Key dates for schools converting to academy status on 1 January 2020

If these deadlines are not met, whilst we will try our best we cannot guarantee your school will be able to convert on 1 January 2020

Schools open as an academy on the first day of the month. In order to open on the chosen month, all the necessary paperwork associated with the conversion must be completed in the previous month.

In order to achieve this, the table below sets out the key dates for schools planning to convert on 1 January 2020. The table indicates the final dates for documents and other information to be sent to your Department for Education project lead and the Education and Skills Funding Agency (ESFA) in order to ensure your opening on 1 January 2020. If these deadlines are not met whilst we will always do our best, we cannot guarantee your school will be able to convert on 1 January 2020.

Please note that the model documents have been developed with advice from the Department's legal advisers and the Charities Commission. They have also been adapted over time based on our experience of helping schools become academies. They should be suitable for all schools converting to academy status. We do not expect changes to these documents and any changes do risk delaying your conversion.

Actions for schools to complete

There are a range of actions that schools must complete prior to conversion. You will have already started many of these earlier in the process. They are:

- TUPE
- Consultation
- Any shared use agreements must be approved by the DfE and set up with the academy trust
- Any loans must be approved by the DfE and transferred to the academy trust
- Land arrangements must be agreed by the DfE. Land issues can often be tricky, time consuming to resolve and cause delays to conversion so we suggest that you prioritise these for early work.

In some conversions, even where the deadlines have been met, complex issues (particularly for schools which have PFI contracts) can arise which need to be resolved prior to conversion date. If you have any questions about what action you should be taking, by when, please see the guidance on the <http://www.gov.uk/dfes> website or speak to your project lead.

The key dates are shown below:

Date	Event
Monday 4 November 2019	<p>Final <u>fully completed</u> versions of the following documents to be sent to your DfE project lead</p> <ul style="list-style-type: none"> - A fully completed land questionnaire, including site plan for the academy. <p>Partially completed land questionnaires will be returned to solicitors and the deadline not met unless re-submitted by this date.</p> <ul style="list-style-type: none"> - Draft memorandum and articles of association. - Draft funding agreement(s) and annexes. <p>Please note: no changes should be made to the text of documents once they are cleared by the Department.</p> <p>In addition, and where applicable</p> <ul style="list-style-type: none"> - Final draft of any leases/sub-leases which the academy trust plans to issue. This is where post-conversion an academy trust holding a freehold or leasehold interest in land intends to issue a lease or sublease to a third party tenant. This is not the 125 year lease from the LA to the academy trust.
Monday 2 December 2019	<p>Written confirmation (via email) to your DfE project lead that:</p> <ul style="list-style-type: none"> - The Commercial Transfer Agreement (CTA) has been agreed along with responses to key questions from your DfE project lead. - The main terms of any leases have been agreed (125 year lease from LA to academy trust), including any sub-leases that the academy trust intends to issue.
