INTRODUCTION

Coverage

This Statistical Bulletin is part of a regular series published by the Department for Employment and Learning (DEL) to provide key information on the [Training for Success](#) and Programme-Led Apprenticeships programmes in Northern Ireland and contains data to January 2014. The Bulletin is published on a quarterly basis.

The statistics presented in this Bulletin cover a range of topics including starts, occupancy, leavers and outcomes for participants on Training for Success and Programme-Led Apprenticeships. For more information on the coverage please see the [Notes to Readers](#) section.

Policy and Operational Context

In September 2007, the Department introduced Training for Success (TfS) to replace the Jobskills programme for new starts, although existing participants continued to progress within Jobskills. Level 2 Apprenticeships were introduced for the first time in Northern Ireland initially as part of the Training for Success programme.

In 2008, the Department revised the programme, restructured and rebranded it into two separate provisions, Training for Success and ApprenticeshipsNI (AppsNI).

TfS is a programme designed for young people aged 16-17, or under 22 years for those with a disability, and under 24 years for those who qualify under the Children (Leaving Care) Act (NI) (2002). It provides training to give participants the tools and skills they need to get a job. The training offers young people the opportunity to gain relevant qualifications as well as the personal and behavioural skills required to progress into work.

The TfS programme provides training for learners who have not yet found full-time employment. It is designed to enable learners to progress to higher level training, further education, or employment by providing training to address personal and social development needs, develop occupational skills, employability skills and, where necessary, Essential Skills training.

From September 2007 to September 2008, TfS was delivered through four options – Employability Skills, Personal Development, Skills for Work Level 1 and Pre-Apprenticeships. This was revised in 2008 to three options – Skills for Your Life, Skills for Work and Pre-Apprenticeships. Programme-Led Apprenticeships (PLA) had been introduced from 7 September 2009 in response to the then economic downturn, so that Northern Ireland would continue to develop and retain skills in preparation for the economic upturn. PLA replaced the Pre-apprenticeships option which was set aside from 23 June 2009. With the introduction of TfS (2013), PLA has now been set aside.

From June 2013, TfS (2013) is delivered through four options – Skills for Your Life, Skills for Work Level 1, Skills for Work Level 2 and Skills for Work Level 3 – each of which

comprises a common curriculum of Essential Skills, personal and social development skills, employability skills, and professional and technical skills, as follows:

- i. **Skills for Your Life** – to address the personal and development needs of young people who have disengaged from learning and/or have significant barriers to education, training or employment including Essential Skills needs. It is designed to address the need for more focused provision for the significant minority of young people for whom Skills for Work is not suitable.
- ii. **Skills for Work Level 1** – to help young people gain skills and qualifications at Level 1, to be able to gain employment, to progress to Skills for Work Level 2 or ApprenticeshipsNI.
- iii. **Skills for Work Level 2** – to ensure that those participants who have been assessed as capable of achieving at Level 2, but who have not yet secured employment, are prepared for future progression to an apprenticeship.
- iv. **Skills for Work Level 3** – To ensure that those participants who have successfully completed the Skills for Work Level 2 strand but have not yet progressed to employment can develop Level 3 knowledge and skills.

Who Will Be Interested?

The information presented in this Statistical Bulletin will be of interest to a wide variety of people. For example, the statistics in and derived from this Bulletin are currently used by DEL policy officials in their role of assisting and advising the Minister for Employment and Learning to discharge his duties; by the Northern Ireland Assembly and Employment and Learning committee to scrutinise DEL training programmes; and by DEL policy officials in order to monitor performance of the programme.

Structure

This Bulletin analyses key statistical information for the TfS and PLA programmes in Northern Ireland. [ApprenticeshipsNI](#) statistics are published separately. The Statistical Tables section of this Bulletin is split into two parts; [Part A](#) deals with statistics on Training for Success whilst [Part B](#) presents information on Programme-Led Apprenticeships. Data have been provided on the options undertaken within the programmes; on numbers participating in the programmes; on key personal characteristics of participants (such as sex and background); and on qualifications and outcomes gained by participants.

