SFA: payments and data

Updated 18 May 2016

Contents

1. Introduction
2. Funding year 2015 to 2016: ILR R10

1.

Introduction

This page brings together all the latest information on payments and Individualised Learner Record (ILR) data collection. This ensures that

colleges, training organisations, local authorities and employers (further education providers) can access all of the information on the current data collection in one place.

We are committed to ensuring you can make accurate data returns, recognising that funding and allocations calculations are based on them. If you are concerned about funding or allocations, please contact your named Skills Funding Agency Central Delivery Service (CDS) adviser or your Education Funding Agency relationship manager.

If you have any queries about ILR R10, please contact the [Service Desk](#).

2.

Funding year 2015 to 2016: ILR R10

The ILR R10 data collection will open at 9am on Tuesday, 24 May and will close at 6pm on Monday, 6 June 2016.

As is normal practice, we recommend that you submit your data as early as possible.

R10 is a mandatory collection for all SFA providers and EFA funded organisations returning the ILR. It is used by the Office for National Statistics for Statistical First Release (SFR) data.

The SFA will use the R10 data to assess the credibility of Adult Skills Budget mid-year funding claims. It will also be used in reviewing the baseline data used in calculating 2016 to 2017 allocations and in reviewing any applications for the recently announced targeted growth exercise.

For all commercial and charitable providers (CCP), the R10 data return will be used by the EFA to update the funding reconciliation values previously determined from ILR R06. The EFA expect to issue revised R10 CCP reconciliation statements before the end of June 2016 and where

appropriate these will show planned recovery until December. Responsive growth values will be updated but any final 50% payments remain subject to EFA budget affordability later this year.

You must submit your files to the data collections facility in [the Hub](#) .

2.1 Data maintenance schedule

We have published a [data maintenance schedule](#) on GOV.UK. The schedule details ILR data collection periods, planned learning aims reference data updates and proposed essential maintenance windows.

2.2 R10 reports

The following reports are available from the Funding Information System (FIS) and the Hub:

- rules violation detail
- rules violation summary
- funding summary
- main occupancy
- EFA funding claim
- SFA funding claim
- EFA 16-19 maths and English
- summary of funding model 35 funding
- summary of funding model 35 funding by learner
- 24+ advanced learning loans bursary occupancy report
- EFA summary of funding by student
- EFA high needs students (HNS) summary
- EFA high needs students (HNS) detail

- trailblazer occupancy report
- OLASS prison report – a breakdown of monthly ILR and EAS values by prison.

The rule violation report is delivered to you on the Hub as a comma separated variable (CSV) file. The rule summary is a PDF file. All other reports are delivered to you in a single zip file.

The rule violation report from FIS is only available as a CSV file, which is automatically saved in your FIS user workspace. To see where your workspace location is, click on tools, then choose preferences within FIS.

Please ensure that you always check your rule violations and funding reports and then update your data as required.

2.3 Reports on the final day of the collection

We endeavour to produce your funding reports in good time for you to make appropriate amends to your data prior to final submission. During busy times, and especially at the end of the collection, we cannot guarantee the immediate production and return of your funding report. This process may take some time.

If you plan to submit corrected data following receipt of a funding report, you should send your first file early in the collection window.

2.4 Updated Funding Information System (FIS)

The latest component set for FIS is available. The [Funding Information Software](#)  page on the Hub confirms the latest version numbers for the

FIS component set and the reference data sets.

Always use the most current version of the component set if you are using FIS to validate your data.

Ensure your own organisation is selected within the “Select Data Provider” option.

The user guide and known issues log contain further information and you can find both documents on [GOV.UK](#).

2.5 Update to learning aim search functionality

We have updated the drop down menu for the ‘Teaching Year’ to include 2016 to 2017 on the learning aim search on [the Hub](#). You can use this to search the aims we will fund in 2016 to 2017.

We have also added new categories to identify the qualifications that are part of the legal entitlements for the funding year 2016 to 2017 (level 2, level 3, English and maths) and local flexibility.

Further guidance about categories and definitions are available using the links on the right hand side of the [website](#).

2.6 Validation rules

We publish a list of all [validation rules](#) on GOV.UK and we highlight the most recent changes to help you ensure your data is as accurate as possible.

2.7 ILR learner entry

An ILR learner entry tool is available for download. This software is supplied free of charge to providers who will submit ILR data to the Skills Funding Agency (SFA) in the funding year 2015 to 2016 but who does not have access to a data management system. It is optional to use ILR Learner Entry to prepare data files prior to submission to the SFA's data collection portal.

You can download the ILR learner entry tool from the useful links area on the front page of [the Hub](#) . A user guide is available on [GOV.UK](#).

2.8 Unique Learner Numbers and Employer reference numbers

We update the Hub with new ERNs and ULNs every two hours between 7.45am and 5.45pm, Monday to Friday. Please allow sufficient time for us to update these databases before you submit your ILR data.

2.9 Submit zipped files to the Hub

All files submitted to the Hub should be zipped. Please do not include files which are already zipped into your final submitted file as we cannot process these.

2.10 Hub user log-ins

To submit files using the data returns tab on the Hub, you need to ensure that your users have access to the specific roles on the Hub. Users can check their access by logging on using their unique credentials and passwords to [the Hub registration site](#). Guides to user roles as well as requesting and approving Hub roles are available on [the Hub page](#).

2.11 Service Desk

[Email our Service Desk](#) for general and technical support on using and installing our systems, or call us on 0307 267 0001. In order for the Service Desk to prioritise R10 enquiries, please put “R10” in the email subject header so that the team can help you with your query as quickly as possible.

Join [feconnect](#), our online community, where you can talk to colleagues about ILR data and funding issues and help each other to resolve problems.
