# 1. Introduction

## 1.1 Purpose of this document

This document is provided for use by local authorities who fund early years provision, to enable relevant staff to:

- understand the rationale behind, and purpose of, the early years census (section 1)
- prepare for the early years census
- populate their systems with the required data for children and providers (sections [4](#) and [5](#))
- keep their data up to date during the year; and
- complete the early years census return for 2017 (section [2](#))

It is envisaged that this document will be used as a handbook by local authorities for data collected and stored throughout the year, rather than just as guidance on census day.

This document is published on the department's [website](#).

Local authorities may choose to use it directly with their providers or adapt it to suit their local needs as appropriate. Software suppliers and developers of in-house systems may also find it a useful reference document.

Information on how the data collected in the early years census is used in the calculation of the dedicated school grant is published on the department's [website](#).

## 1.2 Changes from the 2016 early years census

### 1.2.1 New data items

#### a) Language code

This new data item for the EY census records the language code of the child and is collected for all children. See paragraph [5.2.2](#) for full details.

#### b) Pupil country of birth

This new data item records the country of birth of the child, see paragraph [5.2.3](#) for full details and is collected for all children.

### c) Pupil nationality

This new data item records the nationality of the child, see paragraph [5.2.4](#) for full details, and is collected for all children.

### d) Unique property reference number

This new data item is added to the home information module and allows the unique property reference number (UPRN) to be returned, see paragraph [5.5.14](#) for full details.

### e) Staff qualifications

Paragraph [4.2](#) – staff information - has been amended for new staff qualification data items:

- i. Data item <[EstablL2](#)> the number of staff in the establishment with a full and relevant level 2 qualification
- ii. Data item <[EstablL2Maths](#)> the number of staff in the establishment with a full and relevant level 2 qualification and with GCSE Maths at grade C or above – or an equivalent qualification
- iii. Data item <[EstablL2English](#)> the number of staff in the establishment with a full and relevant level 2 qualification and with GCSE English at grade C or above – or an equivalent qualification
- iv. Data item <[EstablL3Maths](#)> the number of staff in the establishment with a full and relevant level 3 qualification or level 3 Early Years Educator qualification and with GCSE Maths at grade C or above – or an equivalent qualification
- v. Data item <[EstablL3English](#)> the number of staff in the establishment with a full and relevant level 3 qualification or level 3 Early Educator qualification and with GCSE English at grade C or above – or an equivalent qualification
- vi. Data item <[Level3P](#)> the number of staff with a full and relevant level 3 qualification (gained pre September 2014) working with 2, 3 and 4 year old children
- vii. Data item <[Level3A](#)> the number of staff with a level 3 Early Years Educator qualification (gained post September 2014) working with 2, 3 and 4 year old children

## 1.2.2 Existing data items

### (a) Ethnicity

The collection of ethnicity is now required for all children and is no longer an optional item within the EY census.

### 1.2.3 Deleted data items

#### (a) Staff qualifications

The following data items have been deleted from paragraph [4.2](#) - staff information module:

- i. Data item <EstabTeachersinEY>
- ii. Data item <EstabQTSTeachers>
- iii. Data item <EstabEYTSTeachers>
- iv. Data item <EstabEYPSTeachers>
- v. Data item <EYQTS>
- vi. Data item <EYEYTS>
- vii. Data item <EYEYPS>

#### (b) Contact information

The following paragraphs have been removed from section 4.1 – Establishment characteristics module (with subsequent paragraphs renumbered):

- 4.1.7 collection contact surname
- 4.1.8 collection contact forename
- 4.1.9 collection contact middle name(s)
- 4.1.10 EY provider email
- 4.1.11 contact position

## 1.3 Who is in the scope of the early years census?

All English providers of funded early education in the private, voluntary and independent (PVI) sectors are within the scope of the early years census. It is mandatory to collect the data for the early years census at individual child level for children taking up a funded place. Other children fall outside the scope of the census except for a few aggregate measures at establishment level. The census must only include PVI providers that have funded children. Any PVI provider within the local authority that has *no funded* children at the time of the census must **NOT** be included.

