Introduction

1. The Innovation Fund is a pilot that was launched in April 2012 and is part of a wider package of support aimed at addressing youth unemployment. The Innovation Fund employs social investment partnerships to work with disadvantaged young people aged 14 years and over.
2. This publication contains official statistics on the total number of young people that started on the Innovation Fund and the total number of outcomes that have been achieved up to December 2014. The data is sourced through DWP Management Information and payment data.
3. This data is published in line with the Code of Practice for official statistics (see <http://www.statisticsauthority.gov.uk/assessment/code-of-practice/>).

Statistical tables

Number of starts

4. In total, 16,800 young people had started participation in Innovation Fund Projects up to the end of December 2014, which is an increase of 4,100 from March 2014.
5. Table 1 below provides a breakdown of the number of young people who had participated in projects according to the commercial round in which the contract was let.

Table 1 – Comparison of Total number of Innovation Fund programme starts across the two rounds between end of March 2014 to end December 2014

	March 2014	June 2014	September 2014	December 2014
Round 1	10,300	11,300	12,200	13,000
Round 2	2,400	2,900	3,200	3,800
Total	12,700	14,200	15,400	16,800

Number of Outcomes

6. In total, 19,100 outcomes were achieved in Innovation Fund projects up to the end of December 2014, which is an increase of 7,900 from March 2014. Outcomes that can be claimed are listed in Table 3.

7. Table 2 below provides a breakdown of outcomes according to the commercial round in which the contract was let. Round 1 outcomes are not exactly the same as Round 2 outcomes, so direct comparisons should not be made.

Table 2 – Comparison of Total number of Outcomes across the Innovation Fund Rounds between end of March 2014 to end December 2014

	March 2014	June 2014	September 2014	December 2014
Round 1	7,600	8,900	10,600	12,600
Round 2	3,600	4,300	5,900	6,500
Total	11,200	13,200	16,600	19,100

Notes:

- (i) Figures rounded to the nearest 100
- (ii) Totals may not sum due to rounding
- (iii) Round 1 Projects have been operating since April 2012
- (iv) Round 2 Projects have been operating since November 2012
- (v) Figures are subject to revision. The data is submitted to DWP on a monthly basis by providers. This data could be subject to duplicate records and missing information which may be rectified in subsequent months.

Background

The Innovation Fund

8. On 12 May 2011, the Government announced a package of measures to help address youth unemployment. These included a new Innovation Fund of up to £30million over three years from 2012 to support social investment¹ projects. The projects support disadvantaged young people and those at risk of disadvantage, aged 14 years and over.
9. The Innovation Fund has three key objectives:
- Objective 1 – To deliver support to help young people who are disadvantaged, or at risk of disadvantage, helping them participate and succeed in education or training and thereby improve their employability, reducing their longer term dependency on benefits.
 - Objective 2 – Test the extent to which we generate benefit savings, other wider fiscal and social benefits, and deliver a Social Return on Investment.

¹ Social investment is the provision of capital to generate social impact as well as financial returns.

- Objective 3 – Support the development of the social investment market, the capacity building of smaller delivery organisations and generate a credible evidence base which supports social investment arrangements.
10. This pilot is a Payment by Results (PbR) model. The Investors or intermediaries are paid solely on the basis of outcomes achieved.
 11. The DWP is the first government department to commission Social Impact Bonds (SIBs) via an open competition. Of the 28 SIBs currently operational in the UK, ten are Innovation Fund projects.
 12. There is a wide variation in Innovation Fund provision across the projects. DWP did not prescribe what delivery models should include, rather providers developed new and innovative programmes. This resulted in ten different models of delivery with all providers working towards different outcome measures.
 13. More details about the individual projects and the Innovation Fund can be found at:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/212328/hmg_g8_factsheet.pdf
 14. The Cabinet Office has established a Social Impact Bond Centre of Excellence to support the development of more SIBs across the public sector. More details can be found at:

http://data.gov.uk/sib_knowledge_box/home
 15. The Innovation Fund was commissioned via two rounds. The first round focused on 14-24 year olds and delivery started by April 2012. A total of six contracts were let in Round One. The table below provides details of the contracting bodies and the locations in which they are delivering.

Contracting Body	Location
APM UK Ltd	West Midlands (every Birmingham Ward)
Stratford Development Partnership	Stratford, Canning Town, Royal Docks (Newham), Cathall (Waltham Forest)
Indigo Project Solutions	Perthshire and Kinross
Nottingham City Council	Nottingham City
Private Equity Foundation	Shoreditch London
Triodos Bank	Greater Merseyside

16. Round Two was aimed at disadvantaged young people and those at risk of disadvantage, aged 14 and 15. An additional four contracts were let in Round Two and delivery started in November 2012. The table below provides details of the contracting bodies in Round Two and the locations they are operating in.

Contracting Body	Location
Prevista	West London
Social Finance (Adviza)	Thames Valley
Social Finance (COUI)	Greater Manchester (Manchester, Salford, Bolton, Oldham and Tameside)
3SC	South Wales (Cardiff and Newport)

Methodology

17. The figures presented in this release are based on DWP Management Information compiled from reports submitted by Innovation Fund projects and

DWP payment data. Those figures relating to starts reflect the information captured by providers on participant numbers. Outcomes information is compiled using DWP data on payments made.

18. DWP provided a definitive list to contractors of the outcomes payable under the Innovation Fund. There were small revisions to the payable outcomes for Round 1 and Round 2 to reflect the different age groups that the two rounds were aimed at. The table below sets out the list of outcomes and illustrates which rounds they were applicable to.

19. List of defined outcomes for the Innovation Fund Round 1 and Round 2

20. Projects decided which outcomes they would work towards so there is variation in the type and number of outcomes each project is aiming to achieve. The DWP payment model allows multiple outcomes to be achieved per participant.
21. However, each type of outcome can only be claimed once. There was also a maximum value that could be claimed per individual. The total value of outcome

² National Qualifications Framework

payments claimable for support provided to an individual participant is limited to £8,200 for Round 1 and £11,700 for Round Two participants.

22. The list of outcomes also included a clear definition of the out comes and a list of evidence that was required alongside each outcome payment claim submitted to the department. For further details on the outcome payment descriptions and validation evidence, please see:

Revisions Policy

23. This publication shows the numbers of starts and outcomes on the Innovation Fund for December 2014 as they appeared in Management Information and payment data for January 2015. Therefore, it does not include retrospective results claimed after this date. For previous quarters, it shows the numbers of starts and outcomes as they were reported in the publication for that quarter. For the next publication we will revise to reflect retrospective claims made after the relevant date.
24. In accordance with Principle 2 of the UK Statistics Authority's Code of Practice for Official Statistics, statistics within this publication adhere to DWP's statistics revisions policy, which explains how we will make revisions and inform users of our statistics when they occur:

Future Content

25. We will review the content and specific breakdowns provided for future publications. We may include additional breakdowns of the nature of outcomes which may be of interest to some parties.
26. The next publication will be in August 2015.
