School Census 2013 guide for special schools

**Instructions for preparing for and
completing the School Census 2013 for
special schools and academies
(including Free Schools) in England**

January 2013

CONTENTS

1	INTRODUCTION	
1.1	Purpose of this document	1
1.2	Main Changes from School Census 2012	1
1.3	Which schools will participate in the School Census?	3
1.4	Rationale behind the School Census 2013	4
1.5	Structure of the School Census	5
1.5.1	School and Pupil Levels	5
1.5.2	Three collections a year	5
1.5.3	Historical as well as snapshot data	5
2.1	Census Dates	7
2.2	Process Diagram	8
2.3	Update school MIS with current data	8
2.3.1	Snapshot information on Census Day	9
2.3.2	Learner Support Code	11
2.3.3	Attendance and exclusions data	11
2.3.4	School Identifier	12
2.4	Census specific data	12
2.5	Validation	12

1 INTRODUCTION

1.1 Purpose of this document

This document is aimed at Local Authority Special and Non Maintained Special Schools (including Academies) so that they:

- Understand the rationale behind and purpose of the School Census
- Are able to prepare for the School Census
- Are able to complete School Census returns during 2013

It is envisaged that this document will be used as a handbook for data entered onto schools' Management Information Systems (MIS) throughout the year, rather than just as guidance on Census days.

This document is published on the Department's website at:

http://www.education.gov.uk/researchandstatistics/stats/schoolcensus/a00208045/school_census_13

Local Authorities (LAs) may choose to use it as it stands, direct with their schools or amended to suit their local needs as appropriate. Software suppliers may also find it a useful reference document.

1.2 Main Changes from School Census 2012

a) Data items removed

i) Pupil Free School Meal Eligibility

This data item which indicated FSM eligibility on Census Day has been removed and replaced by the collection of FSM Eligibility Start Date and FSM Eligibility End Date (see b ii) below).

ii) Pupil Disability

This data item has previously been collected on a voluntary basis and the return rate has been low and this has impaired the Department's ability to conduct meaningful analysis of the prevalence and outcomes of this important cohort of children. As it is not felt that the continued collection of this data item on a voluntary basis would meet policy needs, the decision has been made to remove it from the Census in 2013. The Department is reviewing the situation with regard to the 2014 Census and considering whether to put the collection of Disability data on a mandatory basis with the benefit of an enhanced dataset.

b) New data items

i) Learner Support Code

The Learner Support Code indicates the type of financial support awarded to pupils beyond compulsory school leaving age at any point in the academic year of the School Census. Whilst schools may be able to record in their systems other types of financial support awarded to these pupils, the School Census will only collect the following two types of financial support awarded:

- Vulnerable group bursary (Code 55)
- Discretionary bursary (Code 56)

These types of financial support relate to the government's new bursary fund to help the most vulnerable 16-19 year olds in full-time education.

The bursary fund replaced the Education Maintenance Allowance from 2011/12 and comprises a payment of £1,200 to the most vulnerable groups of students and a discretionary award for others in need of financial support. A pro rata award is available where the student is not attending full time or where they have applied part way through the academic year but this is not recorded separately.

Learner Support Code will be collected in the Spring and Summer Census and will cover all those pupils (including those no longer on roll) who have been awarded either vulnerable group and/or discretionary bursary funding at any point between the start of the 2012/2013 academic year and Census Day.

ii) Free School Meal (FSM) Eligibility Start Date and End Date

The provision of additional funding via the Pupil Premium is directed to those children from deprived backgrounds (based on their FSM eligibility). Coverage of the deprivation element of the Pupil Premium is being extended to include those who have been eligible for FSM at any time in the last six years - known as 'FSM Ever'.

For the 2013-14 financial year this funding will be based on **periods of eligibility** returned in the 2013 Census collections. Each of the collections will require the collection for pupils on roll of start and end dates for each period of FSM eligibility since the last Census.

iii) Country of UK

Note: This is a system generated data item and does not require data entry by schools.

The provision of additional funding via the Pupil Premium for children from deprived backgrounds (based on FSM eligibility) only covers England. Any periods of FSM eligibility in any other country do not count when determining a pupil's eligibility for the Pupil Premium. The Country of UK data item will be automatically generated by systems to accompany any periods of FSM eligibility. Its inclusion will allow for the identification of any periods of FSM eligibility that relate to time spent by pupils in schools which are not in England and which will **not** attract the Pupil Premium.

c) Existing data items

i) Change of data item name - From Connexions Agreement to Youth Support Services Agreement Indicator

From April 2010, funding streams that had in the past gone to Connexions and youth services were brought together and focused on targeted support for young people through the Early Intervention Grant. The term 'Youth Support Services' is generally used to reflect the combined service but local authorities are free to brand the service as they wish. The 'Connexions' branding name is out of date and this new data item reflects the change in name of Local Authority support services for young people.

ii) Collection of attendance data for 4 year olds

The collection of attendance information in the 2013 School Census is being extended to any children aged 4 years as at 31st August prior to Census Day.

Note: The collection of attendance information for 4 year olds does not apply to Nursery schools.

iii) Extension of attendance collection period to end of Summer Term

In 2013, the period for the collection of attendance data is being extended to the end of the Summer term (31st July). In previous Census collections, attendance data for the Summer Term only covered up to the Sunday before the late Spring Bank Holiday.

1.3 Which schools will participate in the School Census?

In 2013 the arrangements for School Census will include:

- Nursery
- Primary (including Middle deemed Primary)
- Secondary (including Middle deemed Secondary)
- City Technology Colleges
- Academies (including Free Schools)
- Special schools (including non-maintained special schools)
- Hospital special schools; and
- Service Children's Education schools (on a voluntary basis)

The maintained sector covers England only and includes Community, Foundation, Voluntary Aided and Voluntary Controlled schools.

There is no independent school participation in the 2013 School Census.

Independent schools and General Hospital Schools will continue to provide data via the existing School Level Annual School Census (SLASC) collection.

Early Years settings (Private, Voluntary and Independent), Alternative Provision and Pupil Referral Units will provide a pupil level return (but not as part of this School Census). Separate requirements and guidance documentation are issued for each of these areas.

1.4 Rationale behind the School Census 2013

The following factors are the business drivers behind the School Census 2013:

- It is consistent with the overall vision to:
 - Collect data once and use many times
 - Automate the collection of data
 - Data collected should be that which a well prepared school uses themselves or be justified with a clear business case
- It assumes that much of the data is already held in schools' MIS ready for transfer on Census day and so the need for data entry on the day is kept to a minimum.
- Given that the majority of the data collected at pupil level is that which a well managed school uses themselves, the data should be kept up to date on an event driven basis (i.e. data should be updated by the school as soon as it is aware of any change or addition) and so the burden of collection by the Department should not be high.
- All data collected is as defined in the Common Basic Data Set (CBDS).
<http://www.education.gov.uk/researchandstatistics/datatdatam/cbds/a0058744/cbds>

Analysis of individual pupil records supports the drive to raise standards, provides accurate targeting of funding, and assists the monitoring and development of policy. Examples of the uses of data collected include:

- Information about the numbers of pupils will be matched with data from the School Workforce Census to monitor pupil:adult ratios;
- Information on class sizes, pupils with statements, pupils with SEN but without statements (*School Action* or *Early Years Action* and *School Action Plus* or *Early Years Action Plus*), free school meals, ethnicity, absences and permanent exclusions is used to monitor the Government's social inclusion policy;
- Pupil numbers are used for funding LAs and schools (including development of the new Pupil Premium) and contributing to the School and College Performance Tables exercise;

- Data will continue to be used nationally for the Standards and Testing Agency (STA) Key Stage 2 National Curriculum Test Pupil Registration process;
- The data is used to support other key areas involving LAs such as the Revenue Support Grant and LA Benchmarking Tables.

Without the above information it would be very difficult for Ministers, Parliament, central and local government, pressure groups and the public to monitor government policies and their effectiveness.

The submission of the School Census returns, including a set of named pupil records, is a statutory requirement on schools under section 537A of the Education Act 1996.

<http://www.legislation.gov.uk/ukpga/1996/56/section/537A>

Putting the School Census on a statutory basis:

- Means that schools do not need to obtain parental or pupil consent to the provision of information;
- Ensures schools are protected from any legal challenge that they are breaching a duty of confidence to pupils; and
- Helps to ensure that returns are completed by schools.

1.5 Structure of the School Census

1.5.1 School and Pupil Levels

The School Census is divided into two levels - Pupil and School. Each level comprises modules of data items that relate to a single theme or topic. The modules and the individual data items included in each are listed in Section 3. The School Census has been structured in this way to allow different combinations of modules to be collected in each collection.

1.5.2 Three collections a year

As in previous years, different modules will be collected in each Census. Your school's MIS software will be able to extract the relevant data items for each Census.

1.5.3 Historical as well as snapshot data

Much of the data to be collected represents some characteristic of a pupil at a point in time e.g. Enrolment Status. Historical data is collected from a previous term or academic year rather than reflecting the position on Census Day e.g. Attendance, Exclusions and Bursary Funding (Learner Support Code). This enables the Census to be generated from your software using data that the school will have input at the time, for example, the date a pupil left the school.

It also enables LAs and the Department to build up a continuous picture of pupil attendance and exclusions from successive Censuses. Please note that these modules and Bursary Funding, will require data on some pupils who have left the school before Census Day.

2 COMPLETING THE SCHOOL CENSUS

2.1 Census Dates

Every maintained (including those with Academy status) and non maintained Special School in England is required to complete three Census returns in the calendar year 2011 with one collection being held in each term. In the case of LAs that operate six term years, the Census collection will be every other term.

The Census dates are as follows:

- Third Thursday in January (17th January 2013)
- Third Thursday in May (16th May 2013)
- First Thursday in October (3rd October 2013)

Unusual Circumstances

If unusual circumstances impact on Census day, for example, severe weather conditions or religious observances then schools may find that the numbers of pupils and/or staff who are not present on that day are abnormally high. If any Census figures, for example, 'school meals taken' are affected then a day and time when the situation can be regarded as normal should be selected. Schools / LAs may interpret this literally as the next normal day or as an earlier day in Census week or the previous Thursday, if that reflects the normal situation. On occasions where other days / times are used, schools should record these for audit purposes.

2.2 Process Diagram

The process diagram below shows the steps that need to be taken to produce, check, authorise and send each Census Return.

2.3 Update school MIS with current data

The individual pupil records and school characteristics information for the Census will be extracted automatically by your MIS and parts of them may not be edited manually. Although data validation will take place within your software it is possible that missing pupils, missing excluded pupils, exclusions and attendance data for those no longer on roll and some incorrect data may not flag up any errors or queries. It is essential therefore that all relevant pupil data has been entered and updated in your system before the School Census return is created. Integrated software systems should allow the automatic extraction of information on exclusions, attendance and

classes as taught where the relevant data has previously been entered, but if necessary the information can be keyed directly into the School Census return.

Individual data will be included in the return for the following pupils and you should therefore ensure that all relevant data for them is kept up to date.

Spring Census (January)	Summer Census (May)	Autumn Census (October)
<ul style="list-style-type: none"> • All pupils on the register on the Census day • Any additional pupils subject to any type of exclusion in the Summer Term 2012 • Any additional pupils awarded a bursary since the start of the 2012/13 academic year. 	<ul style="list-style-type: none"> • All pupils on the register on the Census day • Any additional pupils subject to any type of exclusion in the Autumn Term 2012 • Any additional pupils awarded a bursary since the start of the 2012/13 academic year 	<ul style="list-style-type: none"> • All pupils on the register on the Census day • Any additional pupils subject to any type of exclusion in the Spring Term 2013 • Any additional pupils who attended the school in the previous academic year

2.3.1 Snapshot information on Census Day

Information should be provided for all pupils on the school's admission register (in accordance with Regulation 5 of the Education (Pupil Registration) (England) Regulations 2006). This Regulation specifies the information that a school's admission register should contain.