For the purposes of this collection the following ages are defined as:

- a 2 year old has a date of birth between 1 January 2014 and 31 December 2014
- a 3 year old has a date of birth between 1 January 2013 and 31 December 2013
- a 4 year old has a date of birth between 1 January 2012 and 31 December 2012

### 1.3.1 Which census should be used?

Schools with on-site early years **funded** provision make their return via **EITHER** the school census **OR** the early years census, **BUT NOT BOTH**. This paragraph describes which census is used to return data on children receiving **funded** early education:

- a) registered pupils of the school (2, 3 and 4 year olds depending on the statutory age range of the school) are recorded via the **school census** (and **not** the early years census)
- b) children (aged 2, 3 and 4) attending a separate Ofsted registered PVI provider on a school site, are recorded via the **early years census** (and **not** the school census)
- c) children attending s27 (governor run) provision should be **either**:
  - i. recorded via the **school census**-where they are registered pupils of the school (can include 2 year olds if the school's statutory age range covers 2-year-olds); **or**
  - ii. recorded via the **early years census** where they are not registered pupils of the school

Children may, of course, appear on the two different censuses where their free entitlement is split between two different settings. In which case, the number of funded hours for each child across all provision is limited to 15 hours.

## 1.4 Rationale behind the early years census

The child-level early years census ensures that individual-level data on two, three and four-year old children in early years settings is available in a similar manner to that collected on children in mainstream schools via the school census. This enables a more accurate distribution of funding to schools and local authorities, better demonstration of proper accountability for the expenditure in this area, and better formulation and evaluation of policy.

When developing data collection, the department is committed to four key principles. These are that:

- data should be collected once and used many times
- collection and sharing of data should be fully automated
- the value of any data collected should demonstrably outweigh the costs; and
- personal data on individuals should be properly protected

The data items in the early years census (listed in sections [4](#) and [5](#) of this document) are only those items that are essential and likely to be held by most providers or local authorities.

The data collected and transmitted are as defined in the common basic data set ([CBDS](#)).

## 1.6 Data protection and data sharing

Data from which it is possible to identify children (in any medium, including within a MIS) is personal data. Such personal data must be managed in accordance with the requirements of the [Data Protection Act 1998](#). All staff with access to personal data are to be aware of their responsibilities under the Act. Local authorities should advise providers about their responsibility to hold data in accordance with the Act, including the requirement to issue parents with a fair processing notice explaining how their data and data about their child is to be used.

### 1.6.1 Legal duties under the data protection act: privacy notices

The 'Data Protection Act 1998' puts in place certain safeguards regarding the use of personal data by organisations, including the department for education (DfE), local authorities and schools. The Act gives rights to those (known as data subjects) about whom data is held, such as pupils, their parents and teachers. This includes:

- the right to know the types of data being held
- why it is being held
- to whom it may be communicated

A 'privacy notice' is a good way to be able to meet data subjects rights and therefore DfE recommend they are used to explain to pupils and staff how their data is being used in the census collections including the school workforce and school census. DfE have drafted template [privacy notices](#) that schools and local authorities may like to use, however, they should be reviewed, amending as necessary to reflect business need and ideally include [this link](#) to the gov.uk webpage on how DfE collect and share data.

It is recommended that the privacy notice be included as part of an induction pack for staff and be put on the school website for parents, as well as potentially featured on the staff notice board/intranet. They do not need to be issued on an annual basis as long as new pupils and staff are made aware of the notices and they are readily available electronically or in paper format.

### 1.6.2 Legal duties under the data protection act: data security

Schools and local authorities have a legal duty under the data protection act to ensure that any personal data they process is handled and stored securely. Further information is available from the [Information Commissioners Office](#).

If personal data is not properly safeguarded it could damage your reputation and compromise the safety of individuals. Your responsibility as a data controller extends to those who have access to your data beyond your organisation if working on your behalf, eg if external IT suppliers can remotely access your information. The '[10 steps to cyber security](#)' and '[Responsible for information](#)' pages provide further guidance and advice.

It is vital that all staff with access to personal data understand the importance of protecting it; that they are familiar with your security policy; and that they put security procedures into practice. So you should provide appropriate initial and refresher training. Further information on handling data securely can also be found in the [DfE guidance on data protection for schools consider cloud software services](#).

## 1.7 Structure of the early years census

The 2017 early years census is in two parts – establishment level and child level - with each level containing groupings of individual data items. The data items contained within each level are listed at paragraphs [4](#) and [5](#).

## 1.8 Key concepts

### 1.8.1 Data quality

In order to properly account for children taking up funded early education places and to allocate funding fairly, it is important that the data collected by providers and local authorities - for onward transmission to the department - is both accurate and complete. In sections [4](#) and [5](#) there is a complete list of data items required by the census, together with an explanation of each item. For instance, it is important that a child's correct and full name is recorded and not just a shortened version. Where providers of data adhere to this requirement, it will help ensure that duplicate records are quickly identified and aid the speed of the process by which funding is allocated to providers.

