a DfE number.

Services are not expected to source UKPRNs for all learners, but should record this information where it is provided as part of a data exchange with the EFA.

UKPRNs can be checked on [the UK Register of Learning Providers](#).

	Activity of Supported Internship without 'SENDFlag' of 'Y'		255

Notes

Evidence of a young person's current activity must be verified either:

- i) through exchange of information with schools, colleges or other services working with the young person, or
- ii) directly from the young person or their representative (this might be a parent or other family member).

One and only one current activity should apply to each young person, and that should be their primary positive activity.

Recording the current activity of all young people in the cohort allows services to identify those who require support to participate under S68 of the 2008 Education and Skills Act.

Current activity is also used by DfE to produce NEET and participation estimates, in the production of Destination Measures and for evaluation. **It is, therefore, essential that local authorities record this information in a standard way. Please refer to the definitions at [appendix A](#).**

Validation rule	'StartDate' does not contain a value	Error code	202

Notes

The young person's current activity start date is one of the fields used to assess whether a young person was in a sustained employment or NEET outcome in the education destination measures.

It is important, therefore, that the young person's current activity start date is established when a young person changes activity.

Notes

Current activity verification date is one of the fields used to check that the young person's record remains current (see [appendix A](#)).

The date verified is the date when the young person's school, college, training provider or employer last confirmed that the young person was attending their institution/employment.

This field should be updated every time a young person's current activity is verified; even if there is no change to their current activity.

Notes

The current activity review date alerts services when a young person's circumstances are liable to change.

A review date is required for all young people whose current activity is:

- temporary employment
- gap year
- full time education - custodial institution
- custody
- refugee/asylum seeker

Local services may also use review dates for young people who are not meeting the duty to participate or who have been identified as being at risk of dropping out. On no account should the activity review date extend beyond the young person's expected course end date.

See [appendix A](#) for further information.

Notes

A young person's current activity recorded on CCIS will lapse on the earliest of the three dates below:

- they have reached their expected course end date (CA16) or
- 4 weeks after their current activity review date (CA06) or
- when the currency period for that activity has been reached

On **no** account should the currency due to lapse date extend beyond the young person's expected course end date.

	'NEETStartDate' should not be populated for a young person whose current activity is not NEET		226
	'NEETStartDate' is before the young person's 15th Birthday		251

Notes

NEET start date is required to capture the actual date that the young person entered the NEET group as their current destination. This is necessary so that a young person's activity history can be created, and it may determine their eligibility for certain programmes (eg DWP Work Programme). Because there are so many different categories of NEET, DfE requires this date to be completed for each young person in the NEET group in order to calculate their length of stay in NEET. This field should be blank when the current activity is not a NEET destination.

Required for all NEET activities.

Notes

Expected course end date is mandatory for all young people in education and training (except apprenticeships). Information should be obtained from the young person's school, college or ILR.

The expected course end date will be used in the currency calculations as the calculated currency expiry date cannot be greater than the expected end of the course.

Validation rule	'IntendedDestinationYr11' does not have a value	Error code	301
	'IntendedDestinationYr11' does not contain a recognised value		302

Notes

This field should reflect the young person's post-16 plans. The intended destination field is aimed at helping local authorities to deliver their duties by:

- i) identifying young people who are undecided about their future, or whose aspirations are unrealistic, and who need additional help to make their post-16 choices; and
- ii) providing information on the demand for post-16 education and training which local authorities and the EFA can use to ensure that there is sufficient provision to meet demand.

Intended destinations are not recorded as current activity as they are liable to change.

When exporting to NCCIS if the young person does not have any information relating to the 'IntendedDestination', the value should default to 611. See appendix A for further definitions.

4 Cohort

This section describes the cohort of young people that must be included in the XML sent to DfE and the arrangements that services must have in place when young people move between local authority areas. All references to age refer to academic age rather than actual age, unless stated otherwise.

Primary cohort

Compulsory education age: Young people who have not yet reached the compulsory school leaving age (ie who have not attained the calendar age of 16 on 31 August 2015).

Only those in their final year of compulsory education; ie academic age 15; should be returned in the XML extract. This includes those who have progressed to post-16 education early, or who have been 'held back' in years below year 11.

Young people who are registered at school or other educational establishments (including custodial institutions) should be recorded by the local authority in which their educational institution is located. Young people who are not registered at an educational institution or who are home educated should be recorded by the area where they are resident.

It is the young person's age – and not their stage – that defines responsibility for their tracking. That means that a young person who is a 'year ahead', and attending post-16 education outside their home area, remains the responsibility of the area where they are in education until they attain compulsory school leaving age.

16-19 year olds: Young people who have reached the compulsory school leaving age, but who have not yet reached their 20th birthday, and who are resident in the local authority area. This includes students whose permanent address is within the local authority area, but who are currently studying away from home or serving a custodial sentence.

This is consistent with local authorities' duties to encourage, enable and assist young people to participate in education or training (Education and Skills Act 2008, S68). The Act defines young people as those below the age of 20.

20-25 year olds with a special educational need or disability (SEND): Local authorities are required to provide information through NCCIS of young adults who have a SEND and whose permanent address is within the local authority area. Young adults are defined as those who are between the calendar age of

20 and academic age 25, and 20-25 year olds should only be included in the XML extract if they have a current Education, Health and Care (EHC) plan or a Learning Difficulty Assessment (LDA). Information about 20-25 year olds whose EHC plan, SEN or LDA has ceased should not be returned to DfE. Paragraphs 9.199 to 9.210 of the [SEND Code of Practice](#) explain the circumstances in which an EHC plan may cease.

EHC plans were introduced for new assessments from September 2014 and existing statements and LDAs transferred to EHC plans over a transition period ending April 2018. Current CCIS definitions of LDD/SEND are expected to remain as they are until then.

Further information about this process can be found in [Statutory guidance on changes to legislation relating to children and young people with special educational needs and disabilities](#).

Transition at the end of compulsory education

Where young people were educated out of area in their last year of compulsory education, there is a period of 'dual running' at the beginning of the following academic year when the 'educating authority' and the 'resident authority' each have reporting responsibilities. These are set out in the table below, including required information to be shared between the authorities concerned.

Year 11			Year 12				
June	July	Aug	Sept	Oct	Nov	Dec	Jan
The Y11 September Guarantee and the Activity Survey are the responsibility of the LA where young person was educated at end of their compulsory education							
Main MI reported by the LA where the young person was educated during their last year of compulsory education until end August							
			Main MI from September onwards reported by the LA where young person lives				

 Period of dual responsibility for the two different purposes as above

Young people educated out of area

Education institutions are expected to provide information about their students to the local authority in which their school/college is located. It is for authorities to agree with neighbouring areas how and when information relating to young people who are resident in their area will be passed to them. This includes information given by educational institutions under the duty to notify their local authority about any 16 and 17 year olds 'dropping out' of education and training and set out in the [Statutory guidance on the participation of young people in education, employment or training](#).

Particular attention should be paid to ensure that young offenders who move to a different local authority area at the end of their custodial sentence are identified and recorded on CCIS.

The NCCIS portal will continue to offer a facility for local authorities to pass information between one another on a secure basis.

Young people moving between local authority areas

Where services learn that a young person has left their previous address and moved to another local authority area, the following action must be taken:

- The outgoing area must attempt to find the young person's new address, including a telephone number if possible, and contact the incoming authority with these details.
- The incoming authority may ask for a few days to check that the young person is indeed resident in their area, but this should be done as quickly as possible. In exceptional circumstances, where it might take slightly longer, the incoming authority is expected to make reasonable progress to establish evidence for whether or not a young person has moved into their area. They should agree a timescale for completing these checks with the outgoing authority.
- Once it has been established that the young person is now resident in their area, the incoming authority must register the young person on their CCIS database. The incoming and outgoing areas are encouraged to exchange any relevant information that is needed to support the young person in the future, and to provide the young person's previous YP identifier (YP62) so that their records can be linked. The outgoing authority can then update the young person's cohort status (YP10) to 'T' (transferred) and record the LA number of the authority that will support the young person in future (YP13).

