Enhanced Renewal Grant Phase 3 - List of approved projects

April 2013

Of interest to Colleges

College Name	Project Value	Eligible Grant (net of RG)	Project Summary
Abingdon and Witney College	£5,559,327	£2,779,664	New Vocational Learning Centre: Refurbishment of the main teaching block at the Abingdon Campus, conversion of existing buildings to create a new vocational learning environment. Total area refurbished and remodelled: 4,282m ² .
Accrington and Rossendale College	£2,089,320	£696,440	New Sports and improved Science facilities and Renewable Energies Technology Centre: three main curriculum growth areas are to have better facilities with a new 778m ² Sports and Fitness Centre, the refurbishment of the Renewable Technologies Centre and the redesign and refurbishment of Science Centre.
Askham Bryan College	£9,016,468	£2,880,000	Investment In Rural Skills at the College's York and Newton Rigg Campuses: At York, the project comprises a new wildlife and conservation centre, and a new canine centre with veterinary nursing suite, hydrotherapy, dog grooming and kennels plus cattery. At Newton Rigg, the project comprises a state of the art dairy unit, a new building for the National Centre for the Uplands and enhancement of the original sandstone buildings, new classrooms and reception area. Other work includes creation of green areas at the heart of the campus and removal of under-used and dilapidated buildings on the main campus.
Barking & Dagenham College	£8,775,000	£2,805,000	New Facilities for STEM - Science Health and Environmental technologies: Refurbishment and modernisation of 1960s classrooms (3,213m ²) to address health and safety issues and address fitness for purpose issues. Replacement of existing poor quality workshops (2,317m ²) with a new 1,383m ² facility. The project will enhance curriculum innovation and delivery and quality standards particularly in STEM subjects - Applied forensic and medical Sciences, Health & Social Care and the college's NEET programmes.
Barnet & Southgate College	£5,262,180	£1,714,000	New Facilities for those with Learning Difficulties and Disabilities: Rationalisation of 6,933m ² of accommodation at the college's Grahame Park campus through the relocation of LLDD provision to a new facility (1,925m ²) at the college's Southgate campus. Current LLDD facilities are in poor condition (category C) and do not support expansion of work-related skills. The project will increase employment possibilities and job options through the development of vocational and employability work skills.
Barnfield College	£9,169,290	£2,880,000	New Creative Industries Facilities: The 1st phase of the college's New Bedford Road Campus redevelopment project. Phase 1 includes the demolition of 4,193m ² of space in poor/inoperable condition and the construction of 3,819m ² of accommodation for the Creative Arts programme. Facilities will create realistic working environments and include art and design studios, general purpose classrooms and business incubation facilities (for existing students).
Barnsley College	£3,600,000	£1,080,000	New STEM Centre: Refurbishment of 3,020m ² of existing engineering facilities to create a new STEM centre. Installation of industry standard equipment and workplace simulations will enable learners to train for local skills needs and will improve retention, achievement and progression.
Basingstoke College of Technology	£1,546,000	£515,000	Refurbishments Addressing Building Condition Issues: Refurbishment of 6,606m ² to include installation of over cladding to the oldest part of the estate. Project will improve the learner environment and improve energy efficiency.
Bedford College	£4,100,000	£1,360,000	New Technology Centre: Cauldwell Street Campus, new 1,556m ² Technology Centre and demolition of existing Technology Building, extending to 1,153m ² . New build will also provide enhanced learning technologies for relevant curriculum areas.
Berkshire College of Agriculture	£2,501,812	£1,250,906	New Technology Research Centre: 820m ² space to support specialist curriculum specifically for Animal Management, Equine Studies, Science School, Foundation Learning, GCSE English and Maths and HE programmes.
Bicton College	£3,146,532	£2,880,000	New Rural Skills Building: Construction of a 1,248 m ² animal husbandry school to replace existing very poor condition teaching and vocational spaces. Demolition of 444m ² of existing agricultural buildings.
Birmingham Metropolitan College	£8,508,388	£2,836,127	New "Sustainable Energies" Centre to include a showcase eco-house and refurbishment of two buildings at the James Watt campus: 1,411m ² new build and 5,765m ² refurbishment to support the Engineering and Manufacturing Technologies curriculum areas together with Construction, Planning and the Built Environment. This project will support the college's new Smart Appliance Academy that will train the next generation of product designers, software engineers and manufacturing engineers.
Bishop Burton College	£3,495,000	£1,155,000	New Technology and Skills Centre: 1,685m ² new build to house new technology, construction skills, mechanisation and agricultural engineering facilities to meet the demands of land based industries.
