For the purposes of this Annex the “Academy group” consists of all of the prescribed group of schools which have converted to become an Academy. The Academy group is:

Application of schedule A or Schedule B

2. The ballot arrangements under schedule **A** of this annex will apply to the **[Name of Academy]** until other schools from the Academy group convert to become Academies. At such time as any of **[list schools in Academies group]** convert to become Academies, the ballot arrangements under schedule **B** to this annex will apply to the **[name of Academy]**.

Proposals by the Academy Trust to remove selection

3. Where an Academy Trust for a wholly selective Academy wishes to remove the Academy’s selective admission arrangements they will follow the process set out below.

4. The Academy Trust will ballot all parents of registered pupils at the school on the question ‘are you in favour of the Academy removing selection by ability and introducing admission arrangements which admit children of all abilities?’

5. If a simple majority of parents vote to remove selection, the Academy will determine admission arrangements that do not provide for selection by ability.

8. If a ballot does not vote in favour of the removal of selection the Academy Trust must retain the Academy's selective admission arrangements.

Parental Ballots to remove selection.

9. There are three ways of removing selection at wholly selective Academies via a parental ballot: the arrangements are changed as result of a **whole area ballot**⁵, ("area ballot"), the Academy in question is subject to a **stand alone ballot**.⁶, the Academy in question is subject to a **grouped ballot**⁷.

Revisions to the annex

10. To the extent that either party to this Funding Agreement (including all Annexes) considers that the terms of this Annex do not replicate the relevant statutory provisions, so far as is possible, to apply group ballot provisions to the converted Academy (at such time as any or all of the grammar schools listed at paragraph 1 to this Annex convert to become Academies), the parties agree: to make all such amendments to this Annex as may be required in order to achieve, so far as is possible, equivalent provision for the Academy post conversion as it would have had as part of a group of grammar schools subject to a group ballot.

⁵ A "whole area ballot" has the same meaning as an "area ballot" (as defined by regulation 11(2) of the Ballot Regulations: a ballot which relates to all grammar schools within a relevant area.)

⁶ A "stand alone ballot" is a ballot which relates to a stand alone grammar school as defined in regulation 11(1)(c) of the Ballots Regulations.

Where the result of a ballot is that the Academy in a stand-alone ballot to which the ballot relates should retain selective admission arrangements, no further ballot shall be held or petition raised within the period of 5 years from the ballot result date.