- Where the young person's new address is not known, the incoming authority is expected to make enquiries. This might include checking school and college lists or undertaking a sibling search. If the young person is traced, then the action above should be taken.
- Where the young person cannot be traced, they must remain on the outgoing authority's database with a current activity of 'cannot be contacted' until their new address can be identified, either through new information or through the duplicate matching process.

Local authorities have a statutory responsibility towards all young people who are resident in their area. Therefore, on no account must an authority 'refuse' to accept a transfer if there is evidence that the young person is now resident in their area, nor must they transfer young people to LA code 004; this is not a valid LA code for young people leaving the cohort.

Service Children's Education

Service Children's Education (SCE) provides schools and educational support for the children of the UK armed forces, MoD personnel and sponsored organisations stationed overseas. The SCE provides secondary schools in Germany and Cyprus and the processes above should be followed where a young person moves between services provided by the SCE in Germany or Cyprus and local authorities in England.

The SCE manages a CCIS database in the same way as local authorities and there are contact details on the NCCIS portal. Their LA code can be found in [appendix B](#) and the establishment code and UKPRN for schools provided by the SCE can be found on [EduBase](#).

Duplicate matching process

NCCIS will check the record for every young person whose activity is NEET or not known (including 'currency expired' and 'cannot be contacted') to see if there is a possible match(es) elsewhere in England. Matching will be based on the young person's given name, family name, date of birth and ULN. Services will be advised each month of possible matches in their area. Before any action can be taken to make duplicate records inactive, services must contact the other authority(ies) concerned to assure themselves that both records are for the same young person. If they are, then the services involved must agree which authority will maintain the primary registration in future – that would normally be the area that had the most recent contact with the young person concerned.

The service that no longer holds the primary registration should then record the young person as no longer having an active record on CCIS. The young person

must be recorded as 'T' (transferred) in field YP10 and their new local authority area recorded in field YP13. The incoming authority should also record the young person's previous YP identifier (YP62).

DWP new claimants

Named contacts in local authorities will be sent a list each month of 18 and 19 year olds making a claim for benefits. It is likely that this list will include names of young people who are not currently known to the authority – for example, those who have recently moved to the area. Local authorities must record these young people on CCIS and to contact them at the earliest opportunity.

Further information about this process, including data sharing arrangements with DWP, can be found here in [Working together to support young people \(NEET\)](#).

Young people leaving the cohort

Other than the instances above, a young person's record can only be removed from NCCIS where:

- they have reached the age of 20 (or the end of the academic year in which they turn 25 if they have a SEN). In this instance, the young person's cohort status should be recorded as 'A'
- the EHC plan for a young person aged 20-25 with a SEND has ceased and the young person's education is no longer supported by the local authority. In this instance, the young person's cohort status should be recorded as 'L'
- they are deceased. In this instance, the young person's cohort status should be recorded as 'D'
- there is evidence that the young person has left England on a permanent basis. The young person's cohort status (YP10) should be recorded as "E" as long as the adviser is satisfied that this is a permanent move. Young people travelling abroad, or taking an extended holiday, must remain in cohort and recorded as appropriate

On no account should a young person's record be removed from CCIS for other reasons. This means that - as information is reported by academic age - the 16-18 cohort should remain largely unchanged from one month to the next.

Duplicate records

Management checks can sometimes identify duplicate records for the same young person. The records should be merged and any duplicate record that is no longer active given a cohort status of 'M'.

5 Annual Activity Survey

The purpose of the Annual Activity Survey, is to establish young people's destinations, on 1 November, in the year they completed compulsory education.

The collated results of the survey will be made available in the annual 'Moving On' publication. The survey should not be confused with the Key Stage 4 Destination Measure; whilst it focusses on the same cohort, the destination measure shows sustained destinations over a period of time.

Coverage

The Annual Activity Survey should cover all young people who reached the compulsory school leaving age in 2015 who were educated in schools or other institutions in the local authority area on 31 May 2015. The survey should also include young people resident in the authority area who are not enrolled at a school, including those receiving home tuition.

This is the same as the cohort covered by intended destinations and the year 11 September Guarantee, and services are expected to ensure that the data they provide under the Activity Survey is consistent with both intended destinations and the year 11 Guarantee.

Data reference period

The date of the reported activity should be as close to **1 November 2015** as possible. It is expected that by this time clients will have made firm decisions as regards to going to further education etc.

Conduct of the survey

Information on activity status should be sought from institutions in the first instance. Those not covered by institutional information or where inadequate information has been obtained should be surveyed, whether through postal, telephone or other means.

Those who are known to have left the country need not be followed-up but services should endeavour to identify the activity of those who have moved out of the area since completing Year 11, working with neighbouring authorities where appropriate.

Individual activity status will be grouped by DfE as follows:

	Item	Activity Code
MEETING THE DUTY TO PARTICIPATE	Full time education	
	School sixth-form	210
	Sixth-form college	220
	Further education	230
	Higher education	240

* Code 440 (DWP Work Programme) is not a valid code for 16/17 year olds.

** Code 720 (Refugees/asylum seekers) are excluded from the denominator used to calculate participation rates.

Data to be returned to DfE

Item	Description
DatabaseID	3 digit database identifier of sending organisation used to return monthly XML data available from NCCIS Helpline (helpline@nccis.org.uk).
YoungPersonsID	3-digit database ID + the CCIS Young Persons Record ID padded to 10 characters with 0s. (The full length of the field must be 13 characters long).
CohortStatus	Indicates if the young person's status within the service cohort: P – primary G – no longer in primary cohort but covered by the September Guarantee (and Activity Survey) T – transferred to another LA so no longer an active record E – left England so no longer an active record M – duplicate record D – the young person is deceased
Postcode	Young person's postcode
Gender	Gender of the young person. Valid entries are: F – Female M – Male U – Unknown W - Withheld
Ethnicity	<u>White</u> WBRI = White British WIRI = White Irish WROM = Gypsy or Irish Traveller WOTH = Any other White background <u>Mixed/multiple ethnic groups</u> MWBC = White and Black Caribbean MWBA = White and Black African MWAS = White and Asian MOTH = Any other mixed/multiple ethnic background <u>Asian/Asian British</u> AIND = Indian APKN = Pakistani ABAN = Bangladeshi CHNE = Chinese AOTH = Any other Asian background <u>Black/African/Caribbean/Black British</u> BCRB = Caribbean BAFR = African BOTH = Any other Black background <u>Other ethnic group</u> OARA = Arab OOTH = Any other ethnic group <u>Not known</u> REFU = Refused to disclose NOBT = Information not obtained

Item	Description
Lead LEA	LA code where YP was educated in year 11. Only those codes contained in appendix B are valid.
SENDFlag	Young people with a statement of special educational needs and/or learning difficulty assessment/education, health and care plan. Valid entries are: Y – Yes N - No
StartDate	Date reported activity started. Format: CCYY-MM-DD
ActivityCode	Activity status as at 1 November. See appendix A for definitions of valid activity codes.
DateAscertained	The date when the current activity was ascertained. Format: CCYY-MM-DD
EstablishmentNumber	DfE establishment number for each educational establishment attended in Y11 prefixed with the 3 digit LA code. As young people should only be recorded in the Activity Survey if they were educated in the authority area in year 11, the LA code should be the same for every young person contained in the CSV file. Where the establishment number is not available eg educated at home please return the LA code followed by 9999.
EstablishmentName	Name of the establishment to help identify institutions without a number. Format: Alphanumeric string

Format of the data

Data must be in **CSV format** and **compressed**.

Files must be sent to DfE using the secure file upload facility on the NCCIS website. The data file should be returned no later than end of **January 2016**.

It is important that only LA codes covered by that area are returned in the CSV file, ie the LA code where the young person was educated in Year 11 and not the LA code responsible for supporting the young person in November.

Appendix A: Additional guidance and definitions

Current activity

The following table defines each activity in the current activity dataset (CA01). These definitions also relate to the intended destinations and September Guarantee datasets.