Blackburn College	£5,003,520	£1,632,840	New Regional Automotive Technology Hub at Fellden Street, Blackburn: the new 2,157 m ² building will include workshops, classrooms and a showroom. The project is supported by local industry employers and Institute of the Motor Industry (IMI Sector Skills Council).
Blackpool and The Fylde College	£6,002,197	£2,000,000	Campus Wide Refurbishment Addressing Building Condition Issues: Refurbishment of 11,281m ² of accommodation at the main Bispham campus. The project will enable significant running cost savings to be made and address urgent building fabric defects and health and safety concerns. The learning environment is severely hampered by the current accommodation issues (leaking windows, lack of temperature control, drafts, noise etc) and this impacts on attendance, retention and student success.
Bolton College	£4,302,000	£1,314,000	New STEM Centre at Deane Road: the 1,800 m ² centre will have real life working environments to support learners who wish to be trained as highly skilled mechanics and which will be linked to the University of Bolton's High Performance engineering facilities. Increased laboratory space will support many areas including biological science, medical technologies, environmental science and engineering.
Bournville College of Further Education	£6,160,867	£2,000,000	New Construction Training Centre: new 2,800 m ² two storey building will enable the construction offer to be in one place, not split in to two buildings as it currently is. The area vacated in the main college building will support growth in the motor vehicle and creative and digital provision.
Bradford College	£52,696,000	£2,880,000	Remodelling of Existing Accommodation to Accommodate New Campus Development: Additional works to the existing £49 million new build project which is being funded entirely by the college. Additional works include the remodelling of the adjacent building (1,649m ²) including the creation of a new entrance 598m ² . Remodelling will result in the creation of flexible teaching and learning spaces enabling facilitated group working/project based learning.

College Name	Project Value	Eligible Grant (net of RG)	Project Summary
Bridgwater College	£4,059,643	£1,353,208	New Facilities for Land Based Curriculum: Project to support the growing demand for agriculture and related land based provision through the development of a modern agriculture based teaching facility (1,698m ²). The facilities will meet the needs and expectations of students and employers enabling the development of further links with the agriculture industry and enhancing routes from training and education through to employment.
Bromley College of Further & Higher Education	£3,899,514	£1,299,838	New Teaching and Multiuse Hall: new sports hall and lecture facilities (1,408m ²) on the college's main campus will underpin the aspiration for a Sports Academy with Sport and Public Services curriculum areas to be developed as flagship provision.
Brooksby Melton College	£3,503,915	£2,276,060	Improved Facilities to Benefit a Wide Range of Vocational Areas: Refurbishment of accommodation at Asfordby Road (2,230m ²) which will enable the vacation of 1,649m ² of poor quality on-site accommodation. The project will address the poor condition and fragmentation of facilities for, amongst others, Care and Early Years, Access to Nursing, Foundation and Access to FE(Evolve and Grow Programmes) and Functional skills and skills for life.
Burton and South Derbyshire College	£8,144,132	£2,714,711	General Campus-wide Refurbishment and New Arts Facilities: Demolition of 2,353m ² including an old woodworking building and 1950's workshops. New build of 1,887m ² including a new refectory and an extension of Performing and Creative Arts facilities to provide an indoor / outdoor performance space. Refurbishment of 11,975m ² of the main block to create a better learning environment and a more energy efficient building.
Bury College	£4,298,954	£1,432,984	Development of a New Employability/Enterprise Centre: New employer focused 'Enterprise Hub' comprising 1,621m ² new build and 148m ² refurbished accommodation at the college's main campus, offering a range of services to employers, the unemployed, NEETs and students such as workforce development, pre-employment programmes, recruitment support and vacancy matching, placement/work experience opportunities, also enabling the college to vacate 1,769m ² unsuitable leased accommodation.
Cambridge Regional College	£3,360,000	£1,120,000	Refurbishment of Part of D Block: Refurbishment of 2,605m ² poor quality accommodation within 7000m ² D block on the college's main campus to enable improvements to Mechanical, Engineering, Fabrication and Welding curriculum, also delivering new Robotics curriculum
Carlisle College	£5,259,548	£2,880,000	Relocation of Digital and Creative Arts Provision to Swift Mews, Carlisle: Renovation of 562m ² Swift Mews building and 1,681m ² new build extension to enable vacation of 4,135m ² unsuitable accommodation temporarily leased from University of Cumbria (subject to possession notice), thereby addressing future accommodation requirements for Digital and Creative Arts.
Carshalton College	£8,100,600	£2,700,200	New Construction, Engineering and Motor Vehicle Building: New building consolidating construction, engineering and motor vehicle curriculum areas into a single central location within the campus heart. The new building will extend to 3,000m ² and enable rationalisation of 2,907m ² of existing space.
