Summary and Key Headlines – 2015/16 First Quarter, Reported to Date

Adult (19+) Further Education and Skills 1,310,200 learners participated in government-funded adult further education in the first quarter of 2015/16.

Apprenticeship participation 626,600 funded apprentices participated on an Apprenticeship in the first quarter of 2015/16.

Apprenticeship starts There were 153,100 Apprenticeship starts in the first quarter of the 2015/16 academic year.

English and maths 533,400 adult learners participated on English and maths courses in the first quarter of 2015/16

Figures for the first quarter of 2015/16 are based on information that has been reported to the Skills Funding Agency by further education colleges and providers in December 2015. The data will change as further data returns relating to the period are received later in the year (see paragraphs 44 and 45 for more detail).

Further breakdowns of the data for the first quarter of 2015/16 are presented from page 18.

Next Update: March 2016

Coverage: England, academic year 2015/16 (and earlier)

Summary and Key Headlines – 2014/15 Final Data

Adult (19+) Further Education and Skills Participation in government-funded adult further education fell to 2,613,700 in 2014/15. The number of learners participating on Full Level 2 courses declined to 753,300 and the number on Full Level 3 courses fell to 419,900.

Apprenticeship participation In 2014/15, Apprenticeship participation increased to 871,800, the highest number on record.

Apprenticeship starts There were 499,900 Apprenticeship starts in the 2014/15 academic year, an increase of 13.5 per cent on 2013/14.

English and maths 905,600 adult learners participated on English and maths courses in 2014/15, a decrease of 4.9 per cent on 2013/14.

24+ Advanced Learning Loans There were 75,400 learners with a 24+ Advanced Learning Loan in 2014/15, an increase of 27.5 per cent on 2013/14.

Traineeships There were 19,400 Traineeship starts in 2014/15, an increase of 86.3 per cent on 2013/14.

Community Learning In 2014/15, there were 609,700 adult learners participating on a Community Learning course, a decrease of 7.2 per cent on 2013/14.

Offender Learning There were 101,600 offenders aged 18 and over in the prison system participating in learning in 2014/15, an increase of 6.6 per cent on 2013/14.

Key Definitions

Further Education (FE and Skills) includes: learners who are studying a course in a FE College, training provider or within their local community; and employees undertaking an Apprenticeship or other qualification in the workplace.

Apprenticeships are paid jobs that incorporate on- and off-the-job training leading to nationally recognised qualifications. As an employee, Apprentices earn as they learn and gain practical skills in the workplace.

Further key definitions can be found in the **Glossary** at page 22

In this release

This **Statistical First Release (SFR)** presents information on:

- Adult (aged 19+) government-funded Further Education (excluding schools and Higher Education) comprising:
 - Education and training, including Offender Learning (18+)
 - Apprenticeships
 - English and maths
 - Community Learning
 - Employer Ownership Pilots
 - 24+ Advanced Learning Loans
 - Traineeships (16-24)
- All age (16+) Apprenticeships in England.
- The highest level of qualification held by adults (aged 19 to 64) in England calculated from Labour Force Survey (LFS) data.

Final data are presented for Further Education and Apprenticeships between 2010/11 and 2014/15. In-year data for 2015/16 are presented for the first time, based on information returned to the Skills Funding Agency so far by further education providers (See paragraphs 44 to 45).

Highest levels of qualification data are presented from 2008 to 2014, although 2014 figures are provisional and subject to revisions.

The technical problems with the system used by **Employer Ownership Pilot** (EOP) projects to submit their learner data have not yet been resolved. As a result, the 2014/15 EOP numbers in this release are provisional and are unchanged from the numbers released in the October 2015 and November 2015 SFRs. In-year EOP figures for 2015/16 are not yet available.

The EOP data collection is small in comparison to the ILR (the main source for the SFR) and changes to EOP between the provisional full year and final year collection are also likely to be small. Therefore, using the provisional EOP figures in this publication will have a minor impact on the following tables which include EOP data:

- **Tables 1.1, 1.2 and 17:** Adult (19+) FE and Skills Participation/Achievement by Level
- **Table 2 and 20:** All Age Apprenticeship Participation by Level and Age
- **Table 3 and 19:** Adult (19+) Education and Training by Level
- **Table 4 and 18:** Adult (19+) FE and Skills – English and Maths
- **Table 5:** Adult (19+) Demographic Summary of FE and Skills Participation
- **Table 6:** All Age Demographic Summary of Apprenticeship Participation
- **Tables 7.1, 7.2 and 21.1, 21.2:** All Age Apprenticeship Starts/Achievements
- **Tables 8.1, 8.2 and 23.1, 23.2:** Workplace Learning Starts/ Achievements by Level
- **Table 12.1 – 12.3 and 27.1-27.3:** Traineeship Starts, Completions and Progressions
- **Table 28:** Employer Ownership Pilot starts

The Skills Funding Agency is working to resolve the EOP issues and we will provide a further update later in the year. Final EOP numbers will be published once reliable data are available.

Further Education Statistics for England, 2014/15

Adult Attainment in the Population

1. Having a skilled population is vital to maintaining the international competitiveness of our economy and creating high quality jobs. Improving our skills does not just improve our economy; it also has the potential to make the UK a fairer place by creating more social mobility and enabling people to play their part in society.
2. Labour Force Survey data are used to measure the highest qualification levels of the working age population in England, where Level 2 equates to achievement of 5 or more GCSEs at grades A*-C or equivalent qualifications, Level 3 equates to achievement of 2 or more A-levels or equivalent qualifications, and Level 4 and above to higher education and degree level qualifications. See <https://www.gov.uk/what-different-qualification-levels-mean/compare-different-qualification-levels> for more information.
3. Provisional data for 2014 show that for men and women aged 19 to 64 [Table 14]:
 - 81.0 per cent were qualified to at least Level 2
 - 62.6 per cent were qualified to at least Level 3
 - 41.0 per cent were qualified to at least Level 4
4. Chart 1 shows that the proportion of men and women qualified to each of Level 2, 3 and 4 have risen each year between 2008 and 2014:
 - from 73.2 per cent in 2008 to 81.0 per cent in 2014 qualified to at least Level 2
 - from 54.3 per cent in 2008 to 62.6 per cent in 2014 qualified to at least Level 3
 - from 34.2 per cent in 2008 to 41.0 per cent in 2014 qualified to at least Level 4
5. Data on the highest level of qualification was revised in late 2014 following a reweighting of the Labour Force Survey (LFS) that affects figures from 2001 onwards.

Adult Learner (19+) Participation and Achievement

6. Chart 2 shows that the total number of adult learners participating in government-funded further education in 2014/15 was 2,613,700, a decrease of 10.8 per cent on 2013/14 [Table 1.1]. The total number of adult learners achieving a government-funded further education qualification was 1,983,200 in 2014/15, a decrease of 12.4 per cent on 2013/14.

Chart 2: Adult Learner (19+) Participation and Achievement in Government-funded Further Education¹

7. Chart 3a shows that the number of adult learners participating on government-funded further education Level 2 courses decreased between 2010/11 and 2014/15 with a 10.2 per cent decrease seen in the most recent year. The number participating in full Level 2 courses fell by 12.7 per cent between 2013/14 and 2014/15.
8. The number of adult learners participating in Level 3 courses fell by 7.4 per cent between 2013/14 and 2014/15. Participation in full Level 3 courses fell by 4.4 per cent in the same period.
9. The number of adult learners participating in below Level 2 courses (excluding English and maths) declined sharply in 2014/15 to 597,300 (a decrease of 21.4% from 2013/14), while the number participating in English and maths fell by 4.9 per cent between 2013/14 and 2014/15 to 905,600. There was an increase in the number of learners participating on Level 4+ courses, from 36,400 in 2013/14 to 43,500 in 2014/15. [Tables 1.1 and 1.2].

