

QUALIFIED FOR LIFE: FOCUS ON SCIENCE

Science takes you places

Science, technology, engineering and maths (STEM) affects us all, every day of the year, from the moment we wake up, all day long, and through the night.

Computers

Driving

Cooking

Mobile phone

Weather

Digital alarm

Science is all around us

Question: What has your digital alarm clock, the weather forecast, your computer, your family car, your kitchen utensils and your mobile phone all got in common?

Answer: They were all brought to you courtesy of science.

Tell your children a career in science can be fun, financially rewarding and can make a difference.

There are excellent opportunities for those who pursue a science career.