Chichester College	£1,594,261	£531,421	Improved Hospitality and Catering Facilities: Refurbishment and modernisation of existing hospitality and catering facilities to create a modern realistic work environment for this curriculum area. Project will lead to improvement of 1,260m ² of existing space.
City College Norwich	£3,582,744	£1,143,548	New Construction and Built Environment Centre and External Refurbishment of Norwich Building: the 13,630m ² Norwich Building is to have a replacement roof, windows and rainwater goods. A new 600m ² building will accommodate Construction and the Built Environment, Access to HE, ESOL and Functional Skills. All mobile accommodation will be removed.
City College, Brighton and Hove	£9,748,000	£2,880,000	Regeneration of City College East at Wilson Avenue: to include a new 3,049 m ² Construction Trades Centre, bringing learners from 3 sites to one for bricklaying, carpentry, plumbing, painting and decorating, electrical installation and plastering, and the refurbishment of 4,606 m ² existing accommodation.
City of Bath College	£1,233,240	£411,080	Refurbishment of Forge Building: Refurbishment of 3,192m ² accommodation, including renewal of flat roofs, replacement of defective electrical services, internal corridor refurbishments and heating upgrade.
City of Sunderland College	£11,445,000	£2,880,000	New Visual and Performing Arts (VPA) Building: 4,635m ² new build at Bede Campus to accommodate VPA curriculum to be relocated from unsuitable accommodation at Shiny Row facilitating estates rationalisation and eventually planned closure of Shiny Row. Vacation/demolition of 6,324m ² unsuitable space.
Colchester Institute	£3,298,300	£2,880,000	Sheepen Road Redevelopment: new link block (793m ²) incorporating 8 new Information Learning Technology (ILT) suites, addressing health and safety issues, enabling removal of 1,057m ² inadequate accommodation. Refurbishment of 981m ² space within two main blocks to provide new entrance and reception and general infrastructure improvements.
College name withheld for commercial reasons	£11,853,072	£2,880,000	New Construction and Engineering Facilities: Construction of a new 5,500m ² campus to replace 6,116m ² of leased accommodation which is time expired, inflexible and not suitable for the delivery of specialist further education. New facilities to be provided include 4,000m ² of specialist mechanical and electrical services workshop space, brickwork, general construction and roofing workshops, general teaching accommodation and support service space.
College of West Anglia	£2,500,000	£1,720,000	Improved Facilities for Creative Arts : Refurbishment of the Sports building, demolition of the Refectory and Science buildings and the Ceramics cabin (temporary building). The scheme allows for the relocation of the college's creative arts function into the building, Creative Arts is a local priority. Refurbishment of 2,001m ² , demolition of 2,077m ² of poor condition space.
Cornwall College	£2,386,539	£768,846	Relocation of Agri-Engineering and Estates Skills Activities to the College Working Farm: Construction of a new 676m ² Engineering and Estates Skills workshop at West Coombeshead Farm, Stoke Climsland, also conversion of 142m ² accommodation and vacation of 821m ² unsuitable accommodation, addressing LLDD and Health and Safety issues.
Derby College	£10,355,429	£2,880,000	New Vocational and Employability Skills Facilities for Ilkeston: Construction of a 3,930m ² building at the college's Ilkeston campus; facilities to be provided include combined engineering and motor vehicle workshop, construction workshop, hair and beauty salons and classrooms. The project will enable the disposal of one site and will address 8,120m ² of accommodation which is deemed to be exceedingly poor/inoperable.

College Name	Project Value	Eligible Grant (net of RG)	Project Summary
Dudley College of Technology	£6,625,400	£2,208,467	New Engineering Building: New 2,684m ² engineering building and demolition of 3,872m ² of existing space on Broadway campus. Site acquisition of 0.71 acres from Local Authority.
East Berkshire College	£9,300,000	£2,880,000	Refurbishment of Main Teaching Block, Langley Campus, Slough: A comprehensive refurbishment of 4,236m ² poor quality accommodation at Langley, vacating 1,487m ² unsuitable temporary accommodation, addressing Health and Safety risks and LLDD issues.
East Kent College	£3,354,750	£1,660,000	New Centre for Creative Industries: Renovation and extension of three-storey building on the College's Ramsgate Road Campus to create a new 1,845m ² Centre encompassing Interactive Media, Games Design, Visual Media, Music Production and Performing Arts with specific focus on the creation of digital content (video, audio, visuals) for commercial distribution on the Internet.
Easton and Otley College	£2,873,367	£957,789	New Facilities for Rural Skills Addressing Specialist Skills Shortages: Upgrading of campus facilities and rationalisation of floorspace by 1,804m ² . Project includes relocation of the college's small animal resources centre, construction of horticultural landscape construction workshop, relocation of fish farming unit and demolition of unsafe glasshouse.