This Bulletin comprises three sections as outlined below:

- [Key Statistics](#) – Highlights the main facts from the statistical tables.
- [Notes to Readers](#) – Provides further information on programme design and terminology.
- [Statistical Tables](#) for [Part A TfS](#) and [Part B PLA](#) – Includes statistics on starts, leavers, occupancy and outcomes. Information is presented by Local Government District and Parliamentary Constituency.

KEY STATISTICS

Starts

Between the academic years 2007/08 and 2013/14 (up to 31st Jan '14), 24,997 participants started Training for Success. **Figure 1** shows that the number of starts on Training for Success increased between 2007/08 and 2008/09. While the number of starts on Training for Success in 2009/10, 2010/11, 2011/12 and 2012/13 shows a decrease, this coincides with the introduction (in September 2009) of Programme-Led Apprenticeships as a temporary measure to deal with the economic downturn. Looking at the number of starts combined for Training for Success and Programme-Led Apprenticeships in 2009/10, **Figure 1** shows that the earlier increase continued and then remained relatively steady in 2010/11 and 2011/12, with a slight decrease in 2012/13. Programme-Led Apprenticeships being set aside from June 2013 has contributed to the number of starts decreasing further for 2013/14.

The main intake for participants to the Programme-Led Apprenticeships provision is in September each year. Since the programme began in September 2009, 14,824 participants have started Programme-Led Apprenticeships.

Figure 1 shows that in the most recent academic year, 2013/14 (up to 31st Jan '14), 5020 participants have started TfS and PLA combined.

Figure 1: Training for Success and Programme-Led Apprenticeship Starts (2007/08 to 2013/14) ⁽¹⁾ ⁽²⁾

Notes:

(1) In September 2009, Programme-Led Apprenticeships (PLA) replaced the Pre-Apprenticeships option which was suspended in June 2009 for new participants.

(2) With the introduction of TfS (2013) from June 2013, PLA has been set aside.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

See [Section 1](#) of Part A Statistical Tables for further information on Training for Success and [Section 1](#) of Part B Statistical Tables for more information on Programme-Led Apprenticeships.