<http://www.legislation.gov.uk/ukxi/2006/1751/regulation/5/made>

The registration of pupils is governed by:

Section 434 of the Education Act 1996 which specifies that all persons who are pupils at the school must be registered -

<http://www.legislation.gov.uk/ukpga/1996/56/section/434>; and

The Education (Pupil Registration) Regulations 2006

<http://www.opsi.gov.uk/si/si2006/20061751.htm>

Regulation 8 specifies the circumstances under which a pupil can be removed from the register - for example, registration at another school, written notification of parental intention to educate at home, and long term absence (four weeks or more) where both the school and LA have failed after reasonable enquiry to locate the pupil.

<http://www.legislation.gov.uk/ukxi/2006/1751/regulation/8/made> and a subsequent amendment set out in the Education (Pupil Registration) (England) (Amendment) Regulations 2011 at <http://www.legislation.gov.uk/ukxi/2011/1625/made>

The count on Census Day includes all pupils whose enrolment status is:

- C (Current - Single registration at this school);
- M (Current Main - Dual registration); or
- S (Current Subsidiary - Dual registration)

The count **excludes any pupil whose enrolment status is G (Guest - pupil not registered at the school but attending some sessions or lessons).**

Of particular note is the recording of the following:

- Children of service families register at the school on Census day are no different to any other pupil registered at the school and will have an enrolment status of C (Current), M (Dual main) or S (Dual subsidiary). Provided that the pupil is registered at the school on Census day, they should be included in the school's return.
- Traveller children can be registered at one or more schools and will have an enrolment status of C (Current), M (Dual main) or S (Dual subsidiary). Provided that the pupil is registered at the school on Census day, they should be included in the school return.

A pupil would normally be dually registered in the following circumstances:

- Registered at a mainstream school (main school) but considered to need specialist support by attending a special school (subsidiary school) on a regular basis and, therefore, also registered at the special school.
- Registered at a mainstream school (main school) but, because of e.g. behaviour problems, the pupil is also required to attend a PRU (subsidiary school) for part of each week and is, therefore, also registered at the PRU.
- Registered at a special school or at a PRU (main school) but also attending another mainstream school (subsidiary school) on a regular basis as part of preparation for return to the mainstream school.

If a pupil is no longer on the admissions register at your school on the Census Day and you have already passed information (including UPN) on to their new school then you must **NOT** record the pupil on your School Census return. **This does not affect the Bursary awards, attendance or exclusions areas of the Census.** This applies whether the information has been passed on verbally, in writing or via the Common Transfer File (CTF). Following this guidance should eliminate cases of double counting, any of which the LA would need to investigate.

2.3.2 Learner Support Code

This is a new data item to record which pupils have been awarded financial support from the 16-19 Bursary Fund.

Data will be collected in respect of all pupils who have been awarded Bursary Funding at any point between the start of the 2012/13 academic year and Census Day. This may include pupils no longer on roll who have left school since the start of the academic year.

The collection of data will be on a cumulative basis as follows:

Spring Term - Any bursaries awarded since the beginning of the 2012/13 academic year to students who are either on roll on Census Day (17th January) or became off roll since the start of the academic year.

Summer Term - Any bursaries awarded since the beginning of the 2012/13 academic year to students who on are either on roll on Census Day (16th May) or became off roll since the start of the academic year

2.3.3 Attendance and exclusions data

Regulation 6 of the Education (Pupil Registration) (England) Regulations 2006 specifies the information that a school's attendance register should contain. <http://www.legislation.gov.uk/uksi/2006/1751/regulation/6/made> plus a subsequent amendment set out in the Education (Pupil Registration) (England) (Amendment) Regulations 2010 at <http://www.legislation.gov.uk/uksi/2010/1725/made>

Attendance data should be provided for any pupils of compulsory school age who were on roll for one or more sessions during the term for which data is collected.

Exclusions data should be provided for any pupils that were subject to any exclusion during the period for which data is collected.

Attendance and exclusions data could therefore be required for pupils who are no longer on the school roll on the Census Day. For these pupils, the following modules / data items will also be collected and so must be retained on the MIS even though the pupil is no longer on roll.

- For attendance - the Pupil ID module;
- For termly exclusions - the Pupil ID module and, at the time of exclusion, the In Care indicator and SEN Provision; and
- For those no longer on roll in order to identify them, the Pupil Status module will also be collected and so it is important, for example, that Pupil Date of Leaving is completed.

2.3.4 School Identifier

The DfE School Number is required as the identifier for the school and comprises a 3 digit LA code and a 4 digit Establishment code.

It is essential that both these codes are correct and up to date. Any error (including the provision of an old value of either code) is likely to lead to the rejection of your return by DfE. ***If you are in any doubt about these codes, please check with your LA*** or you can determine your LA and establishment code by accessing

<http://www.education.gov.uk/researchandstatistics/edubase>

2.4 Census specific data

Depending on their local arrangements and software systems, schools may need to manually complete some modules at the point of completing the Census return e.g. Exclusions, Attendance, Pupil Reconciliation and Miscellaneous. Instructions as to what data is required for each of the School Census collections are given in Section 3.

2.5 Validation

Census data is used by DfE policy divisions, other government departments, LAs, external agencies and educational researchers. The data is also used for funding purposes, and as principal data for RAISEonline. Accuracy of data is, therefore, of paramount importance.

Both LAs and DfE expect there to be zero errors on the Census return. The only exception to this is where a software bug generates an error that cannot be fixed or circumvented and an agreement has been reached between the LAs and DfE that the error is acceptable.

Schools' MIS software will report most¹ validation errors and queries.

When the data is validated for the School Census, a validation **Error** is generated when data rules are broken. For example, an illegal character is entered, a value may be out of range or totals do not add up correctly. Validation errors **MUST** be corrected.

A **Query** is reported where the data is unusual or unexpected and reflects a potential inaccuracy or omission in the underlying data in the schools' MIS or entry to the Census form. For example, where no pupils are reported as having special needs or where there is a probability of data being omitted, such as permanent exclusions, of which many schools may genuinely have had none in the previous school year.

¹ If DfE make late changes to validations, for instance to the Autumn Census based on outcomes of the Summer Census, then commercial suppliers may not be able to include these changes in their software releases. There are also some validation checks that are only produced in COLLECT so a school may see an 'error on load' even though nothing is shown when validated in the MIS. The Department aims to keep these differences to a minimum."

MIS software will report queries that should be investigated. As LAs or DfE will question queries it is also essential to investigate them, and to amend the data as necessary.

2.6 Generating the School Census return and data checks

These completion notes should be read in conjunction with any software specific School Census user guide available through your LA and with the documentation provided by your software supplier.

Your software supplier is likely to have drawn up a 'data entry specification' listing all the pupil data that must be entered into your system if the records within your School Census return are to be complete and correct. If you have not seen this specification, please contact your LA for advice. If you do not take MIS / ICT support from the LA, then contact your software supplier direct.

Your software may contain a series of 'data checks' which will help you to identify and correct errors and inconsistencies in your data prior to generating your School Census return. You will need to go through this process carefully as it will substantially reduce the number of validation errors in your return and the work needed to subsequently to resolve these.

Although the data checks are very important, you cannot assume that successful completion of them guarantees that all the necessary data is present and that your School Census return will be correct. The absence of any validation errors or queries also does not guarantee a successful return. You must therefore ensure that you have fully entered into your system all of the data set out in the data entry specification.

The code values for data items listed in Section 3 are shown in Sections 6 and 7 and will reflect the values contained in the data file which the software prepares for transmission to your LA and/or the Department.

2.7 School Summary

The Census return software generates a report summarising the data in the School Census return automatically. Given that the return itself is too large to be viewed in its entirety, it fulfils a number of purposes:

- To allow school staff preparing the return to check its accuracy and completeness before passing it to the head teacher
- To allow the head teacher authorising the return to check its accuracy and completeness before submitting the return to the LA and/or DfE - as in previous years the School Summary contains information about persistent absenteeism. This is the school's only opportunity to check its Census data before it is used by DfE for funding purposes and published in Performance Tables.
- If the summary is forwarded to the LA it allows them to check the return from the school

- Provides DfE with assurance that the return has been subject to some data checking by the school and LA

The summary should be inspected carefully and particular attention paid to those sections that might reveal evidence that some individual pupil data was not entered on to the system prior to generating the return e.g. free school meal eligibility or the number of pupils with SEN.

DfE also recommends that the school summary be compared to the one for the previous term or year to highlight any anomalous data between the respective Census collections. It is vital for a school to check the accuracy of data in this summary as it is this data that is submitted to DfE as an accurate reflection of the situation in the school on Census Day.

As different data is submitted in each Census, the contents of the School Summary will also be different for each termly Census.

2.8 Authorisation by Head Teacher

Once the School Census data has been submitted to DfE, either directly (for non-maintained Special schools and Academies) or via the LA for maintained schools, it will be deemed to have been authorised by the head teacher. LAs and schools can implement further authorisation methods such as printing and signing the summary to satisfy local audit purposes if they so choose.

2.9 Sending the School Census Return

Any queries about this process should be directed to the DfE Service Desk by completing the ['Data collections service request form'](#) available under 'Contact Us' at the web link below:

<http://www.education.gov.uk/researchandstatistics/stats/schoolcensus>

2.9.1 Maintained schools

Once the return has been authorised by the head teacher, it should be made available to the LA or DfE as appropriate. Maintained schools will need to consult their LAs on the arrangements for this process and check the local deadline for provision of the return. The deadline should allow sufficient time for the LA to discuss any queries about the data with the school before submitting it to DfE.

2.9.2 Academies and Non-Maintained Special Schools

Once the return has been authorised by the head teacher, it should be submitted directly to the Department via the COLLECT system.

2.9.3 School Census Return Dates

The deadline for all School Census returns to reach the Department is provided in the table below. LA Maintained schools will need to consult their individual LAs on the arrangements for this process and check the local deadline for provision of the return. The local deadline will be set as to allow the LA sufficient time to discuss any queries about the data with the school before submitting it to DfE.

Data Collection	Census Day	Deadline for Returns
Spring Census	Thursday 17 th January 2013	Wednesday 13 th February 2013
Summer Census	Thursday 16 th May 2013	Wednesday 12 th June 2013
Autumn Census	Thursday 3 rd October 2013	Wednesday 30 th October 2013

3 PREPARATION - DATA ITEMS REQUIRED

Most of the data collected in the School Census is that which a well managed school would be expected to use for its own purposes. The majority of data items should therefore be kept up to date within a school's MIS on an event driven basis.

Data items that are going to be collected in the School Census 2013 have been grouped into modules as follows:

Pupil Level (Section 4)	School Level (Section 5)
Pupil Identifiers	School Characteristics
Pupil Characteristics	School Location
Pupil Status	Miscellaneous
Special Educational Needs	
Exclusions	
Home Information	
Attendance	

Schools are encouraged to take a look at the data items to be collected in the School Census before the start of the academic year 2012/13 so as to ensure that information is entered correctly within their MIS.

Schools should note that software suppliers are including more validation on data entry so it should not be possible to enter information in the wrong format or that does not comply with the specified codeset. This should ensure a higher quality of data entered and fewer validation errors to be checked when the data is extracted for the School Census.

Codesets for individual data items are given in Sections 6 and 7.

4 PUPIL LEVEL

4.1 Survey Reference Dates

The survey reference dates (in the format yyyy-mm-dd) are:

2013-01-17 (Spring Census)

2013-05-16 (Summer Census)

2013-10-03 (Autumn)

These dates should be generated by your MIS but with the facility to edit the date where there are unusual circumstances (as described in section 2.1).

4.2 Pupil Identifiers module

All data items in this module should be maintained on an event driven basis. This module will be collected in all three Censuses for all pupils on roll on the relevant Census day. All the data items will be required for any additional pupils who are no longer on roll but for whom the attendance and exclusions modules are collected.

4.2.1 Unique Pupil Number (UPN)

This is generated by your MIS or transferred to you from another school in a CTF file and you are not expected to calculate it manually. The UPN must be 13 characters in the format Annnnnnnnnnn or AnnnnnnnnnnnA (for a temporary UPN) where A is a character and n is numeric. UPNs are generally produced automatically using routines programmed into the MIS software when a pupil first enters the maintained schools' sector in England or Wales. Temporary UPNs may only be issued as an interim measure until the permanent UPN is obtained. For further information see <http://www.education.gov.uk/researchandstatistics/datatdatam/upn/a0064607/upn-policy-and-practice-guidance>

4.2.2 Pupil's Former UPN

This is where the pupil has held another UPN whilst at your school (e.g. where a temporary UPN was allocated when the pupil was first admitted to the school, but subsequently replaced by the permanent one being retrieved from a previous school). Adopted pupils should have new UPNs and no link to their former UPNs.