Those who have not yet reached compulsory school leaving age and attending education in your area	
The activities below must only be used for young people in their last year of statutory education. See section 4 for details.	
Registered at a school or other educational establishment in the authority area (110)	Young people who are registered at a school or educational establishment (including FE colleges) in the area. Include young people who are resident in another authority area (including Scotland, Wales or NI) but attend education in your area. Include both maintained and independent schools.
Educated at home (120)	Young people resident in the authority area whose parents have opted to educate their child at home. Most authorities have a 'home education service' that will be able to provide details of young people educated in this way. However parents are not legally required to inform their local authority when they decide to educate their children at home.
In a custodial institution (130)	Young people in education in a young offender institution secure children's home or secure training centre that is located in the LA area.
Not registered at a school or other educational establishment (140)	Young people who are resident in the area and who are not known to be registered with any school, being educated at home through parental choice, or in secure accommodation. This would <u>include</u> those excluded from school or who have long term health issues and are receiving LA home tuition.
Current situation not known (150)	Young people who are known to have left an educational establishment in the area but whose current activity is not known.

Those who have reached compulsory school leaving age (ie aged 16-19 or 25 with SEND)	
See Section 4 for details of the cohort to be reported here.	
Full time education (210, 220, 230, 240, 270)	Young people who have reached compulsory school leaving age and are continuing in full time education. Full time education means a minimum of 540 hours guided learning hours per year. This is the equivalent of around 18 hours per week and may include work experience and other development activities as well as formal learning. It can be assumed that Education Funding Agency (EFA) funded 16-19 full time study programmes will meet the criteria for full time education.

Those who have reached compulsory school leaving age (ie aged 16-19 or 25 with SEND

	<p>Young people in full time education should be broken down as follows:</p> <ul style="list-style-type: none"> - School sixth-forms (including independent and maintained schools, special schools, academies, City Technology colleges and free schools) - Sixth-form colleges - Further education (including FE courses delivered in higher education institutions) - Higher education (including HE courses delivered in FE institutions) - Other full time post-16 education (including young people who are taking or re-taking years 10 or 11, attending specialist dance and drama colleges, being home educated or taking distance learning if it is accredited)
Part time education (250)	<p>Courses of less than 540 hours of learning per year as set out in individual learning agreements. Courses not funded by EFA or National Council for Education and Training (Wales) are still generally defined as full/part time and are therefore not subject to the guided learning hours rules. For these courses decisions should be made on the basis of the evidence available including any statement from the course provider.</p>
Gap year students (260)	<p>Young people who have an actual agreed deferred entry date to higher education. All young people who meet this definition should be recorded as gap year students including those who are known to be in employment or travelling abroad.</p>
Independent specialist provider (ISP) (280)	<p>Specialist provision for young people who are over the compulsory school leaving age but under 25 and are subject to a learning difficulty assessment. A list of ISPs can be found in annex 3 of Placement Information: Learners with learning difficulties and/or disabilities at independent specialist providers.</p>
Full time education – custodial institution (juvenile offender) (290)	<p>Young people aged 16 or 17 who would normally be resident in the local authority area but who are in custody in a secure children’s home, secure training centre or under-18 young offender’s institution. Details of these institutions, and contact details, can be found here:</p> <p>Secure children's homes contact details</p> <p>Secure training centre contact details</p> <p>Under-18 young offender institution contact details</p> <p>Young people are entitled to continue with the programme of study they had been working on prior to turning 18, so may remain in the youth secure estate after their 18th birthday if they only have a short period of their sentence to serve.</p> <p>Juvenile offenders are deemed to be meeting the duty to participate.</p>
Apprenticeship (310)	<p>Full time employees who are undertaking an apprenticeship that has been commissioned and delivered through the National Apprenticeship Service.</p>

Those who have reached compulsory school leaving age (ie aged 16-19 or 25 with SEND)

<p>Employment with accredited training/part time study (320)</p>	<p>Full time employees in a job that provides training or is combined with part time study accredited by Ofqual.</p> <p>The training or study must be the equivalent of at least 280 hours per year. This is the equivalent of around a day a week, but may be undertaken on a block release basis.</p> <p>For those young people with a duty to participate the employment must be for eight or more weeks consecutively and for 20 or more hours per week. Where a young person's employment hours vary, employment of an average of 40 or more hours over a two-week period can be considered as meeting the requirement.</p> <p>Young people serving in the armed forces should be recorded here.</p> <p>In exceptional cases where a young person aged 16 or 17 has assumed a full-time unpaid caring role for another person, they will be considered to be meeting their duty to participate if they are also undertaking accredited part-time education or training. Further guidance can be found in Participation of young people in education, employment or training - Statutory guidance for local authorities.</p>
<p>Employment without training (330)</p>	<p>Full time employees in a job that does not provide any training that is not accredited by Ofqual.</p>
<p>Employment with non-accredited training (340)</p>	<p>Full time employees in a job that provides training not accredited by Ofqual but which does offer a structured package of on and/or off the job training.</p> <p>In order to count here the training must be more than a simple health and safety or induction training and should incorporate a structured written training plan at the conclusion of which the employee will be competent to do the job to which he/she has been appointed and which will enable the young person to progress.</p>
<p>Temporary employment (350)</p>	<p>Full time employment with a fixed term of appointment of fewer than 8 weeks and not offering accredited training.</p>
<p>Part time employment (360)</p>	<p>Part time means working an average of less than 16 hours a week.</p>
<p>Self-employment (380 and 381)</p>	<p>Young people who are in business for themselves or who work on a freelance basis.</p> <p>Self-employment should be treated as the same way as employment for young people under a duty to participate.</p>
<p>EFA/SFA funded work based learning (410)</p>	<p>EFA/SFA funded work based learning for 16-19 year olds such as pre-apprenticeships, Work Pairings or locally branded programmes with non-employed status.</p>
<p>Other training (430)</p>	<p>Full time training that is not EFA/SFA funded (for example, private colleges or training centres, seminary and talmudic colleges).</p>

Those who have reached compulsory school leaving age (ie aged 16-19 or 25 with SEND)	
Training delivered through the Work Programme (440)	<p>Jobcentre Plus customers (aged 18-24) who are undertaking a formal work related training course as part of the Work Programme.</p> <p>These young people will generally be in receipt of a training allowance rather than Jobseekers Allowance (JSA). Do not count here short periods of work preparation such as work trials, work experience or sector based academies where the young person continues to be unemployed and in receipt of JSA.</p>
Traineeship (450)	<p>EFA/SFA funded traineeship that includes a high quality work placement, work preparation training and English and maths. The duration of traineeships will be a maximum of six months.</p> <p>This code should only be used for EFA/SFA funded traineeships that meet the requirements set out in ‘Traineeships: Framework for Delivery’ Young people undertaking work related learning that does not conform to the traineeships framework (eg pre-apprenticeship courses) should continue to be recorded under ‘work based learning’ above.</p>
Supported internships (460)	<p>Supported internships are a personalised study programme for young people aged 16-25 with an EHC plan, SEN statement or Learning Difficulty Assessment. They are based primarily with an employer and include an extended work placement which will hopefully lead onto paid employment.</p>
Working not for reward combined with part time study (550)	<p>Young people who are undertaking voluntary work, an internship, or holding office on a full time basis.</p> <p>Part time study must be the equivalent of at least 280 hours per year. This is the equivalent of around a day a week, but may be undertaken on a block release basis. The young person must be studying towards a qualification accredited by Ofqual.</p>
Re-engagement provision (530)	<p>Young people undertaking a re-engagement programme that meets the requirements set out in the DfE’s ‘Principles for effective re-engagement provision’.</p> <p>There are no minimum hours for re-engagement provision, recognising that participants may have significant barriers to learning and that full time participation may not be possible at this stage.</p> <p>Young people who are participating in the Youth Contract or other mentoring programme should only be recorded here if they have enrolled on a programme of re-engagement activities.</p> <p>A list of national engagement programmes for young people aged 16 to 18 year olds (up to 25 year olds for learners with special educational needs and disabilities) can be found in Mapping engagement programmes for young people.</p>
NEET (not in education, employment or training)	<p>Young people who are not in any form of education, employment or training. This includes those who are actively seeking help via other agencies eg Jobcentre Plus and those not seeking assistance from the local authority in finding a suitable opportunity.</p>