### 1.8.2 Duplicate records

A child may legitimately attend more than one early years (EY) setting. It is only a problem if the total number of funded hours for a child exceeds the funded entitlement, which is 15 hours a week for 38 weeks a year. It is likely that the only time that this will be identified is when duplicate names are submitted to the local authority by two different providers or when the department finds duplicates for a child accessing a funded place in a neighbouring local authority.

Providers and local authorities are requested to make every effort to avoid duplicate records being submitted. A report is available on the COLLECT system which identifies duplicate records. Where duplicate records are discovered during or after the process to allocate funding, discussions will need to take place between the providers concerned and the local authorities involved in order to clarify where the funding for the particular child is to be allocated.

### 1.8.3 Unique identification

Whilst much consideration has been given to how a child can be uniquely identified, the unique pupil number (UPN), which is used in schools, is not available for children in PVI

provision. As such, child record matching is based on name, date of birth and postcode of each child and it is very important that the data provided for these items is accurate.

## 2. Completing the early years census

This section provides information on how to complete the census. It covers when the census is prepared, when data is generated and what steps are to be taken on or around census day.

### 1.5 Statutory basis of the census

The individual level data collection from PVI settings is a statutory requirement on providers and local authorities through regulations under [Section 99 of the Childcare Act 2006](#) and [The Education \(Provision of Information About Young Children\) \(England\) Regulations 2009](#).

This means that:

- the word “providers” is applied to both individual childminders and childminder agencies
- providers do not need to obtain consent for the provision of information from parents of individual children. They must, however, meet their obligations to data subjects under the data protection act – see paragraph 1.6 below
- providers and local authorities are protected from any legal challenge that they are breaching a duty of confidence; and
- providers are required to complete a return

### 2.1 Census dates

Every local authority is required to provide an individual child level early years census return in 2017 to the department.

Every funded PVI EY setting in England is required to provide the necessary information to their local authority to enable them to complete this return.

The key dates are as follows:

- Thursday 19 January 2017 is census day. The census will collect data on all children accessing funded provision during census week
- Friday 10 March 2017 the deadline for the 2017 submission of data to the department
- local authorities may want to notify their providers of their own local deadline for the submission of data and it is vital that they comply with these

## 2.2 Census generation process

- Data from PVI providers is passed to the local authority early years contacts and may be in paper or electronic format. A data collection template is available at [annex A](#) with a guide to completion at [annex B](#), which local authorities can choose to use with their providers. The data provided must be signed off as accurate and complete by the head of the establishment.
- Local authority either inputs or imports data into its own MIS. Data will preferably be validated on entry.
- Any queries are resolved between the local authority and the provider.
- Local authority produces the census return according to the business and technical specification published on the department's [website](#).
- Local authority uploads the return to the department via the COLLECT [system](#).
- Further validation takes place in COLLECT. Any errors are resolved in partnership with the provider so that consistency of records is maintained.
- Local authority return is finally submitted to the department via COLLECT no later than Friday 10 March 2017.

## 2.3 Provision of data by early years settings to the local authority

Providers must ensure that their data is produced to reflect the children receiving funded early education in their setting on census day and that all data items described in sections [4](#) and [5](#) are completed. As soon as possible after that, this information is to be submitted to their local authority contact and this may be in either paper or electronic format. Providers and local authorities must agree a process for this to take place. Local authorities may choose to use the template at [annex A](#).

Validation of data supplied by local authorities is undertaken within the COLLECT system. Any validation that takes place prior to loading is very helpful. This will reduce the number of validation errors when the census return is generated, and substantially reduce the number of errors in your return and the work needed to subsequently resolve these.

We recognise that providers will vary in their means of producing a paper or electronic return and, therefore, do not prescribe how the data is transmitted to the local authority. It is the responsibility of the local authority to provide a means of transferring data between the provider and the local authority.

## 2.4 Data checking and validation

Census data is used by the department's policy divisions, other government departments, local authorities, schools, external agencies and educational researchers. The data is also used for funding purposes and accuracy of data is therefore paramount.

The software may contain a series of 'data checks' which help to identify and correct errors and inconsistencies in the data prior to generating the census return. Please go through this process carefully as it will substantially reduce the number of validation errors in the return and the work needed subsequently to resolve these.

Local authorities must ensure that every return from providers or from Childminder Agencies (CMAs) has been authorised by the head of the establishment.

## 2.5 Resolving conflicts

Errors and inconsistencies in the data are resolved between the local authority and the provider before the full return for the local authority is run. Local authorities must advise their providers of the means by which this process will be undertaken.

## 2.6 Generation of the early years census return by the local authority

This guide is to be read in conjunction with the early years census business and technical specification which is published on the department's [website](#).

For the individual level data collection you will need to export your data from the spreadsheet or database you are using and load it into the department's COLLECT system.