¹ Learner Numbers for 2011/12 onwards are not directly comparable with earlier years. See paragraph 16 onwards of the SFR technical document: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

10. Of the 2,613,700 adult learners participating in further education in 2014/15:

- 57.3 per cent were female and 42.7 per cent were male
- 16.0 per cent declared a learning difficulty and/or disability
- 20.0 per cent were from a Black or Minority Ethnic background (including Mixed, Asian, Black and Other Ethnic Group learners) [Table 5]

² Learner Numbers for 2011/12 onwards are not directly comparable with earlier years. See paragraph 16 onwards of the SFR technical document: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

- 463,300 learners aged 19+ benefited from support for the unemployed. These are defined as those learners reporting that they were in receipt of Employment and Support Allowance - Work Related Activity Group (ESA WRAG), Jobseeker's Allowance (JSA) or Universal Credit (if unemployed and looking for work).

Adult (19+) English and Maths

11. Chart 4 shows that adult learner participation on English and maths courses rose between 2010/11 and 2011/12, but has since fallen from 1,083,000 in 2011/12 to 905,600 in 2014/15.
12. The number of learners participating on an English course fell by 5.5 per cent between 2013/14 and 2014/15 to 668,600; the number of learners participating on a maths course fell by 6.6 per cent to 623,900 and numbers participating on an ESOL course fell by 5.8 per cent to 131,100. [Table 4].

³ Learner Numbers for 2011/12 onwards are not directly comparable with earlier years. See paragraph 16 onwards of the SFR technical document: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

Apprenticeships

13. Two measures of Apprenticeships are presented to give a clearer view of the changes and trends in Apprenticeships in England:

- Participation refers to the number of people who are undertaking an Apprenticeship in a given time period. This measure is helpful for quantifying the number of people on an Apprenticeship programme throughout the academic year. An Apprentice studying towards more than one Apprenticeship at the same level is counted once
- Starts refer to the number of programmes that begin in a given time period. This measure is helpful in determining the take-up of programmes. An Apprentice is counted for each Apprenticeship they start

14. The Apprenticeship programme has expanded since 2010/11 as a result of increased government investment in adult Apprenticeships. More recently Apprenticeship policy has focused on raising standards, improving the quality and introducing minimum durations of Apprenticeships. This means some learners find it more difficult or take longer to complete their Apprenticeship.

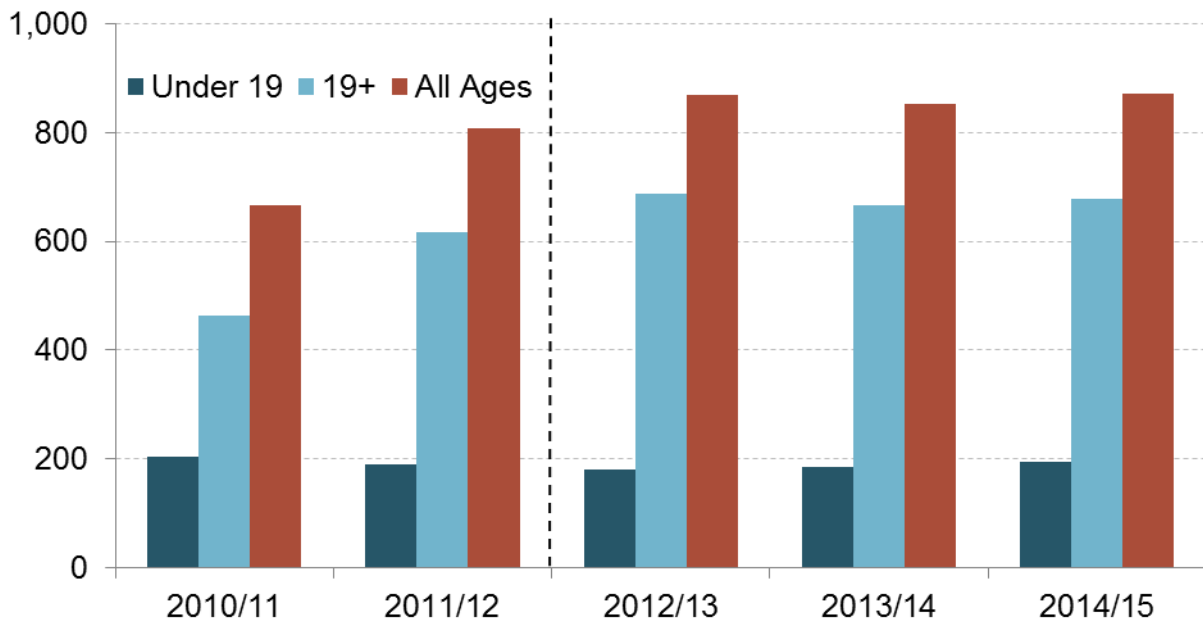

15. 24+ Advanced Learning Loans were introduced in August 2013, and withdrawn for Apprenticeships in March 2014. This appears to have affected learner numbers on Level 3 and above courses and Apprenticeships for ages 24 and over in 2013/14. This should be noted when comparing the 2014/15 volumes with 2013/14.

Participation

16. Chart 5 shows that all age Apprenticeship participation has increased since 2010/11 to 871,800 Apprenticeships in 2014/15, the highest number since records began. Apprenticeship participation increased between 2013/14 and 2014/15 for both under 19s and adults [Table 2].

Chart 5: Apprenticeship Participation by Age⁴

Thousands

⁴ Learner Numbers for 2011/12 onwards are not directly comparable with earlier years.

17. 517,400 Apprentices were participating on an Intermediate Level Apprenticeship in 2014/15, an increase on 2013/14 figures. An increase was seen for Higher Level Apprenticeships to 29,700 in 2014/15, but there was a slight decrease in Advanced Level Apprenticeships to 349,100 [Table 2].

18. Of 871,800 Apprenticeships participating in 2014/15:

- 51.3 per cent were female and 48.7 per cent were male
- 8.6 per cent declared a learning difficulty and/or disability
- 10.4 per cent were from a Black or Minority Ethnic background (including Mixed, Asian, Black and Other Ethnic Group learners) [Table 6]

Starts and Achievements

19. Chart 6 shows that following a decline in Apprenticeship starts between 2011/12 and 2013/14, mostly due to a fall at Advanced Level, there was an increase of 13.5 per cent in 2014/15. Achievements have remained strong, with an increase seen in 2014/15 [Table 7].

Chart 6: Apprenticeship Starts and Framework Achievements by Level⁵

20. The length of an Apprenticeship is typically more than a year and Apprenticeship framework achievement is recorded against the year it was achieved, not the year it was started.

21. There were 499,900 Apprenticeship starts in the 2014/15 academic year, with increases across all levels. An increase was seen overall in Apprenticeship achievements, to 260,900 in 2014/15. Apprenticeship achievements rose for those aged under 19 and aged 19 to 24, but fell for those aged 25 and over. [Table 7].

22. In 2014/15, there were 400 starts on Apprenticeship Standards (previously referred to as Trailblazers - see the glossary for more information). The first starts on the

⁵ Starts and achievements for 2011/12 onwards are not directly comparable with earlier years. See paragraph 16 onwards of the SFR technical document: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

new Apprenticeship Standards were in September 2014. The volume of starts on Apprenticeship standards by Level can be found in a supplementary table⁶.