Those who have reached compulsory school leaving age (ie aged 16-19 or 25 with SEND)	
Not yet ready for work or learning (610)	<p>Young people who have reached compulsory school leaving age but who need intensive support and/or specialised provision to prepare them for full time education or training. This may include, for example, motivational, behavioural or social issues that need to be addressed before they would be able to effectively engage in education or training.</p> <p>To be included in this situation we would expect the young person to have been assessed and be working with targeted services and/or your Youth Contract provider.</p> <p>Young people facing barriers that PREVENT them from accessing education or training should be recorded in one of the economically inactive NEET situations.</p>
Working not for reward (540)	Young people who are undertaking voluntary work, an internship, or holding office on a full time basis.
Start date agreed - other (615)	Young people who have an agreed start date for employment but have yet to start. This would include part time or temporary employment or voluntary work. Those with a start date for an apprenticeship or employment with training should be recorded as 616 (see below)
Start date agreed – RPA compliant (616)	<p>Young people who have an agreed start date for education or training, an apprenticeship or employment combined with accredited training but have yet to take up that offer.</p> <p>If the start date is vague or conditional on finding a placement the young person should be counted as seeking education, employment or training.</p>
Seeking education, employment or training (619)	Young people, other than those above, who are unemployed and looking for a suitable place in education, employment or training and where there are no barriers to prevent take up. This category should be used as a transition for those clients referred by Jobcentre Plus who have yet to be interviewed.
Not available to the labour market: Young carers (620)	Young carers who are looking after siblings, parents or other family members and because of this are unable to enter education, training or employment at this time. Services are reminded that young carers can only be considered to be meeting their duty to participate if they are also undertaking accredited part-time education or training in the same way as employment for young people are under a duty to participate.
Not available to the labour market: Teenage parent (630)	<p>Young parents who are unable to enter any form of education, training or employment because they are looking after their own children.</p> <p>New mothers, such as those still within the statutory maternity period, should be recorded as 'Not available – pregnancy'. 16 and 17 year old parents should only be recorded here while their adviser feels that their parenting responsibilities require the young person to take a temporary break from education or training.</p>
Not available to the labour market: illness (640)	Young people who have a serious or on-going health problem which prevents them taking up education, training or employment at this time.

Those who have reached compulsory school leaving age (ie aged 16-19 or 25 with SEND	
Not available to the labour market: pregnancy (650)	Young women whose pregnancy (or those who have recently had a baby) prevents them from entering full time education, training or employment. As a general rule this means in receipt of Statutory Maternity Benefit or Maternity Allowance.
NEET - unlikely to be economically active (670)	Young people with a permanent disability or illness that prevents them from undertaking any form of education, employment or training. This activity should <u>not</u> be used for any young person who with, the relevant support, could continue their learning with an independent specialist provider or in a sheltered environment.
NEET – other reason not available (680)	Young people who are unable to enter education, training or employment at this time <u>and</u> who are not covered by any of the other categories. This would include, for example, young people who are out of the country for an extended period.
Custody – young adult offenders (710)	<p>Young people aged 18 or over, who were previously resident in the local authority area, and who are on remand or in custody in a young offender institution.</p> <p>Young adult offenders are offered a range of education or training opportunities which focus on developing skills and routes to employment, especially in the 12 months before release. However, this is needs led and may vary during their sentence. For this reason, young adult offenders are deemed to be ‘neither EET or NEET’.</p> <p>Juvenile offenders (ie 16 and 17 year olds) serving a custodial sentence should be recorded under ‘Full time education – custodial institution (290)’.</p>
Asylum seekers not yet granted asylum or extended leave (720)	Young people who have not yet been granted either full asylum status or granted extended leave to stay until their 18th birthday. Where this status has been granted then count by current activity.
Current situation not known (810)	<p>The destination of the young person is unknown and information has not yet been gained from other reliable sources about his/her whereabouts. This includes young people who:</p> <ul style="list-style-type: none"> have reached their course end date are known to have left their previous activity <p>but whose new destination has not yet been determined.</p>
Cannot be contacted – no current address (820)	This category must only be used to record those whose current situation is not known and where all reasonable efforts to contact the young person over a sustained period of time have been exhausted. For example where there is evidence that the young person no longer lives at the last known address, but their new address cannot be determined.
Refused to disclose activity (830)	Young people who have successfully been contacted but have refused to confirm their current activity.

Currency

It is extremely important that information on the activity of young people is as up to date as possible so that those who are not participating, or who are NEET, can be identified and supported to re-engage. To support this, a young person's current activity recorded on CCIS will lapse on the earliest of the three dates below:

- expected course end date, or
- 4 weeks after their current activity review date, or
- when the currency period for their current activity has been reached

All young people whose current activity cannot be confirmed before the earliest of these dates must be recorded as 'not known' until their current activity is re-established.

The currency requirements set out below mean that it is normal for the proportion of young people whose current activity is not known to rise sharply over the summer, especially where most provision is in FE rather than school based. DfE does not monitor 'not knowns' between July and September and services are advised not to benchmark their performance against others during this period.

Expected course end date

All young people in education, training (except employed status apprentices) or re-engagement provision must have an expected course end date (CA16). This should be set as follows:

- young people of compulsory education age should have a course end date of 31 August of the current academic year
- the expected course end date for young people in school sixth-form (or repeating Y11) should be assumed to be the end of the academic year (ie 31 August)
- 'A' level courses should be deemed to be two year courses. Young people in the first year of a two year course must be given a currency activity review date of 31 August
- the expected course end date for young people in EFA funded provision should be recorded on the young person's Individualised Learner Record (ILR) and obtained from their college or EFA
- the expected course end date for young people in re-engagement provision should be obtained from their provider

On no account should any young person on a one-year course, or in the second year of a two year course, have a course end date that extends beyond 31 August.

Current activity review date

There are some groups for whom it is mandatory to set a review date on which their current activity should be confirmed:

- temporary employment that is expected to end on a specific date
- gap year students whose gap year is expected to end when they take up their deferred HE place in September/October
- in the first year of a two year course
- start date agreed (education and training or employment)
- a custodial sentence which has an planned release date or
- asylum/seekers or refugees who are waiting to be granted citizenship

Services may also want to set review dates for young people who are covered by the duty to participate, but who are not in education or training, to ensure that they are contacted regularly, or who have been identified as being at risk of 'dropping out' (for example, through local RONI arrangements).

