ASSEMBLY LEARNING GRANTS (FURTHER EDUCATION) REGULATIONS 2007: CHANGES

Background

1. The Assembly is required to enact the appropriate secondary legislation in the form of Assembly Learning Grants (Further Education) Regulations for each academic year.
2. The draft Assembly Learning Grants (Further Education) Regulations 2007 provide support for students ordinarily resident in Wales taking designated further education courses in academic year 2007/08.
3. Interpretation of phrases used in the Regulations is set out in Regulation 2. The Regulations also set out the eligibility criteria for applying for and receiving the grant (Regulation 3), how to apply for the grant (Regulation 6), grant entitlement (Regulation 7) and payment of Assembly Learning Grant (Regulation 15). Calculations of financial assessments including household income assessment thresholds and residual income are also included (Regulations 8, 9, 10, 11,12). Calculation of eligibility based on attendance is set out in Regulation 14.

Student Support Changes for 2007/08

4. The Assembly Learning Grant (ALG) Further Education Scheme was first introduced in September 2002 with the aim of providing guaranteed financial support for the least well off eligible students in further education. The support, in the form of a means-tested grant, is available to eligible students wherever they choose to study, in Wales or elsewhere in the UK.
5. These Regulations mirror the former scheme, formalised in 2006/07. Other changes being made are technical in nature. No major changes are proposed.

Household Income

8.—(1) Household income for the purpose of these Regulations is calculated in accordance with this regulation and regulations 9 to 12.

(2) The household income is—

- (a) in the case of an eligible student who is not an independent eligible student—
 - (i) the residual income of the eligible student, or
 - (ii) the residual income of the eligible student's parent (subject to regulation 10(9)) aggregated with the residual income of the partner of the student's parent provided that the Welsh Ministers have selected that parent under regulation 10(9),whichever of the two incomes is the higher;

- (c) in the case of an independent eligible student who does not have a partner, the residual income of the eligible student.

Calculation of eligible student's residual income

9.—(1) Except where the student is undertaking a designated course comprising a period of part time study, for the purpose of determining the residual income of an eligible student, there is deducted from his or her taxable income (unless already deducted in determining taxable income) the aggregate of any amounts falling within any of the following subparagraphs —

- (b) the gross amount of any premium or other sum paid by the eligible student in relation to a pension (not being a pension payable under a policy of life insurance) in respect of which relief is given under section 273, 619 or 639 of the Income and Corporation Taxes Act 1988⁽¹⁾, or under section 188 of the Finance

⁽¹⁾ 1988 c. 1; section 273 was amended by the Finance Act 1988 (c. 39), Schedule 3, paragraph 10. Amendments to section 273 made

Act 2004⁽²⁾, or where the eligible student's income is computed for the purposes of the income tax legislation of another Member State, the gross amount of any such premium or sum in respect of which relief would be given if that legislation made provision equivalent to the Income Tax Acts.

(2) Where the only paragraph in Part 2 of Schedule 1 of the 2007 regulations into which an eligible student falls is paragraph 9 and his or her income arises from sources or under legislation different from sources or legislation normally relevant to a person referred to in paragraph 9 of Part 2 of Schedule 1 of the 2007 Regulations, his or her income is not disregarded in accordance with paragraph (1) but is instead disregarded to the extent necessary to ensure that he or she is treated no less favourably than a person who is referred to in any paragraph of Part 2 of Schedule 1 of the 2007 Regulations would be treated if in similar circumstances and in receipt of similar income.

(3) Where the eligible student receives income in a currency other than sterling, the value of that income for the purpose of this paragraph is —

- (a) if the student purchases sterling with the income, the amount of sterling the student so receives;
- (b) otherwise, the value of the sterling which the income would purchase using the rate for the month in which it is received published by the Office for National Statistics⁽¹⁾.

Calculation of parent's residual income

10.—(1) For the purposes of determining the taxable income of an eligible student's parent, any deductions which fall to be made or exemptions which are permitted—

- (a) by way of personal reliefs provided for in Chapter 1 of Part VII of the Income and Corporation Taxes Act 1988 or, where the income is computed for the purposes of the income tax legislation of another Member State, any comparable personal reliefs;
- (b) pursuant to any enactment or rule of law under which payments which would otherwise under United Kingdom law form

by the Finance Act 2004 (c. 12), section 281 and Schedule 35 do not come into force until 6th April 2006. Section 619 was amended by the Finance Act 1989 (c. 26), section 170 and the Finance Act 1996 (c. 8), section 135 and Schedule 21. Section 639 was amended by the Finance Act 2000 (c. 17), Schedule 13. Sections 619 and 639 are repealed by the Finance Act 2004, section 326 and Schedule 42 with effect from 6th April 2006 subject to the transitional provisions and savings in Schedule 36 to the Finance Act 2004.

part of a person's income are not treated as such; or

(c) under paragraph (2),

are not made or permitted.