23. Final data show that there were 162,500 apprenticeship starts for which a payment was made through the Apprenticeship Grant for Employers (AGE 16 to 24) scheme between February 2012 and July 2015. A further 8,700 were in the pipeline (started but not yet paid) [Table 22].

Planned Length of Stay

24. Minimum durations have been in place for framework-based Apprenticeships since August 2012. For learners aged 16 to 18, Apprenticeships must last at least 12 months, but for learners aged 19 and over there is more flexibility, as some adults have prior learning / attainment and can complete more quickly (for example if the training provider can evidence prior learning the minimum duration is reduced to 6 months). For new Apprenticeship Standards the minimum duration is 12 months, with no exceptions.

25. Based on the planned end date, the number of Apprenticeship starts with a planned length of stay of less than 12 months decreased sharply by 83.2 per cent between 2011/12 and 2012/13 to 34,300 and remained low in 2014/15 at 33,600. The volume of starts by planned length of stay can be found in a supplementary table⁶.

⁶ See paragraph 24 in the SFR technical document for more information: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

Community Learning

26. Chart 7 shows that the number of learners participating on Community Learning courses in 2014/15 decreased by 7.2 per cent on 2013/14 to 609,700. Achievements fell by 6.3 per cent over the same period to 548,000. [Table 9].

Chart 7: Community Learning Participation and Achievement⁷

Thousands

24+ Advanced Learning Loans

27. Final data for the 2014/15 academic year show there were 75,400 learners with a 24+ Advanced Learning Loan [Table 11], an increase of 27.5 per cent on 2013/14. Of these there were:

- 70,700 learners with a 24+ Advanced Learning Loan participating at Level 3
- 4,800 learners with a 24+ Advanced Learning Loan participating at Level 4+

28. The number of learners with a 24+ Advanced Learning Loan reported through the Individualised Learner Record (ILR) differ from data showing loan applications (<https://www.gov.uk/government/collections/further-education#advanced-learning-loans>) and loans paid (<http://www.slc.co.uk/official-statistics/financial-support-awarded/england-further-education.aspx>).

29. 24+ Advanced Learning Loans Application Information is released monthly. This data relates to applications received for FE provision in the 2013/14, 2014/15 and 2015/16 academic years funded through 24+ Advanced Learning Loans. The data used to produce the publication are sourced from the Student Loans Company (SLC) application database. The data refer to received applications, including those not yet processed, and will therefore be different than actual number of learners participating on a course with a 24+ Advanced Learning Loan.

⁷ Learner Numbers for 2011/12 onwards are not directly comparable with earlier years. See paragraph 16 onwards of the SFR technical document: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

30. The SLC 24+ Advanced Learning Loans Paid in England data were released on 21st January. These data refer to all payments made to FE providers on behalf of learners, and numbers of learners will be lower than the ILR numbers. Only payments made between August 2013 and July 2015 are captured, whilst the ILR captures learners on a course with a 24+ Advanced Learning Loan that started during this period, including some where the first scheduled payment date is beyond the end of October 2015.

Traineeships

31. In the 2014/15 academic year show there were 19,400 Traineeship starts [Table 12.1], an increase of 86.3 per cent on the previous year. Of these there were:

- 11,600 Traineeship starts aged under 19
- 7,800 Traineeship starts aged 19 to 24

32. There were 12,600 traineeship completions in 2014/15 [Table 12.2], of which 7,400 were aged under 19 and 5,200 were aged 19 to 24.

33. There were 7,700 traineeship progressions in 2014/15 [Table 12.3]. Of these, 5,400 were progressions to a job, apprenticeship, further full time education or other training for those aged under 19, and 2,300 were progressions to a job or apprenticeship for those aged 19-24.

Adult (18+) Offender Learning

34. In 2014/15 there were 101,600 offenders aged 18 and over in the prison system participating in learning, an increase of 6.6 per cent on 2013/14. 84,900 achieved a learning outcome, an increase of 6.5 per cent on 2013/14 [Table 10.1 and 10.2]. These offenders were funded via the Offenders' Learning and Skills Service (OLASS) budget.

Employer Ownership Pilot

35. The 2014/15 Employer Ownership Pilot data in this release are not finalised [Table 28] and are unchanged from the October 2015 and November 2015 SFRs. See the *in this release* section on page 4 for more information.

Further Education Supplementary Tables

36. Additional breakdowns of further education statistics are published online. These include breakdowns by age, gender, ethnicity, learners with learning difficulties and/or disabilities, region, local authority, parliamentary constituency, sector subject area and funding stream⁸.

⁸ See paragraph 24 in the SFR technical document for more information: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

Success Rates⁹

37. Success rates are calculated for individual qualifications. They show how many learners that started a qualification went on to successfully complete it. Success rates are typically calculated at a qualification level, but can be aggregated across different types of course, or for particular colleges or providers.
38. Prior to 2013/14 success rates were calculated using different methodologies for each of the different strands of further education provision. Employer-based provision (apprenticeships and workplace learning (WPL)) used a primary *Overall* success rate measure (based on the later of the actual and planned end dates) and a secondary *Timely* measure (based on the planned end date). However, Education and Training (E & T) provision had a different measure that was based upon the learning planned end date.
39. In the 2013/14 academic year the methodologies were aligned to give a consistent method of calculation across all provision areas, following changes to government-funded learning provision. E & T provision has adopted the Overall and Timely measures as used in apprenticeships and WPL. The Overall measure will be the principal measure and the one reported in this SFR, and will be used to assess the quality of provision against the minimum standards that are expected for funded training. The Timely measure will also be produced as a supporting measure.
40. The change in E & T methodology causes a break in the time series for these statistics and means that the qualification success rates for 2013/14 cannot be directly compared with those from the previous years. See <https://www.gov.uk/government/publications/sfa-qualification-success-rates-rationale-for-2013-to-2014> for more details of the changes.
41. Chart 8a shows that adult (19+) Education and Training Success Rates have risen each year between 2009/10 and 2013/14 for Full Level 2s and Full Level 3s, but have decreased for English and maths between 2012/13 and 2013/14. Chart 8b shows that success rates for Apprenticeships rose between 2009/10 and 2010/11, but have decreased in 2011/12, 2012/13 and 2013/14 [Table 13].

⁹ Qualification achievement rates for 2014/15 are not yet available. See paragraph 62 for more information.

Chart 8b: All Age Apprenticeship Success Rates 2009/10 to 2013/14⁹

42. In 2013/14, adult (19+) Education and Training success rates [Table 13.1] were:

- 87.6 per cent for all Education and Training, an increase of 0.7 percentage points compared with 2012/13
- 80.7 per cent for English and Maths qualifications, a decrease of 2.7 percentage points compared with 2012/13

¹⁰ Success Rates for 2011/12 onwards are not directly comparable with earlier years.

