# 1. Introduction

This user guide is directed at schools and local authorities and is intended to offer support to aid understanding of how the funding reports should be interpreted and figures checked.

The information in the guide is aimed specifically at the data collected via the school census and consequently will focus on the use of COLLECT reports to check and verify the data from the school census 2015 which will feed into the deprivation, service child and adopted from care elements of the pupil premium allocation. The looked after children element of the pupil premium will be allocated based on the local authority SSSDA903 return and is therefore excluded from this user guide.

The calculation of pupil premium allocations based on the spring 2015 census data makes it more important than ever that the census data for schools are submitted promptly and accurately for all data providers. The spring census data will be used to finalise pupil premium allocations, and therefore it is vitally important that you are content with the accuracy of your schools' returns before passing them on to the department and that they are returned by the prescribed timescales.

Data will be made available for your confirmation prior to the pupil premium allocations being finalised. This will be done via the reports section in COLLECT which will allow schools and local authorities to run their own funding reports from the school census COLLECT blade.

## 2. Pupil premium for the financial year 2015 to 2016

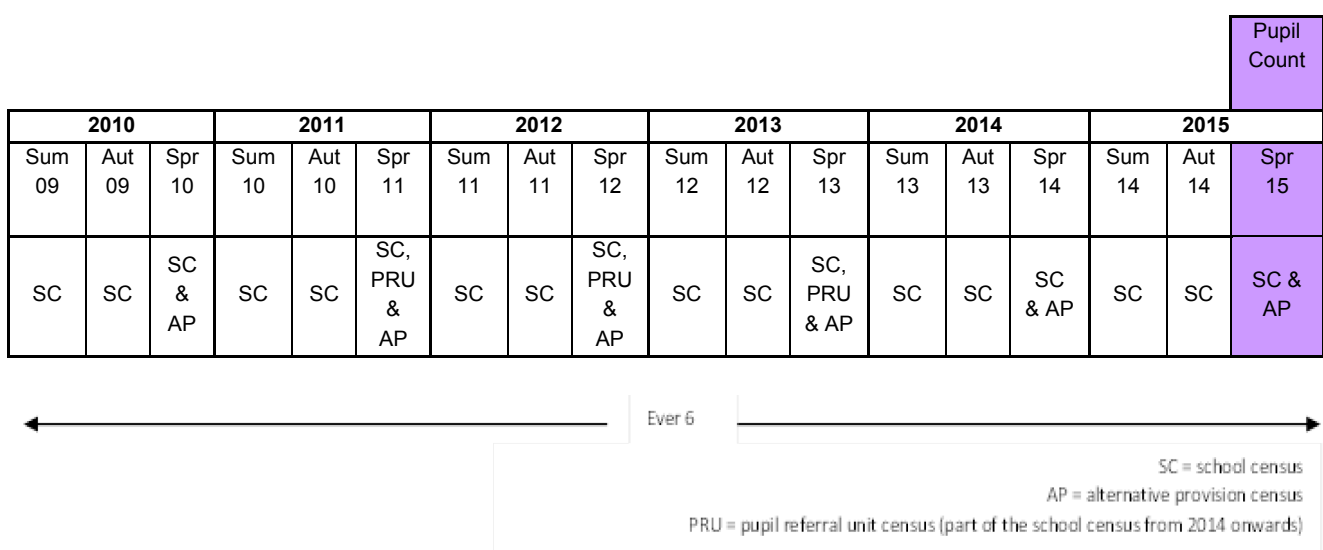

### 2.1 Cohort of eligible pupils

All only pupils aged 4 and above at 31 August 2014 in reception to year 11 (or aged 4 to 15 where national curriculum does not apply) in local authority maintained primary, secondary and special schools, CTCs, all academies (including free schools) and PRUs (including AP academies and AP free schools) who are known as service children ever, FSM ever or pupils recorded on the school census as adopted from care, leaving care under a special guardianship order, a residence order or a child arrangement order will be eligible for the pupil premium.

Funding pupil numbers will be calculated on the same basis as those for the dedicated schools grant taking into account the duplicate report (funding for unresolved duplicate UPNs will be halved). As with the dedicated schools grant, pupils whose registration status is 'C', 'M', 'F' and 'O' from the school census are included (although 'F' and 'O' enrolment status are only relevant to PRUs) and all pupils will be counted as 1 FTE irrespective of the full time / part time status or funded hours recorded on the census although, as in previous years, the funding will still be split between any unresolved duplicate UPNs.