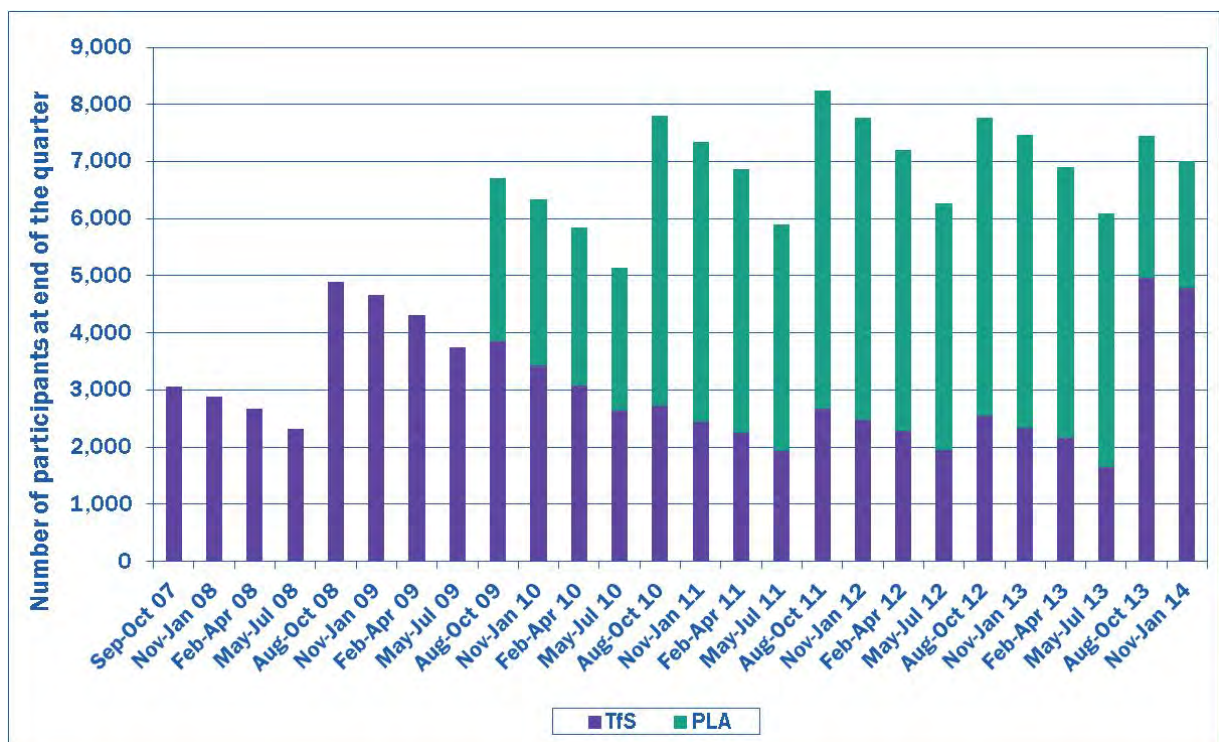

Occupancy

Figure 2 shows the number of participants on programme on the last Friday of each quarter. From September 2007 to July 2009, Figure 2 shows the number of participants on Training for Success only; from the quarter commencing August 2009 onwards, the number on Training for Success and Programme-Led Apprenticeships is combined.

Between the quarters ending October 2007 and July 2009, Figure 2 shows that the number of participants on TfS (at the end of the quarter) increased by 23%, peaking in the quarter ending October 2008. This coincided with the commencement of the new options available from the beginning of September 2008, namely Skills for Your Life, Skills for Work and Pre-Apprenticeships '08.

Figure 2 shows that between the quarters ending October 2009 and January 2014, the number of participants on TfS and PLA combined (at the end of the quarter) increased from 6,715 to 7,008 (4%), peaking in the quarter ending October of each year. This coincides with the fact that the main intake for participants, who are school leavers, is in September each year.

Figure 2: All participants on Training for Success and Programme-Led Apprenticeships (September 2007 to January 2014) ⁽¹⁾ ⁽²⁾

Notes:

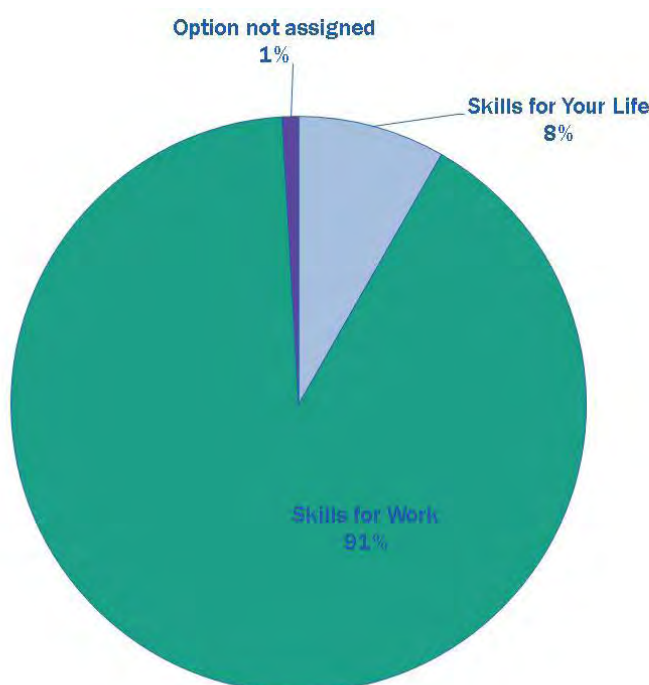

- (1) In September 2009, Programme-Led Apprenticeships replaced the Pre-Apprenticeships option which was suspended in June 2009 for new participants.
- (2) With the introduction of TfS (2013) from June 2013, PLA has been set aside.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

At the end of January 2014, there were a total of 4,790 participants on Training for Success and 2,218 on Programme-Led Apprenticeships. Of the 4,790 participants on Training for Success, **Figure 3** shows that over nine tenths of participants were on Skills for Work (4,350). This was followed by 8% on Skills for Your Life. Less than one per cent (44) of participants were on option not assigned, i.e. the option has not been recorded by the Supplier. The number of participants on option not assigned is most likely due to the fact that the participant has not been on programme long enough to complete their initial 12 week assessment period and establish which Option they should be on.