4.2.3 Pupil Surname

Full legal surname as the school believes it to be (Schools are not necessarily expected to have verified this from a birth certificate or other legal document).

4.2.4 Pupil Forename

In full and not shortened or familiar versions.

4.2.5 Pupil Middle Names

In full and not shortened or familiar versions. If a pupil has no middle name(s) then this field must be left blank.

4.2.6 Pupil Date of Birth

Date of birth of pupil in the format CCYY-MM-DD.

4.2.7 Pupil Gender

The gender of the pupil in the format of M (Male) or F (Female).

In exceptional circumstances a school may be unsure as to which gender should be recorded for a particular pupil. The advice from the Department is to record the gender according to the wishes of the pupil and/or parent.

4.2.8 Pupil Former Surname

This should only be completed if a former surname is already known to the school - otherwise this field should be left blank. Schools need not, and should not, take any special steps to establish the existence of former surnames of which they are not already aware. If the pupil has more than one former surname then record the most recently used.

4.2.9 Pupil Preferred Surname

The surname most commonly used in the school and shown in full and not in any shortened or familiar versions.

4.2.10 Unique Learner Number

Unique Learner Numbers (ULNs) are assigned to students over the age of 14 in publicly funded education and training. They are allocated and managed by the Learning Records Service and will remain with the individual for their lifetime. Schools delivering 14-19 Diplomas will need to acquire a ULN for each of their Diploma students and hold these in their MI system.

Note: Whilst schools are only required to provide ULNs for those pupils taking Diplomas, they are encouraged to record and provide them for other pupils aged 14 to 19.

Schools can acquire and verify ULNs for their students, and make minor updates to student data (the Learning Records Service would like to know about any changes to students' basic identification data, name or address for example) through the ULN Service on the School to School (S2S) website.

<http://www.education.gov.uk/researchandstatistics/datatdatam/s2s>

This enables schools to export data from their MI system and submit it directly to the Learning Records Service for processing. The response file, containing new or verified ULNs, can then be imported back into the school's MI system to update the student records.

4.3 Pupil Characteristics module

All data items in this module should be maintained on an event driven basis or collected / updated via the school's normal data checking procedures.

4.3.1 Ethnicity

All pupils aged 5 and over as at the previous 31st August should have an ethnic category assigned to them. Where the information has not yet been collected then this needs to be recorded as 'Not obtained'. If the parent or pupil has refused to give the information then 'Refused' should be assigned.

The codeset reflects categories used in the 2001 National Population Census, with additional categories for Travellers of Irish heritage, pupils of Gypsy / Roma heritage and Sri Lankan Other. If the National Population Census categories do not meet the needs of local monitoring, LAs may use the DfE approved list of extended categories. Your LA will have decided which of the ethnic codes to use and these codes should be reflected in your MIS.

The hierarchy of the DfE main ethnicity codes is shown below and the full codeset including the extended categories, D00005, can be found in the Common Basic Data Set

<http://www.education.gov.uk/researchandstatistics/datatdatam/cbds/a0058744/cbds>.

Information not yet obtained	NOBT

4.3.2 Free School Meal Eligibility

(a) Change in method of funding and data collection

To facilitate the collection of information about FSM eligibility at any point in time, the 2013 School Census will be based on identifying periods of eligibility between census collections. This approach differs from the 2012 Census when information only about eligibility of pupils for FSM on Census Day was collected.

Collecting periods of eligibility between Censuses will allow the Department, by matching together successive Census collections over time, to build up a full picture of FSM eligibility rather than restricting the data available to a snapshot on Census day.

(b) Data collected

Each of the collections will require the inclusion of any periods of FSM eligibility since the previous Census for those pupils on roll on Census Day.

The following three new data items will be used to collect this information in each of the three termly School Census collections:

- FSM Eligibility Start Date
- FSM Eligibility End Date
- Country of UK (Note: This will be system generated and will not require any data entry by schools)

These data items will be collected for pupils within the scope of the collections on roll on Census Day, and with any periods of FSM eligibility since the last Census i.e. those with:

a) An FSM Eligibility Start Date on or before the current Census Day and no FSM Eligibility End Date (eligibility on-going on Census Day); or

b) An FSM Eligibility End Date from the first day after the previous Census and on or before the current Census Day

In respect of b) for the 2013 School Census the FSM Eligibility End Dates for each termly collection are as follows:

- Spring Census - between 5th October 2012 and 17th January 2013 inclusive
- Summer Census - between 18th January and 16th May 2013 inclusive
- Autumn Census - between 17th May and 3rd October 2013 inclusive

If schools have FSM eligibility flagged for a pupil in their systems they must make sure that their systems are updated to include an FSM Start Date ready for collection in the 2013 School Census and, if appropriate, transfer in Common Transfer Files (CTF).

Multiple FSM Eligibility Start and End Dates falling within the period should be returned where applicable. For example, if a pupil had been eligible for FSM from 1st September 2010 until 31st October 2012 and then became eligible again from 1st December 2012 then the following would be returned in the 2013 Spring Census:

For the first period of eligibility:

FSM Eligibility Start Date of 01/09/2010 and FSM Eligibility End Date of 31/10/2012;
and

For the second period of eligibility:

FSM Eligibility Start Date of 01/12/2012 and no FSM Eligibility End Date

(c) Pupil Premium Funding

The provision of additional funding to schools via the Deprivation Pupil Premium is directed to those pupils from deprived backgrounds and is based on their eligibility for Free School Meals (FSM).

Note: Only pupils aged 4 and above in Reception to Year 11 (or aged 4 to 15 where National Curriculum year groups do not apply) are eligible for Pupil Premium funding. Pupils attending Nursery Schools or Non Maintained Special Schools are **not** eligible for the Pupil Premium.

The terms under which the payment of Pupil Premium operates are set out in the Pupil Premium conditions of grant which are available on the Department's website which can be accessed through the following link:

<http://www.education.gov.uk/schools/adminandfinance/financialmanagement/schools/revenuefunding/settlement2013pupilpremium/a00200465/schools-funding-settlement-2012-13-including-pupil-premium>

For the financial year 2013-14, the actual allocation of the Pupil Premium will be based on the data held by the Department in the National Pupil Database for those pupils on roll in January 2013 recorded as known to be eligible for FSM on any of the pupil level censuses (i.e. School Census, Pupil Referral Unit Census and Alternative Provision Census) since Summer 2007 - known as 'FSM Ever 6'.

In order to give schools a sense of how many pupils might be eligible for the Pupil Premium, the Department provided them (in February 2012) with a download of historical periods of eligibility from the National Pupil Database. From November 2011, schools should have been using the usual CTF process to transfer periods of eligibility so that school can build up and maintain a history of FSM eligibility in their systems.

(d) Country of UK and Pupil Premium Funding

The provision of additional funding through the Pupil Premium only covers FSM eligibility in England. Any periods of FSM eligibility in any other country do not count when determining a pupil's eligibility for the Pupil Premium.

Each period of FSM eligibility will have a system generated Country of UK code attached to enable the Department to ensure that those pupils who have only experienced periods of FSM eligibility outside of England do not attract the Pupil Premium.

For periods of eligibility when a pupil was on roll at a school in England the Country of UK code will be 'ENG'. Pupils who were on roll at a school in Wales will have been assigned a code of 'WLS'.

For periods of FSM eligibility that are open as at 1st January 2013 and for all subsequent periods thereafter, school management information systems should automatically populate the Country of UK with the appropriate code for the establishment at which the pupil is on roll. This data item is not expected to be in systems for periods of FSM eligibility that ended before 1st January 2013 but may be provided if known.

(e) Eligibility for Free School Meals

Free School Meal Eligibility periods will be used by the Department in determining the Pupil Premium allocations for schools and, as such, it is essential that this information is correctly recorded on the School Census.

Periods of FSM eligibility for pupils should be recorded **ONLY** if a **claim** for free school meals has been made by them or on their behalf **and** either

- The relevant LA / school have confirmed that they are entitled to free school meals; or
- The relevant LA / school have seen the necessary documentation (e.g. a TC602 Tax Credit Award Notice) that shows that they are entitled to free school meals.

Conversely, if pupils are in receipt of a Free School Meal but there is confirmation that they are no longer eligible and entitlement will be revoked then the period of eligibility should be ended (with the recording of an appropriate FSM Eligibility End Date).

Note: The Education (School Lunches) (Prescribed Requirements) (England) Order 2003 sets out an additional requirement for children who have not attained **compulsory school age** but receive education. These children must be registered pupils and be 'receiving education both **before and after** the lunch period' before being eligible for free school meals. This requirement was introduced from April 2003.

Children whose parents are in receipt of one of the following are entitled to receive free school meals:

- Income Support (IS)
- Income Based Job Seekers Allowance (IBJSA)
- An income-related employment and support allowance
- Support under part VI of the Immigration and Asylum Act 1999
- Child Tax Credit (provided they are not entitled to Working Tax Credit) and have an annual income which from 6th April 2012 does not exceed £16,190 as assessed by Her Majesty's Revenue and Customs*
- Guarantee element of State Pension Credit.

* Note: A parent is entitled to the Working Tax Credit run-on payment for a further four weeks after they stop qualifying for Working Tax Credit. Their children are entitled to free school meals for the period that they are in receipt of this payment.

Children who receive IS or IBJSA in their own right are also entitled to receive free school meals.

It should be noted that it will not be necessary for individual schools / LAs to calculate a family's annual taxable income. The HM Revenue and Customs (HMRC) will perform this income calculation and it is this figure that should be used to determine free school meal entitlement.

Each time a tax credit award is calculated, the HMRC will automatically issue a **Tax Credit Award Notice (TC602)** to the applicant. The award notice will set out the annual income and key family details. This notice includes details of all the information that is required to assess a child's free school meal eligibility (under the 'tax credit' category') and it is strongly suggested that this document is used to make that assessment.

Similarly, it is strongly suggested that the Pension Credit Award Notice (issued automatically by The Pension Service to all those in receipt of Pension Credits) is used to assess a child's free school meal eligibility under the 'Guarantee State Pension Credit' category.

A frequently asked questions page on free school meals is available on the Department's website at:

<http://www.education.gov.uk/schools/pupilsupport/premium/ppfaqs/a0076064/free-school-meals-faqs>

(f) FSM Eligibility Checking Service

The FSM Eligibility Checking Service (ECS) streamlines the FSM eligibility checking process for both LAs and parents. The ECS allows LAs to electronically check in a single application all the relevant data held by three Government Departments (DWP, Home Office and HMRC) in order to confirm pupils' FSM eligibility. Rather than providing paper evidence (e.g. TC602) of being in receipt of the relevant benefit, parents simply need to provide their NI number, date of birth and surname. LAs are then able to undertake an eligibility check in real time via their on-line link to the system.

The ECS is only accessible by Local Authorities, who use it on behalf of their schools to check pupils' entitlement to free meals.

Academies are not able to access the ECS themselves and may not have easy access even when the LA in which they are based is using it. Some Academies have made arrangements with an LA (often for a fee) for them to check eligibility via the ECS on their behalf. The service available, and its cost, varies between LAs.

Some LAs also provide a web-based service which enables parents to check their own eligibility via the ECS. www.myfreeschoolmeals.com, a service provided by LGSS (founded by Northamptonshire and Cambridgeshire Local Authorities) can be used by parents of pupils attending Academies.

4.3.3 Youth Support Services Agreement

Note: From April 2010, funding streams that had in the past gone to Connexions and youth services were brought together and focused on targeted support for young people (Aged 13 to 19) through the Early Intervention Grant (EiG). The term 'Youth Support Services' is generally used to reflect the combined service but local authorities are free to brand the service as they wish.