(2) For the purposes of determining the residual income of an eligible student's parent, there shall be deducted from the taxable income determined under paragraph (1) the aggregate of any amounts falling within any of the following sub-paragraphs —

- (a) the gross amount of any premium or sum relating to a pension (not being a premium payable under a policy of life assurance) in respect of which relief is given under section 273, 619 or 639 of the Income and Corporation Taxes Act 1988, or where the income is computed for the purposes of the income tax legislation of another Member State, the gross amount of any such premium in respect of which relief would be given if that legislation made provision equivalent to the Income Tax Acts;
- (b) in any case where income is computed for the purposes of the Income Tax Acts by virtue of paragraph (6) any sums equivalent to the deduction mentioned in paragraph (6)(a), provided that any sums so deducted do not exceed the deductions which would be made if the whole of the eligible student's parent's income were in fact income for the purposes of the Income Tax Acts;

(3) Where the Welsh Ministers are satisfied that the income of the parent in the financial year beginning immediately before the relevant year ("the current financial year") is, as a result of some event beyond his or her control, likely to be less than the sterling value of his or her income in the preceding financial year to such an extent that it would affect the student's entitlement if entitlement were to be based on the current financial year it may, for the purpose of enabling the eligible student to attend the course without hardship, ascertain the household income for the current financial year.

(4) Where the Welsh Ministers are satisfied that the income of the parent in any financial year is, as a result of some event beyond his or her control, likely to be and to continue after that year to be less than the sterling value of his or her income in the previous financial year to such an extent that it would affect the student's entitlement if entitlement were to be based on the current financial year it may, for the purpose of enabling the eligible student to attend the course without hardship, ascertain the household income for the academic year of the eligible student's course in

which that event occurred by taking as the residual income of the parent the average of his or her residual income for each of the financial years in which that academic year falls.

(5) Where the eligible student's parent satisfies the Welsh Ministers that his or her income is wholly or mainly derived from the profits of a business or profession carried on by him or her, then any reference in this paragraph to a preceding financial year means the earliest period of twelve months which ends after the start of the preceding financial year and in respect of which accounts are kept relating to that business or profession.

(6) Where an eligible student's parent is in receipt of any income which does not form part of his or her income for the purposes of the Income Tax Acts or the income tax legislation of another Member State by reason only that —

- (a) he or she is not resident, ordinarily resident or domiciled in the United Kingdom, or where his or her income is computed as for the purposes of the income tax legislation of another Member State, not so resident, ordinarily resident or domiciled in that Member State;
- (b) the income does not arise in the United Kingdom, or where the parent's income is computed as for the purposes of the income tax legislation of another Member State, does not arise in that Member State; or
- (c) the income arises from an office, service or employment, income from which is exempt from tax in pursuance of any legislation,

his or her taxable income for the purposes of these Regulations is computed as though the income under this paragraph were part of his or her income for the purposes of the Income Tax Acts or the income tax legislation of another Member State, as the case may be.

(7) Where the income of the eligible student's parent is computed as for the purposes of the income tax legislation of another Member State, it is computed under the provisions of these Regulations in the currency of that Member State and the income of the eligible student's parent for the purposes of these Regulations is the sterling value of that income determined in accordance with the rate for the month in which the last day of the financial year in question falls, as published by the Office for National Statistics.

(8) Where one of the eligible student's parents dies either before or during the relevant year and that parent's income has been or would be taken into account for the purpose of determining the household income, the household income is —

- (a) where the parent dies before the relevant year, determined by reference to the income of the surviving parent; or
- (b) where the parent dies during the relevant year, the aggregate of—
 - (i) the appropriate proportion of the household income determined by reference to the income of both parents, being the proportion in respect of that part of the relevant year during which both parents were alive; and
 - (ii) the appropriate proportion of the household income determined by reference to the income of the surviving parent, being the proportion in respect of that part of the relevant year remaining after the death of the other parent.

(9) Where the Welsh Ministers determine that the parents do not ordinarily live together throughout the relevant year, the household income is determined by reference to the income of whichever parent the Welsh Ministers consider the more appropriate under the circumstances.