Exeter College	£7,140,000	£2,260,000	New Sports Hall, Pavillion and Playing Fields: Construction of new 1,848m ² 6 court sports hall on land to be acquired from Network Rail. Also acquiring 150 year lease of 5.2 acres land from the Local Authority for sports playing fields and development of a new 551m ² sports pavillion. Vacating existing unfit 842m ² sports hall on the main Hele Road site.
Fareham College	£9,795,500	£2,880,000	New Centre for Engineering, Manufacturing and Advanced Skills Training: Construction of a 3,750m ² centre of excellence for engineering and manufacturing technologies at the Solent enterprise zone in South Hampshire, in partnership with HCA and LEP. College will vacate 1,741m ² of existing leased accommodation.
Guildford College of Further and Higher Education	£4,462,255	£1,487,418	New Facilities for Rural Skills Addressing Neets and Apprenticeships: Demolition of 1,575m ² of teaching accommodation in very poor condition and replacement with 1,659m ² of teaching and learning facilities including general teaching classrooms, a central open access learning zone, classroom accommodation for floristry and arboricultural students and specialist accommodation for Animal Care. The accommodation will reflect the latest industry standards, help meet the demand for growth in the region and deliver training, skills and apprenticeship courses that match the needs of local employers.
Halesowen College	£5,972,593	£1,990,864	New Accommodation Addressing Building Condition Issues: The removal of poor condition teaching accommodation and replacement with 1,391m ² of modern and efficient purpose built teaching and learning accommodation including new provision for LLDD, animal care, business and tourism.
Hartpury College	£3,328,811	£1,109,593	New Building for Independent Learning Skills and A Levels: Construction of a single energy efficient building of 1,372m ² in the centre of the main campus to provide a FE Learning Resource and A level study centre. The new accommodation will replace 1,745m ² of space which is currently in condition D (inoperable) and create a modern learning resource facility dedicated to FE students and designed to foster independent learning skills.
Hopwood Hall College	£2,254,358	£751,452	Expansion of Life Science Provision and Infrastructure Renewal: refurbishment of three key teaching buildings and surrounding land for expansion of Animal Care facilities and introduction of horticulture, to achieve statutory compliance and increase capacity for NEETs, job seekers, apprenticeships and employers. The renewal of dated mechanical and electrical infrastructure to ensure Health and Safety and DDA compliance and achieve greater efficiencies.
Hugh Baird	£9,545,100	£2,880,000	New Build and Refurbishment at Balliol Centre: Construction of a new 2,639m ² building to accommodate Arts and Creative Industries, Apprenticeships Training, Employer Training, an LRC and Business/ SME services; major refurbishment of the Balliol Centre encompassing 2,103 m ² and the removal of 1,909m ² of the worst parts of the estate.
Huntingdonshire Regional College	£2,652,000	£883,912	New Sports and Improved STEM Facilities: Refurbishment works at California Road campus, addressing condition and urgent health and safety issues. Improvement in existing STEM facilities. Project will improve 1,840m ² of existing space, and incorporate new all weather sports pitch.
Kendal College	£1,906,571	£953,286	New Science Engineering and Sustainable Technologies Centre: Replacement of 500m ² unsuitable accommodation at Milnthorpe Rd. Kendal, with a new 722m ² employer focused building to accommodate a growing specialist engineering curriculum requirement and to address urgent Health and Safety issues.
Kingson Maurward	£3,239,781	£2,880,000	New and Refurbished Accommodation for Animal Sciences and Public Services: New 1,540m ² building for Animal Sciences addressing inadequate existing provision, refurbishment of 487m ² to provide base for Public Services, estates rationalisation including demolition of 2 double portakabins.
Kingston College	£7,731,800	£2,577,267	New Creative Industries Building: New (2,528m ²) Creative Industries Centre at Richmond Road, including acquisition of plot of land and demolition of 1,489m ² of existing poor quality space.
Lambeth College	£4,977,658	£1,791,206	Campus Front Development at Clapham, South West London to provide New Vocational Facilities: New build of 468m ² and refurbishment of 2,477m ² to provide new facilities for Service and Leisure Sectors and enable 1,000m ² unsuitable accommodation at Vauxhall to be vacated.
Lancaster & Morecambe College	£4,516,843	£1,495,615	Improved Facilities for Apprenticeships and Employer Engagement: Refurbishment of Block A, including demolition of a link between Block A and Block B, refurbishment of the ground, first and second floors of Block C. Project will expand curriculum offering, apprenticeship availability and work with employers. 4,711m ² to be refurbished.