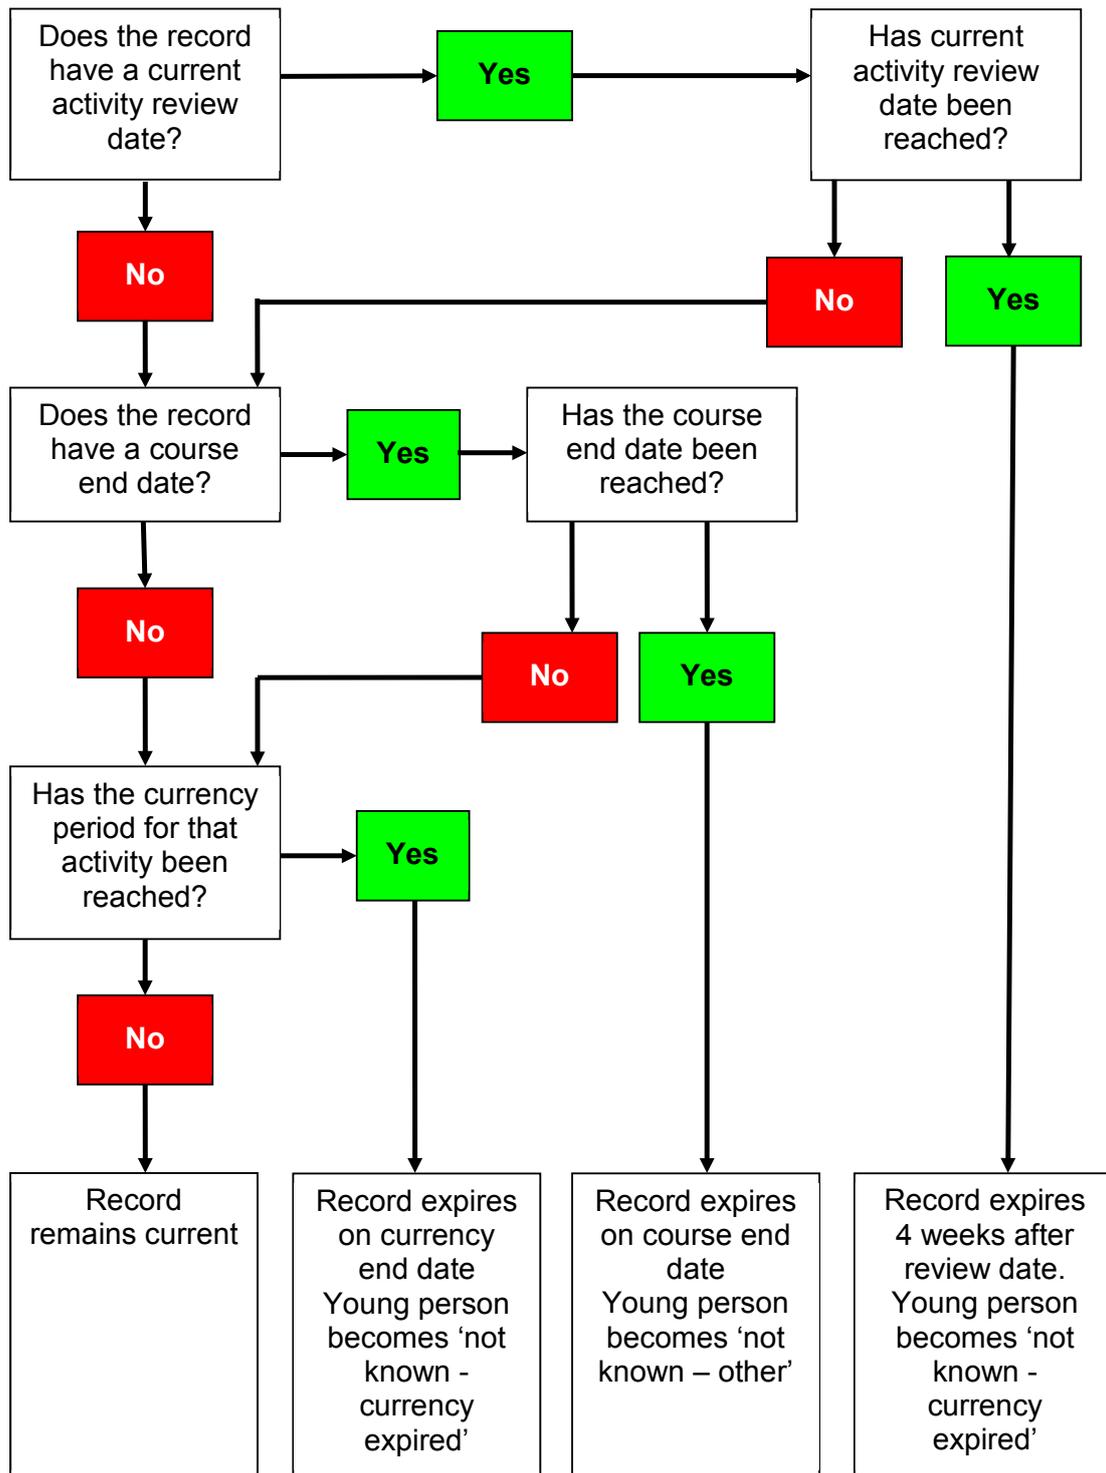

Currency period

In addition to the expected course end and review dates described above, records should also have a fixed currency period to ensure that the young person's activity is verified at a regular interval. Currency periods are set out below:

Young people of compulsory education age	
All activities	Course end date mandatory Current activity review date should be used where appropriate (eg young people serving a custodial sentence) Currency expires 12 months after the latest 'current activity verification date'
16-19 year olds and 20-25 year olds with SEND	
210-240, 270, 280 Full time education	Course end date mandatory Current activity review date of 31 August mandatory for those in the first year of two year courses Currency expires 12 months after the latest 'current activity verification date'. This can be extended to two years for those in HE
250 Part time education	Course end date mandatory Currency expires 6 months after the latest 'current activity verification date'

<p>320 Employment combined with training or p/t study</p> <p>310 Apprenticeship</p>	<p>Currency expires 12 months after the latest 'current activity verification date'</p> <p>May be extended to 2 years for those 18 and over at the time of verification</p>
<p>330 Employment without training</p> <p>340 Employment with non-accredited training</p> <p>360 Part time employment</p> <p>380 Self-employment</p> <p>381 Self-employment combined with p/t study</p> <p>550 Working not for reward combined with p/t study</p>	<p>Current activity review date advisory for young people of compulsory participation age</p> <p>Currency expires 6 months after the latest 'current activity verification date'</p>
<p>410 Work based learning</p> <p>430 Other training</p> <p>440 Training through the Work Programme</p> <p>450 Traineeship</p> <p>460 Supported internship</p>	<p>Course end date mandatory</p> <p>Currency expires 6 months after the latest 'current activity verification date'</p>
<p>530 Re-engagement provision</p>	<p>Course end date mandatory</p> <p>Currency expires 3 months after the latest 'current activity verification date'</p>
<p>350 Temporary employment</p> <p>260 Gap year</p> <p>290 Full time education – custodial institution)</p> <p>710 Custody (young adult offender)</p> <p>720 Asylum seekers/refugees</p>	<p>Current activity review date mandatory</p> <p>Currency expires 4 weeks after the activity review date unless contact has been made to confirm status</p>

Individual characteristics

Item	Definition
Looked-after children (110)	A child is looked-after by a local authority if he or she has been provided with accommodation for a continuous period of more than 24 hours, in the circumstances set out in sections 20 and 21 of the Children Act 1989, or is placed in the care of a local authority by virtue of an order made under part IV of the Act.
Parent - caring for own child (120)	A young person who provides regular and on-going care for their own child whether as part of a larger family unit or as a single parent.
Young carer (140)	Young people who provide regular and on-going care and emotional support to family members who are physically or mentally ill, disabled or drug/alcohol addiction. The term does not apply to the everyday and occasional help around the home that may often be expected of or given by children in families.
Care leaver (160)	<p>A young person, who was looked-after by a local authority for a period of 13 weeks, or periods amounting in total to 13 weeks, which began after he/she reached 14 and ended after he/she reached 16.</p> <p>Local authority statutory responsibilities regarding care leavers, and more detailed definitions, can be found here: The Children Act 1989 Guidance and Regulations Volume 3: Planning Transition to Adulthood for Care Leavers.</p>
Parent – not caring for own child (190)	A young parent who does not provide regular and on-going care for their own child.
Refugee/Asylum Seeker (130)	<p>According to the 1951 Convention Relating to the Status of Refugees, a refugee is a person who "owing to a well-founded fear of being persecuted for reasons of race, religion, nationality, membership in a particular social group, or political opinion, is outside the country of his nationality, and is unable to or, owing to such fear, is unwilling to avail himself of the protection of that country."</p> <p>Asylum is "protection granted by a State on its territory against the exercise of jurisdiction by the State of origin, based on the principle of non-refoulement and characterised by the enjoyment of internationally recognised refugee rights, and generally accorded without limit of time."</p>

Item	Definition																															
Supervised by YOT (170)	<p>A young person who is the subject of a supervision by the Youth Offending Team (YOT). There are some instances where YOT supervision is for agreement locally taking account of individual circumstances and is not a statutory requirement. Intended destination

This field identifies where the young person *intends* to move to following the completion of compulsory education. The intended destination field helps local authorities identify those who have still to make a decision about their future and who might need additional support; and to ensure that there is sufficient, suitable provision to meet young people’s needs.