It is only when this initial assessment has been completed that participants are allocated to a particular programme strand. Participants joining the Training for Success programme after 28th June 2013 do so under the terms of a new contract. The award of this contract introduces the Skills for Work Levels 2 and 3 strands along with new design features across all strands.

Figure 3: All participants on Training for Success by option (January 2014)^{(1) (2)}

Notes:

(1) In September 2009, Programme-Led Apprenticeships replaced the Pre-Apprenticeships option which was suspended in June 2009 for new participants.

(2) 'Option not assigned' includes those participants for whom an option has not been recorded by the Supplier.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

See [Section 2](#) of Part A Statistical Tables for further information on Training for Success and [Section 2](#) of Part B Statistical Tables for more information on Programme-Led Apprenticeships. [Section 2](#) includes breakdowns by equality groups and geography as well as subject area (framework) for Programme-Led Apprenticeships.

Leavers

Between the academic years 2007/08 and 2013/14 (up to 31st Jan '14), 20,676 participants left Training for Success. **Figure 4** shows that the number of leavers from Training for Success increased between 2007/08 and 2008/09, whilst from 2009/10 onwards the number of leavers decreased each year until 2012/13, when the number of leavers increased again slightly. Looking at the number of leavers combined for Training for Success and Programme-Led Apprenticeships in 2009/10, 2010/11, 2011/12 and 2012/13, **Figure 4** shows that this number has increased each year.

Since the Programme-Led Apprenticeships programme began in September 2009, 12,820 participants have left the programme.

Figure 4 shows that in the most recent academic year, 2013/14 (up to 31st Jan '14), 4,815 participants have left Training for Success and Programme-Led Apprenticeships combined.

Figure 4: Training for Success and Programme-Led Apprenticeship Leavers (2007/08 to 2013/14) ⁽¹⁾ ⁽²⁾

Notes:

- (1) In September 2009, Programme-Led Apprenticeships replaced the Pre-Apprenticeships option which was suspended in June 2009 for new participants.
- (2) With the introduction of TFS (2013) from June 2013, PLA has been set aside.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

See [Section 3](#) of Part A Statistical Tables for further information on Training for Success and [Section 3](#) of Part B Statistical Tables for more information on Programme-Led Apprenticeships.

Main Outcomes

Skills for Your Life Outcomes

Between the academic years 2008/09 and 2013/14 (up to 31st Jan '14), 3,066 participants left Skills for Your Life. Of these, 64% gained a qualification and 29% progressed. 'Progressed' refers to those participants who move to the next option within TfS, those who move to Further Education and also includes those participants who move into employment immediately on finishing the programme, which is sustained for 13 weeks and for which output related funding is paid. It is possible for a participant to gain a qualification and then progress. Just over a third (34%) of leavers neither gained a qualification nor progressed. **Figure 5** shows the breakdown of outcomes of leavers from Skills for Your Life in each academic year.

Figure 5 shows that for Skills for Your Life there was an increase of 16 percentage points in the percentage of leavers gaining a qualification between 2009/10 and 2010/11, with the figure remaining around this level in 2011/12, 2012/13. 2013/14 (up to 31st Jan '14) has seen a decrease, to 62%, in the number of leavers gaining a qualification. Data for 2008/09 have to be viewed in the light of this being the first year of the programme, thus many participants had not yet reached the point of leaving or progressing. During the period 2009/10 to 2012/13, the percentage of leavers progressing rose from 19% to 43%.

In the most recent academic year, 2013/14 (up to 31st Jan '14), the proportion of those leaving and gaining a qualification was 62%, whilst 29% progressed. Thirty-seven per cent of leavers (161) did not gain a qualification or progress.