Leeds City College	£6,285,165	£1,975,056	New Facilities for Apprenticeships Employability and Enterprise: Rationalisation of 3,638m ² of accommodation. Acquisition, refurbishment and alteration of a three storey mill building (2,300m ²) to provide flexible learning and teaching accommodation to meet the current and future skills needs of the locality. The project focuses on apprenticeships, employability and enterprise.
Leek College of Further Education and School of Art	£4,850,588	£1,601,862	New Builds and Refurbishment: Extensions to Pinacle and Main buildings (2,057m ²) providing new facilities for Construction, Engineering, Hair and Beauty and Art and Design. Refurbishment of 500m ² to provide a new Skills Centre. Vacating 1800m ² unsuitable accommodation.

College Name	Project Value	Eligible Grant (net of RG)	Project Summary
Lewisham College	£6,899,393	£2,999,856	New Facilities Addressing Needs, Employer Engagement and Apprenticeships: Rationalisation of the estate through the disposal of the college's Camberwell site (3,324m ²). Improvements to the Waterloo campus including refurbishment of 2,140m ² and construction of 692m ² . The project will deliver a substantial number of workplaces on site, provide modern classrooms and seminar rooms, support the college's employer related business skills curriculum and help attract NEETS in both 16-18 and 18-24 age groups.
Lincoln College	£4,560,000	£1,520,000	Extension and Refurbishment Works at Lincoln Campus: Refurbishment of 1961m ² Monks Building, also extending by 605m ² addressing shortage of communal space, inadequate LRC facilities and providing a Centre of Professional Excellence. Reconfiguration of Friary Building to accommodate new Shared Corporate Services facility.
Loughborough College	£13,389,750	£3,000,000	New Learning Resource Centre and Specialist Learning Facility: Construction of 5,250m ² and demolition of 5,952m ² of outdated and unfit for purpose accommodation. The project will provide new specialist learning environments and provide new Learning Resources Centre.
Lowestoft College	£3,958,885	£2,880,000	Campus Wide Refurbishments: 6 projects encompassing refurbishment of 8,511m ² accommodation, includes refurbishment of Technology Building for LLDD provision, upgraded Hair and Beauty accommodation, general classroom improvements, new windows and cladding to 6 storey Tower Block, reglazing LRC and new cladding to main frontage.
Myerscough College	£2,425,525	£795,528	New Skills Training Centre for Neets, Apprenticeships and Foundation Learning: Demolition of 1,442m ² of time expired poor quality accommodation and the construction of a 979m ² skills training centre which includes i) a Foundation Learning Centre to support individual learner needs by addressing skills shortages, building confidence, raising aspirations and proactively seeking and facilitating employment and Apprenticeship opportunities; and ii) a NEET training centre to support the disengaged learners on structured skills and employability programmes.
New College Nottingham	£1,880,282	£506,761	Campus Wide Refurbishment Project: Refurbishment and modernisation of six college buildings (3,157m ²) currently in poor condition and rationalisation of 600m ² of space to develop curriculum clusters including civil engineering, sustainability and environmental sciences, service industries and the visitor economy and business and professional, retail and logistics. The project will support the improvement of teaching and learning and is expected to increase success rates between 2% and 5% in the 1st year.
New College Stamford	£3,985,781	£1,288,594	New Sports Facilities : Provision of a partnership sports development. The college will relocate its existing sports facilities to the new sports building and mothball its existing sports centre. The mothballed centre will be refurbished in a future phase.
North East Surrey College of Technology (NECOT)	£10,273,854	£2,880,000	Campus Wide Refurbishment Addressing Building Condition Issues: Refurbishment and adaptation of 12 buildings extending to 5,998m ² to address poor building condition and health and safety issues. The project will provide significantly improved learner experience across wide range of curriculum areas.
North Hertfordshire College	£2,420,190	£566,000	New Enterprise Campus at Hitchin: Second phase refurbishment of 2,730m ² existing space creating a commercially oriented Campus, focusing on enterprise and employability, creating conditions for experiential learning, self-employment and business start up. Includes refurbishment of Grade II listed Walsworth House, renewal of C and H Block façades and roof, refectory refurbishment, renewal of centralised building services main plant and new cycle facilities.
North Warwickshire and Hinckley College	£1,243,796	£415,000	5 Projects Addressing Serious Operational or Health and Safety Risks: Replacement of defective concrete cladding on main 5 storey block, asbestos removal from underground service ducts, refurbishment of main electrical Switch Room, window replacements and carbon reduction project, impacting on 11,570m ² accommodation overall.
