

Moderation Policy: 2021 Census Topic Consultation for England and Wales

In the interests of transparency, we – the Office for National Statistics (ONS) – will publish all responses to this 2021 Census topic consultation.

This gives you the opportunity to post a response to this consultation that will remain publicly viewable on this website and the ONS website. The site therefore operates a moderation policy to ensure that responses are appropriate and not harmful to others. Moderation is performed by the Office for National Statistics (ONS) who will be responsible for moderation in accordance with the terms set out below.

Responses which include any of the following may be deleted:

- Threats or incitements to violence
- Use of obscenity
- Duplicative or substantially duplicative postings by the same person or entity
- Postings seeking employment or containing advertisements for a commercial product or service
- Information posted in violation of law, including libel, condoning or encouraging illegal activity, revealing classified information, or infringing on a copyright or trademark.

Moderators reserve the right to remove responses which do not address some aspect of that purpose. We deeply value your time and input, and our desire is to remove as few responses as possible while ensuring that a focused, constructive consultation takes place. This moderation policy is subject to change to address additional matters as may be warranted. If you have a complaint about an item of user-generated content on this site, or feel that your own content was removed in error, please contact us.
