## Internet

http://lwww.deni.gov.uk/index/ facts-and-figures-new.htm

The purpose of this statistical bulletin is to present detailed, final attendance figures for schools for the 2014/15 academic year. It includes information on the rates of absence, type of absence and reason for absence.

## KEY FINDINGS

Absence is reported by schools in half day sessions and recorded as authorised or unauthorised.

- The overall attendance rate for primary schools in 2014/15 was $95.4 \%$ of the total half days; $4.6 \%$ of all half days were missed due to absence; $3.5 \%$ authorised and $1.1 \%$ unauthorised absence.
- The overall attendance rate for post-primary schools in $2014 / 15$ was $93.4 \%$ of the total half days; $6.6 \%$ of all half days were missed due to absence; $4.5 \%$ authorised and $2.1 \%$ unauthorised absence.
- The overall attendance rate for special schools in 2014/15 was $90.2 \%$ of the total half days; $9.8 \%$ of all half days were missed due to absence; 6.7\% authorised and 3.1\% unauthorised absence.

## Introduction

Attendance data are collected annually via the school census and are required by a range of organisations and individuals for a variety of purposes. Members of the NI Assembly, the Department of Education, the Education Authority and the Education and Training Inspectorate use the data for benchmarking, policy making and performance monitoring. Responsibility for attendance policy lies with Additional Educational Needs Team in DE which monitors non-attendance and provides guidance to schools in relation to managing attendance. Attendance data are used for monitoring other Departmental policies for example, Achieving Belfast and Derry Bright Futures. The statistics are also used by other departments when developing and monitoring cross-departmental policies, for example, attendance is an indicator in the Education Domain of the Northern Ireland Multiple Deprivation Measure as well as OFMDFM's 10 Year Strategy for Children and Young People. The data are also used by researchers, academics and students, as well as the general public for informing choices about service providers.

Initial findings for 2014/15 were published on 21 January 2016. This statistical bulletin supplements that information and includes analysis of attendance data by school type and characteristics such as management type, as well as pupil characteristics, for example gender and ethnicity.

Attendance data for the 2014/15 academic year was collected from all grant-aided primary, post-primary and special schools in Northern Ireland via the school census which was conducted in October 2015.

## Section 1: All schools by Sector

### 1.1 Key Findings

## Absence rates

While there does not tend to be large variation in absence rates year on year, overall absence was slightly higher in all phases in 2014/15 than in the previous year. However the largest increase of 0.2 percentage points for primary schools was marginal.

- In primary schools in 2014/15, $4.6 \%$ of all half days were missed due to absence; $3.5 \%$ authorised and $1.1 \%$ unauthorised absence. (See Table 1.1). In 2013/14, overall absence accounted for $4.4 \%$ of the total half days; $3.0 \%$ authorised and $1.4 \%$ unauthorised ${ }^{1}$. The figures show a marginal increase in absence levels on the previous year for overall and authorised absence, while unauthorised absence has decreased.

[^0]- In post-primary schools in 2014/15, $6.6 \%$ of all half days were missed due to absence, $4.5 \%$ was authorised absence and $2.1 \%$ was unauthorised absence. See Table 1.1 below. In 2013/14, overall absence accounted for $6.5 \%$ of the total half days (4.0\% authorised and $2.5 \%$ unauthorised).
- In special schools, $9.8 \%$ of all half days were missed due to absence in 2014/15, comprising 6.7\% authorised and 3.1\% unauthorised absence. See Table 1.1 below. In $2013 / 14^{2}$, overall absence accounted for $9.7 \%$ of the total half days ( $6.4 \%$ authorised and $3.4 \%$ unauthorised absence).

Table 1.1: Attendance and absence at school by school type, 2014/15

|  | Percentage of total half days |  |  |
| :--- | ---: | ---: | ---: |
|  | Primary <br> Schools | Post-primary <br> Schools | Special <br> Schools |
| Attended | 95.4 | 93.4 | 90.2 |
| Overall absence | 4.6 | 6.6 | 9.8 |
| Authorised absence | 3.5 | 4.5 | 6.7 |
| Unauthorised absence | 1.1 | 2.1 | 3.1 |

Chart 1.1: Absence from primary, post-primary and special schools, 2014/15

[^1]
### 1.2 Reasons for absence

The most common reason for absence in all schools was illness, which is an authorised absence. Illness accounted for $63.9 \%$ of all absent half days in primary schools, $52.9 \%$ in post-primary schools and $46.2 \%$ in special schools. This equates to $2.9 \%, 3.5 \%$ and $4.5 \%$ of the total half days respectively. (See Table 1.2).

The level of absence attributable to each reason tends to remain fairly consistent year on year, however, the proportion of absent half days attributable to 'lllness' has increased in comparison to $2013 / 14$, when it was $58.6 \%$ in primary schools, $48.4 \%$ in post-primary schools and $45.2 \%$ in special schools ${ }^{3}$. In 2013/14, this was $2.6 \%, 3.1 \%$ and $4.4 \%$ of the total half days respectively.