Figure 5: Outcomes of leavers from Skills for Your Life (2008/09 to 2013/14) ⁽¹⁾ ⁽²⁾

Notes:

- (1) It should be noted that a participant may gain a qualification before progressing.
- (2) 'Progressed' refers to those participants who move to the next option within TfS, those who move to Further Education and also includes those participants who move into employment immediately on finishing the programme, which is sustained for 13 weeks and for which output related funding is paid.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

Skills for Work Outcomes

Between the academic years 2008/09 and 2013/14 (up to 31st Jan '14), 9,314 participants left Skills for Work. Of these, 67% gained a qualification and 33% progressed. Over three tenths of leavers neither gained a qualification nor progressed. **Figure 6** shows the breakdown of outcomes of leavers from Skills for Work in each academic year.

Figure 6 shows that in the period 2009/10 to 2011/12, for Skills for Work the proportion of leavers gaining a qualification was relatively constant at about 70-72%. During the same period, the percentage of leavers progressing varied between 33% and 37%.

In the most recent academic year, 2013/14 (up to 31st Jan '14), the proportion of those leaving and gaining a qualification was 56%, whilst 23% progressed. Forty four percent (703) did not gain a qualification or progress.

Figure 6: Outcomes of leavers from Skills for Work (2008/09 to 2013/14) ⁽¹⁾⁽²⁾

Notes:

(1) It should be noted that a participant may gain a qualification before progressing.

(2) 'Progressed' refers to those participants who move to the next option within TFS, those who move to Further Education and also includes those participants who move into employment immediately on finishing the programme, which is sustained for 13 weeks and for which output related funding is paid.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

See [Section 4](#) of Part A Statistical Tables for further information on outcomes gained by participants on Training for Success.

Programme-Led Apprenticeships Outcomes

Between the academic years 2009/10 and 2013/14 (up to 31st Jan '14), 12,820 participants left Programme-Led Apprenticeships. Of these, 29% gained a Full Framework.

Figure 7 shows that the percentage of leavers achieving a Full Framework has increased each year since 2009/10. In the most recent academic year, 2013/14 (up to 31st Jan '14), the proportion of those leaving and gaining a Full Framework was 48%.

Figure 7: Full Frameworks achieved by leavers from Programme-Led Apprenticeships (2009/10 to 2013/14) ⁽¹⁾

Notes:

(1) With the introduction of Tfs (2013) from June 2013, PLA has been set aside.

Source: Data extracted from the Department's Client Management System on 25th April 2014.

See [Section 4](#) of Part B Statistical Tables for more information on outcomes gained by participants on Programme-Led Apprenticeships.

NOTES TO READERS

1. TfS Eligibility

A person eligible to enter TfS is as follows:

- one who has attained the minimum school leaving age;
- one who is under 18 years of age and unemployed;
- one who has a disability, is under 22 years of age and is unemployed; or
- one who is in the category of “young people who qualify under the Children (Leaving Care) Act (NI) (2002)”, is under 24 years of age and is unemployed.

2. TfS Programme Design

From September 2007 to September 2008, TfS was delivered through four options – Employability Skills, Personal Development, Skills for Work Level 1 and Pre-Apprenticeships. This was revised in 2008 to three options – Skills for Your Life, Skills for Work and Pre-Apprenticeships. However, due to the economic downturn, Training for Success is currently delivered through Options 1 and 2, with the Pre-Apprenticeship option suspended and replaced by Programme-Led Apprenticeships. Programme-Led Apprenticeships (PLA) had been introduced from 7 September 2009 in response to the then economic downturn, so that Northern Ireland would continue to develop and retain skills in preparation for the economic upturn. PLA replaced the Pre-apprenticeships option, which was set aside from 23 June 2009. With the introduction of TfS (2013), PLA has now been set aside.