It is recognised that young people may have more than one intended destination depending on for example outcome of GCSE results. For MI purposes the intended destination should be reported to DfE by the end of May.

The local system may allow for “dependency comments” to support the recorded intended destination.

Item	Definition
Full time education - same school (111)	Include both those progressing to 6 th form or who are entering or retaking year 11 or earlier.
Full time education or training - other (121)	Full time education or training in a different school, sixth form college, other education establishment or home education.
Traineeship or apprenticeship (221)	
Full time employment combined with training (311)	Full-time employment, self-employment, or volunteering (20 hours or more) combined with accredited part-time education or training (about one day a week).
Employment without training (321)	Employment, temporary employment, or self-employment without any or sufficient accredited education or training.
Other destination (411)	Young people who have plans that do not fit into any of the fields above. This would include those planning to undertake activities that do not meet the duty to participate, or to live outside England post-16.
Undecided (511)	The young person had still to make a decisions his/her post-16 plans.
Not obtained (611)	The young person has not yet been contacted, or has not provided information about their post-16 plans.

September Guarantee

All young people who reach compulsory school leaving age in 2015, or who did so in 2014, are entitled to a place in education or training. This includes young people who are not on a school roll, are home educated, or are in a custodial or residential institution. It is the young person's age – and not their year group – that determines whether or not they are entitled to an offer.

The offer of a place in education or training must meet the young person's needs. Education and training places that are dependent on GCSE attainment may count as an offer, but should be reviewed when the results are known.

It is expected that most of this information will be collected and recorded before the young person leaves school or college so that those who have not received an offer can be identified and supported throughout the summer.

The number reported in the Guarantee cohort at the end of May 2015 will be 'locked'. Once locked, the cohort will remain the same for the remainder of the Guarantee period. Where fewer or more young people are reported in a local authority's June - September data than there were in their locked May data, the 'missing' number of young people's records will be added to the number reported as 'Guarantee status not recorded', or the additional numbers subtracted, in order to make the numbers balance. This will apply to both the monthly tables on the NCCIS portal and to the final figures published on the GOV.UK.

There may be occasions where a record has been duplicated, or a 'new' young person has been identified or become deceased between May and September. The number of these are expected to be insufficient to affect the final figures. However if local authority services find that their combined year 11 and year 12 cohort has changed by 10 or more since the cohort was fixed, then they must contact the NCCIS helpline for advice.

Note that changes will not be considered where:

- i) a school informs local authority services that a young person has left. The young person is still entitled to an offer and should remain on CCIS. Their primary record should be updated to 'not enrolled in school' or 'not known'. Their Guarantee Status Indicator (YP59) must be recorded as 'Y' and offers tracked as normal.
- ii) the young person is known to have left the country. In this case, the young person's Guarantee Status Indicator (YP59) be recorded as 'Y'. But it would be appropriate to record their Guarantee code (SG02 or SG11) as 'offer not appropriate'.

Item	Definition
<p>Offer made</p> <p>Education or training (110)</p>	<p>Offer of a place in education, an apprenticeship or employment with training that meets the duty to participate.</p> <p>To be deemed as 'suitable' and recorded on CCIS, the young person's adviser must be satisfied that the offer is:</p> <ul style="list-style-type: none"> • of a place on a specific course in school, college, with a independent provider, or apprenticeship; • includes both the training element and a job or work placement where this is a condition of the young person taking up the place; • is appropriate to the young person's individual needs. That means it must be at the right level; geographical location; occupational sector and learning method; and • includes an agreed start date (which should be no later than the beginning of the January term). <p>Young people taking up full time employment, self-employment or working not for reward can be recorded here as long as they have an offer of part time accredited education or training.</p> <p>Young people who are serving a sentence in a young offender institution, secure children's home or secure training centre and whose sentence extends into the new academic year should also be recorded here.</p>
<p>Re-engagement activities (124)</p>	<p>Offer of a place on a re-engagement programme or Youth Contract.</p>
<p>Continuing in education, training or employment with training (114, 115)</p>	<p>17 year olds only</p> <p>Young people who are undertaking 2 year courses, or who are in employment with training to level 2 and who are expected to continue in the next year. Completion of this field will be automated using the young person's expected completion date.</p>
<p>Offer not appropriate at this time</p>	
<p>Employment without accredited training (120)</p>	<p>Young people who have a firm offer of a job which they intend to take up (or have already started). This includes 17 year olds who are expected to remain in employment and who have not indicated that they wish to return to learning.</p> <p>This includes jobs with non-accredited training, jobs without training, temporary or part time employment.</p> <p>Include all young people who might have gone into education or training, but who were not able to find a suitable place.</p> <p>Young people who want to go into employment, but who have not been offered a job, must <u>not</u> be recorded here.</p>

Item	Definition
Personal circumstances prevent learning at the time (122)	<p>The young person's personal circumstances <u>prevent</u> them from taking up any form of learning before January; eg serious illness or pregnancy.</p> <p>It is expected that these young people will be engaged with targeted services, and that they will be offered a place in education, training or re-engagement activity when they are ready to progress.</p>
Other reason (123)	<p>Young people for who an offer would not be appropriate because they have other plans. This would include those who:</p> <ul style="list-style-type: none"> - have chosen to do some other activity, such as voluntary work - are travelling or temporarily living outside England - despite advice to the contrary, have made it clear that they will not consider any form of post-16 education or training and have not, therefore, submitted any applications
No offer made	
Application awaiting outcome (140)	The young person has applied for a place in learning but the result is not yet known.
No appropriate provision (150)	<p>Young people who do not have an offer because:</p> <ul style="list-style-type: none"> - they cannot find a place that meets their needs - they applied for a course that is fully subscribed, and no additional places are being made available - had their application rejected and cannot find a suitable alternative - have been offered an apprenticeship place which they cannot take up until they have found a job - are on a waiting list or who do not have a start date
Considering options/ not yet applied for learning (151)	Young people who do not have a job, or a reason why they cannot take up education or training, and who are undecided about what they want to do. Because of this, they have not applied for a learning place (including a re-engagement activity if that is the most appropriate route).
No contact	
Unable to contact – current address not known (153)	The young person does not appear to have been made an offer. The young person cannot be contacted as they are known to have moved away from the address held on CCIS and have not left a forwarding address.
Unable to contact – other reason (154)	The young person does not appear to have been made an offer. The service has tried to contact the young person to discuss their next steps, but they have not responded to phone calls, letters, e-mails, text messages, home visits or any other attempted contact.
Guarantee status not recorded (159)	CCIS systems should default blank entries to this code so that any 16 and 17 year old who does not have a Guarantee status can be identified and contacted.

Appendix C: Procedures to upload data to DfE

Data returns are provided to DfE using the secure NCCIS website to capture the local management information in XML format which then uploads the data to the NCCIS database. The information is collected to provide a national picture on participation as well as providing information to which will allow local authorities to compare their performance with neighbouring services to help with local accountability.

The specific process of extracting the data from local systems is defined by the software vendor of those local systems to meet the standard contained in the NCCIS XSD. The XML schema definition document details what information is required to be supplied to DfE on a monthly basis. The data specified within the document corresponds to the NCCIS data requirements in section 2 of this document.

The [NCCIS website](#) maintains the latest version of the XML schema definition and reporting requirements.