¹¹ E & T Success Rates for 2013/14 are not directly comparable with earlier years. See paragraphs 39-41 for more information

- 86.4 per cent for Level 2 qualifications, an increase of 0.9 percentage points compared with 2012/13 (88.2 per cent for full Level 2, an increase of 3.2 percentage points)
- 82.3 per cent for Level 3 qualifications, an increase of 0.7 percentage points compared with 2012/13 (81.2 per cent for full Level 3, an increase of 1.6 percentage points)

43. In 2013/14, Apprenticeship success rates [Table 13.2] were:

- 68.9 per cent for all Apprenticeships, a decrease of 3.4 percentage points compared with 2012/13
 - 68.8 per cent for Intermediate Level Apprenticeships, a decrease of 3.2 percentage points compared with 2012/13
 - 69.1 per cent for Advanced Level Apprenticeships, a decrease of 3.9 percentage points compared with 2012/13
 - 71.3 per cent for Higher Apprenticeships, an increase of 1.1 percentage points compared with 2012/13
-
- 68.2 per cent for Apprenticeships by those aged 19 and over, a decrease of 4.4 percentage points compared with 2012/13
 - 71.1 per cent for Apprenticeships by those aged under 19, a decrease of 0.4 percentage points compared with 2012/13

IN-YEAR FURTHER EDUCATION STATISTICS FOR ENGLAND, 2015/16

44. Figures for the first quarter of the 2015/16 academic year (August 2015 to October 2015) are based on information that has been reported to the Skills Funding Agency in December 2015 by further education colleges and providers. The data provide an early view of performance and will change as further data returns are received. Since providers report some of their data for this period later in the year, the data are subject to change (in either direction) until final data is received. At this point in the year, 2015/16 figures are referred to as *reported so far* or *reported to date* to reflect this.
45. It is not possible to determine how complete or incomplete the information returned so far is, so we advise against direct comparisons with data from earlier academic years. Comparisons should only be made once final returns for the academic year are made by providers (data returned in October 2016, due to be published in November 2016)¹².

Adult Learner (19+) Participation

46. Data reported so far for the first quarter of the 2015/16 academic year (August 2015 to October 2015) show there were 1,310,200 learners aged 19 and over participating in government-funded further education [Table 17]. Of these
- 533,400 participated on a English and maths course
 - 528,100 participated on a Level 2 course, of which 404,300 were on a full Level 2 course
 - 332,500 participated on a Level 3 course, of which 322,200 were on a full Level 3 course
 - 135,900 benefited from support for the unemployed (those nearest the workforce)

Adult (19+) English and Maths

47. Data reported so far for the first quarter of the 2015/16 academic year (August 2015 to October 2015) show that 533,400 learners aged 19 and over participated on an English and maths course [Table 18]. Of these:
- 384,000 participated on an English course
 - 362,400 participated on a maths course
 - 71,500 participated on an English for Speakers of Other Languages (ESOL) course

Adult (19+) Education and Training

48. Data reported so far for the first quarter of the 2015/16 academic year (August 2015 to October 2015) show there were 626,300 learners aged 19 and over participating in classroom-based education and training [Table 19]. Of these
- 255,100 participated on a Level 2 course, of which 135,900 were on a full Level 2 course
 - 118,500 participated on a Level 3 course, of which 112,900 were on a full Level 3 course

¹² See paragraphs 12 to 15 in the SFR Technical Document for more information: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

Apprenticeships

49. Data reported so far for the first quarter of the 2015/16 academic year (August 2015 to October 2015) show that there were:

- **626,600 Apprentices participating** [Table 20]. Of these there were 348,700 at Intermediate Level; 258,000 at Advanced Level and 26,400 at Higher Level. 134,100 Apprentices were aged under 19 and 492,500 aged 19 and over.
- **153,100 Apprenticeship starts** [Table 21.1]. Of these there were 86,600 at Intermediate Level; 60,100 at Advanced Level and 6,300 at Higher Level. 59,700 Apprentices were aged under 19 and 93,400 aged 19 and over.
- **700 Apprenticeship starts** were on the new **Apprenticeship standards** [Table 21.1]. Of these 400 Apprentices were aged under 19 and 300 were aged 19 and over. The volume of starts on Apprenticeship standards is shown by Level in a supplementary table¹³.
- **52,900 Apprenticeship framework achievements** [Table 21.2]. Of these there were 32,300 at Intermediate Level; 19,800 at Advanced Level and 800 at Higher Level. 18,000 Apprentices were aged under 19 and 34,900 aged 19 and over.
- 172,500 starts for which a payment was made through the Apprenticeship Grant for Employers (AGE 16 to 24) scheme between February 2012 and October 2015. A further 18,700 were in the pipeline (started but not yet paid) [Table 22].

50. Additional breakdowns of provisional Apprenticeship statistics are published online at the FE Data Library¹⁴.

Community Learning

51. Data reported so far for the first quarter of the 2015/16 academic year (August 2015 to October 2015) show that 202,800 learners participated on a Community Learning course [Table 24], of which:

- 170,900 took a Personal and Community Development Learning course
- 10,200 a Neighbourhood Learning in Deprived Communities course
- 10,800 a Family English, Maths and Language course and
- 12,800 a Wider Family Learning course

24+ Advanced Learning Loans

52. Data reported so far show there were 55,100 learners with a 24+ Advanced Learning Loan in the first quarter 2015/16 academic year [Table 26], of which 51,200 were participating at Level 3 and 3,900 at Level 4+.

53. The number of learners with a 24+ Advanced Learning Loan reported through the Individualised Learner Record (ILR) differ from data showing loan applications and loans paid¹⁵.

¹³ Supplementary tables can be accessed from the [FE Data Library](#).

¹⁴ The FE Data Library can be accessed at <https://www.gov.uk/government/collections/fe-data-library>. See paragraph 24 in the SFR technical document for more information: <https://www.gov.uk/government/statistics/learner-participation-outcomes-and-level-of-highest-qualification-held>

¹⁵ See paragraphs 28 to 30 for more information.

Adult (18+) Offender Learners

54. Data reported so far for the 2015/16 academic year (August 2015 to October 2015) show there were 43,000 offenders aged 18 or over in the prison system participating in learning [Table 25]. These offenders were funded via the Offenders' Learning and Skills Service (OLASS) budget. This number does not include 6,700 learners who sat an English and/or maths assessment but had not yet participated in any further learning.

Traineeships

55. Data reported so far for the first quarter of the 2015/16 academic year (August 2015 to October 2015) show that there were:

- **7,600 Traineeship starts** [Table 27.1], of which 5,200 were aged under 19 and 2,400 were aged 19 to 24.
- **2,300 Traineeship completions** [Table 27.2], of which 1,300 were aged under 19 and 1,000 were aged 19 to 24.
- **1,300 Traineeship progressions** [Table 27.3]. Of these, 900 were progressions to a job, apprenticeship, further full time education or other training for those aged under 19, and 400 were progressions to a job or apprenticeship for those aged 19-24.

NATIONAL STATISTICS

56. The UK Statistics Authority has designated these statistics as National Statistics, in accordance with the Statistics and Registrations Service Act 2007 and signifying compliance with the Code of Practice for Official Statistics.
57. Designation can be broadly interpreted to mean that the statistics:
- meet identified user needs
 - are well explained and readily accessible
 - are produced according to sound methods
 - are managed impartially and objectively in the public interest
58. Once statistics have been designated as National Statistics it is a statutory requirement that the Code of Practice shall continue to be observed. More information regarding our compliance with the Code of Practice is available on our website: <https://www.gov.uk/government/publications/sfr-compliance-with-official-statistics-code-of-practice>

CHANGES INCLUDED IN THIS SFR

59. Employer Ownership Pilot data for 2014/15 in this SFR are still classed as “provisional” rather than “final” and are unchanged from the data published in the October and November 2015 SFRs. See the *in this release* section on page 4 for more information.
60. We had planned to include data on Employer Ownership Pilot starts in Q1 2015/16 in this release but we do not yet have data relating to the period. See the *in this release* section on page 4 for more information.
61. Data on Education and Training participation and achievement are included in this SFR for the first time in tables 3 and 19. The table order has been revised to accommodate the addition.
62. Qualification Achievement Rates (QARs) data for 2014/15 are not included in this SFR due to changes that have been made to collection and storage of this data that will make future reporting efficient. We expect to publish the QARs in March 2016.