Training for Success 2013 (TfS 2013) is designed to enable participants to progress to higher level training or employment by providing training to address personal and social development needs; develop occupational and employability skills; and develop the Essential Skills of Literacy, Numeracy and Information and Communications Technology (ICT), where appropriate. It is delivered through four strands, each of which comprises a common curriculum of Essential Skills, personal and social development, employability skills, and professional and technical skills, as follows:

- Skills for Your Life** – to address the personal and development needs of young people who have disengaged from learning and/or have significant barriers to education, training or employment including Essential Skills needs. It is designed to address the need for more focused provision for the significant minority of young people for whom Skills for Work is not suitable.
- Skills for Work Level 1** – to help young people gain skills and qualifications at Level 1, to be able to gain employment, to progress to Skills for Work Level 2 or ApprenticeshipsNI.
- Skills for Work Level 2** – to ensure that those participants who have been assessed as capable of achieving at Level 2, but who have not yet secured employment, are prepared for future progression to an apprenticeship.

- iv. **Skills for Work Level 3** – To ensure that those participants who have successfully completed the Skills for Work Level 2 strand but have not yet progressed to employment can develop Level 3 knowledge and skills.

3. PLA

With the introduction of Training for Success 2013, PLA has now been set aside.

Further detail on the programme can be viewed in the Operational Guidelines published at <http://www.nidirect.gov.uk/programme-led-apprenticeship-operational-guidelines-october-2011.pdf>.

The current frameworks can be found by following the link: [Current Frameworks](#).

4. Source of Data

Clients' details are recorded on the Department's Client Management System (CMS) which is installed in Jobcentre/Jobs & Benefits offices throughout Northern Ireland. This is an IT system which is used to facilitate the interface with the Department's customers. It maintains a basic client record; allows the preferred occupation stated by clients to be matched against suitable vacancies; records actions such as interviews, referrals to training opportunities, placing into jobs etc. In particular, it has been significantly enhanced to record Training for Success / Programme-Led Apprenticeship specific actions, and certain permitted data fields are populated automatically whenever Training Suppliers update their records on the Trainee Management System software.

The relevant data are extracted from CMS each month to form the Training for Success / Programme-Led Apprenticeships Database maintained by the Department's Programme Information and Analysis Branch (PIAB) within Analytical Services. The data for this Bulletin were extracted from CMS on 25th April 2014. The data presented are derived from the Training for Success / Programme-Led Apprenticeships database.

5. Definitions

The following notes explain the definitions underlying the data presented in this Statistical Bulletin except where these are self-explanatory – e.g. sex.

Participant: A participant is defined for statistical purposes as an individual on Training for Success / Programme-Led Apprenticeships. An individual can participate on Training for Success / Programme-Led Apprenticeships more than once.

Starts: Refers to the number of participants starting Training for Success / Programme-Led Apprenticeships who are on provision for more than 28 days and excludes Rejoins.

Occupancy: Refers to the total number of participants on the programme/provision at a particular point in time. Occupancy figures relate to those participants on provision on the last Friday of the quarter.

Leavers: Refers to the number of participants leaving Training for Success / Programme-Led Apprenticeships who are on provision for more than 28 days and excludes Rejoins.

Rejoin: Refers to a participant who leaves a programme but later returns to the same programme, at the same level, on the same Option / Framework, regardless of the Training Supplier they return to.

Academic year: Refers to 1st August to 31st July.

National Vocational Qualification (NVQ): A nationally recognised competence based vocational qualification demonstrating practical and theoretical knowledge in an occupation area at a pre-set standard.

Full Framework: All the required elements of an Apprenticeship including the relevant NVQ and Technical Certificate if applicable and Essential Skills if applicable.

Technical Certificate: recognised at national level for inclusion in the Apprenticeship Framework, provide apprentices with the underpinning knowledge of their occupational area, which is vitally important if they are to progress in their chosen careers.

Progressed: Includes those participants who move to the next option within TfS, those who move to Further Education and those who move into employment immediately on finishing the programme, which is sustained for 13 weeks for which output related funding is paid. The Department is currently in the process of carrying out a leavers' survey.

Option not assigned: Includes those participants for whom an Option has not been recorded by the Supplier. This is most likely due to the fact that the participant has not been on programme long enough to complete the initial 12 week assessment period and establish which Option they should be on.