The business and technical specification outlines the requirements for a single data file from each EY setting within an authority. If there are, for example, 120 EY settings within your authority then the department will expect 120 files with each one containing a return from a setting. Each file must contain data as outlined in the specification in respect of content, structure, and format.

### 2.6.1 CSV to XML converter spreadsheet

The department can only accept data that conforms to the xml structure as per the specification. If the data is organised in any other way then it will not load and will not be validated. In these circumstances, the data will need to be reformatted in such a way as to bring it in line with the specification.

A single file per setting is required that complies with the structure and format as set out in the specification and this should, ideally, be an xml file. However, if the local authority

has generated a csv file (which is compliant with the structure in the specification) then this may be rendered loadable if it is passed through the csv to xml converter tool that the department makes available. This tool outputs a correctly formatted xml file that can then be uploaded into COLLECT. Please contact the data collection helpdesk to request this converter by completing a service request [form](#).

## 2.6.2 Data entry spreadsheet

The department provides a data entry spreadsheet which enables the input of file header and individual pupil record information. On completion of entry of the data the file can then be converted to xml format, via the spreadsheet, to allow for uploading to COLLECT. The availability of the data entry spreadsheet will be announced in the early years census 'early warning' and 'final readiness' news bulletins and published on the department's [website](#).

## 2.7 Sending the early years census return to the department

Local authorities will submit the required data to the department via COLLECT using the following steps:

- log onto the department's secure website.
- to upload a file either:
  - upload a single establishment file - access COLLECT as many times as you wish and upload single files (drip feeding)or
  - upload a ZIP file containing the files from many individual establishments - COLLECT will "unpack" the ZIP file and load and validate your data return

Successfully loaded data is subjected to validation. If you have loaded a ZIP file containing data from many providers then the validation process may take some time.

After validation is complete you are able to view your data return and observe the validation outcomes and decide if any further action is required in response to them. For example, you may need to query something with a setting and return to COLLECT to make a change to the data. You may wish to run a report from COLLECT or export the validated data set so that you can use it in another system. Ultimately you must 'approve' the data so that the department can consider it to be finalised.

The above is a brief outline of the process. Prior to the data collection you will be able to access detailed COLLECT guidance documentation. Availability of this guidance will be announced in the early years census 'early warning' and 'final readiness' news bulletins and published on the department's [website](#).

## 3. Preparation – data items required

### 3.1 Introduction

Most of the data items collected in the early years census are those which a provider is expected to use to secure funding and for its own purposes. The majority of items will be kept up to date as part of normal business processes.

Sections [4](#) and [5](#) give detailed information of all the data items that are required for the census

### 3.2 Data to be collected in the early years census

The early years census collects two sets of data:

Data level	Description
Establishment level	Data relating to the PVI early education provider.
Pupil / child level	Data relating to the individual child taking up funded early education

The data items are fully defined in the [business and technical specification](#) and the [CBDS](#). Additionally, codesets for individual data items are given at section [8](#).

## 4. Establishment level

This section lists in detail the data items required for the establishment level of the early years census

### 4.1 Establishment characteristics module

#### 4.1.1 Local authority (LA) Number

The local authority three digit code identifies a particular local authority. The local authority number represents the one that is responsible for funding children within the setting. It relates to the geographical area within which the provider is situated.

**Please note:** This is also important for agency-registered childminders (CMs) as a childminder agency (CMA) may operate across a number of local authorities with CMs based in different local authorities. The census return is to be sent to the local authority which funds the CM (which will be the local authority in which the CM operates). It is vital that this is correct as errors may affect the calculation of the local authority dedicated school grant (DSG) and the recording of take-up figures at local authority level.

#### 4.1.2 Establishment unique reference number

The local authority issued unique reference number (URN) for the EY provider must be used by all PVI providers and independent CMs submitting a census return direct to the local authority . As CMAs are not required to give their registered CMs a reference number, local authorities must allocate a URN for each return submitted by a CMA on behalf of their CMs before submitting data to the department.

#### 4.1.3 Ofsted EY URN

The Ofsted unique reference number for the EY provider. A 6 digit number prefixed by 'EY'. Ofsted will also provide the reference number for CMAs. CMs registered with agencies will not have an Ofsted EY URN.

#### 4.1.4 Establishment name

EY provider establishment name in full.

#### 4.1.5 Telephone number

Main EY provider telephone number which is used for official purposes.

#### 4.1.6 Postcode

The code allocated by the post office to for the establishment address.

#### **4.1.7 Category of EY provider**

Shows the category of provision – eg private or voluntary (see codeset at section [8](#)).

