

Destination Measures 2010/11

Impact Indicator 14: Percentage of children on free school meals progressing to any university

About the indicator

This indicator measures the percentage of children who were eligible for free school meals in year 11 who took A levels or other level 3 qualifications and then progressed to any UK university.

Why we measure it

The Government believes that progression to higher education can advance social mobility. This indicator will show if the Government's education policies are raising standards and aspirations and closing the attainment gap so that more disadvantaged young people are able to go to university.

The data

- 46% of young people, in the KS5 cohort¹, claiming free school meals² went to university³ in 2010/11
- ¹The KS5 cohort includes young people who took A level or other Level 3 qualifications
- ² Claiming and eligible for free school meals at Year 11
- ³For a sustained period from October to March 2010/11
- This is the first year the data have been produced