### 2.2 Deprivation pupil premium

The 2015 to 2016 deprivation pupil premium will be allocated to those pupils on roll in January 2015 that are known to have been eligible for free school meals (FSM) on any pupil level census since Summer 2009 (known as FSM ever 6). Full details of the collections included are provided in the diagram below:

This historical eligibility will be determined centrally by the department by using the national pupil database (NPD) to map on the history of FSM eligibility for each pupil on roll

in the January collections to determine the actual numbers of 'Ever FSM' pupils eligible for the pupil premium.

As the final deprivation pupil premium allocation will be calculated by the department in the national pupil database after completion of the spring 2015 census, it is not possible to provide a COLLECT report during the live census collection period containing details of the FSM ever 6 pupil numbers for a particular school or local authority. Consequently the COLLECT FSM report will only include those pupils reported with a period of FSM eligibility on the spring 2015 school census. Any pupils without any periods of FSM eligibility, based on the 2015 census, who have previously been known to be FSM eligible will not be shown in this report but will be funded by the department.

## 2.3 Service child pupil premium

For 2015 to 2016 the service child pupil premium will be based on pupils recorded on roll in the January 2015 school census who are either:

- recorded as a service child in either January 2011, January 2012, January 2013, January 2014 or January 2015; or
- in receipt of a War Pension Scheme (WPS) or Armed Forces and Reserve Forces Compensation Scheme (AFCS) pension from the Ministry of Defence (MoD) as a result of injury, illness or death caused by Service\*

\* the figures for children in receipt of a WPS or AFCS pension from the MoD have been derived by the matching of a list of eligible pupils from the MoD into the national pupil database (NPD) based on the pupil name, d.o.b and address held by the MoD. Hence only pupils where we have been able to obtain a successful match to a record in the NPD have been included.

The extension of the service child pupil premium outlined above will not affect the data required from schools via the 2015 census collections as data providers will only be expected to return those pupils **currently classed as service children as at census day** (15 January 2015). The department will then use the information already available via national pupil database and Ministry of Defence child pension data to determine the actual numbers of pupils eligible for the service child premium.

As the final service child pupil premium allocation will be calculated by the DfE in the national pupil database after completion of the spring 2015 census it is not possible to provide a COLLECT report during the live census collection period containing details of the service child ever pupil numbers for a particular school or local authority. Consequently the COLLECT service child report will only include those pupils currently reported as a service child on the spring 2015 school census. Any pupils not currently service children, based on the 2015 census, who have previously been in receipt of the service child premium will not

be shown in this report but will be funded by the department (similarly any pupils in receipt of a pension from the MoD will be excluded from this report).

## **2.4 Adopted from care pupil premium**

The adopted from care pupil premium will be paid to those pupils on roll on the spring school census who were looked after immediately before adoption as well as those who left care on a special guardianship order (SGO), residence order (RO) or child arrangement order (CAO).

## 3. COLLECT funding reports

### 3.1 What pupil premium reports are available?

There will be four reports available for each local authority:

- Local authority level funding report for deprivation pupil premium [see [Annex A](#) for layout and content]
- Local authority level funding report for service child pupil premium [see [Annex B](#) for layout and content]
- Local authority level funding report for adopted from care pupil premium [see [Annex C](#) for layout and content]
- Local authority school level funding report for pupil premium (containing a list of all schools and PRUs in the LA) [see [Annex D](#) for layout and content]

There will also be one report available for each individual school and PRU [see [Annex E](#) for layout and content].

For the local authority reports there will be two versions of each report available:

- funding report run against approved data - this version of the funding report will be run to include data from schools whose return status is 'approved' or above and will therefore reflect the data which will be used in your pupil premium allocation as the department will only fund based on data which has been approved by local authorities.
- funding report run against data all loaded data - this version of the funding report will be identical in format to the funding report run against 'approved' data but will include all loaded data from schools in your local authority.

The report for individual schools and PRUs will be available as soon as the data has been loaded onto COLLECT.

Due to the volatility of the data at the loaded and submitted stage, local authorities should not contact the department with queries regarding discrepancies in the data contained in your funding report until the returns are at the 'approved' stage.

### 3.2 How should these reports be used?

These reports will contain a summary of the numbers of pupils reported on the 2015 school census with either:

- a period of FSM eligibility since the previous census;

- recorded as a service child on census day;
- recorded with an adopted from care value of either
  - code A - ceased to be looked after through adoption,
  - code G - ceased to be looked after through a special guardianship order (SGO),
  - code R - ceased to be looked after through a residence order (RO) or
  - code C – ceased to be looked after through a child arrangement order (CAO).