This field should be completed for all pupils who are:

- Aged 12 and above (as at 31st August 2012 in the Spring and Summer Census); and
- Aged 12 and above (as at 31st August 2013 in the Autumn Census).

If it is not completed the system will default to 'unsought'. The Census mechanism is used to transfer this data item from schools to their LA who can then pass on the data to the Youth Support Service. **This data item is not used by DfE.** The codeset is located in Section 6.

There is a legal requirement under the Education and Skills Act 2008 for schools to pass information on request to the Youth Support Service for pupils in or approaching the age of 13. The information which schools are required to provide consists of:

- a) The names and addresses of pupils and their parents - which must be provided to the Youth Support Service in any event;
- b) The date of birth of the pupil;
- c) Other information relevant to the provision of Youth Support Services. Parents, or pupils themselves if aged 16 or over, have the right to instruct the school not to provide information (over and above name, address and date of birth) to the Youth Support Service.

The provision under (c) is for an opt-out. Until and unless the parent or pupil gives an instruction, the school remains under a statutory duty to provide information to the Youth Support Service on request.

Privacy Notices need to be issued to parents advising them of their (or their child's) right to instruct the school not to provide information beyond name, address and date of birth. If the values of 'No' or 'UNS' (Unsought) are recorded then information beyond name and address cannot be shared with the Youth Support Service. A Privacy Notice template for issue by LAs and schools is available on the DfE website at:

<http://www.education.gov.uk/researchandstatistics/statisticalreturns/a0064374/suggested-text-and-guidance-for-issuing-privacy-notices>

4.3.4 Language Code

A first language other than English should be recorded where a child was exposed to the language during early development and continues to be exposed to this language in the home or in the community (See Language codeset in Section 6).

If a child was exposed to more than one language (which may include English) during early development the language other than English should be recorded, irrespective of the child's proficiency in English. In the case of an older pupil who is no longer exposed to the first language in the home, and who now uses only another language, the school should consult with the pupil or parent to determine which language should be recorded.

Where a pupil's first language is not English, schools may record specific languages from the extended language codeset or continue to use codes from the short codeset used in PLASC 2006. ENB (Not known but believed to be English) and OTB (Not known but believed to be other than English) are appropriate where a pupil's first language is not known with absolute certainty because the parents have not responded to enquiries, but the school can judge with a high degree of confidence whether it is English or not. An LA may specify that schools should use a particular subset of language codes but it is for the school to decide whether or not to record specific languages.

This is a compulsory field for all pupils aged 5 and over as at the previous 31st August.

4.3.5 Service Children in Education Indicator

The Service Children Indicator will be used by the Department in determining the Pupil Premium allocations for schools and also to assist with identifying both the impact that being a Service child has on the education of a pupil and the impact that catering for large numbers of Service children has on individual schools. **In the light of the above, it is essential that this data item is correctly recorded on the School Census.**

Please note that data on individual pupils is not being shared with the Ministry of Defence (MoD).

The Service Children indicator recorded on the School Census indicates if a child has a parent or parents who are Service personnel serving in regular HM Forces military units of all forces, or in the Armed Forces of another nation and stationed in England, and exercising parental care and responsibility.

Please note that the Territorial Army are not classed as the regular armed forces and, as such, these pupils should not be considered Service Children on the School Census.

The Service Children Indicator is only relevant to children whose parents are designated as Personnel Category 1 or 2 which are shown on the GOV.UK website, <https://www.gov.uk/government/publications/personal-status-category-definitions>. However, all parents will be aware of their Personnel Category.

From the above link you will see the following definitions:

Personnel Category 1 (PStat Cat 1)

Those in **PStat Cat 1** will meet one of the following qualifying criteria:

- (1) A legally married member of the Armed Forces, who lives with their spouse, or who would do so but for the exigencies of the Armed Forces.
- (2) A member of the Armed Forces, who is registered in a civil partnership in accordance with the Civil Partnership Act 2004, or is in a civil partnership under an overseas scheme recognised under that Act, and who lives with their registered civil partner, or who would do so but for the exigencies of the Armed Forces.

Personnel Category 2 (PStat Cat 2)

Those in **PStat Cat 2** will meet the following qualifying criteria:

- (1) A member of the Armed Forces who has parental responsibility within the terms of the Children Act 1989 for a child(ren) and who satisfies **all** of the following conditions:

- (a) Can properly be regarded as the centre and prime mover in the life of the child(ren).
- (b) Provides a home where they normally live with the child(ren) except where unable to do so for reasons attributable to their service in the Armed Forces.
- (c) Provides, where the child(ren) is unable to care for itself, a child carer who can look after the child(ren) during their absences attributable to their service in the Armed Forces. The child carer must not be the other natural parent of the child(ren). The other natural parent should normally only have staying access to the child(ren) for an aggregate of 56 days in any 12 month period. Staying access greater than this may render the Service person ineligible for PStat Cat2 (these restrictions on access do not apply while on recognised Unaccompanied Duty).
- (d) Accepts financial responsibility for the child(ren).

Valid codes are 'Yes', 'No' and 'Refused' with an additional code of 'Unknown' to be held by the school to indicate no response given or other reason for no information. **This field is collected in the Spring Census only**, for all pupils on roll on Census day. This field has been default filled with 'No' to reduce the burden on schools so that it will only be necessary to change the entry for those Children who are from Service families.

4.3.6 Funded Hours

***Note:** At this stage, guidance for the Spring Census is shown below. Guidance for the Summer and Autumn Census collections will be provided in a later version of this document.*

Spring Census

This data item records for pupils aged 2, 3 and 4 the total number of hours they spent in **education provision** at the school which are **funded under the free entitlement to education for under 5's**.

Funded Hours should only include the hours the pupil spent in **education provision** and should exclude any hours of 'childcare' and breaks or extended schools services (e.g. breakfast clubs and after school clubs as they are not considered as education provision) where the pupils are not receiving education or any additional hours which are funded by other means e.g. the parent.

This information is collected in all three terms from all schools (with the exception of City Technology Colleges and Non Maintained Special Schools).

For the Spring Census this data item is required for all 3 and 4 year olds and the following 2 year olds:

- Those aged 2 as at 31st December 2012 **with special educational needs** (i.e. those born between 1st January 2010 and 31st December 2010 **with SEN**)

- "Rising 3s", those aged 2 at 31st August 2012 but 3 by 31st December 2012 (i.e. born between 1st September 2009 and 31st December 2009)

Funded Hours are **not** required in the Spring School Census for those 2 year olds born between 1st January 2010 and 31st December 2010 who do not have SEN or from any younger pupils.

For dually registered pupils, only record the Funded Hours spent in education at each school. The main registration should **only** include the Funded Hours spent in education at the main registration and the subsidiary registration should **only** include the Funded Hours spent in education at the subsidiary registration.

It is important that the Funded Hours recorded on the Census accurately reflect the hours at the setting (to the nearest 0.5 - see examples below) **funded under the free entitlement to education for under 5's** as this will be used to determine the Early Years Block of the Dedicated Schools Grant and Pupil Premium funding allocation from DfE (with the exception of pupil aged 4 and above in Reception to Year 11 who will be funded as full time irrespective of the funded hours on the census).

Examples:

- 12 hours and 0 to 14 minutes = 12.0 Hours
- 12 Hours and 15 to 44 minutes = 12.5 Hours
- 12 Hours and 45 to 59 minutes = 13.0 Hours

For funding purposes, the Funded Hours recorded on the Census will be capped at 12.5 hours per week for pupils aged 2 as at 31st December 2012 and 15 hours per week (i.e. the free entitlement) for rising 3s and pupils aged 3 at the 31st August prior to the Census. All pupils aged 4 as at the 31st August are also entitled to 15 hours free entitlement education provision. However the Department fully supports LAs who choose to fund 4 year olds full time and, therefore, Funded Hours will be capped at 25 hours for pupils aged 4 at 31st August.

The table below shows the maximum Funded Hours available for pupils aged Under 5 years split by age group for the Spring Census collection.

Age Group	2013 Spring Census	Maximum Funded Hours (Per week)
2 year olds with Special Educational Needs	Pupils aged 2 years at 31st December 2012 (Born between 01/01/10 and 31/12/10)	12.5 hours
Rising 3's	Pupils aged 2 years at 31st August 2012 but 3 by 31st December 2012 (Born between 01/09/09 and 31/12/09)	15 hours
3 year olds	Pupils aged 3 years at 31st August 2012 (Born between 01/09/08 and 31/08/09)	15 hours
4 year olds	Pupils aged 4 years at 31st August 2012 (Born between 01/09/07 and 31/08/08)	25 hours

4.3.7 Hours at Setting

This data item records for pupils aged 2, 3 and 4 the total number of hours they spent in **education provision** at the school irrespective of who funded the hours (i.e. it is the total of any hours funded under the free entitlement to nursery education plus any additional hours of education funded from other sources such as parents).

This information is collected in all three terms from all schools (with the exception of Non Maintained Special Schools).

For the Spring Census this data item is required for all 3 and 4 year olds and the following 2 year olds:

- Those aged 2 as at 31st December 2012 **with special educational needs** (i.e. those born between 1st January 2010 and 31st December 2010 **with SEN**)

- "Rising 3s", those aged 2 at 31st August 2012 but 3 by 31st December 2012 (i.e. born between 1st September 2009 and 31st December 2009)

Hours at Setting is **not** required in the Spring School Census for those 2 year olds born between 1st January 2010 and 31st December 2010 who do not have SEN or indeed from any younger pupils.

Note: Guidance for which pupils Hours at Setting needs to be returned in the Summer and Autumn School Census collections will be provided at the same time as the guidance for Funded Hours.

This will allow the Department to monitor the hours attended at maintained settings on the same basis as private / voluntary / independent provision.

For dually registered pupils, only record the actual hours attending each school. The main registration should **only** include the hours spent in education at the main registration. The subsidiary registration should **only** include the hours spent in education there.

Hours at Setting should only include the hours the pupil spent in **education provision** (to the nearest 0.5 - see examples below)

- 12 hours and 0 to 14 minutes = 12.0 Hours
- 12 Hours and 15 to 44 minutes = 12.5 Hours
- 12 Hours and 45 to 59 minutes = 13.0 Hours

Hours at setting should exclude any hours of 'childcare' and breaks where the pupils are not receiving education. Extended schools services (e.g. breakfast clubs and after school clubs) should also be excluded as these are not considered education provision.

4.3.8 Learner Support Code

The Learner Support Code indicates the type of financial support awarded to pupils beyond compulsory school leaving age at any point in the academic year of the School Census. It has been introduced to identify which pupils have been awarded financial support from the 16-19 Bursary Fund. The 16-19 Bursary Fund is administered locally by providers and local authorities who receive their allocation of funding directly from the Education Funding Agency (EFA). Whilst schools may be able to record in their systems other types of financial support awarded to these pupils, the School Census will only collect two types of financial support awarded: vulnerable group bursary (code 55) and discretionary bursary (code 56).

Funding Categories

The 16-19 Bursary Fund is made up of two parts:

- A yearly bursary of £1,200 for the most vulnerable young people. These include young people in care, care leavers, those on income support and disabled young people in receipt of both Employment Support Allowance and Disability Living Allowance. The bursary is awarded typically for a course lasting 30 weeks or more. Providers should consider making pro-rata awards for courses lasting less than 30 weeks.
- The remainder of the fund is allocated by providers on a discretionary basis to those young people who face the most significant financial barriers to continuing in education and training post-16.

Each new academic year requires a new application for funding by students.

Eligibility

To be eligible to receive Bursary Funding in the 2012/13 academic year, the student must be aged 16 or over and under 19 years at the start of the academic year in which they start their programme of study.

Where a young person turns 19 during their programme of study, they can continue to be supported to the end of the academic year in which they turn 19, or to the end of the programme of study, whichever is the sooner.

Note: In very exceptional circumstances a student in receipt of a vulnerable group bursary of £1,200 may also qualify for a discretionary element of funding and this will be subject to a decision of the school or Local Authority.