Northumberland College	£9,494,299	£2,880,000	Campus Wide Refurbishment Addressing Building Condition Issues and New Construction Building: Redevelopment and rationalisation of the Ashington and Kirkley Hall campuses, addressing significant condition, health and safety and learner environment issues. New build of 3,435m ² , refurbishment of 2,558m ² , 6476m ² demolished/vacated.
Oaklands College	£3,983,090	£1,207,697	Improved Facilities for Construction, Hospitality and Catering: New build (1,243m ²) and refurbishment of 3 buildings (2,733m ²) on the main campus to provide improved teaching and learning facilities for construction, hospitality and catering and new entrance/access/reception space. Project will enable the college to rationalise space through the termination of a 4,135m ² leased building on an industrial estate.
Oldham College	£9,006,379	£2,880,000	New Building for Construction Science, Engineering and Digital Technology: Construction of a new building (4,389m ²) to replace 5,001m ² of teaching accommodation currently housed off-site. The new build will provide a range of flexible workshop, general and specialist teaching accommodation for the delivery of Construction, Engineering, Science, Digital and New Technology. The project will enable the delivery of new courses for all age groups, will directly impact on attainment and create pathways of progression to work at 18, through apprenticeships via full time of part time Higher Education.
Oxford and Chenwell Valley College	£5,980,696	£1,993,565	New Hair and Beauty, Student Support and Reception Facilities: Redevelopment of the Oxford Campus through the refurbishment of 2,833m ² of existing buildings to improve teaching and learning facilities for Hair and Beauty Curriculum areas and support accommodation for Oxford Campus students, employers and other stakeholders.
Peterborough Regional College	£4,910,745	£1,636,915	Improved Vocational Facilities: Combination of new build of 1,370m ² and refurbishment of 1,895m ² to enhance vocational facilities and rationalise 285m ² of existing accommodation.
PETROC	£3,144,865	£2,858,968	Science and Engineering Skills Centre: New 1,292m ² building at main Tiverton Campus to accommodate all large scale technology curriculum, supporting significant growth to meet identified need across plumbing, mechanical, engineering services, mechanical and electrotechnical, and automotive engineering curriculum areas, also enabling vacation of 1,466m ² unfit accommodation and remodelling of 524m ² to facilitate curriculum changes.
Plymouth College of Art	£7,757,312	£2,586,000	New Vocational Skills Workshop Addressing Needs: Consolidation into a newly constructed workshop block of workshop facilities currently housed in outdated accommodation that is no longer fit for purpose. The project will revitalise areas of neglected and endangered skills delivery in practical vocational learning and design practice, geared regionally and nationally to employment.

College Name	Project Value	Eligible Grant (net of RG)	Project Summary
Preston	£2,996,634	£943,262	In Zone Project: Refurbishment of 3,457m ² poor accommodation and 677m ² new build to provide an employer focused Enterprise Zone, an innovative Learning Zone and Careers Information Guidance Advice Hub incorporating a Jobs Zone with jobs brokerage and Apprenticeship Training Agency, also vacating 585m ² unsuitable accommodation.
Richmond Adult Community College	£11,176,573	£2,676,573	Rationalisation to the Parkshot Site: The project is made up of 2,619m ² new build and 2,495m ² refurbishment and includes the demolition of 1,072m ² of which half is disused space (former changing rooms, green room and corridors) and half of a well used studio theatre which will be incorporated in an updated format into the layout of the under-utilised Queen Charlotte Hall. Disposal of the Clifden site.
Rotherham College of Arts and Technology	£2,400,405	£800,000	Improved Hospitality and Catering and New Engineering Centre of Excellence: Two projects: i) An extension and major refurbishment of the hospitality facility including the training restaurant and three production/training kitchens. ii) Removal of a mezzanine in the engineering block and the creation of a new Engineering Centre of Excellence through comprehensive refurbishment.
Shrewsbury College of Arts and Technology	£6,125,952	£2,041,984	New Employment and Enterprise Centre: Demolition of 4,018m ² , refurbishment of 991m ² and construction of 2,282m ² to accommodate childcare students and provide hair and beauty facilities. Current facilities are cramped, out-dated and inflexible and hinder learners in the development of client-facing customer operation skills. The new facilities will provide universal access for teachers and students to engage in technology - an area criticised in the last OFSTED inspection. Also, the creation of a new Employment and Enterprise Centre supporting unemployed into employment and self-employment.
Somerset College of Arts and Technology	£3,200,000	£1,066,666	Refurbishment and Remodelling of Construction and Automotive Centre: Refurbishment of 2,153m ² to provide improved facilities on the main Wellington Road site for brickwork, plumbing and automotive curriculum, also addressing Health and Safety issues and vacation of 1,000m ² unsuitable off site accommodation.