#### **4.1.8 EY Provider category other**

Shows the category of provision where the category is not one of the named values. Accompanying textbox only applicable where 'category of EY provider = OTHR' - see codeset at section [8](#).

#### **4.1.9 Type of EY setting**

Shows the type of provider eg day nursery - only applicable where 'category of EY provider' is 'PRIV' or 'VOLY' (other providers do not need to complete this and should leave it blank) - see codeset at section [8](#).

#### **4.1.10 EY setting type other**

Shows the type of setting where the EY setting is not one of the named values in the codeset. Accompanying textbox only applicable where 'type of EY setting = OTH' - see codeset at section [8](#).

#### **4.1.11 EY day care**

Whether full day or sessional care is provided - only applicable where 'category of EY provider' is 'PRIV' or 'VOLY' - see codeset at section [8](#). Other providers do not need to complete this and should leave it blank.

#### **4.1.12 EY day care other**

Shows the type of day care where the care provided is not one of the named values. Accompanying textbox only applicable where 'type of day care = 'O''. Other providers do not need to complete this and should leave it blank.

#### **4.1.13 Continuous opening**

Indicates whether or not the provider is open continuously throughout the day.

#### **4.1.14 Maintained school relationship**

Indicates whether or not an EY provider operates on the premises of a maintained school, or has a contract or partnership agreement with a maintained school.

#### **4.1.15 Other establishment partnership**

Indicates whether or not an EY provider works in partnership with another establishment to provide funded early education.

#### **4.1.16 EY hours open per week**

Number of hours each week that the EY provider is open for (to the nearest half hour, and where the half hour is represented by 0.5).

#### **4.1.17 EY weeks open per year**

Number of weeks per year that the EY provider is open for (to the nearest half week, and where the half week is represented by 0.5).

#### **4.1.18 EY funding weeks**

For how many weeks in the current calendar year is the provider open and funded by the local authority (to the nearest half week, and where the half week is represented by 0.5). This item is only mandatory for providers open and funded for more than 38 weeks.

### **4.2 Staff information module**

#### **4.2.1 Types of staff qualifications**

Staff qualifications are collected for all staff within the establishment and those directly working with 2, 3 and 4 year old children. The collection requirements are given below.

#### **4.2.2 Total teaching staff at establishment**

The total number of teaching staff, both paid and unpaid, at an establishment from which EY data is collected. Includes EY and other staff.

#### **4.2.3 Total staff at establishment with a full and relevant level 2 qualification**

Those of the total teaching staff with a full and relevant level 2 qualification.

#### **4.2.4 Total staff at establishment with a full and relevant level 2 qualification and with GCSE Maths at grade C or above – or an equivalent qualification**

Those of the total teaching staff with a full and relevant level 2 qualification and with GCSE Maths at grade C or above – or an equivalent qualification.

#### **4.2.5 Total staff at establishment with a full and relevant level 2 qualification and with GCSE English at grade C or above – or an equivalent qualification**

Those of the total teaching staff with a full and relevant level 2 qualification and with GCSE English at grade C or above – or an equivalent qualification.

#### **4.2.6 Total staff at establishment with a full and relevant level 3 qualification or level 3 Early Years Educator qualification and with GCSE Maths at grade C or above – or an equivalent qualification**

Those of the total teaching staff a full and relevant level 3 qualification or level 3 Early Years Educator qualification and with GCSE Maths at grade C or above – or an equivalent qualification.

#### **4.2.7 Total staff at establishment with a full and relevant level 3 qualification or level 3 Early Educator qualification and with GCSE English at grade C or above – or an equivalent qualification**

Those of the total teaching staff with a full and relevant level 3 qualification or level 3 Early Educator qualification and with GCSE English at grade C or above – or an equivalent qualification.

#### **4.2.8 EY staff with a full and relevant level 3 qualification (gained pre September 2014) working with 2, 3 and 4 year old children**

Those of the teaching staff with a full and relevant level 3 qualification (gained pre September 2014) who are working directly with 2, 3 and 4 year old children.

#### **4.2.9 EY staff with a full and relevant level 3 (pre-September 2014) qualification**

Those of the teaching staff with a full and relevant level 3 (pre-September 2014) qualification who are working directly with 2, 3 and 4 year old children.

#### **4.2.10 EY staff with a level 3 Early Years Educator qualification (gained post September 2014) working with 2, 3 and 4 year old children**

Those of the teaching staff with a level 3 Early Years Educator qualification (gained post September 2014) working directly with 2, 3 and 4 year old children.

### **4.3 Pupil/child statistics module**

#### **4.3.1 Number of 2 year olds**

Total number of 2 year olds accommodated (funded and non-funded pupils). Zero means none at this age.