A Questions and Answers document about the Bursary Funding scheme for schools is available on the Department's website at:

<http://media.education.gov.uk/assets/files/pdf/2/questions%20and%20answers%20for%20providers%20and%20las%20about%20the%2016%2019%20bursary%20fund%20201213.pdf>

When data is collected

Data will be collected in respect of all pupils who have been awarded Bursary Funding at any point between the start of the 2012/13 academic year and Census Day. This may include pupils no longer on roll who have left school since the start of the academic year.

Information will need to be recorded by schools from the start of the Autumn 2012 term (from 1st August 2012) for submission as part of both the 2013 Spring and Summer Census.

What data is collected

The data collected will identify whether or not a student has been awarded in the current academic year either:

- The vulnerable group bursary (Code 55); and/or
- A discretionary award (Code 56)

During the academic year it may be possible that the circumstances of a student awarded the discretionary element may have changed and they become part of a designated vulnerable group. In such circumstances the individual would also qualify for the award of the vulnerable payment (on a pro-rata basis for the academic year) For example, a student may be awarded the discretionary element in September 2012 and then the vulnerable group bursary in February 2013. In such a situation, Code 56 would be returned in the Spring School Census and both Code 56 and Code 55 in the Summer School Census.

Note: The Census collection will **not** require information about whether a student is actually in receipt of funding. The purpose of the collection is to establish how many students been **awarded** bursary funding in the academic year.

For dual registered pupils, the school holding the main registration for the pupil will be responsible for awarding the bursary fund and it is they who will return the required data.

Data Collection Periods

The collection of data will be on a cumulative basis as follows:

Spring Term - Any bursaries awarded since the beginning of the 2012/13 academic year to students who are either on roll on Census Day (17th January) or became off roll since the start of the academic year.

Summer Term - Any bursaries awarded since the beginning of the 2012/13 academic year to students who on are either on roll on Census Day (16th May) or became off roll since the start of the academic year

Learner Support Code is not collected in the Autumn Census. This is because over 90% of bursaries will be awarded in the period September to January and so will be captured in the Spring and Summer Census collections. Additionally, Learner Support Code is defined as the type of financial support awarded to pupils at any point in the current academic year and so a collection in the 2013 Autumn Term would collect information about bursaries awarded since the start of the 2013/14 academic year. It would therefore not pick up any additional bursaries awarded since the Summer Census and before the end of the 2012/13 academic year.

4.4 Pupil Status module

All data items in this module should be maintained on an event driven basis. This module will be collected in all three Censuses for all pupils on roll on Census day.

Pupil Date of Entry, Date of Leaving and Part-time Indicator will be collected for any additional pupils who are no longer on roll but for whom the attendance and exclusions modules are collected.

4.4.1 Pupil Enrolment Status

This indicates the Pupil Enrolment Status using one of the registration codes supplied in the codeset (See Section 6). It is important that each pupil recorded on the School Census is assigned the correct enrolment status as that will ensure that they are correctly registered at a school in line with the Pupil Registration Regulations and ensures that funding is accurately targeted in line with published funding methodologies.

The MIS will automatically default the value of this field to 'C' - Current (Single registration at this school).

Pupils recorded as 'Guest' should **NOT** be included in the Census return.

As shown below, 'Guest' registration may now be used for the following scenarios but schools should be aware of the School Attendance guidance when applying this category:

- a) Managed / Negotiated Transfers
- b) Consortia Schools
- c) Post-16 and Diploma Pupils
- d) Traveller Pupils
- e) Family Units
- f) Specialised Units
- g) Inclusion Classes
- h) External Candidates
- i) Purchased Tuition
- j) School-supervised off-site Education
- k) Dually Registered Pupils - Hospital Special Schools
- l) Overseas / Exchange Pupils

Please ensure that dually registered and guest pupils are recorded correctly.

The following explanations relating to particular situations / scenarios concerning these categories should help schools with this.

a) Managed / Negotiated Transfers

A pupil may be transferred to another school on a trial basis. In such a case, the original school will maintain the pupil's registration. If the receiving school decide to accept the pupil on a permanent basis then, obviously, the registration will transfer at that time. During the trial period, however, there is no method of indicating this situation in the receiving school. As the data collected during the census is used for future funding purposes, the inability to credit the receiving school is perceived as a disincentive to accept the pupil, often to the pupil's detriment. The financial arrangements between the schools are a matter for their mutual agreement, but it is important to be able to identify pupils in this situation.

It is recommended that for the duration of any trial period:

- The original school maintains the pupil's record with an Enrolment Status of 'M' (Current Main - dual registration)
- The receiving school maintains the pupil's record with an Enrolment Status of 'S' (Current Subsidiary - dual registration)

b) Consortia schools

Schools often provide courses of study in collaboration with other schools (or other educational establishments). These may be formal or informal arrangements. A pupil registered in one school may have part, or even all, of their academic tuition in the premises of another school. In such circumstances it is important that the pupil is assigned correctly to the school which holds the pupil's registration. The financial

arrangements between the schools are a matter for their mutual agreement but it is important to be able to identify pupils in this situation.

It is recommended that for a pupil who is receiving tuition at a school other than the registration school:

- The registration school maintains the pupil's record with an Enrolment Status of 'C' (Current - Single registration at this school)
- The providing school maintains the pupil's record with an Enrolment Status of 'G' (Guest - Pupil not registered at this school but attending some lessons or sessions)

The guidance above is a recommendation. However, if the relevant schools agree that this is not appropriate for their local circumstances, then dual registration can be used.

c) Post 16 and Diploma pupils

The guidance provided above for Consortia schools will be the same for Post 16 pupils and pupils who are attending tuition in the premises of another school as part of Diploma arrangements.

d) Traveller Pupils

A traveller pupil may attend another school during periods when his / her parent is travelling in the course of trade or business. In such cases, the school where the pupil ordinarily attended, during the immediately preceding 18 months when not travelling, will maintain the pupil's registration. It is recommended that for the duration of this period:

- The ordinary school of attendance maintains the pupil's record with an Enrolment Status of 'M' (Current Main - dual registration)
- The receiving school maintains the pupil's record with an Enrolment Status of 'S' (Current Subsidiary - dual registration)

e) Family units

In many areas nursery school education is being provided in establishments which also provide wider childcare and/or family support services. Often, the establishment wishes to maintain a single management information system for all the children it serves and, equally often, it is the school management information system which is used for this purpose. When submitting information for census purposes, however, it is important to distinguish between those children who are receiving nursery education from those who are receiving other services.

It is recommended that:

- For children receiving nursery education, the school / establishment maintains the pupil's record with an Enrolment Status of 'C' (Current - Single registration at this school).

- For children receiving childcare provision but not nursery education the school / establishment, if it wishes to do so, maintains the pupil's record with an Enrolment Status of 'G' (Guest - Pupil not registered at this school but attending some lessons or sessions)

- For children receiving both nursery education and childcare provision, the school / establishment records the pupil as part-time and maintains the pupil's record with an Enrolment Status of 'C' (Current - Single registration at this school)

f) Specialised Units

In some LA areas, units have been established to deliver specialised education services for pupils from schools in an extended area, not just the school in which the unit is located. These units often provide support for English Language acquisition (English as an Additional Language) or special education needs support, commonly with those children who have Visual or Hearing Impairments or have Speech and Language difficulties.

It is recommended that for a pupil who is receiving tuition in a specialised unit at a school other than the registration school:

- The registration school maintains the pupil's record with an Enrolment Status of 'C' (Current - Single registration at this school)

- The providing school, if it wishes to do so, maintains the pupil's record with an Enrolment Status of 'G' (Guest - Pupil not registered at this school but attending some lessons or sessions)

The guidance above is a recommendation. However, if the relevant schools agree that this is not appropriate for their local circumstances, then dual registration can be used.

g) Inclusion Classes

To foster the inclusion agenda for pupils with special educational needs, "inclusion classes" have been established whereby pupils who are registered at a special school are taught in classes located in a mainstream school's premises. Tuition is provided, either wholly or partly, by teachers from the special school.

These classes are, effectively, satellite classes of the special school and should not be treated as classes of the mainstream school.

It is recommended that for a pupil who is attending an inclusion class:

- The special school maintains the pupil's record with an Enrolment Status of 'C' (Current - Single registration at this school)

- The mainstream school, if it wishes to do so, maintains the pupil's record with an Enrolment Status of 'G' (Guest - Pupil not registered at this school but attending some lessons or sessions)

h) External Candidates

Occasionally, adults are registered at a school in order for them to enter an examination and, perhaps, receive some level of tuition towards this aim. In such cases it is recommended that the providing school, if it wishes to do so, maintains the adult's record with an Enrolment Status of 'G' (Guest - Pupil not registered at this school but attending some lessons or sessions)

i) Purchased Tuition

In some schools externally provided tuition may be purchased at another establishment for a registered pupil. If the provider establishment is a maintained school then the situation should be treated as for consortia schools above.

If the provider is a commercial organisation, or an organisation outside the maintained school sector, then the pupil should be recorded with an Enrolment Status of 'C' (Current - Single registration at this school).

j) School-supervised off-site Education

Some schools have registered pupils who, for varying reasons, receive all or part of their education off-site, under the supervision of the school. Such pupils can only be recorded as receiving off-site educational activity if the activity meets the requirements set out in the Education (Pupil Registration) (England) Regulations 2006. The activity must be of an educational nature approved by the school and supervised by someone authorised by the school. The activity must take place during the session for which Code B (attending off-side educational activity) is recorded in the attendance register. In such cases, the pupil should be recorded with an Enrolment Status of 'C' (Current - Single registration at this school).

k) Dually Registered Pupils - Hospital Special Schools

For those pupils who may be attending a 'hospital special school' they should only be recorded on the register if they are receiving an education provision. They should **NOT** be recorded if they are only attending such an establishment for 'hospital check ups', 'day surgery' or any other form of medical appointment or operation.

However, if the pupil receives an education provision from the 'hospital special school' and also attends a mainstream school, then they should be recorded as dually registered. The school of 'ordinary attendance' should be recorded as the 'main' registration. In the majority of cases this will be the mainstream school, and the hospital special school should then record the pupil with a subsidiary registration. If the pupil receives an education provision from the 'hospital special school' during their stay in hospital, then they can be recorded as a 'Guest' registration. If a pupil is originally solely registered at the 'hospital special school' and also attends a mainstream school as part of a reintegration programme then they should be recorded as dually registered with the hospital special school holding the 'main registration'.

If after consultation with the school, medical advisors, parents and the LA, the conclusion is that the pupil should attend the hospital special school full time to meet the pupil's SEN needs, and that the decision is a permanent arrangement, then the pupil must be removed from the mainstream school and solely registered at the 'hospital special school'. However if this scenario is only a temporary measure the pupil should be dually registered, with the mainstream school holding the main registration, and the hospital special school recording the subsidiary registration.

I) Overseas / Exchange Pupils

Overseas or exchange pupils on the school register at the time of the census should be recorded therein with an Enrolment Status of 'G' (Guest - Pupil not registered at this school but attending some lessons or sessions) and therefore not included on the school census returns.

Attendance and Absence

From September **2011**, the way that schools recorded attendance and absence for '**Dually Registered**' pupils changed.

Attendance code D (Dual registered at another educational establishment) is not counted in the School Census as an attendance. Each school should only record the attendance and absence for the sessions the pupil is required to attend at their school. Each school should use code D to record all of the sessions that the pupil is due to attend at the other school.

For safeguarding reasons, schools must follow up all unexplained and unexpected absences in a timely manner.

For pupils that are present **at a supervised educational activity that is off-site and approved by the school** it is important the alternative provider and the school have an agreement in place to share attendance information. The onus is on the school to contact the alternative provider and establish these agreements. Schools must not assume that a pupil is present at the "supervised educational activity" just because he / she are expected to be. They must only use the "present at approved educational activity" when it is confirmed that the pupil was present.

For pupils attending another establishment as a 'Guest Registration' it is essential that the school that holds the 'guest' registration reports any absences to the 'home' school who must record these absences as part of their School Census return.

Note: Attendance guidance information can be found on the Department's website at:

<http://www.education.gov.uk/schools/pupilsupport/behaviour/attendance/schoolattendancedata/a0010008/pupil-registration-regulations-and-guidance>

4.4.2 Pupil Date of entry

This is the last date of entry to the current school.

