Ofqual

This page shows the status of specifications submitted to Ofqual to be taught as GCSEs, AS and A levels from September 2017.

Exam boards take these subject content and requirements documents and use them to produce a specification and sample assessment materials for any subject they wish to offer. The specification is submitted to Ofqual for consideration. Ofqual convenes a panel of subject and assessment experts to scrutinise the specification and make a decision on whether it meets all the requirements for that subject. If it does, it will be accredited and teachers will be able to use it. If it does not, it will be sent back to the exam board and they will have to change their specification based on the feedback given by Ofqual. When they have made the amendments they will submit the new specification.

## 1. Number of qualifications accredited

17 of 26 GCSE subjects have at least 1 specification accredited. 13 of 26 subjects have all specifications accredited.

14 of 20 AS and A level subjects have at least 1 specification accredited. 10 of 20 subjects have all specifications accredited.

## 2. Number of specifications accredited