CHANGES IN THE NEXT SFR

63. The next SFR will be March 2016 and will include provisional data for the first two quarters of the 2015/16 academic year (August 2015 to January 2016) and highest qualification data for 2015 calculated from Labour Force Survey. We also plan to include qualification achievement rates (QARs) for the 2014/15 academic year.
64. Changes to the next release will be pre-announced on the website at least a month prior to coming into effect, at: <https://www.gov.uk/government/publications/learner-participation-outcomes-and-level-of-highest-qualification-held>

BACKGROUND INFORMATION

65. Background information is published alongside this SFR in a separate technical document: <https://www.gov.uk/government/publications/learner-participation-outcomes-and-level-of-highest-qualification-held>

GLOSSARY OF KEY TERMS

Further Education and Skills includes: learners who are studying a course in a FE College, training provider or within their local community; and employees undertaking an Apprenticeship or other qualification in the workplace. For more information, see paragraphs 3 to 5 in the SFR technical document.

Apprenticeships are paid jobs that incorporate on- and off-the-job training leading to nationally recognised qualifications. As an employee, Apprentices earn as they learn and gain practical skills in the workplace. An Apprenticeship framework typically contains the following separately certified elements:

- A knowledge-based element (the theoretical knowledge underpinning a job in a certain occupation and industry, typically certified via a Technical Certificate).
- A competence-based element (the ability to discharge the functions of a certain occupation, typically certified via work-based assessed national vocational qualifications – NVQs).
- Transferable skills (English and maths) – key skills / functional skills.
- A module on employment rights and responsibilities.
- Personal Learning and Thinking Skills (PLTS): independent enquiry, creative thinking, reflective learning, team working, self-management, effective participation.

See <https://www.gov.uk/topic/further-education-skills/apprenticeships> for further information.

The government has introduced reforms to Apprenticeships, see:

<https://www.gov.uk/government/consultations/future-of-apprenticeships-in-england-richard-review-next-steps>). As part of these reforms, in future all Apprenticeship standards will be designed by employers. For a full list of the standards and

assessment plans designed and approved so far, see:

<https://www.gov.uk/government/collections/apprenticeship-standards>

Apprenticeship Grant for Employers (AGE 16 to 24) scheme provides

Apprenticeship grants with a value of £1,500 to employers with up to 1,000 employees to encourage employers to take on new Apprentices aged 16 to 24. Eligible employers must not have taken on an Apprentice in the previous 12 months. Subject to budget availability and the employer's commitment to support the Apprentice to the end of their programme, any one employer can claim support for up to ten apprentices. AGE 16 to 24 has been extended to the 2015-16 financial year. See:

<https://www.gov.uk/government/collections/apprenticeship-grant-for-employers-of-16-to-24-year-olds>

On the **Access to Apprenticeships pathway**, participants use elements of an Apprenticeship framework to brush up skills and workplace experience, with the aim of securing a paid Apprenticeship with an employer as quickly as possible, up to a maximum of six months. Participants are not categorised or counted as an 'Apprentice' until they become employed. This pathway was announced in May 2011 and closed to new starts end of December 2013.

Employer Ownership Pilot offers all employers in England direct access to up to £340 million of public investment over the period of the pilot (up to 2015/16) to design and deliver their own training solutions.

See: <https://www.gov.uk/government/publications/employer-ownership-of-skills-pilot>

Education and Training covers further education learning delivered mainly in a classroom, workshop, or through distance or e-learning. See: [Data Dictionary - Business Definitions - Learner Responsive Business Definition](#)

Workplace Learning covers a broad range of training including basic skills, Level 2, Level 3 and higher-level skills. Training is mainly delivered through the workplace (but excludes Apprenticeships). Between 2008/09 and 2010/11 this included Train to Gain programme, Employability Skills Pilot and other programmes such as Programmes for the Unemployed. From 2011/12 it includes all training mainly delivered through the workplace (excluding Apprenticeships).

English and Maths qualifications (previously Skills for Life) are designed to give people the reading, writing, maths and communication skills they need in everyday life, to operate effectively in work and to help them succeed on other training courses. See: [Skills Funding Agency - Providers - Our programmes - Basic Skills - Basic Skills](#)

Offender Learning aims to ensure offenders have the skills that will enable them to gain worthwhile, sustainable employment and in-so-doing reduce the likelihood of re-offending. The Offender Learning and Skills Service (OLASS) funds a wide range of learning aims for adults (aged 18 and over) in custody in prisons in England, including awards and units, with a focus on addressing English and maths at the start of a sentence and vocational skills in the run-up to release.

Community Learning funds a wide range of non-formal courses, ranging from personal development through to older people's learning, IT courses, employability skills, family learning and activities to promote civic engagement and community development. Courses may be offered by local authorities, colleges, and voluntary and community groups, and include activity specifically targeted at deprived areas and disadvantaged groups. See: <http://www.gov.uk/government/collections/community-learning-government-funding>

24+ Advanced Learning Loans - Loans are available for eligible learners, aged 24 and above studying full Level 3 and Level 4 qualifications, to help meet up-front course costs. See: <https://www.gov.uk/government/collections/sfa-24-advanced-learning-loans>

Full Level 2 is equivalent to an NVQ at Level 2, or 5 GCSEs. The widths of all of a learner's Level 2 aims are summed to establish whether a learner is taking a full Level 2 programme. **Full Level 3** is equivalent to an NVQ at Level 3, or 2 A-Levels. The widths of all a learner's Level 3 aims are summed to establish whether a learner is taking a full Level 3 programme.

Traineeships were introduced in the 2013/14 academic year to provide young people with essential work preparation, English, maths and work experience to secure an apprenticeship or other work.

Academic year runs from 1st August to 31st July (except LFS figures in Tables 13 and 14 which are calendar year, and Ofqual figures in Table 15 which run from 1st October to 30th September).

TABLE GUIDE

This section provides a brief summary of what is included in each table of this release. Tables 1 to 16 focus on the 2014/15 academic year; Tables 16 to 28 show in-year data for the first quarter of the 2015/16 academic year (August 2015 to October 2015).

Table Footnotes

General Footnotes Relevant to All Tables

- 1) Volumes are rounded to the nearest 100; percentages are calculated on pre-rounded data.
- 2) '-' Indicates a base value of less than 50; '*' indicates a percentage of less than 0.5%.
- 3) Tables 1-6, 8-13, 17-20, and 22- 28 are based on learners that were funded by the Learning and Skills Council or Young People's Learning Agency and/or are now funded by the Skills Funding Agency or Education Funding Agency.
- 4) For definitions of variables used in the Tables please see the data dictionary:
<http://webarhive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/data/dictionary/>
- 5) Except for Tables 7.1, 7.2, 21.1, 21.2 and 28 (see footnotes 15 & 30), age is reported as at 31 August of the academic year for all provision.
- 6) In tables reporting full-year numbers, except for tables 7, 8 & 12 (see footnotes 16, 17, 24 & 25), full-year numbers are a count of the number of learners that participated/achieved at any point during the year. Learners undertaking/achieving more than one course will appear only once in the 'total learners' category for each data collection. All learners undertaking/achieving a full Level 2 or full Level 3 qualification will also appear in the Level 2 or Level 3 category, respectively.
- 7) The data source for all tables is the Individualised Learner Record, except where stated.
- 8) Further breakdowns of the data are available at the following website:
<https://www.gov.uk/government/collections/fe-data-library>

Tables 5 and 6 – Demographics

- 9) Learners undertaking courses at more than one level will be counted once for each applicable level, but once only in the Total.
- 10) Age, gender, learners with learning difficulties and/or disabilities and ethnicity are based upon self-declaration by the learner.