Please Note

Those pupils who are transferring from Nursery to Reception in the same school should not be given new entry dates (for all through schools).

Pupils entering year 12 and above from the same school should **NOT** be removed from the admissions register and should **NOT** be provided with a new entry date.

Any new schools opening who have **retained the existing establishment number** of their predecessor school should return information in the School Census as if they were a continuing school i.e. they should return historic attendance and exclusion data for the preceding term(s) before conversion. These schools should, therefore, leave the date of arrival in school (i.e. the entry date) for pupils as the date at which the pupil joined the original establishment.

However any new schools opening that have been **given a new establishment number** should give all pupils a new entry date (i.e. the day which they start at the new school) and consequently any historical exclusions and attendance data from predecessor schools must not be included in the Census return for these schools.

4.4.3 Pupil Date of leaving

Date pupil left current school. The completion of this field will enable identification of pupils who are no longer on the school's roll.

4.4.4 Pupil Part-time Indicator

This indicates whether a pupil is part-time in education (attends fewer than 10 sessions a week) or not. It does not indicate that a pupil is part-time at one or more establishments. A pupil attending three full days in one school and two full days in another school should not be classified by either school as part-time. The MIS will automatically default the value of this field to false as the majority of pupils will not be part-time.

In certain circumstances some pupils of compulsory school-age will be placed on a part-time timetable in order to meet their individual needs, for example when a medical condition prevents them from attending full-time, as part of a re-integration package. The part-time timetable should not be treated as a long-term solution. Any pastoral support programme or other agreement must have a time limit by which point the pupil is expected to attend full-time and be agreed with the pupil's parents / carers.

Compulsory school-age pupils on a part-time timetable are, by definition, not present at school for part of the week or day. They are also not attending approved educational activity and must therefore be absent from school. In agreeing to the part-time timetable the school has agreed to the absence and must therefore record it in their system as an authorised absence. This will ensure that the school has a record of the amount of education a pupil has missed and help it to identify pupils that might need additional support. Schools cannot record the pupil as "not required to attend" or that the school was closed to the pupil in question as this would contravene the regulations.

Therefore compulsory school-age pupils on a part-time timetable should be recorded as full-time with the appropriate absence code used for the sessions when they are not required to attend.

Please note that the funding for pupils recorded as part-time is halved so it is essential to ensure that these pupils are correctly recorded on the School Census.

For further guidance please see the school attendance website.

<http://www.education.gov.uk/schools/pupilsupport/behaviour/attendance/schoolattendance/data/a009991/absence-data>

4.4.5 Pupil Boarder Indicator

Indicates whether a pupil is a boarder or not. The MIS will automatically default the value of this field to N, not a boarder (See Pupil Boarder codeset in Section 6)

4.4.6 Pupil's Actual National Curriculum Year Group

The year group in which the pupil is taught for the majority of their time, regardless of their chronological age (See Pupil NC Year Group codeset in Section 6)

4.5 Special Educational Needs module

All data items in this module should be maintained on an event driven basis. SEN provision will be collected in all three Censuses for all pupils on roll on the relevant Census day. All other data items will only be available on schools' MIS for those pupils with Pupil SEN Provision equal to P (School Action Plus or Early Years Action Plus) or S (Statement) and will only be collected in the Spring Census.

4.5.1 Pupil SEN Provision

Valid provision types under the SEN Code of Practice. For further details, see

<https://www.education.gov.uk/publications/standard/publicationDetail/Page1/DfES%200581%202001>

As part of the Special Educational Needs (SEN) reforms, Education Health and Care Plans (EHCPs) will feature in primary legislation that is due for introduction in Parliament during 2013. It is envisaged that these EHCPs will eventually replace SEN statements. Subject the enactment of the legislation and making of associated regulations, from September 2014 there will be a transition from the use of statements to the use of EHCPs with some children having statements and others EHCPs throughout that transitional period. EHCPs are currently being trialled in pathfinder areas and schools in these areas should record pupils with EHCPs in their MIS as having statements, and return this in the Census collections, until such time as EHCPs are introduced nationally.

It is anticipated that a history of provision should be recorded within a school's MIS. This data item will be collected in all three Censuses for all pupils on roll on Census

day. SEN Provision at the time of any exclusion will also be collected in all three Censuses (See codeset in Section 6)

4.5.2 Pupil SEN Type ranking

This indicates the rank order of a pupil's special educational need, recorded in Pupil SEN type. The most significant, or primary need, should be ranked as 1 and the secondary as 2.

This data item will be collected in the **Spring Census only** for all pupils on roll on Census day with an SEN Provision of P (*School Action Plus* or *Early Years Action Plus*) or S (*Statement*).

4.5.3 Pupil SEN type code

This field records the nature of a pupil's special educational need. The primary need and, if appropriate, their secondary need should be recorded.

This data item will be collected in the **Spring Census only** for all pupils on roll on Census day with an SEN Provision of P (*School Action Plus* or *Early Years Action Plus*) or S (*Statement*) (See codeset in Section 6).

4.6 Exclusions module

The whole module will be collected in all three Censuses for all types of exclusions that occurred two terms previous to that in which the Census falls:

- Data relating to the Autumn term will be collected in the following Summer Census;
- Data relating to the Spring term in the following Autumn Census; and
- Data relating to the Summer term in the following Spring Census.

From 1 September 2012, independent appeal panels will be replaced with a new system by which the governing body's decision to uphold a permanent exclusion decision can be reviewed. The Department for Education has issued separate guidance on the new system which is available on their website at:

<http://www.education.gov.uk/schools/pupilsupport/behaviour/exclusion>

Where known, the following **should not be included**:

- a) Permanent exclusions overturned by the governors where the pupil has been reinstated;
- b) Permanent exclusions overturned by an independent appeal panel where the pupil has been reinstated; **or** permanent exclusions where the governing body subsequently reinstate the pupil following an independent review panel; **or** permanent exclusions overturned by the First-Tier Tribunal (Special Educational Needs and Disability) or the county court.

- c) Permanent exclusions overturned by an independent appeal panel where, because of exceptional circumstances or other reasons, it was not practical to give a direction requiring reinstatement, although it otherwise would have been appropriate to give such a direction; **or** permanent exclusions where the governing body, following a recommendation/ direction from the Independent review panel or the First-tier Tribunal, subsequently offer to reinstate the pupil but this offer is not taken up.

To satisfy conditions (b) and (c) above, exclusions with Exclusion Appeal Result equal to R (Reinstatement) or O (Reinstatement would be appropriate but not in the best interests of the child given other circumstances; or reinstatement offered and not taken up) will be filtered out by the extract routine.

Although information about reinstated exclusions are not being collected in the School Census, schools may wish to record the number of sessions for which the child was excluded before being reinstated. In these circumstances the actual, not the planned number of sessions, should be recorded.

All items in the Pupil Identifiers module (except Preferred Surname) will be collected for those pupils no longer on roll but for whom the exclusions module is collected. Any In Care Indicator and SEN provision at the time of any exclusion will also be collected in all three Censuses.

Schools must therefore ensure that Exclusion Appeal Result is maintained on an event driven basis so that these exclusions can automatically be filtered out when data are extracted for the Census.

- Exclusion extract routines

Spring Census	All those exclusions with Start Dates between 9 th April 2012 (Easter Monday) and 31 st August 2012
Summer Census	All those exclusions with Start Dates between 1 st September 2012 and 31 st December 2012
Autumn Census	All those exclusions with Start Dates between 1 st January 2013 and 31 st March 2013 (Easter Sunday)

Whilst these dates do not represent real term dates, they will ensure that the vast majority of exclusions for the Autumn (terms 1 and 2 for schools with 6 terms) and Spring (terms 3 and 4 for schools with 6 terms) Terms are picked up for the majority of schools.

If schools do not use a module in their MIS which records exclusions the data items will need to be manually calculated for each pupil and manually added to the Census return.

4.6.1 Exclusion Category

For each exclusion, this indicates the type of exclusion - fixed period, lunchtime or permanent (See codeset in Section 6).

4.6.2 Exclusion Reason

This gives the reason for each exclusion. Some MIS allow schools to enter more than one reason for any exclusion and so they can record a main as well as a secondary reason(s) for any exclusion. For the Census only the main reason will be collected.

The following table provides descriptions of reasons for exclusions. The categories should cover the main reasons for exclusions and the “other” category should be used sparingly. The descriptions should be used as a guide and are not intended to be used as a tick list for exclusions.

Exclusion Reason	Description
Bullying	Verbal Physical Homophobic bullying
Damage includes damage to school or personal property belonging to any member of the school community	Arson Graffiti Vandalism
Drug and alcohol related	Alcohol abuse Drug dealing Inappropriate use of prescribed drugs Possession of illegal drugs Smoking Substance abuse
Persistent disruptive behaviour	Challenging behaviour Disobedience Persistent violation of school rules
Physical assault against adult	Obstruction and jostling Violent behaviour Wounding
Physical assault against pupil	Fighting Obstruction and jostling Violent behaviour Wounding
Racist abuse	Derogatory racist statements Racist bullying Racist graffiti Racist taunting and harassment Swearing that can be attributed to racist characteristics
Sexual misconduct	Lewd behaviour Sexual abuse Sexual assault Sexual bullying Sexual graffiti Sexual harassment

Exclusion Reason	Description
Theft	Selling and dealing in stolen property Stealing from local shops on a school outing Stealing personal property (adult or pupil) Stealing school property
Verbal abuse / threatening behaviour against adult	Aggressive behaviour Carrying an offensive weapon Homophobic abuse and harassment Swearing Threatened violence Verbal intimidation
Verbal abuse / threatening behaviour against pupil	Aggressive behaviour Carrying an offensive weapon Homophobic abuse and harassment Swearing Threatened violence Verbal intimidation

Other includes incidents which are not covered by the categories above but this category should be used sparingly.

4.6.3 Exclusion Start Date

The exclusion start date should reflect the date the exclusion starts i.e. the date that the pupil was asked to leave the school by the head teacher. By not collecting the data until two terms after that in which the exclusion started, it is anticipated that all appeals procedures would have been completed by the time the data is collected and so only exclusions which have been upheld will be included in a return.

4.6.4 Actual number of sessions excluded from

For each fixed period and lunchtime exclusion, the actual number of sessions for which the exclusion is in effect. For fixed period exclusions, each full school day counts as two sessions - a half school day counts as one session. Where a fixed period exclusion is for a lunchtime, each lunchtime for which the exclusion applies counts as one session.

For data collection purposes, exclusions that span two census collections period will be counted as one exclusion in the first collection period. For example, if an exclusion begins two days before the end of the autumn census collection period and continues three days after the beginning of the spring census collection period, the exclusion will count as a five day exclusion in the Autumn census collection (see collection dates above).

Exclusion only covers the number of sessions the pupil is expected to be at the school. A fixed period exclusion can be discontinuous which means that there can be days between the start and finish dates of the exclusion that are not included as part of the exclusion.

Where a pupil is **dually registered**, exclusion sessions are not recorded for the day(s) when they would have been attending the other establishment.

Example: A pupil is excluded for six sessions starting on a Monday. However, the pupil is registered with another provider on the Wednesday from which they have not been excluded. The pupil is, therefore, excluded from the school for sessions on Monday, Tuesday and Thursday. The pupil's attendance on the Wednesday would be recorded separately by the other provider.

There are no regulations that govern **part-time timetables** as all school-age children are entitled to a full-time education. We are aware, however, that in exceptional circumstances school-age pupils are placed on a part-time timetable in order to meet their individual needs, for example as part of a reintegration package following illness. For the sessions where the school have agreed that the pupil is not attending they will be recorded as 'authorised absence' and the pupil cannot be recorded as being excluded for these sessions.

Example: A pupil has been excluded for eight sessions starting on a Tuesday. However, the pupil already has authorised absence for Friday and Monday afternoons. The pupil is, therefore, excluded for all sessions on Tuesday, Wednesday and Thursday, as well as the morning sessions on Friday and Monday.

Exclusions sessions are not recorded for the day(s) when the pupil is attending an **approved educational activity**.