South Essex College of Further and Higher Education	£42,079,984	£2,880,000	New Campus Development Facilitating Estates Rationalisation: Acquisition of a town centre site and construction of two buildings totalling 14,636m ² of academic and vocational space; rationalisation of space through the vacation of the college's existing space at Crown House. The new accommodation will include student training kitchens and refectory, commercial student operated beauty, nail bar and hairdressing salons, workshops for delivery of functional skills and "heavy" vocational spaces including mechanical engineering, welding, carpentry and joinery.
South Thames College	£5,687,344	£1,895,781	New Hospitality and Catering Academy: Construction of a 1,979m ² hospitality and professional cookery academy and demolition of 2,018m ² of accommodation in poor/inoperable building condition at the college's Merton Campus. The project will enable the college to provide technical vocational skills for employment and apprenticeship in critical local employment sectors. (The replacement of current facilities, which are no longer fit for purpose, will allow the college to continue to provide local courses to support progression to work.
South Tyneside	£3,099,250	£1,033,083	Building Skills for Success Project: Remodelling and refurbishment of 2,716m ² poor quality accommodation to provide 6 employer focused Skills Academies and a specialist LLDD Social Enterprise Incubator. The new Skills Academies and Learning Zones are part of a strategy for developing stronger links with key employers.
Sparsholt College	£5,798,963	£1,913,658	Refurbishment of Engineering Workshops and Facilities Addressing Needs: The project comprises 2 parts. Part A: Substantial refurbishment and partial rebuilding of dilapidated engineering workshops and training facilities. Part B: Construction of a new teaching and learning environment for vocational learners training for employment within the sports and leisure sector. The curriculum offer is strongly linked to supporting economic growth and in attracting those who are NEET or in danger of becoming so.
Stafford College	£1,486,102	£1,246,102	Renewal of Doors and Windows: External renovations to 9,122m ² accommodation (previously refurbished internally) to ensure buildings are fit-for-purpose to use for classroom-based activities in Foundation Learning and LLDD provision, as well as facilities to house Programmes for the Unemployed and apprenticeship provision within STEM.
Stockport College of Further and Higher Education	£4,533,711	£1,271,086	Campus Wide Improvements Addressing Building Condition, Sustainability and Health and Safety: Four projects improving 2,589m ² poor quality accommodation on main campus, including recladding, installation of solar panels, rainwater harvesting and a new Building Energy Management System.
Stoke-on-Trent	£4,699,046	£1,446,349	Campus Wide Refurbishments at Burselm: Several projects encompassing refurbishment of 3,008m ² accommodation and demolition of 1,721m ² unsuitable space. Includes improved main entrance and campus reception, refurbished lecture theatre, upgraded refectory, recladding and renovation of Engineering Workshops
Stourbridge College	£3,452,303	£2,301,650	New Health and Social Care Building: Construction of 1,355m ² to enhance the effective delivery of Health and Social Care, Early Years and Uniformed Public Services courses at the college's Hagley Road Centre based in Stourbridge. The project will enable the demolition of 1,484m ² of unfit for purpose accommodation subject to local consultation and planning permission.
Stratford-upon-Avon College	£2,940,271	£2,185,203	Improved Facilities for Science and Engineering Addressing Needs: Refurbishment of two 1960's accommodation blocks (2,615m ²) to provide good quality science, engineering and IT facilities. Rationalisation of floorspace (928m ²) through the termination of off-site leased accommodation. Project will enable integration of pre NEETS programmes with greater visibility of opportunities for progression, consolidate facilities for training for businesses and improve facilities for 16-18 Apprentices.
Strode College	£1,246,590	£746,590	New Employment Skills Centre: New 637m ² building to support apprenticeships training, address NEETS and skills for the unemployed and employer training facilities.
Swindon College	£2,623,200	£794,400	New Construction Centre and Teaching Areas for Sports and Beauty: Development of two new buildings at North Star campus, Swindon, comprising 1,019m ² Construction Centre and a 261m ² extension and refurbishment of 62m ² to provide a new Sports Centre and improve Beauty teaching facilities. Vacation of 1,200m ² unsuitable offsite accommodation and demolition of 200m ² unsuitable modular, temporary buildings.
The Bournemouth and Poole College	£4,268,160	£1,422,720	Campus Wide Refurbishment Addressing Building Condition Issues: Refurbishment of the main building to provide modern, high quality accommodation fundamental to enhancing the learner experience, staff retention and local engagement. Project will refurbish and adapt 7,376m ² of space on the campus

College Name	Project Value	Eligible Grant (net of RG)	Project Summary
The College of Haringey Enfield and North East London	£3,066,826	£1,022,000	Refurbishment of General Teaching Classrooms: Full refurbishment of the Park Building, a two storey 1970's building forming the main frontage of the College to Hertford Road. A full level refurbishment will be undertaken to provide 13 new teaching classrooms, staff room, student toilets and full wireless functionality throughout. 1,550m ² refurbished, 1,100m ² demolished/vacated.