Tables 2, 6, 7, 20, 21, 13.2 – Apprenticeships

- 11) Apprenticeship starts and achievements include all funded and unfunded learners reported on the ILR.
- 12) Apprenticeship success rates are based on the number of learners who meet all of the requirements of their Apprenticeship framework, divided by the number of learners who have left training or successfully completed their training in the academic year.
- 13) Table 13.2 reports on success rates which are based on the reported achievement of frameworks that completed or were expected to complete in the academic year, for those learners where the later of their actual end date or planned end date fell in the academic year in question
- 14) Apprenticeship success rates are not affected by demand led funding.
- 15) For Apprenticeship starts and achievements, age is calculated based on age at start of the programme rather than based on 31 August.
- 16) In Table 7.1 full-year numbers are a count of the number of starts at any point during the year. Learners starting more than one Apprenticeship will appear more than once.
- 17) In Table 7.2 full-year numbers are a count of the number of framework achievements at any point during the year. Learners achieving more than one framework will appear more than once.
- 18) Programme-Led Apprenticeships recorded in ILR returns are included in the above figures.
- 19) In order to be counted as a successful achievement, all elements of the framework must have been achieved.
- 20) Quarter 1 is 1 August to 31 October; Quarter 2 is 1 November to 31 January; Quarter 3 is 1 February to 30 April; Quarter 4 is 1 May to 31 July.

Tables 8,13.3 and 23 – Workplace Learning

- 21) Workplace Learning success rates are based on the number of aims achieved, divided by the number of aims completed in the academic year.
- 22) Table 13.3 reports on success rates which are based on the reported achievement of individual aims that were expected to complete in the academic year.
- 23) 2011/12 is the first year that Workplace Learning success rates are available. This is due to a change in the programmes included in Workplace Learning. Between 2007/08 and 2010/11 this included the Train to Gain programme. In 2011/12 this included all training mainly delivered through the workplace (excluding Apprenticeships). Therefore previous years are not comparable. For more information see:
http://webarhive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/Statistics/success_rates/success_rates_2011-12/
- 24) In Table 8.1 full-year numbers are a count of the number of starts at any point during the year. Learners starting more than one course will appear more than once.
- 25) In Table 8.2 full-year numbers are a count of the number of achievements at any point during the year. Learners achieving more than one course will appear more than once.
- 26) Quarter 1 is 1 August to 31 October; Quarter 2 is 1 November to 31 January; Quarter 3 is 1 February to 30 April; Quarter 4 is 1 May to 31 July.

Table 9 and 24 – Community Learning

- 27) For 2008/09 to 2010/11, only Community Learning provision recorded in the Community Learning collection is included in totals except for 2009/10 where Community Learning provision recorded in the Education and Training collection for five Specially Designated Colleges is also included.

28) There are a number of learners with Community Learning aims that are recorded in the Education and Training funding stream and are not included in the figures in Table 9. In 2009/10 there were 7,700 participating and 6,300 achieving learners and in 2010/11 there were 8,300 participating and 6,900 achieving learners. The only Community Learning provision included for Table 9 for 2010/11 is recorded in the Community Learning funding stream. Community Learning in 2011/12 onwards is recorded in the Single ILR collection only.

Tables 11 and 26 – 24+ Advanced Learning Loans (Level 3+)

29) Learners have been eligible to apply for a 24+ Advanced Learning Loan since the start of the 2013/14 academic year (August 2013).

30) A small number of learners aged 23 at the start of the academic year but aged 24 at the start of the aim are included in the figures.

31) This table includes 'Education and Training' learners only. Apprenticeships were removed from the scope of the loans programme in March 2014, Apprentices who already received a loan no longer need to repay it.

Table 13.1 – Education and Training Success Rates

32) Education and Training success rates are calculated as the number of learning aims achieved divided by the number of learning aims expected to complete, excluding any learners who transferred on to another learning aim within the same institution.

33) Table 1.2 reports on the actual number of achievements within the academic year without reference to those that were expected to complete. Table 13.1 reports on success rates which are based on the reported achievement of individual aims that were expected to complete in the academic year.

Table 16 – Vocational Qualifications

34) This table covers all levels of vocational qualifications reported through Ofqual. Data are supplied by awarding organisations.

35) Academic year is October to September. For example, the 2006/07 academic year is 1 October 2006 to 30 September 2007.

36) Key Skills data was not collected prior to October 2009.

37) 'Other Vocational Qualifications' include Basic Skills, Entry Level, English for Speakers Other Languages, Functional Skills, Free-Standing Mathematics Qualification, Key Skills, National Qualifications Framework and Other General types.

Table 28 – Employer Ownership Pilot

38) This table covers all Employer Ownership Pilot starts.

39) Age is calculated based on age at start of the programme rather than based on 31 August.

Notes

1) These tables include Apprenticeships, Workplace Learning, Community Learning and Education and Training provision (including the Offenders' Learning and Skills Service) taken at General Further Education Colleges (including Tertiary), Sixth Form Colleges, Special Colleges (Agricultural and Horticultural Colleges and Art and Design Colleges), Specialist Colleges and External Institutions.

2) Figures for 2011/12 onwards are not directly comparable to earlier years as a Single Individualised Learner Record (ILR) data collection system has been introduced. Small technical changes have been made in the way learners from more than one provision type are counted, leading to a removal of duplicate learners and a reduction in overall learner numbers of approximately 2 per cent. More information on the Single ILR is available at http://webarchive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/NR/rdonlyres/C05DCDD5-67EE-4AD0-88B9-BEBC8F7F3300/0/SILR_Effects_SFR_Learners_June12.pdf

3) Data for earlier years are available in the Further Education and Skills Supplementary Tables:

<https://www.gov.uk/government/statistical-data-sets/fe-data-library-further-education-and-skills>

4) In 2014/15 470,000 learners benefited from support for the unemployed (those nearest the workforce), of which 463,300 were aged 19+. These are defined as those learners reporting that they were in receipt of Employment and Support Allowance - Work Related Activity Group (ESA WRAG), Jobseeker's Allowance (JSA) or Universal Credit (if unemployed and looking for work).

5) Figures for English and maths (previously Skills for Life) include GCSEs, Functional Skills, Adult Basic Skills Certificates including ESOL Certificates, and Qualifications and Credit Framework Certificates and Awards in English and maths.

6) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.

7) Please see the general footnotes and the FE and Skills footnotes sections for further information on these tables.

Notes

1) Figures for 2011/12 onwards are not comparable to earlier years as a Single Individualised Learner Record (ILR) data collection system has been introduced. Technical changes have been made in the way learners participating on more than one Apprenticeship programme are counted. This has led to a removal of duplicate learners. More information on the Single ILR is available at: http://webarchive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/NR/rdonlyres/C05DCDD5-67EE-4AD0-88B9-BEBC8F7F3300/0/SILR_Effects_SFR_Learners_June12.pdf

2) Prior to 2011/12, full year numbers are a count of Apprenticeship programmes in each year. Learners undertaking more than one Apprenticeship programme will appear more than once in the 'All Apprenticeships' total as well as the totals for each Apprenticeship level they participated in. From 2011/12 onwards 'All Apprenticeships' counts each Apprenticeship learner only once regardless of how many programmes they participated in. Each learner is still counted in the totals for each Apprenticeship level they participated in.