Example: A Year 10 pupil has been excluded for six sessions starting on a Wednesday. The pupil, however, attends work experience on a Thursday from which they are not excluded. The pupil in this situation would be excluded from the school for sessions on Wednesday, Friday and Monday

Days on which the **school is closed** do not count towards an exclusion.

Example: A pupil has been excluded from a school for four sessions starting on a Friday but the school is planned to be closed on the Monday for an INSET day. The pupil's exclusion should, therefore, include the two sessions on the following Tuesday, rather than the Monday.

All items in the Pupil Identifiers module (except Preferred Surname) will be collected for those pupils no longer on roll but for whom the exclusions module is collected. Any In Care Indicator and SEN provision at the time of any exclusion will also be collected in all three Censuses.

4.7 Home Information module

All data items should be maintained on an event driven basis. These data items will be collected **in each termly Census** and show the pupil's current address only for those whose 'Pupil Address Type' is 'C' (Current).

Schools are able to provide the Department with their addresses in whichever format their data is currently held within their MIS - either SAON, PAON, Post Town etc Postcode (BS7666 Address), or Address Line 1-5, Postcode (UK Postal Address).

Schools should not worry if these field names do not mean anything to them - no change is needed to the way in which address information is currently held within their MIS to complete the Census returns.

Where the BS7666 format is used then the SAON and Street must be provided and at least one of Town, Locality, Administrative Area or Post Town.

The expectation is that schools will be able to provide a valid home address for the great majority of their pupils (including boarding pupils). Boarding pupils from abroad should be recorded with their "home" address as the address where they reside during term time, which may be the school's address (If a second address is an overseas address, validation errors on the postcode can be ignored.) Where a child has multiple addresses (i.e. where the child lives with both parents at different stages of the week) both addresses should be supplied.

Whilst every effort must be made to obtain these pupil details, the Department understands that in extreme circumstances this is not always possible. In such extreme cases, these fields can be left blank or a partial address can be supplied and the validation errors ignored.

4.7.1 SAON

Flat, apartment name or number or other sub-division of a dwelling.

4.7.2 PAON

Dwelling name and/or number.

4.7.3 Street

Street name or street description. Validation will result in a query where there is a dwelling name / number but no street. If the address legitimately has no street, the query can be ignored.

4.7.4 Locality

The locality name refers to a neighbourhood, suburb, district, village, estate, settlement, or parish that may form part of a town

4.7.5 Town

The town name refers to a city or town that is not an administrative area, a suburb of an administrative area that does not form part of another town or a London district.

4.7.6 Administrative Area

Geographic area that may be the highest level local administrative area e.g. county or unitary authority.

4.7.7 Post Town

The Post Office usually assigns these based on Sorting Office.

4.7.8 Postcode

The code allocated by the Post Office to identify a group of postal delivery points.

Or

4.7.9 Address Line 1

First line of the address.

4.7.10 Address Line 2

Second line of the address.

4.7.11 Address Line 3

Third line of the address.

4.7.12 Address Line 4

Fourth line of address.

4.7.13 Address Line 5

Fifth line of the address.

4.7.14 Postcode

The code allocated by the Post Office to identify a group of postal delivery points.

4.8 Attendance module

Scope

This module will be collected in the Autumn Census only, providing information for a pupil's attendance for the previous academic year.

For the 2013 Census the scope of the collection of attendance information is being extended to also include:

- Pupils aged 4 years as at the previous 31st August (Previously attendance data was only collected via the School Census for pupils aged 5 to 15); and
- The Summer second half term which covers the period from the Spring Bank Holiday Monday (27th May) to 31st July. Previously the collection of attendance data for the Summer term was only based on the period from Easter Monday up to the Sunday before the Spring Bank Holiday Monday.

As in previous years this module will **not** be collected for any pupils who are boarders i.e. Pupil Boarder indicator does not equal N.

Coverage

Special schools are required to submit attendance data for all pupils aged 4 to 15 years (i.e. pupils aged between 4 and 15 as at 31st August 2012 and whose date of birth falls between 1st September 1996 and 31st August 2008) who were on roll for at least one session during the 2012/13 academic year.

Collection Periods

Data will be collected separately for two attendance periods:

- Annual attendance from the start of the 2012/13 academic year to the Friday before the late Spring Bank Holiday, as in previous Census collections, plus
- Attendance for the second half of the summer term

The Attendance collection periods for Special schools are shown in the table below.

Annual attendance	Start of the Autumn term (from 1st August 2012) to the Sunday, 26th May 2013, before the Spring Bank Holiday
Summer Second Half Term attendance	<i>Second half of the Summer Term</i> From Spring Bank Holiday Monday (27 th May 2013) to 31 st July 2013.

Data Collected

The data required for each pupil will be the aggregate number of possible attendance sessions and the actual number of absences by reason for absence for the attendance period (annual attendance or summer second half term).

For schools that use the electronic registration module on their MIS, the Census will extract relevant data for each pupil for each attendance period. Schools which use an electronic registration system that is not integrated with their main MIS (or record attendances in paper registers) will need to extract the relevant data for each pupil included in the Census, according to the dates for the attendance period, and manually add this data to the Census return. In this case, absence reporting by reason is not required and schools should report on the number of authorised and unauthorised absences for each pupil. Schools should seek advice from the supplier of their main MIS on how to manually add data for the Census return.

Dual registered pupils

Measures have been introduced to avoid the double counting of attendance and absence for pupils who are registered at more than one school (referred to as 'dual registered').

Each school will need to:

- Record the attendance and absence for the sessions the pupil is required to attend at their school.
- Use code D (Dual Registered at another educational establishment) to record all of the sessions that the pupil is due to attend at the other school. Attendance Code D is **not** collected in the School Census as it is not counted as a possible session.

The number of 'Sessions Possible' for a dual registered pupil against the main school should **exclude** those when the pupil is due to attend the subsidiary school and vice versa.

Pupils unable to attend school due to exceptional circumstances

Attendance code Y is collected in the School Census but is not counted as part of possible sessions. Schools will use code Y to record the sessions where a pupil is unable to attend because:

- The school site, or part of it, is closed due to an unavoidable cause;
- The transport provided by the school or a local authority is not available, and their home is not within walking distance; or
- A local or national emergency has resulted in widespread disruption to travel which has prevented the pupil from attending school.

2012 Performance Tables - School Absence Data

Please note that the Performance Tables absence data checking exercise will no longer be taking place and that schools will not be given the opportunity to suppress their absence data on the Performance Tables website. Therefore it is essential that schools ensure that this data is returned correctly in the Autumn School Census as this will be the data used by the Department for publication.

Absence data are collected at pupil level through the School Census and published at National and Local Authority level through the School Absence Statistical First Release (SFR). Published alongside the absence SFRs from October 2011 onwards will be the underlying absence data at a school level.

The additional attendance data collected in respect of 4 year olds and for the second half of the Summer term will be published by the Department. However, this data may not necessarily feature as part of the standard measures of attendance statistics

and will be used by the Department for policy and analytical purposes.

Note: Publication of attendance data for the second half of the Summer term in respect of Year 11 pupils is currently under consideration.

Persistent Absentee Thresholds

The threshold at which a pupil is defined as '*persistently absent*' is 15 per cent of the number of possible sessions.

The table below shows the threshold against which absence statistics will be published.

	15% threshold sessions for Persistent Absence	
	Half term	Cumulative
Autumn Half Term 1	10	10
Autumn Half Term 2	12	22
Spring Half Term 1	8	30
Spring Half Term 2	8	38
Summer Half Term 1	8	46

Note: Currently the Persistent Absence thresholds in the above table do not take account of the second half of the summer term (i.e. it is excluded from the annual threshold). A new annual threshold (including the summer second half term) will only be able to be calculated after collection of the first year's data.

4.8.1 Possible Sessions

This records the number of possible sessions for the attendance period (annual attendance or the summer second half term). There are two sessions for each school day (morning and afternoon).

Every pupil aged 4 to 15 (excluding boarders) as at the previous 31st August who was on the school roll for at least one session during the specified attendance period (annual attendance or the summer second half term) should have an entry for the number of possible sessions.

Schools which use electronic registration that is not integrated with their main MIS, or record attendances in paper registers, should manually calculate and add to their Census return.

Dually Registered Pupils

The possible sessions for a dual registered pupil submitted by the main school will **not** include those sessions when the pupil is due to attend the subsidiary school.

Similarly, the possible sessions for a dual registered pupil submitted by the subsidiary school will **not** include those sessions when the pupil is due to attend the main school.

Zero Possible Sessions

Zero possible sessions can only be recorded where a dual registered pupil has spent all of the attendance period (annual attendance or the summer second half term) for which attendance data is being collected at the other registration. For example, if a dually registered pupil spent all of the attendance period at his / her subsidiary registration then the main registration would have zero possible sessions recorded for that period in the Census.

Pupils aged 4 years

For those pupils **aged 4 years**, the number of possible sessions to be recorded are those that they are expected to attend and will vary from pupil to pupil and from school to school.

Attendance code 'X - Non compulsory school age absence (not counted in possible attendances)' should be used for those sessions when a 4 year old is not expected to attend e.g. those attending part-time.

4.8.2 Sessions missed due to Authorised Absence

Authorised absence is absence which has been authorised by a teacher or other authorised representative of the school. This includes instances of absences for which a satisfactory explanation has been provided (e.g. Illness). Absence can be authorised retrospectively if the teacher or other authorised representative of the school subsequently 'accepts' a reason for the absence provided by a parent.

4.8.3 Sessions missed due to Unauthorised Absence

Unauthorised absence is absence without permission from a teacher or other authorised representative of the school. This includes all unexplained or unjustified absences. Arriving late for school, after the register has closed, is recorded as unauthorised absence.

Note: The category of unauthorised absence does not apply to pupils of pre-compulsory school age i.e. those aged 4 years.

4.8.4 Pupil Absence and Attendance Codes

The Absence and Attendance Codes required for the Census are those that equate to either authorised or unauthorised absences. However, schools should be aware of the full range of Absence and Attendance Codes, which include values for attendance and for approved education activities, as these will be the codes used by schools within their MIS when recording pupil attendance.

The use of a fixed set of Absence and Attendance Codes is to assist in monitoring not only whether pupils are absent with or without the permission of the school, but also why pupils are absent from school (See codeset in Section 6).

For pupils **aged 4 years**, schools are not obliged to use individual Absence and Attendance Codes. However, they are encouraged to use these codes and, if they do so, the appropriate absences will be returned in the School Census. If schools do not wish to use these codes then they should just provide the total number of absences for the attendance period by recording these as sessions missed due to authorised absence. Absences recorded for 4 year olds will not be treated as 'Authorised' or 'Unauthorised' and instead will be reported, and published, as overall absence.

4.8.5 Number of sessions missed

The number of sessions missed for each specified reason for absence. See 4.8.4 above in respect of pupils aged 4 years.

Schools which use electronic registration that is not integrated with their main MIS, or record attendances in paper registers, should manually calculate and add to their Census return.

5 SCHOOL LEVEL

5.1 Survey Reference Date

The survey reference dates (in the format yyyy-mm-dd) are:

2013-01-17 (Spring Census)

2013-05-16 (Summer Census)

2013-10-03 (Autumn Census)

These should be automatically input by your MIS, but ought to be variable to allow for alternative dates where there are special circumstances (as described in section 2.1).

5.2 School Characteristics module

All data items should be maintained on an event driven basis. This module will be collected in all three Censuses.

5.2.1 LA Number

A three digit code that identifies a particular LA. The LA number represents the LA responsible for maintained education.

The LA numbers can be found at codeset D00004 in the Common Basic Data Set at:

<http://www.education.gov.uk/researchandstatistics/datatdatam/cbds/a0058744/cbds>

5.2.2 DfE Establishment Number

The DfE Establishment Number is a four digit reference number allocated to each school. You can check your DfE Establishment Number by accessing

<http://www.education.gov.uk/researchandstatistics/edubase>

5.2.3 School Name

In full, including the word 'School' or 'College' if this is part of the school's full name.

5.2.4 School Phase

This code indicates the phase of education offered by your school. SP is the code for Special schools (including non-maintained) - See codeset in Section 7.

Academies should use the phase appropriate to their establishment number. For example, if the Academy has an Establishment Number appropriate for a Special school (within the number ranges below) then they should return under that phase.