The Manchester College	£2,780,169	£926,723	Refurbishment and New Build at Nichols Campus: Demolition of 620m ² unsuitable accommodation, new build of 636m ² to provide a new accessible entrance including a 21st Century learning facility and refurbishment of 601m ² to provide a new Learning Resources Centre and refectory.
Uxbridge College	£6,447,780	£2,149,260	South Block Project: New 2,022m ² 4 storey building accommodating Engineering Workshops, refectory extension and general teaching classrooms, also refurbishment of 874m ² to provide an extended Learning Centre and specialist LLDD facilities.
Wakefield College	£3,843,839	£1,281,280	Refurbishment and Extension of Main Block: Overcladding of 6,425m ² building, resolving ventilation and solar gain issues, also 614m ² extension to enable relocation and configuration of specialist science laboratories and future campus rationalisation.
Walford and North Shropshire College	£3,236,000	£1,603,000	New Facilities for Rural Skills Addressing Neets and Apprenticeships: Demolition of two inoperable classroom / workshop blocks (520 m ²), refurbishment of 1,218m ² and new build of 590m ² to create Rural Skills Workshops, Rural Enterprise Hub and a Rural Skills Centre. The project will provide improved and expanded facilities to meet the growing demand for land-based courses, Apprenticeships and rural skills training and reduce unemployment by promoting enterprise and self-employment.
Waltham Forest College	£6,954,541	£2,599,607	New Workshop and Refurbishment Addressing Building Condition Issues: Refurbishment of 4,026m ² to provide a mix of classroom and open learning spaces, a new workshop building for both electrical and automotive engineering, upgrade and phased renewal of the heating system in the Forest Road Building and improvement of site security and access. Rationalisation of accommodation through the disposal of an off-site leased property.
Warwickshire College, Royal Leamington Spa, Rugby and Morton Morrell	£4,689,980	£1,563,326	New Enterprise Learning Zones: Refurbishment of 2,672m ² accommodation at Leamington to provide new facilities for learning and skills development to assist new business start-ups, facilitate apprenticeships/ vocational provision and address NEETS, including new reception.
West Nottinghamshire College	£2,364,141	£780,166	New Facilities for Arts, Creative Industries and Digital Technologies: Refurbishment of an existing poor condition building to provide facilities for visual arts curriculum in the school of creative industries and digital technologies. Refurbishment of 1,500m ² and rationalisation of 6,080m ² of space.
Weston College	£8,285,385	£2,641,795	South West Skills Campus Phase 3: Refurbishment of 1,892m ² derelict buildings and a new 1,685m ² extension to provide workshops, classrooms and offices for construction trades, expansion of automotive engineering and provide a base for the College's Business Enterprise Centre.
Weymouth College	£1,500,830	£500,276	Employability and Enterprise Centre: Refurbishment of 2 buildings on main campus (1,555m ²) to provide new facilities for employer engagement inc. RWEs for Hairdressing, new Media facilities and LLD shop.
Wigan and Leigh College	£5,540,023	£1,727,000	New Gateway Building and Refurbishment Addressing Estates Condition and Rationalisation: Demolition of 3,213m ² unsuitable accommodation at Parsons Walk, construction of new 1,201m ² 'Gateway Building' entrance and teaching block and refurbishment of 1,751m ² poor quality accommodation.
Wiltshire College	£3,570,600	£2,271,000	New Construction Workshop: Demolition of two existing 1950s workshops (4,292m ²) which are in poor condition and no longer fit for purpose. Creation of a new build construction workshop (2,303m ²) to provide plumbing, brickwork, electro technical and wood occupations workshops. The new facilities will improve integration, increase usable space and provide a more attractive environment for employers, learners and professional clients.
Worcester College of Technology	£5,164,842	£1,674,114	Closure and Relocation of Barbourne Campus: Refurbishment of 2,545m ² Provender Mill building to enable vacation of 4,333m ² unsuitable accommodation, relocating Hair and Beauty and Art and Design, providing an accessible base for apprenticeships, bespoke employer-responsive programmes, NEET groups and programmes for the unemployed.
Worthing College	£25,326,249	£2,880,000	New College Campus Addressing Neets and Apprenticeships: Relocation of the existing campus to a new site to provide 11,335m ² of fit for purpose accommodation. The project will address space shortage and condition issues and will improve delivery in all curriculum areas through the provision of dedicated, specialist integrated learning spaces. The project will improve access, participation and progression for Apprentices, NEET young