3) Apprenticeship standards are included in the Intermediate Level, Advanced Level or Higher Apprenticeship categories according to the level of each standard. All Apprenticeship standards are also shown separately at the bottom of the table.

4) Figures for 2012/13 onwards include Apprenticeships through the Employer Ownership Pilot. New Apprenticeship standards undertaken in the Employer Ownership Pilot are not included.

5) Grey areas show where apprenticeship standards were not available.

6) Figures for 2014/15 include 80 apprentices on employer defined programmes with no Level assigned.

7) Data for earlier years are available in the Apprenticeship Supplementary Tables:

<https://www.gov.uk/government/statistical-data-sets/fe-data-library-apprenticeships>

8) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.

9) Please see the general footnotes and the Apprenticeships footnotes section for further information on this table.

Notes

- Figures for 2011/12 onwards are not directly comparable to earlier years as a Single Individualised Learner Record (ILR) data collection system has been introduced. More information on the Single ILR is available at http://webarchive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/NR/rdonlyres/C05DCCDD5-67EE-4AD0-88B9-BEBC8F7F3300/0/SILR_Effects_SFR_Learners_June12.pdf
- Apprenticeship standards are included in the Intermediate Level, Advanced Level or Higher Apprenticeship categories according to the level of each standard. All Apprenticeship standards are also shown separately at the bottom of the table.
- Figures for 2012/13 onwards include Apprenticeships through the Employer Ownership Pilot. New Apprenticeship standards undertaken in the Employer Ownership Pilot are not included.
- Figures for 2014/15 include 80 apprenticeship starts and 10 apprenticeship achievements on employer defined programmes with no Level assigned.
- Grey areas show where apprenticeship standards were not available.
- Data for earlier years are available in the Apprenticeship Supplementary Tables: <https://www.gov.uk/government/statistical-data-sets/fe-data-library-apprenticeships>
- This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.
- Please see the general footnotes and the Apprenticeships footnotes section for further information on these tables.

Notes

1) Figures for 2011/12 onwards are not directly comparable to earlier years as a Single Individualised Learner Record (ILR) data collection system has been introduced. More information on the Single ILR is available at http://webarchive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/NR/rdonlyres/C05DCDD5-67EE-4AD0-88B9-BEBC8F7F3300/0/SILR_Effects_SFR_Learners_June12.pdf

2) Workplace Learning includes Train to Gain and other Employer Responsive provision (except Apprenticeships).

3) Data for earlier years are available in the Workplace Learning Supplementary Tables:

<https://www.gov.uk/government/statistical-data-sets/e-data-library-workplace-learning>

4) English and maths starts and achievements can be at Level 2 or Below Level 2.

5) These tables include some learners aged under 19 who are eligible for funding on certain Workplace Learning programmes (such as Programmes for the Unemployed).

6) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.

7) Please see the general footnotes and the Workplace Learning footnotes section for further information on these tables.

Notes

- 1) Figures for 2011/12 onwards are not directly comparable to earlier years as a Single Individualised Learner Record (ILR) data collection system has been introduced. More information on the Single ILR is available at http://webarchive.nationalarchives.gov.uk/20140107201041/http://www.thedataservice.org.uk/NR/rdonlyres/C05DCDD5-67EE-4AD0-88B9-BEBC8F7F3300/0/SILR_Effects_SFR_Learners_June12.pdf
- 2) Figures for English and maths (previously Skills for Life) include GCSEs, Functional Skills, Adult Basic Skills Certificates including ESOL Certificates, and Qualifications and Credit Framework Certificates and Awards in English and maths.
- 3) An offender learner may be counted more than once if they participated/achieved in learning at different institutions during an academic year.
- 4) The large increase in No Level Assigned learners between 2012/13 and 2013/14 is due to the renewed take-up of practical skills/crafts.
- 5) Tables 10.1 and 10.2 exclude 19,700 learners who were enrolled on OLASS education assessments in English and/or maths but undertook no other government-funded learning.
- 6) Please see the general footnotes and the FE and Skills footnotes sections for further information on these tables.

Notes

1) This table includes Education and Training provision taken at General Further Education Colleges (including Tertiary), Sixth Form Colleges, Special Colleges (Agricultural and Horticultural Colleges and Art and Design Colleges), Specialist Colleges and External Institutions.

2) Please see the general footnotes for further information on this table.

Table 12.1: Traineeship Starts by Age (2013/14 to 2014/15)

	Age	2013/14	2014/15
Total Traineeships	Under 19	7,000	11,600
	19-24	3,400	7,800
	Total	10,400	19,400

Notes

1) Age is reported as at 31st August of the academic year. From August 2014, Traineeships are available to young people aged 16-24. Previously Traineeships were only available to young people aged 16-23.

2) There are fewer than 50 learners who were reported as starting in 2012/13 who have been included in the figures for 2013/14.

3) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.

4) Please see the general footnotes for further information on this table.

Table 12.2: Traineeship Completions by Age (2013/14 to 2014/15)

	Age	2013/14	2014/15
Total Traineeships	Under 19	3,600	7,400
	19-24	1,100	5,200
	Total	4,800	12,600

Notes

1) Based on: all elements of the learner's agreed traineeship are complete; and/or the learner reaches 6 months on the programme, and/or the learner moves into employment, an Apprenticeship or further learning.

2) These figures should not be combined with starts in table 12.1 to produce rates because traineeships can last 6 months and providers have until the end of the year to finalise their returns.

3) 2013/14 completions figures were published in a separate note to the SFR at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/378733/traineeships-completions-and-progressions-note-nov14.pdf but have been included here for completeness. Changes to the ILR and the recording of completions between 2013/14 and 2014/15 may affect comparability as the two measures are slightly different:

In 2013/14, Completions count where both the work placement and work preparation training were completed and/or the learner progressed.

In 2014/15, Completions count where all elements of the learner's agreed traineeship are complete; and/or the learner reaches 6 months on the programme, and/or the learner progressed.

4) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.

5) Please see the general footnotes for further information on this table.

Table 12.3: Traineeship Progression by Age (2013/14 to 2014/15)

	Age	2013/14	2014/15
Total Traineeships	Under 19 (progression to a job, Apprenticeship, further full-time education or other training)	3,400	5,400
	19-24 (progression to a job or Apprenticeship)	1,000	2,300
	Total	4,400	7,700

Notes

1) Based on Work Experience Placement being recorded as achieved (progress to a job or Apprenticeship, or further learning for under 19s).

2) These figures should not be combined with starts in table 12.1 to produce rates because traineeships can last 6 months and providers have until the end of the year to finalise their returns.

3) 2013/14 progression figures were published in a separate note to the SFR at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/378733/traineeships-completions-and-progressions-note-nov14.pdf but have been included here for completeness.

4) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.

Notes

- 1) This table covers all levels of vocational qualifications reported through Ofqual. Data are supplied by awarding organisations.
- 2) For data relating to Vocational Qualifications, the Academic year runs from October to September. For example, the 2006/07 academic year runs from October 2006 to September 2007.
- 3) The data in this table has been subjected to revisions.
- 4) Please see general footnotes and Vocational Qualifications footnotes section for further information on these tables.

