To: ALL THOSE CONSULTED
From: LOUISE MELLOR, DIRECTOR, ASSURANCE POLICY
Date: 23 AUGUST 2004

Extension of consultation period

The purpose of this paper is to formally extend the consultation period of the proposed changes to the Audit Code of Practice.

The Association of Colleges and a small number of colleges have made comments on the timing of the consultation period on the proposed changes to the Audit Code of Practice. In order to allow more college audit committees to collectively consider the proposed changes the LSC has agreed to extend the consultation period to 16 September 2004.