#### **4.3.2 Number of 3 year olds**

Total number of 3 year olds accommodated (funded and non-funded pupils). Zero means none at this age.

### **4.3.3 Number of 4 year olds**

Total number of 4 year olds accommodated (funded and non-funded pupils). Zero means none at this age.

## **5. Pupil / child level**

This section lists in detail the data items required for the pupil/child level of the early years census.

### **5.1 Pupil / child identifiers module**

#### **5.1.1 Pupil / child surname**

Full legal surname, as the provider / local authority believes it to be (providers / local authorities are not necessarily expected to have verified this from a birth certificate or other legal document).

#### **5.1.2 Pupil / child forename**

In full, not shortened or familiar versions.

#### **5.1.3 Pupil / child middle name**

In full, not shortened or familiar versions. If child has no middle name(s) then this field must be left blank.

#### **5.1.4 Pupil / child preferred surname**

Surname (as written) most commonly used in the provider.

#### **5.1.5 Date of birth**

The child's date of birth.

#### **5.1.6 Gender**

Gender of child - see codeset at section [8](#).

### **5.2 Pupil / child characteristics module**

#### **5.2.1 Child ethnicity**

There is a list of recognised and acceptable ethnic descriptions and codes at section [8](#). Providers are asked to record these according to how the parent(s) describe the child's ethnic origin and not as they perceive the child. Information on the ethnicity of recipients of funded EY places will be used to monitor inclusion strategies and other government and local initiatives.

## 5.2.2 Language code

The language code is collected for all children on roll. This information enables EY settings (and authorities) to collect and transmit information on the specific languages of those children whose first language is other than English. In these instances an extended language code set is available as an alternative to recording a pupil's language as OTH or OTB. The census includes the value held within the EY settings MIS, whether the EY setting has opted to use extended codes or to use OTH / OTB. EY settings' MIS systems should also hold more than one specific language where this is required locally. In this case, the MIS will include the language marked as "First" by the CBDS item language type.

## 5.2.3 Pupil country of birth

The country of birth is collected for all children on roll and records the country in which the child was born, as stated by the parent / guardian and / or child (in the case of a child without a parent / guardian). The country of birth would be expected to appear on – or be derived from – the child's birth certificate. This may also appear on, or be derived from, the passport.

Where a child is born in unusual circumstances - ie outside of national boundaries (eg in international water) - the child may be classified as "stateless".

EY settings may also use the following codes:

- 'refused' – where the parent or guardian has refused to provide the information requested
- 'not yet obtained' - where the data has not been obtained by census day
- 'not known' - the 'not known' code is only to be used where a guardian or adoptive parent has taken care of a child and this information is not able to be accessed.

## 5.2.4 Pupil nationality

Pupil nationality is collected for all children on roll and is the nationality of the child as stated by the parent / guardian and / or child (in the case of a child without a parent / guardian). The child's nationality would be expected to appear on – or be derived from – the passport or european economic area (EEA) identity card.

For children with 'Multiple Nationality' (also known as 'Dual Nationality') more than one nationality may be recorded.

Where the child was born in unusual circumstances ie outside of national boundaries (eg in international water), the child may be classified under the nationality of the parent or as "stateless".

EY settings may also use the following codes:

- ‘refused’ – where the parent or guardian has refused to provide the information requested
- ‘not yet obtained’ - where the data has not been obtained by census day
- ‘not known’ - the ‘not known’ code is only to be used where a guardian or adoptive parent has taken care of a child and this information is not able to be accessed.

### 5.2.5 Funded hours

The number of hours funded per week by the local authority for the child at the provider (to the nearest 0.5 hour).

### 5.2.6 Hours at setting

The total number of local authority funded and unfunded hours that the child spends at the provider per week (to the nearest 0.5 hour).

### 5.2.7 Total funded spring hours

Where the provider is funded for more than 38 weeks of the year, the number of hours for which the local authority is paying for the child between 1 January and 31 March (required to the nearest 0.5 hour).

### 5.2.8 Basis for funding

The basis on which a 2 year old has been funded for an early education place. This information will be provided for the early years census by the local authority providing the funding for the 2 year old child rather than the early years setting that provides the education for that child. This data item is **NOT** required for 3 and 4 year olds.

Children may meet more than one criterion given in the codeset below and each that applies should be returned in the census.

Code	Description
ECO	Economic criteria
HSD	High-level SEN or disability
LAA	Looked after or adopted from care

Since this data item is to be populated by the local authority, it is not included in the data collection template in [annex A](#).