Notes

- 1) These tables include Apprenticeships, Workplace Learning, Community Learning and Education and Training provision taken at General Further Education Colleges (including Tertiary), Sixth Form Colleges, Special Colleges (Agricultural and Horticultural Colleges and Art and Design Colleges), Specialist Colleges and External Institutions.
- 2) These tables show volumes reported to date for 2015/16. Tables 1, 3 and 4 show full year volumes for previous years. It is not possible to directly compare the 2015/16 volumes with finalised figures for previous years.
- 3) Figures for English and maths (previously Skills for Life) include GCSEs, Functional Skills, Adult Basic Skills Certificates including ESOL Certificates, and Qualifications and Credit Framework Certificates and Awards in English and maths.
- 4) Data reported so far for 2015/16 show 137,700 learners benefited from support for the unemployed (those nearest the workforce), 135,900 of which were aged 19+. These are defined as those learners reporting that they were in receipt of Employment and Support Allowance - Work Related Activity Group (ESA WRAG), Jobseeker's Allowance (JSA) or Universal Credit (if unemployed and looking for work)
- 5) Table 17 excludes 6,700 learners who were enrolled on OLASS education assessments in English and/or maths but undertook no other government-funded learning.
- 6) Please see the general footnotes section for further information on these tables.

Notes

1) This table shows Apprenticeship data reported so far for 2015/16. Apprenticeship participation figures for earlier years are available in Table 2 of this release. It is not possible to directly compare the in-year 2015/16 data with finalised figures for previous years.

2) 'All Apprenticeships' counts each Apprenticeship learner only once regardless of how many Apprenticeship programmes they participated in. Each learner is also counted in the totals for each Apprenticeship level they participated in.

3) Apprenticeship standards are included in the Intermediate Level, Advanced Level or Higher Apprenticeship categories according to the level of each standard. All Apprenticeship standards are also shown separately at the bottom of the table.

4) Data for Employer Ownership Pilot participation in 2015/16 cannot yet be reliably estimated and are excluded from this table. We will report on participation in 2015/16 as soon as we have a reliable estimate of numbers from the data collection.

5) Please see the general footnotes and the Apprenticeships footnotes section for further information on this table.

Notes

- 1) AGE 16 to 24 was launched in February 2012. Payments are drawn down once the new Apprentice has been in post for 13 weeks, therefore Apprenticeships starting after 1 August 2015 are not included in the Payments Made column because they had not yet triggered a payment.
- 2) Pipeline Starts show those starting between August 2015 and October 2015 who have not yet qualified for a payment, but the payment would be made once the Apprentice has been in post for 13 weeks.
- 3) AGE 16 to 24 starts are defined through the Learning Delivery Funding and Monitoring Codes with values of 132 or 133 as per the ILR specification (http://webarchive.nationalarchives.gov.uk/20140108104635/http://www.theia.org.uk/ilr/ilrdocuments/201112_ilrdetail.htm). These are validated by the Skills Funding Agency.
- 4) Starts in this table include learners aged 19-24 on application but aged 25 when learning started.
- 5) Starts in this table will also be counted in the main Apprenticeship tables.
- 6) From January 2015 onwards AGE eligibility for an organisation's total number of employees changed from "must be less than 1,000" to "must be less than 50" for them to be eligible for the Grant - paragraph 1.5:

Notes

- 1) This table shows Offender Learning data reported so far for 2015/16. Offender Learning participation and achievement figures for earlier years are available in Table 10 of this release. It is not possible to directly compare the in-year 2015/16 data with finalised figures for previous years.
- 2) Figures for English and maths (previously Skills for Life) include GCSEs, Functional Skills, Adult Basic Skills Certificates including ESOL Certificates, and Qualifications and Credit Framework Certificates and Awards in English and maths.
- 3) An offender learner may be counted more than once in this table if they participated in learning at different institutions during 2015/16.
- 4) This table excludes 6,700 learners who were enrolled on OLASS education assessments in English and/or maths but undertook no other government-funded learning.
- 5) Please see the general footnotes section for further information on these tables.

Table 26: 24+ FE and Skills – Participation with 24+ Advanced Learning Loans (Level 3+) (2015/16 – Reported to Date) – Learner Volumes

Table 27.1: Traineeship Starts by Age (2015/16 – Reported to Date)

Age		2015/16
		Quarter 1 August to October
Total Traineeships	Under 19	5,200
	19-24	2,400
	Total	7,600

Notes

- 1) Age is reported as at 31st August of the academic year.
- 2) Data for Traineeships in the Employer Ownership Pilot in 2015/16 cannot yet be reliably estimated and are excluded from this table. We will report on Traineeships in the Employer Ownership Pilot in 2015/16 as soon as we have a reliable estimate of numbers from the data collection.
- 3) Please see the general footnotes for further information on this table.

Table 27.2: Traineeship Completions by Age (2015/16 – Reported to Date)

Age		2015/16
		Quarter 1 August to October
Total Traineeships	Under 19	1,300
	19-24	1,000
	Total	2,300

Notes

- 1) Based on: all elements of the learner's agreed traineeship are complete; and/or the learner reaches 6 months on the programme, and/or the learner moves into employment, an Apprenticeship or further learning.
- 2) These figures should not be combined with starts in table 27.1 to produce rates because traineeships can last 6 months and providers have until the end of the year to finalise their returns.
- 3) Data for Traineeships in the Employer Ownership Pilot in 2015/16 cannot yet be reliably estimated and are excluded from this table. We will report on Traineeships in the Employer Ownership Pilot in 2015/16 as soon as we have a reliable estimate of numbers from the data collection.
- 4) Please see the general footnotes for further information on this table.

Table 27.3: Traineeship Progression by Age (2015/16 – Reported to Date)

Age		2015/16
		Quarter 1 August to October
Total Traineeships	Under 19 (progression to a job, Apprenticeship, further full-time education or other training)	900
	19-24 (progression to a job or Apprenticeship)	400
	Total	1,300

Notes

- 1) Based on Work Experience Placement being recorded as achieved (progress to a job or Apprenticeship, or further learning for under 19s).
- 2) These figures should not be combined with starts in table 27.1 to produce rates because traineeships can last 6 months and providers have until the end of the year to finalise their returns.
- 3) Data for Traineeships in the Employer Ownership Pilot in 2015/16 cannot yet be reliably estimated and are excluded from this table. We will report on Traineeships in the Employer Ownership Pilot in 2015/16 as soon as we have a reliable estimate of numbers from the data collection.
- 4) Please see the general footnotes for further information on this table.

- Notes**
- 1) Starts in this table will also be counted in the main Apprenticeship, Workplace Learning and Traineeship tables, as well as in FE and Skills participation figures.
 - 2) The data sources for this table are Employer Ownership Pilots 1 and 2.
 - 3) This table includes provisional 2014/15 Employer Ownership Pilot (EOP) volumes due to problems with the final 2014/15 EOP data collection. See the note in the commentary and on the contents page of the table pack for more information.
 - 4) SASE Compliant Apprenticeships are frameworks that conform to the Specification of Apprenticeship Standards for England (SASE). Non-SASE Compliant Apprenticeships are employer defined programmes.
 - 5) New Apprenticeship standards undertaken in the Employer Ownership Pilot are not yet included in this table.
 - 6) QCF Training is learners starting aims that are accredited under the Qualifications and Credit Framework.
 - 7) Please see the general footnotes for further information on this table.