Appendix D: Error report definitions

Error code	Description	Priority	Explanation
1	'YoungPersonsID' not of the correct length	1	The young person's identifier must contain 13 digits; the 3 digit DatabaseID followed by the local CCIS ID, and with padded 0s. eg 4440000123456
2	'GivenName' does not contain a value	1	The young person's given name is missing
3	'FamilyName' does not contain a value	1	The young person's family name is missing
4	'Gender' does not contain a value	2	The young person's gender has not be recorded
5	'Gender' does not contain a recognised value	2	The value input is not valid – see YP07 for a list of valid entries
6	'Ethnicity' does not contain a value	2	The young person's ethnicity has not been recorded on CCIS
7	'Ethnicity' does not contain a recognised value	2	The value input is not valid – see YP27 for a list of valid entries
8	'DOB' does not contain a value	1	The young person's date of birth has not been recorded
9	'DOB' contains a value which makes the young person over the academic age of 25	2	This error has occurred either because the young person's date of birth has been entered incorrectly, or because the young person has reached the end of the academic year in which they had their 25 th birthday and is, therefore, no longer in the cohort to be returned in the XML
10	'DOB' contains a value which makes the young person below the academic age of 15	2	This error has occurred either because the young person's date of birth has been entered incorrectly, or because the young person has not yet reached the academic age of 15 and is, therefore, outside the cohort to be returned in the XML
11	'CohortStatus' does not contain a value	1	This field must be completed for every record
13	'Cohort Status' of T but no value in 'TransferredToLEACode'	2	Where a young person's record has been transferred to another local authority, the LA code of the importing authority must be recorded
14	Mandatory field 'LeadLEA' does not contain a value	1	This field must be completed for every record
15	'LeadLEA' does not contain a recognised value	1	The 'LeadLEA' code that has been entered on CCIS is not one of the recognised LA codes – see appendix B for valid codes

Error code	Description	Priority	Explanation
19	'EducatedLEA' does not contain a recognised value	2	The code shown in the XML is not one of the recognised LA codes – see appendix B for valid codes
24	'LEACodeAtYear11' does not contain a recognised value	2	The code shown in the XML is not one of the recognised LA codes – see appendix B for valid codes
25	'LEACodeAtYear11' does not equal the Year 11 Offer LEACode	1	These two codes must have the same value
26	'LeadLEA' does not contain the LEA specified in the XML return Header	2	The XML should only include young people for whom the service has lead responsibility. Secondary registrations must not be returned in the XML
27	'GuaranteeStatusIndicator' does not contain a recognised value	1	The value input is not a valid entry – see SG02 or SG11 for a list of valid entries
29	'YouthContractStartDate' must contain a value as 'YouthContractIndicator' is Y	2	The Youth Contract Indicator shows that the young person is participating in the Youth Contract, but their start date has not been input
30	'UniqueLearnerNo' invalid format	2	The ULN should contain 10 numbers. If it is too short, too long, or contains letters an error will be returned
31	'Address' fields do not contain any data	1	This field must be completed for every record
32	'Postcode' does not contain a value	1	This field must be completed for every record
33	YP aged 20+ but without SEND	2	Information about young people aged 20 or over should only be included in the XML if the young person has a SEND flag
34	'TransferredToLACode' exists but 'CohortStatus' is not 'T'	2	Where a young person's record has been transferred to another local authority and the LA code of the importing authority is recorded, the 'CohortStatus' must be recorded as 'T'
35	'TransferredToLACode' is not a recognised value	2	The code shown in the XML is not one of the recognised LA codes – see appendix B for valid codes
36	'YouthContractIndicator' does not contain a recognised value	2	The Youth Contract Indicator shows that the young person is participating in the Youth Contract. Recognised values are 'Y' and 'N'
37	'PreviousYPIDIdentifier' not of the correct length.	1	This should be the full 13-digit identifier made up of the 3-digit database code plus the 10-digit unique number previously allocated to that young person

Error code	Description	Priority	Explanation
38	'UniquePupilNumber' not of correct length	2	The unique pupil number (UPN) identifies each pupil in England and must be a unique 13 digit number, including the LA code and DfE establishment number of the school/academy allocating the UPN, and year of allocation and 3 digit serial number
39	'UKProviderReferenceNumber' is not the correct format	2	This should be an 8 digit number starting with 1
40	DOB' contains a value which makes the young person without a SEND flag over the age of 20	1	20-25 year olds should only be included in the XML extract if they have a current Education, Health and Care (EHC) plan or a Learning Difficulty Assessment (LDA)
41	'TransferredToLACode' returned is 004 which is not valid	1	No young person should be transferred to an unknown LA
42	'TransferredToLACode' should not be the same as the Lead LA code	1	Services should not be transferring a young person to themselves
43	'Postcode' is not in a recognised format	2	Postcode should meet the required format YP19
100	'LevelOfNeedCode' does not contain a value	1	This field must be completed for every record
101	'LevelOfNeedCode" does not contain a recognised value	2	The value in the XML is not valid– see CA13 for a list of valid codes
102	'SENDFlag' does not contain a recognised value	2	Recognised values are 'Y' and 'N'
103	'SENDFlag' does not contain a value	2	This field must be completed for every record
104	'CharacteristicCode' does not contain a recognised value	2	The characteristic type shown in the XML is not valid – see IC01 for a list of valid codes
200	Mandatory field 'ActivityCode' does not contain a value	1	This field must be completed for every record
201	'ActivityCode' does not contain a recognised value	1	The activity code input is not one of the valid codes listed in CA01
202	'StartDate' does not contain a value	1	This field must be completed for every record
203	'DateAscertained' does not contain a value	1	This field must be completed for every record
220	'CurrencyLapsed' does not contain a value	1	This field must be completed for every record
221	'CurrencyLapsed' does not contain a recognised value	1	Recognised values are 'Y' and 'N'

Error code	Description	Priority	Explanation
224	No value in 'NEETStartDate' for a Young Person with a current NEET Activity	1	The young person's current activity is NEET, but the date on which they became NEET has not been entered
225	'NEETStartDate' is after the young person's current Activity 'StartDate'	1	The young person's NEET start date must always be the same as or earlier than their current activity start date
226	'NEETStartDate' should not be populated for a young person whose current Activity is not NEET	1	A NEET start date should only be recorded if the young person's current activity is NEET. Please check the young person's current activity and update it to NEET if appropriate
228	'EstablishmentNumber' does not contain a valid value	1	Length must be 7 digits; the 3 digit LA code followed by the 4 digit DfE Number. Where a young person is educated at home or there is no valid DfE number, use the relevant LA code followed by 9999
229	Young person is not old enough to have a post-16 Activity Code	1	Either the young person's date of birth has been input incorrectly, or they have been given a current activity code that is not appropriate to their age.
230	Young person is too old for a compulsory education activity	1	Either the young person's date of birth has been input incorrectly, or they have been given a current activity code that is not appropriate to their age
231	Field 'CurrencyLapsed' is Y but 'DueToLapseDate' is greater than 'Period End Date'	2	The young person's record is marked as having lapsed but the 'DueToLapseDate' is after the period end date of the XML submission
232	Field 'CurrencyLapsed' is N but 'DueToLapseDate' is less than 'Period End Date'	2	Record is marked as NOT being lapsed but the 'DueToLapseDate' is before the period end date for the XML submission
233	Activity of young carer without supporting characteristic	2	The young person's current activity is recorded as 'NEET – young carer' so characteristic type of 140 should also be recorded
234	Activity of teenage parent without supporting characteristic	2	The young person's current activity is recorded as 'NEET – caring for own child' so characteristic type 120 should also be recorded
235	Activity of pregnancy without supporting characteristic	2	The young person's current activity is recorded as 'NEET – pregnant, so characteristic type 180 should also be recorded
236	Activity of refugee/asylum seeker without supporting characteristic	2	The young person's current activity is recorded as 'Refugee/asylum seeker' so characteristic type 130 should also be recorded