As these reports relate purely to the data submitted as part of the spring 2015 school census, checking of these reports will help to ensure no errors have been made in the submission of the 2015 census.

It is essential that these reports are **checked and verified in conjunction with finance officers** in advance of the spring database closing to amendments from schools and local authorities on **11 March 2015**. Amendments to the database will not be possible after this date and, consequently, this will be your only opportunity to contest your pupil numbers.

### 3.3 How often are the funding reports updated?

The funding reports should be updated on a daily basis and will be run taking into account the duplicates report. As with the duplicates report, the funding report will not be 'live' but on any given day will reflect the position from COLLECT as at close the previous working day.

### 3.4 Queries with the funding report

If you have any queries specifically related to the use of school census data for school funding (eg. DSG, pupil premium and COLLECT funding reports) which are not covered by the information in the associated user guide then please email:

[Funding.CENSUS@education.gsi.gov.uk](mailto:Funding.CENSUS@education.gsi.gov.uk).

**Funding FTEs for the Pupil Premium are calculated on the same basis as the FTEs for the Dedicated Schools Grant (Schools Block).**

**NOTES**

1. A headcount of pupils with registration status 'C', 'M', 'F' or 'O' are included ('F' and 'O' are only applicable to PRUs).
2. Only periods of FSM eligibility in English schools are funded via the Pupil Premium and therefore any periods with UKcountry = 'SCT' (Scotland), 'WLS' (Wales) or 'NIR' (Northern Ireland) are excluded from this report.
3. The mainstream academies column includes mainstream academies of all types (excluding special academies) as well as mainstream Free Schools, Studio Schools and UTCs (does not include Alternative Provision Academies or Alternative Provision Free Schools).
4. The non-mainstream academies column includes special academies as well as AP Academies and AP Free Schools.
5. Pupils not following the National Curriculum are said to be in NC year X.

## ANNEX B – LA LEVEL SERVICE CHILD REPORT: PUPILS MEETING CRITERIA FOR THE PUPIL PREMIUM AND RECORDED AS A SERVICE CHILD ON THE 2015 SPRING CENSUS

**Please Note:** Only pupils reported as a Service Child on census day (i.e. 15 January 2015) via the School Census will be included in this report. The 2015-16 Service Child Pupil Premium will be provided to all pupils recorded in the 2015 Census who are either:

- recorded as a Service Child in a pupil level census (School Census, PRU Census and AP Census) in either January 2011, January 2012, January 2013, January 2014 or January 2015; or
- in receipt of a War Pension Scheme (WPS) or Armed Forces and Reserve Forces Compensation Scheme (AFCS) pension from the Ministry of Defence (MoD) as a result of injury, illness or death caused by Service.

and therefore the pupil numbers in this report will only indicate the minimum Pupil Premium funding available based on the 2015 January Census data only. Any pupils not currently Service Children, based on the 2015 Census, who have previously been in receipt of the Service Child Premium will not be shown in this report but will be funded by the DfE (similarly any pupils in receipt of a pension from the MoD will be excluded from this report).

## ANNEX D – LA SCHOOL LEVEL FUNDING REPORT FOR PUPIL PREMIUM

### Please Note:

a.) Only pupils reported with a period of FSM eligibility on the School Census will be included in this report. The 2015-16 Deprivation Pupil Premium will be provided to all pupils that have ever been recorded as FSM eligible in any pupil level census (School Census, PRU Census and AP Census) during the previous 6 years (known as FSM Ever 6) and therefore the pupil numbers in this report will only indicate the minimum Pupil Premium funding available based on January 2015 School Census data only (a separate report is available on the AP Census COLLECT blade). Any pupils without any periods of FSM eligibility, based on the 2015 Census, who have previously been known to be FSM eligible will not be shown in this report but will be funded by the DfE.

b.) Only pupils reported as a Service Child on census day (i.e. 15 January 2015) via the School Census will be included in this report. The 2015-16 Service Child Pupil Premium will be provided to all pupils recorded in the 2015 Census who are either:

- recorded as a Service Child in a pupil level census (School Census, PRU Census and AP Census) in either January 2011, January 2012, January 2013, January 2014 or January 2015; or
- in receipt of a War Pension Scheme (WPS) or Armed Forces and Reserve Forces Compensation Scheme (AFCS) pension from the Ministry of Defence (MoD) as a result of injury, illness or death caused by Service.

and therefore the pupil numbers in this report will only indicate the minimum Pupil Premium funding available based on the 2015 January Census data only. Any pupils not currently Service Children, based on the 2015 Census, who have previously been in receipt of the Service Child Premium will not be shown in this report but will be funded by the DfE (similarly any pupils in receipt of a pension from the MoD will be excluded from this report).

