Local authority universal infant free school meals (UIFSM) capital bidding round: funding allocations

The Department for Education allocated an initial £150 million of capital funding for the 2014 to 2015 financial year to support the rollout of UIFSM. Allocations to individual local authorities, were published in December 2013, with academies able to bid to the Academies Capital Maintenance Fund (ACMF) to improve their facilities.

In October 2014, the department launched a local authority UIFSM capital bidding round to allocate limited additional capital funding, to support schools which most needed it to support the effective implementation of UIFSM. The table below contains the names of schools which were allocated funding through this bidding round and the amounts allocated. Funding was allocated in LAs' February 2015 payments.

Capital allocations following UIFSM support service recommendation and review by the Department for Education

The Children's Food Trust (CFT) and the Lead Association for Catering in Education (LACA) have been commissioned by the department to provide a UIFSM support service for schools, local authorities and caterers. During 2014-15, the service worked with a number of schools where it was clear that a capital solution was needed in order to ensure those schools could implement and sustain UIFSM. It was asked to prepare a recommendation and assessment on each of these schools which was then sent to the department for decision.

The table below contains the names of schools which were allocated funding and the amounts allocated, following UIFSM support service recommendation and review by the department.
