INTRODUCTION

This statistical publication provides details of the quality of nursery education in England. It presents the most recent inspection grade of active childcare provisions as at 30 September 2006. This includes all providers offering nursery education, for which funding is provided.

CONTENT

Figures are presented for each national childcare type and are given at England, government office region and local authority level. Where the number of inspections is small care should be taken when interpreting the data as it may be that any apparent differences between local authority and England figures are not statistically significant. Please note that the percentages may not sum to 100% due to rounding.

SOURCE

All data has been extracted from the Regulatory Support Application as at 05 October 2006.

FURTHER INFORMATION

The content of this publication has been limited to data that is considered robust and of general public interest. However, a variety of other data are held as part of our early years regulatory and inspection function. These include data relating to: outcomes of childcare applications; time taken to registration decisions; actions and conditions imposed at registration and inspection; Childcare and Nursery Education inspections against each of the five children outcomes. While these, and other, data have not been presented in this publication, much of this is available in the accompanying Local Authority Early Years Profiles which can be viewed on Ofsted's website - www.ofsted.gov.uk. If further data is required we will consider each request for additional information on an individual basis and will consider updates to the content of future publications every six months. We do, however, reserve the right to cost and charge for additional analyses that we cannot meet with available resource.

Notes.

- (1) Childminder: a childminder is registered to look after 1 or more children under the age of 8 to whom they are not related on domestic premises for reward and for a total of more than 2 hours in any day.
- (2) Full Day Care: facilities that provide day care for children under 8 for a continuous period of 4 hours or more in any day in premises which are not domestic premises. Includes day nurseries and children's centres, and some family centres.
- (3) Sessional Day Care: facilities that provide day care for children under eight for a session which is less than a continuous period of four hours in any day in premises that are not domestic premises. Where two sessions are offered in any one day, individual children must not attend more than five sessions in a week.
- (4) Independent Schools: facilities that are independent of local authority or government control. An independent school may claim nursery education funding for children aged three and/or four from the local authority. Ofsted inspects the nursery education provision in these schools under Section 122 of the School Standards and Framework Act (1998).
- (5) Multiple Day Care: facilities that provide more than one type of day care, for example operating full day care and sessional day care in conjunction to each other. This provision is counted only once in the appropriate table to reflect the total number of inspections completed.