7000-7749 Special Schools

7750-7798 Special Schools for Nursery Age Children

Traditional Sponsor-led Academies (i.e. those with Establishment Numbers in the range of 6905-6999) should return under the secondary phase.

5.2.5 School Type

This code indicates which type of educational establishment the school is (See codeset in Section 7).

Please note that all Academies should be recorded on the School Census with School Type '49'. This means that any 'maintained schools' which have converted to an Academy or have become a 'sponsored led' Academy will need to update their School Type to '49' in their MIS.

5.2.6 Special School Organisation

This denotes whether the school provides accommodation for mainly day pupils, mainly boarding pupils or is a hospital school.

5.2.7 Maximum Day Pupils

This is the maximum number of day pupils for whom the school is approved to make a provision. This data item will be collected in the Spring Term only.

5.2.8 Maximum Boarding Pupils

This is the maximum number of boarding pupils for whom the school is approved to make a provision. This data item will be collected in the Spring Term only.

5.2.9 Minimum Boys Age

This is the minimum age for which the school is approved to make a provision for boys. This data item will be collected in the Spring Term only.

5.2.10 Minimum Girls Age

This is the minimum age for which the school is approved to make a provision for girls. This data item will be collected in the Spring Term only.

5.2.11 Maximum Boys Age

This is the maximum age for which the school is approved to make a provision for boys. This data item will be collected in the Spring Term only.

5.2.12 Maximum Girls Age

This is the maximum age for which the school is approved to make a provision for girls. This data item will be collected in the Spring Term only.

5.2.13 Special School Provision Type

This is the type of special need for which the school is formally approved to make provision (See codeset in Section 7). This data item will be collected in the Spring Term only.

5.2.14 Minimum Year Group

This is the lowest year group for which the school customarily makes provision. Exceptional pupils / situations e.g. 'early entry' or 'held back' should not influence these values (See codeset in Section 7)

5.2.15 Maximum Year Group

This is the highest year group for which the school customarily makes provision. Exceptional pupils / situations e.g. 'early entry' or 'held back' should not influence these values (See codeset in Section 7)

5.2.16 Intake Type

This code denotes the policy for admitting pupils to the establishment and is decided by the school in conjunction with the LA.

If the school has no specific criteria for offering a place then COMP should be recorded. This means comprehensive in the sense 'of broad scope', which includes pupils being in a certain catchment distance area from the school. If a school has more than one criterion for offering a place e.g. it is a catholic grammar school, only one intake type can be recorded; the main one. If both are equally weighted, then the school must decide on one.

5.2.17 Governance

This code specifies the governance of the school as indicated on a school's Instrument of Government.

Please note that **all Academies** should be recorded on the School Census with Governance of 'CA'. This means that any 'maintained schools' which have converted to an Academy or have become a 'sponsored led' Academy will need to update their Governance to 'CA' in their MIS.

5.2.18 School Email Address

The e-mail address for official communications must be present and include the character @. The email address provided must be for an account that is used on a regular basis and one that is accessible to the Head teacher, e.g. 'head@' or 'office@'. It would not normally be one that identifies a particular individual by name. This email address may be used for future DfE correspondence.

5.2.19 School Telephone Number

This should be the main school telephone number which is used for official purposes - please ensure the number is recorded including the area code.

5.3 School Characteristics module

Address Options

Schools are able to provide the Department with their addresses in whichever format their data is currently held within their MIS - either, SAON, PAON, Street, Locality, Town, Administrative Area (BS7666 Address), or Address Line 1, Address Line 2, Address Line 3, Address Line 4 and Address Line 5 (UK Postal Address). Schools should not worry if these field names do not mean anything to them; no change is needed to the way in which address information is currently held within their MIS to complete the Census returns.

5.3.1 SAON

Flat, apartment name or number or other sub-division of a dwelling.

5.3.2 PAON

Dwelling name and/or number.

5.3.3 Street

Street name or street description.

5.3.4 Locality

The locality name refers to a neighbourhood, suburb, district, village, estate, settlement, or parish that may form part of a town, or stand in its own right within the context of an administrative area. Where an industrial estate contains streets it is defined as a locality in its own right.

5.3.5 Post Town

The Post Office usually assigns these based on Sorting Office.

5.3.6 Town

The town name refers to a city or town that is not an administrative area, a suburb of an administrative area that does not form part of another town or a London district.

5.3.7 Administrative Area

The administrative area is a geographic area that may be the highest level local administrative area, which may be a county or a unitary LA.

5.3.8 Postcode

The code allocated by the Post Office to identify a group of postal delivery points.

Or

Address Line 1

First Line of Address

5.3.9 Address Line 2

Second Line of Address

5.3.10 Address Line 3

Third Line of Address

5.3.11 Address Line 4

Fourth Line of Address

5.3.12 Address Line 5

Fifth Line of Address

5.3.13 Postcode

The code allocated by the Post Office to identify a group of postal delivery points.

5.4 Miscellaneous module

This module will be collected in the Spring Census only.

5.4.1 Free School Meals Taken

The number of pupils who had a free school meal at lunchtime on the Spring Census day should be entered. This should include both day and boarding pupils, and reflect what occurred on the Census day, unless the lunchtime situation that day was abnormal, in which case the figure should be based on the next normal day. Meals provided at the beginning or end of the school day should be ignored for the purposes of the Census return. This would normally require manual entry for the Census return.

FURTHER INFORMATION

If you need further advice on the completion of any part of the School Census return, please contact your LA.

If there are any questions which your LA cannot resolve, or if you are an Academy, then these should be directed to the DfE Service Desk by completing the ['Data collections service request form'](#) available under 'Contact Us' at the web link below:

<http://www.education.gov.uk/researchandstatistics/stats/schoolcensus>

This document is posted on the DfE website at:

http://www.education.gov.uk/researchandstatistics/stats/schoolcensus/a00208045/school_census_13

6 CODESETS - PUPIL LEVEL

Pupil Gender	
M	Male
F	Female

Youth Support Services / Connexions Agreement	
Yes	Permission has been given by the parent or guardian
No	Parent or guardian has refused permission
UNS	Unsought - school has not yet sent out Privacy Notices (Data cannot be shared with Connexions)
SNR	Sought, No Reply - school has sent out Privacy Notices, but has received no reply from parent or guardian (Data can be shared with Connexions)

Learner Support Code	
24	Adult Learning Grant
32	Professional and Career Development Loan
35	Programmed Led Apprenticeship hardship fund
36	Care to Learn
41	Time off for study
53	Free Childcare for Training & Learning for Work
54	Adult Education Bursary
55	Vulnerable Group Bursary Awarded *
56	Discretionary Bursary Awarded

* Only codes 55 and 56 will be collected in the School and PRU Census. The other codes are available for local use if required.

Pupil Enrolment Status	
C	Current (Single registration at this school)
G	Guest (Pupil not registered at this school but attending some lessons or sessions)
M	Current Main (Dual registration)
S	Current Subsidiary (Dual registration)

Pupil Boarder		
B	Boarder - nights per week not specified	
6	Boarder - six nights or less a week	Special schools only
7	Boarder - seven nights a week	Special schools only
N	Not a boarder	

Pupil NC Year Group	
N1	Nursery first year
N2	Nursery second year
R	Reception
1-14	Years 1 to 14
X	National Curriculum not followed - available only for special schools where pupils are not following a particular NC Year.

Pupil SEN Provision	
N	No Special Educational Need
A	School Action or Early Years Action
P	School Action Plus or Early Years Action Plus
S	Statement

Pupil SEN Type	
SPLD	Specific Learning Difficulty
MLD	Moderate Learning Difficulty
SLD	Severe Learning Difficulty
PMLD	Profound & Multiple Learning Difficulty
BESD	Behaviour, Emotional & Social Difficulties
SLCN	Speech, Language and Communication Needs
HI	Hearing Impairment
VI	Visual Impairment
MSI	Multi-Sensory Impairment
PD	Physical Disability
ASD	Autistic Spectrum Disorder
OTH	Other Difficulty / Disability

Pupil Exclusion Category	
FIXD	Fixed Period
PERM	Permanent
LNCH	Lunchtime

Pupil Exclusion Reason	
PP	Physical assault against a pupil
PA	Physical assault against an adult
VP	Verbal abuse / threatening behaviour against a pupil
VA	Verbal abuse / threatening behaviour against an adult
BU	Bullying
RA	Racist abuse
SM	Sexual misconduct
DA	Drug and alcohol related
DM	Damage
TH	Theft
DB	Persistent disruptive behaviour
OT	Other

Pupil Attendance Codes	
/	Present (AM) **
\	Present (PM) **
L	Late (before registers closed) marked as present **
I	Authorised absence due to illness (NOT medical or dental etc appointments)
M	Authorised absence due to medical / dental appointments
R	Authorised absence due to religious observance
S	Authorised absence due to study leave
T	Authorised absence due to traveller absence
H	Authorised absence due to agreed family holiday
F	Authorised absence due to agreed extended family holiday
E	Authorised absence as pupil is excluded, with no alternative provision made
C	Authorised absence as pupil is absent due to other authorised circumstances
B	Approved education activity as pupil being educated off site (not dual registration) **
D	Dual registered (at another establishment) - not counted in possible attendances **
J	Approved education activity as pupil is attending interview **

7 CODESETS - SCHOOL LEVEL

School Phase	
NS	Nursery
PS	Primary
MP	Middle (Deemed Primary)
MS	Middle (Deemed Secondary)
SS	Secondary
SP	Special

School Type	
01 = First school, 5-8	30 = Senior Comprehensive, 13-18, optional transfer
02 = First school, 5-9	31 = Senior Comprehensive, 13-18, automatic transfer
03 = First school, 5-10	32 = Senior Comprehensive, 14-18, optional transfer
04 = First and Middle school, 5-12	33 = Senior Comprehensive, 14-18, automatic transfer
05 = Middle school, 8-12, deemed Primary	36 = Non-Comprehensive Secondary - Modern
06 = Middle school, 9-13, deemed Primary	37 = Non-Comprehensive Secondary - Grammar
07 = Middle school, 9-13, deemed Secondary	38 = Non-Comprehensive Secondary - Technical
08 = Middle school, 10-13, deemed Secondary	39 = Non-Comprehensive Secondary - Other
09 = Comprehensive Upper school, 12-15/16	41 = Middle school, 10-14, deemed Secondary
10 = Comprehensive Upper school, 12-18	42 = First school, 5-7
11 = Comprehensive Upper school, 13-16	43 = First school, 7-10
12 = Comprehensive Upper school, 13-18	44 = Comprehensive Upper school, 14/15-18
16 = Infant school, 5-7/8	45 = Middle school, 9-12, deemed Primary
17 = Junior school, 7/8-11	46 = Comprehensive, Middle and Upper, 10-16
18 = Infant and Junior school, 5-11	47 = City Technology College
21 = Comprehensive all-through, 11-16	48 = Comprehensive Upper school, 11-16
22 = Comprehensive all-through, 11-18	49 = Academies
25 = Junior Comprehensive, 11-13, automatic transfer	50 = Maintained nursery
26 = Junior Comprehensive, 11-14, automatic transfer	51 = Direct grant nursery
27 = Junior Comprehensive, 11-16, optional transfer at 13	52 = Special schools
28 = Junior Comprehensive, 11-16, optional transfer at 14	53 = Hospital special school
29 = Senior Comprehensive, 13-16, automatic transfer	

School NC Year Group		
N1	Nursery first year	
N2	Nursery second year	
R	Reception	
1-14	Years 1-14	
M*	Mixed Year Class - Used for Class Information	Maximum Year Group and minimum Year Group data items do not include these values
X*	National Curriculum not followed - available only for special schools where pupils are not following a particular NC Year	

Intake Type	
COMP	Comprehensive
SEL1	Selective (Grammar)
SEL2	Secondary Modern
SEL3	Selective (Technical)
SEL4	Religious School
SPEC	Special

Governance	
CO	Community
VA	Voluntary Aided
VC	Voluntary Controlled
FO	Foundation
IN	Independent
NM	Non-maintained
CT	City Technology College
CA	Academy