## 5.2.9 Early years pupil premium [used for funding]

All three and four year olds are entitled to up to 15 hours per week of government funded early education for 38 weeks of the year. Children are eligible for EYPP if they are receiving any hours of early education and:

- meet the benefits related criteria for Free School Meals (please note: meals delivered as part of the universal entitlement are **not** FSM)
- are in the care of the local authority (in England and Wales))
- have left care (in England or Wales) through:
  - adoption
  - special guardianship
  - a child arrangement order (formally known as a residence order)

This field also records the basis of eligibility:

- d) [EE] – eligible through economic reasons: where they are eligible via the benefits related criteria for FSM
- e) [EO] – eligible through other reasons: where they are eligible due to being in care or due to leaving care through adoption, a special guardianship order or a child arrangement order
- f) [EB] – eligible through both reasons: where they are eligible through both economic and other reasons
- g) [EU] – eligible through unknown basis: where the establishment knows the child is eligible for EYPP (due to receiving funding from the local authority) but does not necessarily know the reason why they are eligible

## 5.3 Special educational needs module

### 5.3.1 SEN provision

The special educational needs and disability provision types are consistent with the 2015 [SEND Code of Practice](#) see codeset at section [8](#).

With respect to code 'S' – statement of SEN, where a child had a statement prior to 1 September 2014, this may be retained (until 2018). There should be no new statements within this census, with children being provided with an education, health and care (EHC) plan.

## 5.4 Individual level data on funded 2 year olds

Individual child level data is required in the 2016 early years census for all funded 2, 3 and 4 year olds. Individual child level data is not required for non-funded 2, 3 and 4 year olds.

## 5.5 Home information module

Address information should be provided in whichever format the data is currently held within a management information system – in either BS7666 format or Address Line format. Postcode **must** be provided with either format. The unique property reference number (UPRN) is introduced on a voluntary basis from 2017 and, like the postcode, may be provided with either format.

A valid BS7666 address will contain a minimum of SAON (the dwelling), the street and at least one of locality, town, administrative area or post town. For a line address, the minimum of address line 1 plus one other address line must be provided. However, up to a maximum of five lines are available for the address, if required.

### 5.5.1 Secondary addressable object name (SAON)

The secondary addressable object name (SAON) is the flat, apartment name or number or other sub-division of a dwelling (sub-dwelling) eg 'Flat 2b'.

### 5.5.2 Primary addressable object name (PAON)

The primary addressable object name (PAON) is the dwelling name and / or number eg '27'.

### 5.5.3 Street

Street name or street description that has been allocated to a street by the street naming authority eg 'Lane Street'.

### 5.5.4 Locality

The locality name refers to a neighbourhood, suburb, district, village, estate, settlement, or parish that may form part of a town, or stand in its own right within the context of an administrative area. Where an industrial estate contains streets it is defined as a locality in its own right eg 'Local Area'.

### 5.5.5 Town

The town name refers to a city or town that is not an administrative area, a suburb of an administrative area that does not form part of another town or a London district eg 'Townbury'.

### **5.5.6 Administrative area**

The administrative area is a geographic area that may be the highest level local administrative area, which may be a county or a unitary authority, an island or island group, or London eg 'Countyshire'.

### **5.5.7 Post town**

The post office usually assigns these based on sorting office eg 'Postalstown'.

OR

### **5.5.8 Address line 1**

First Line of Address eg 'Flat 2b'.

### **5.5.9 Address line 2**

Second Line of Address eg '27, Lane Street'.

### **5.5.10 Address line 3**

Third Line of Address eg 'Local Area'.

### **5.5.11 Address line 4**

Fourth Line of Address eg 'Townbury'.

### **5.5.12 Address line 5**

Fifth Line of Address eg 'Countyshire'.

AND

### **5.5.13 Postcode**

The code allocated by the post office to identify a group of postal delivery points eg 'XX99 9XX'.

### **5.5.14 UPRN**

The unique property reference number (UPRN) - introduced on a voluntary basis from 2017 (defined by Ordnance Survey as: 'The unique identifier for every spatial address in Great Britain. It provides a comprehensive, complete, consistent identifier throughout a property's life cycle – from planning permission through to demolition) – is, like the postcode, provided with either format.

## 6. Childminders

### 6.1 Childminder agencies

Childminder agencies (CMAs) register with and are inspected by Ofsted. Agencies are not childcare providers as they will not directly provide childcare, but, once registered with Ofsted, agencies are able to register individual childminders (and childcare providers on domestic premises) who will provide this service. This means that individual childminders will have a choice: either register directly with Ofsted; or, register with a CMA.

The introduction of CMAs alters the method used by local authorities to collect data and means that the authority will have to collect data from both CMAs (on behalf of all childminders registered with the agency) as well as from independent childminders.