Error code	Description	Priority	Explanation
237	'DateAscertained' is greater than 'DateVerified'	2	The date on which a record was created should never be greater (later) than the date on which the young person's activity was last verified
238	'DueToLapseDate' is greater than 'PredictedEndDate'	2	The currency of a young person's record must <u>never</u> extend beyond their expected course end date
241	Activity of full time education – custodial institution without supporting characteristic	2	The young person's current activity is recorded as 'Full time education - Custodial Institution' so characteristic type 170 should also be recorded
242	'DateAscertained' is less than 'StartDate'	2	The date on which a record was created should never be less than the date the young person's activity started
243	'DueToLapseDate' does not contain a value	2	The date on which the young person's current activity is due to lapse is missing
244	'DueToLapseDate' does not contain a recognised value	2	The date on which the young person's current activity is not of the format CCYY-MM-DD
251	'NEETStartDate' is before the young person's 15th Birthday	2	A young person of this age should not have a NEET activity, therefore should not have a NEETStartDate
253	Activity of Work Programme not allowed for 16 and 17 year olds	2	The young person is 16 or 17 so shouldn't have an activity code of 440
254	Activity of 'Independent Specialist Provider' without SEND Flag of 'Y'	1	This activity is only valid for young people with a SEND
255	Activity of 'Supported Internship' without SEND Flag of "Y"	1	This activity is only valid for young people with a SEND
256	'DateVerified' is less than 'StartDate'	1	The date on which a young person's activity was last verified should never be before the start date of their current activity
257	'ReviewDate' is greater than the 'PredictedEndDate'	2	The young person's current activity review date must not extend beyond their course end date
258	'PredictedEndDate' doesn't contain a recognised value	1	This error is most likely to have occurred if the course end date has been input incorrectly
259	Young person's current activity is education or training without a 'PredictedEndDate'	1	The course end date is mandatory for all education and training destinations except apprenticeships
260	'CharacteristicCode' is 180 (Pregnant) but Gender is recorded as Male	2	Either the characteristic needs removing or the gender correcting

Error code	Description	Priority	Explanation
261	Guarantee 'LEACode' is not a recognised value (used for year 11 and 12)	1	Valid LA codes can be found in appendix B .
262	'ActivityCode' is 260, 290, 350, 710 or 720 and the 'ReviewDate' doesn't contain a value	1	All young people in temporary employment, gap year, custody, asylum seekers or those with an agreed start date should have a current activity review date
301	'IntendedDestinationYr11' does not have a value	2	Data missing
302	'IntendedDestinationYr11' does not contain a recognised value	2	The value given in the XML is not valid– see ID01 for a list of valid codes
902	Duplicate 'YoungPersonsID' found	1	The same value for 'YoungPersonsID' was found more than once in the XML file. If both records are for the same young person, they may be merged. If they are for different young people, then the young person's identifier should be amended as appropriate
905	Young person in Guarantee cohort but either 'GuaranteeStatus' or 'LEACode' is missing from the 'September Guarantee' node	1	The young person's cohort status indicates that they are covered by the September Guarantee, but neither their guarantee status, nor LA code, have been recorded
906	'GuaranteeStatusIndicator' = Y but either 'GuaranteeStatus' or 'LEACode' is missing from The September Guarantee node	1	The 'GuaranteeStatusIndicator' has been marked as 'Y' for this young person but either the 'GuaranteeStatus' code or 'LEACode' for this record is missing
907	'ULN' used more than once for different young person records	1	Check that the ULN has been input correctly, and if in doubt, please remove the ULN as having an incorrect ULN causes more problems
908	Suspected duplicate young person found by 'GivenName', 'FamilyName' and 'DOB'	3	This error won't count in the monthly error reports but indicates to the service that they have potential duplicates on their system

File Validation Errors

Error code	Description	Priority	Explanation
240	Node Activities not found in young person's record	1	'Activities' node missing from XML file. File will be rejected and marked as 'Failed'. Notification will be sent
903	'YoungPersonsID' does not contain a value that is specified as the 'DatabaseID' in the FileHeader	1	The first three digits of the 'YoungPersonsID' must always be the same as the 'DatabaseID' returned in the XML FileHeader
904	The field 'CohortStatus' contains an unrecognised value, the file will fail validation	1	See YP10 for a list of recognised values

[2] Refugees/asylum seekers and young adult offenders in custody are excluded from the denominator used to calculate participation and NEET rates

Meeting the duty to participate in education or training

The government has raised the participation age (RPA) so that all young people in England are now required to continue in education or training. Guidance on how young people can meet the duty to participate can be found in: [Statutory guidance for local authorities on their duties relating to the participation of young people in education, employment or training.](#)

NEET adjustment

The Department has applied an adjustment factor to the NEET figures since 2003 when mandatory currency rules were introduced. As a result of the currency rules large numbers of young people whose records had not been followed up were removed from the NEET group and recorded as 'currency expired – NEET'. The adjustment factor that has been used since 2003 was updated from April 2013 to reflect the decision to no longer apply currency rules to young people NEET. The adjustment factor used from April 2013 is:

$$\text{Adjusted NEET} = \text{NEET} + 8\% \text{ currency expired EET}$$

$$\text{Adjusted EET} = \text{EET} + 92\% \text{ currency expired EET}$$

$$\text{Adjusted \% NEET} = \frac{\text{adjusted NEET}}{\text{adjusted NEET} + \text{adjusted EET}}$$

$$\text{Estimated number NEET} = \text{adjusted \% NEET} \times \text{cohort}$$

Round to whole number on completion

Worked example

Unadjusted figures

Total EET	2,540
Total NEET	300
Currency lapsed EET	82

EET adjustment

Total EET	2,540	
Plus 92% lapsed EET	75.44	(82 x 92%)
Adjusted EET	2,615.44	

NEET adjustment

Total NEET	300	
Plus 8% lapsed EET	6.56	(82 x 8%)
Adjusted NEET	306.56	

		<u>306.56</u>
Adjusted % NEET	10.5%	(2,615.44 + 306.56)

NEET joiners and leavers

Tables 4 and 5 in the monthly tables show how many young people have joined or left the NEET group since the end of the previous month.

NEET joiners and leavers are defined as follows:

NEET leaver: A young person who has a NEET activity code at the end of the one month, but who is not recorded NEET in the following month is counted as a NEET leaver. Young people who leave the NEET group because they have reached the age of 20 or moved from the local authority area will also be recorded as a NEET leaver, but will be identified separately.

NEET joiner: A young person who did not have a NEET activity code at the end of one month, but who did have a NEET activity code at the end of the next month is counted as a NEET joiner.

Services that cover multiple local authorities should note that a young person who moves between local authorities at the same time as they leave or join the NEET group may not be identified as a joiner/leaver in their local statistics. But they would be identified as such on NCCIS.

NCCIS tables

Monthly and quarterly tables that show the numbers and proportions of young people in education, training and employment are made available to local authorities on the NCCIS portal. These tables allow local areas to benchmark their performance against neighbours. The definitions used in these tables are set out in [appendix E](#) above.

Summary tables

Actual and academic age summary-

3-month average - NEET

3-month average - In learning

3-month average - Not known

} 3-month averages are less prone to 'statistical blips' and provide a more robust assessment of year-on-year performance

Monthly tables

- 1 16-18 year olds NEET by age
- 1b 16-18 year olds NEET by activity indicator

- 1c 16-18 year olds NEET – last contact

- 1d Youth Contract participants by activity indicator
- 2 16-18 year olds whose current activity is not known by age
- 2a 16-18 year olds whose current activity is not known by activity indicator

- 2b 16-18 Cohort by age and change in year
- 3 16-18 year olds in education and training by age
- 3a 16-18 year olds in education and training by activity indicator

- 3b 16-18 year olds in employment by activity indicator
- 3c 16 year olds meeting the duty to participate
- 3d 17 year olds meeting the duty to participate

- 4 NEET joiners – year to date
- 4a NEET joiners – in month
- 5 NEET leavers – year to date
- 5a NEET leavers – in month
- 6 September Guarantee – headlines *
- 6a Intended Destinations *
- 6b Y11 Guarantee status *
- 6c Y12 Guarantee status *

*May – September only

At risk tables (quarterly)

TM1	Number of teenage mothers known to the LA
TM2	Activity of teenage mothers
SEND1	Activity of 16-18 year olds with a SEND
SEND2	16-18 year old SEND cohort
CL1	Activity of 16-18 year old care leavers
EM1	16-18 cohort by ethnic group
EM2	16-18 year olds whose activity is not known by ethnic group
EM3	16-18 year olds in full time education by ethnic group
EM4	16-18 year olds in employment by ethnic group
EM5	16-18 year olds NEET by ethnic group