Background: The Department records information reported by the participant, who may indicate if they are from a Catholic, Protestant or Other background. Participants who do not respond are classified as Not Known.

Ethnic Origin: The Department records ethnic origin as reported by the participant under the following categories - Bangladeshi, Black-African, Black-Caribbean, Black-Other, Chinese, Indian, Irish Traveller, Malaysia, Mixed, Pakistani, Vietnam, White, Other or Unknown. For statistical purposes ethnic origin is reported in this publication as White, Non White and Not Known. The 'Non White' figures quoted are those clients who record their ethnic origin as other than White.

Dependants: The Department records the number of dependants as reported by the participant. Each participant is asked to indicate (yes or no) if they have any dependants. By dependants the Department means that they are the main carer for a child (aged 16 or under), a person with a disability or an elderly person.

Marital Status: The Department records marital status background information as reported by the participant, who is asked if they are married, living with a partner, single (never married), separated, divorced or widowed. For statistical purposes marital status is

reported in this publication as Single, Married/Co-Habiting, Widowed/Separated/Divorced and Not Known.

People with a disability: The Department records disability as self-assessed by the participant. A participant is asked to indicate (yes or no) if they have a disability according to the following definition:

A person has a disability if he/she has a 'physical or mental impairment which has a substantial and long term adverse effect on his/her ability to carry out normal day to day activities'.

If the participant indicates 'yes' they are asked to provide further details.

Note: In each of the equality categories above, an answer of 'Not Known' may occur – this is where no data have been recorded by the Department and the information is not known.

6. Revisions

Over time, as more information becomes available, estimates can be revised to improve quality and accuracy, which will provide a better picture of that being measured. The programme dynamics of Training for Success / Programme-Led Apprenticeships may lead to the revision of published statistics as described in the previous section. In addition there may be a lag in recording some information on the administrative system and therefore statistics may be updated in future to improve accuracy.

7. Quality Measures

Relevance: This Statistical Bulletin has been drafted following consultation with customers. The key customers within Government use the data to monitor performance of the programme and consider operational impacts of delivering the programme. There is ongoing interaction with users to ensure the data are still relevant to meet their needs.

Accuracy: The statistics included are representative of the administrative database (CMS) at the time of data extraction. The administrative system has in-built validation checks to minimise user error and can be interrogated to assess data quality and cross check statistics. Validation checks are also carried out on the Training for Success / Programme-Led Apprenticeships database. A small number of erroneous records are excluded from the Training for Success / Programme-Led Apprenticeships database.

Timeliness and Punctuality: Data in this Bulletin include all those participants who commenced Training for Success / Programme-Led Apprenticeships on or before the 31st January 2014. The time gap between this date and the publication date is due to a lag of three months that must be left before data can be extracted from CMS, along with time taken to complete validation and processing. The publication schedule for the Department for Employment and Learning can be accessed via the following link:

[Statistics Publication Schedule.](#)

Accessibility and Clarity: This Statistical Bulletin is part of a regular series published by the Department for Employment and Learning. The Bulletin is published on a quarterly basis. It is available on the Department's website and is free of charge. The Bulletin includes tables, text and charts. The Bulletin is available in other formats upon request.

Comparability: The Bulletin provides data by academic year and by quarter since the Training for Success / Programme-Led Apprenticeships programmes were introduced in Northern Ireland to enable comparisons over time. When methodological changes or other effects such as programme changes are made, every effort is made to ensure that all previous data are amended to make them directly comparable.

PART A – TRAINING FOR SUCCESS STATISTICAL TABLES

SECTION 1: TRAINING FOR SUCCESS STARTS	19
Table 1.1 Training for Success starts by sex (2007/08 to 2013/14)	19
Table 1.2a: Training for Success 2008 starts by option (2007/08 to 2013/14)	20
Table 1.2b: Training for Success 2013 starts by option (2012/13 to 2013/14)	20
SECTION 2: OCCUPANCY ON TRAINING FOR SUCCESS	21