#### 6.1.1 Independent childminders

Independent childminders who are registered with Ofsted will be required to submit a childminder return to their local authority.

Local authorities with childminder networks (who previously submitted aggregated returns for the network) are now required to submit an individual return for each independent childminder.

#### 6.1.2 Childminder agencies

CMAs will be required to submit an individual level return for each childminder registered with them to the childminder's home local authority (ie the local authority within which geographical area the childminder is located).

In both instances (6.1.1 and 6.1.2) the childminder and any colleagues working with them, are recorded as the number of staff. For example, a childminder working together with another childminder and an assistant would be recorded as three staff.

**Please note:** The [Childcare Act 2006](#) indicates that if four or more adults work together to provide childcare on domestic premises then they are either classified as an early or later years childcare provider or both (depending on which Ofsted register they are registered on). Therefore, an individual childminder working with three or more adults will need to be recorded as an early years provider (private, voluntary or other) in the census.

#### 6.1.3 Childminder provider category

The childminder provider category is completed by providers with a category of 'CHMD' (childminder).

Code	Description
AGY	Part of a child-minding agency
IND	Individual child minder

## 7. Further information

For further advice on the completion of any part of the census return, providers should contact their local authority in the first instance.

If there are any questions which the local authority cannot resolve, then these should be directed to the department's Service Desk by completing a [service request form](#).

This document is posted on the department's [website](#).

## 8. Codesets

### Gender

Code	Description
0	Not known (gender has not been recorded). Also covers gender of unborn child.
1	Male

## Annex B – Guide for data collection template

### Information about children

Please record the normal situation during the week beginning 16 January 2017. If children are temporarily absent, for example, sick or on holiday, please include them. If the provider was temporarily closed for any reason, record the situation which would have applied during the week.

### Section 2: General details of provision (ie boxes 4-50)

**Note:** This relates to ALL children in your care.

#### Section 2A - All types of provider must complete this section

Please tick the appropriate box to indicate the type of facility that you provide having read the guidance below.

If you are a private or voluntary day nursery, pre-school / playgroup or nursery school on the premises of or as part of a family / combined / integrated centre, please enter a tick in either section 2Ai or 2Aii and then complete section 2B.

If you are a private or voluntary provider delivering early years provision as a sure start children's centre main centre or as a linked provider, please enter a tick in section 2Ai or ii.

A childminder may be either independently registered with Ofsted or registered with a childminder agency which is registered with Ofsted.

#### Section 2B: Private or voluntary providers only

You must complete this section if you have ticked either of boxes 2Ai or ii (boxes 4 or 5)

Provision for funded early education is categorised / classified as full day care and sessional day care. These are defined as :

**Full day care:** Facilities that provide day care for children under 8 for a continuous period of 4 hours or more in any day in premises which are not domestic premises. Boxes 11-17.

**Sessional day care:** Facilities where children under eight attend day care for no more than five sessions a week, each session being less than a continuous period of four hours in any day. Where two sessions are offered in any one day, there is a break between sessions with no children in the care of the provider. Boxes 18-24.

If you are a private or voluntary day nursery, pre-school / playgroup or nursery school on the premises of or as part of a family / combined / integrated centre, you should have already ticked either section 2Ai or ii. Now tick section 2Bi, ii, iii, iv, v or vi. Tick 2Bvii only where section 2Bi, ii, iii, iv, v or vi do not apply.

**Other type:** this category should only be used when a provider definitely does not fit into either of

the categories in section 2Bi, ii, iii, iv, v or vi (boxes 17, 24 and 31).

Other care: this category should only be used when a provider definitely does not fit into full day care and sessional day care (boxes 25-31).

**Section 2C** - Information about staff in this survey should relate to those who have been present in the week beginning 16 January 2017. If unusual circumstances occur that week (ie if premises were unavailable), please record usual staffing levels.

Information is collected on staff qualifications:

- A full and relevant level 2 qualifications
- A full and relevant level 2 qualification with GCSE Maths at grade C or above (or equivalent)
- A full and relevant level 2 qualification with GCSE English at grade C or above (or equivalent)
- A full and relevant level 3 qualification (pre-September 2014) or level 3 Early Years Educator qualification (post-September 2014) and with GCSE Mathematics grade C or above (or equivalent)
- A full and relevant level 3 qualification (pre-September 2014) or level 3 Early Years Educator qualification (post-September 2014) and with GCSE English grade C or above (or equivalent).
- a full and relevant level 3 qualification (gained pre September 2014) working with 2, 3 and 4 year old children
- a level 3 Early Years Educator qualification (gained post September 2014) working with 2, 3 and 4 year old children