(10) Where the Welsh Ministers determine that the parents do not ordinarily live together for part only of the relevant year, the household income is determined by reference to the aggregate of —

- (a) the appropriate proportion of the household income determined in accordance with paragraph (9), being the proportion in respect of that part of the relevant year for which the parents do not so live together; and
- (b) the appropriate proportion of the household income determined otherwise in respect of the remainder of the relevant year.

Calculation of eligible student's partner's residual income

11.—(1) Subject to paragraphs (2), (3) and (4) of this regulation and with the exception of paragraphs (8), (9) and (10) of regulation 10, an eligible student's partner's income is determined in accordance with regulation 10, references to the parent being construed as references to the eligible student's partner.

(2) Where the Welsh Ministers determine that the eligible student and his or her partner do not ordinarily live together throughout the relevant year, the partner's income is not taken into account in determining the household income.

(3) Where the Welsh Ministers determine that the eligible student and his or her partner do not ordinarily live together for part only of the relevant year, the partner's income is determined by reference to his or

her income under paragraph (1) divided by fifty-two and multiplied by the number of complete weeks in the relevant year for which the Welsh Ministers determine that the eligible student and his or her partner ordinarily live together.

(4) Where an eligible student has more than one partner in any one academic year, the provisions of this paragraph apply in relation to each.

Calculation of parent's partner's residual income

12.The income of an eligible student's parent's partner whose income is part of the household income by virtue of regulation 8(2)(a) is determined in accordance with regulation 11, references to the eligible student's partner being construed as references to the eligible student's parent's partner and references to the eligible student being construed as references to the eligible student's parent.

Independent eligible student

13.—(1) For the purpose of these Regulations an independent eligible student is an eligible student in every case where —

- (a) he or she is aged 25 or over on the first day of the relevant year;
- (b) he or she has been married or is in a civil partnership before the beginning of the relevant year, whether or not the marriage or civil partnership is still subsisting;
- (c) he or she has no parent living;
- (d) the Welsh Ministers are satisfied that neither of his or her parents can be found or that it is not reasonably practicable to get in touch with either of them;
- (e) he or she has communicated with neither of his or her parents for the period of one year before the beginning of the relevant year or, in the opinion of the Welsh Ministers, he or she can demonstrate on other grounds that he or she is irreconcilably estranged from his or her parents;
- (f) he or she was looked after by a local authority within the meaning of section 22 of the Children Act 1989⁽¹⁾ throughout any three-month period ending on or after the date on which he or she attained the age of 16 and before the first day of the first academic year of the course ("the relevant period") provided that he or she has not in fact at any time during the relevant period been under the charge or control of his or her parents;

⁽¹⁾ 1989 c.41

- (g) his or her parents are residing outside the European Community and the Welsh ministers are satisfied that either—
 - (i) the assessment of the household income by reference to their residual income would place those parents in jeopardy; or
 - (ii) it would not be reasonably practicable for those parents as a result of the calculation of any contribution under regulation 8 to send any relevant funds to the United Kingdom;
- (h) regulation 10(9) applies and the parent whom the Welsh Ministers considered the more appropriate for the purposes of that paragraph has died (irrespective of whether the parent in question had a partner);
- (i) he or she is a member of a religious order who resides in a house of that order;
- (j) he or she—
 - (i) has care of a person under 18 years of age on the first day of the relevant year; or
 - (ii) has had care of a person under 18 years of age at any time during the present course prior to the first day of the relevant year;
- (k) he or she has supported himself or herself out of his or her earnings for any period or periods ending before the first academic year of the course which periods together aggregate not less than three years, and for the purposes of this paragraph he or she is treated as supporting himself or herself out of his or her earnings during any period in which —
 - (i) he or she was participating in arrangements for training for the unemployed under any scheme operated by, sponsored or funded by any state authority or agency, whether national, regional or local (“a relevant authority”);
 - (ii) he or she was in receipt of benefit payable by any relevant authority in respect of a person who is available for employment but who is unemployed;
 - (iii) he or she was available for employment and had complied with any requirement of registration imposed by a relevant authority as a condition of entitlement for participation in arrangements for training or receipt of benefit;
 - (iv) he or she held a State Studentship or comparable award;

- (v) he or she received any pension, allowance or other benefit paid by any person by reason of a disability to which he or she is subject, or by reason of confinement, injury or sickness.