Funding pupil numbers for the Pupil Premium are calculated on the same basis as the FTEs for the Dedicated Schools Grant (Schools Block).

### Notes

1. A headcount of pupils with registration status 'C', 'M', 'F' or 'O' are included ('F' and 'O' are only applicable to PRUs).
2. Only periods of FSM eligibility in English schools are funded via the Pupil Premium and therefore any periods with UKcountry = 'SCT' (Scotland), 'WLS' (Wales) or 'NIR' (Northern Ireland) are excluded from this report.
3. Pupils not following the National Curriculum are said to be in NC year X.
4. If the establishment is a Maintained Primary or Secondary school the pupil premium will be based on this number of pupils (plus any FSM/Service Child Ever pupils not covered by this report) and will be delegated directly to the school. If the establishment is an mainstream Academy, the pupil premium will be based on this number of pupils (plus any FSM/Service Child Ever pupils not covered by this report) and the LA will pass on to the EFA to delegate directly to the Academy. If the establishment is a Non Mainstream school (i.e. Maintained Special School, PRU, special academy, AP Academy or AP Free School), the pupil premium will be based on this number of pupils (plus any FSM/Service Child Ever pupils not covered by this report) and will be centrally retained by the LA, who decide how best to allocate the funding.

## ANNEX E – INDIVIDUAL SCHOOL LEVEL FUNDING REPORT FOR PUPIL PREMIUM

**Please Note:** Only pupils reported with a period of FSM eligibility on the School Census will be included in this report. The 2015-16 Deprivation Pupil Premium will be provided to all pupils that have ever been recorded as FSM eligible in any pupil level census (School Census, PRU Census and AP Census) during the previous 6 years (known as FSM Ever 6) and therefore the pupil numbers in this report will only indicate the minimum Pupil Premium funding available based on January 2015 School Census data only (a separate report is available on the AP Census COLLECT blade). Any pupils without any periods of FSM eligibility, based on the 2015 Census, who have previously been known to be FSM eligible will not be shown in this report but will be funded by the DfE.

**Please Note:** Only pupils reported as a Service Child on census day (i.e. 15 January 2015) via the School Census will be included in this report. The 2015-16 Service Child Pupil Premium will be provided to all pupils recorded in the 2015 Census who are either:

- recorded as a Service Child in a pupil level census (School Census, PRU Census and AP Census) in either January 2011, January 2012, January 2013 January 2014 or January 2015; or
- in receipt of a War Pension Scheme (WPS) or Armed Forces and Reserve Forces Compensation Scheme (AFCS) pension from the Ministry of Defence (MoD) as a result of injury, illness or death caused by Service.

and therefore the pupil numbers in this report will only indicate the minimum Pupil Premium funding available based on the 2015 January Census data only. Any pupils not currently Service Children, based on the 2015 Census, who have previously been in receipt of the Service Child Premium will not be shown in this report but will be funded by the DfE (similarly any pupils in receipt of a pension from the MoD will be excluded from this report).

### Total (headcount)

0.00

= g + h

Funding pupil numbers for the Pupil Premium are calculated on the same basis as the FTEs for the Dedicated Schools Grant (Schools Block).

### Notes

1. A headcount of pupils with registration status 'C', 'M', 'F' or 'O' are included ('F' and 'O' are only applicable to PRUs).
2. Pupils not following the National Curriculum are said to be in NC year X.
3. Only periods of FSM eligibility in English schools are funded via the Pupil Premium and therefore any periods with UKcountry = 'SCT' (Scotland), 'WLS' (Wales) or 'NIR' (Northern Ireland) are excluded from this report.
4. If the establishment is a Maintained Primary, Secondary or All-through school the pupil premium will be based on this number of pupils (plus any FSM/Service Child Ever pupils not covered by this report) and will be delegated directly to the school. If the establishment is an mainstream Academy, the pupil premium will be based on this number of pupils (plus any FSM/Service Child Ever pupils not covered by this report) and the LA will pass on to the EFA to delegate directly to the Academy. If the establishment is a Non Mainstream school (i.e. Maintained Special school, PRU, special academy, AP Academy or AP Free School), the pupil premium will be based on this number of pupils (plus any FSM/Service Child Ever pupils not covered by this report) and will be centrally retained by the LA, who decide how best to allocate the funding.
