Enquiries about Results for GCSE and A Level: Summer 2015 exam series

Some inaccuracies in the data have come to light in our publication **Enquiries about Results for GCSE and A Level: Summer 2015 exam series**. Some inaccuracies are due to some errors in the data provided by one exam board; some are due to late amendment of submitted data from another exam board not being incorporated into the overall statistics.

This affects:

- Report and tables contained within the report: including references and commentary about qualification grade changes
- Table 3 and Table 4 in the appendix of the report as well as in the separate Excel file.

Some of the inaccuracies also affect 2012, 2013 and 2014 summer series publications of Enquiries about Results for GCSE and A Level.

We will be making amendments to the 2015 published report and will republish a corrected version as soon as possible – we anticipate this will be around 31 March 2016. The corrected data from 2012, 2013 and 2014 will also be reported in the republished version. We apologise for any confusion caused due to republishing the report.