With regards to unauthorised absence, the proportion of absent half days attributable to 'No reason yet provided' has decreased in comparison with 2013/14. In primary schools, 10.2\% of absent half days were missed for this reason in 2014/15 compared with $19.1 \%$ in 2013/14; in post-primary schools, it was $19.7 \%$ in $2014 / 15$ compared with $30.3 \%$ in 2013/14; and in special schools, it was $24.6 \%$ in 2014/15 compared with $28.2 \%$ in 2013/14. In 2014/15 this was $0.5 \%, 1.3 \%$ and $2.4 \%$ of the total half days, respectively, for primary, post-primary and special schools, compared with $0.8 \%, 2.0 \%$ and $2.7 \%$ in 2013/14.

The increase in absent half days attributable to 'lllness' accounts for the overall increase in absence levels in 2014/15. However this increase is counteracted somewhat by a decrease in absent half days attributable to 'No reason yet provided'.
Table 1.2: Absence from schools by reason, 2014/15

| Reason | Primary Schools |  | Post-Primary Schools |  | Special Schools |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $\%$ absent half days | \% of total half days | $\begin{array}{r} \text { \% of } \\ \text { absent } \\ \text { half } \\ \text { days } \end{array}$ | \% of <br> total half days | $\begin{array}{r} \text { \% of } \\ \text { absent } \\ \text { half } \\ \text { days } \end{array}$ | \% of total half days |
| Authorised absence |  |  |  |  |  |  |
| Illness | 63.9 | 2.9 | 52.9 | 3.5 | 46.2 | 4.5 |
| Medical / dental appointments | 3.1 | 0.1 | 5.6 | 0.4 | 8.5 | 0.8 |

| Total overall absence | 100 | 4.6 | 100 | 6.6 | 100 | 9.8 |

[^2]
### 1.3 Comparisons with England, Scotland and Wales

The lowest overall absence rate in primary schools was recorded in England; 4.0\% of the total half days, compared with $5.1 \%$ in Wales and $4.6 \%$ in Northern Ireland. At 1.4\% of the total half days, unauthorised absence was higher in Scotland primary schools than in any other region ( $1.1 \%$ in NI, $1.0 \%$ in Wales and $0.7 \%$ in England). (See Table 1.3).

In post-primary schools, the highest overall absence rate was recorded in Scotland (8.1\%). The overall absence rates recorded in Northern Ireland and Wales were lower, at $6.6 \%$ and $6.2 \%$, respectively, while overall absence in England, at $5.2 \%$, was considerably lower again. As with primary schools, unauthorised absence was higher in Scotland post-primary schools (2.8\%), than any other region. The next highest unauthorised absence rate was recorded in NI (2.1\%), while both England and Wales were lower (1.2\% and 1.3\%, respectively). (See Table 1.3).

Table 1.3: Absence rates for Northern Ireland, England, Scotland and Wales, 2014/15

|  | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
| Area | Primary Schools |  | Post-Primary Schools |  |
|  | Overall absence | Unauthorised <br> absence | Overall absence | Unauthorised <br> absence |
| NI | 4.6 | 1.1 | 6.6 | 2.1 |
| England | 4.0 | 0.7 | 5.2 | 1.2 |
| Scotland | 5.0 | 1.4 | 8.1 | 2.8 |
| Wales | 5.1 | 1.0 | 6.2 | 1.3 |

Chart 1.2: Comparisons with England, Scotland and Wales - overall absence, 2014/15

## Section 2: Primary Schools

### 2.1 Key Findings

In primary schools in 2014/15, 4.6\% of all half days were missed due to absence; $3.5 \%$ authorised and $1.1 \%$ unauthorised absence (Table 1.1/Chart 1.1). The most common reason for absence in primary schools was illness, which is an authorised absence and accounted for $2.9 \%$ of the total half days or $63.9 \%$ of all absent half days in 2014/15 (Table 1.2).

### 2.2 School Level Analysis

### 2.2.1 Management Type

Catholic Maintained and Other Maintained primary schools had the highest rate of overall absence ( $4.8 \%$ of the total half days) while voluntary schools had the lowest at $2.9 \%$ of the total half days. (See Table 2.1/Chart 2.1).

Table 2.1 Attendance at primary school by management type, 2014/15

| Management Type | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Controlled | 95.6 | 4.4 | 3.2 | 1.2 |
| Catholic Maintained | 95.2 | 4.8 | 3.8 | 1.0 |
| Voluntary | 97.1 | 2.9 | 2.2 | 0.7 |
| Other Maintained | 95.2 | 4.8 | 3.4 | 1.5 |
| Controlled Integrated | 95.3 | 4.7 | 3.5 | 1.2 |
| Grant Maintained Integrated | 95.3 | 4.7 | 3.4 | 1.3 |
| Primary rate | $\mathbf{9 5 . 4}$ | $\mathbf{4 . 6}$ | $\mathbf{3 . 5}$ | $\mathbf{1 . 1}$ |

Chart 2.1: Absence from primary school by management type, 2014/15

### 2.2.2 Former Education and Library Board (ELB) ${ }^{4}$ Area

At $5.5 \%$ of the total half days, the highest overall absence rate for primary schools was recorded by the former Belfast Education and Library Board area. The former North Eastern Education and Library Board reported the lowest overall absence rate, with $4.1 \%$ of the total half days missed. (See Table 2.2/Chart 2.2).

Table 2.2: Attendance at primary school by former ELB area, 2014/15

| ELB | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Belfast | 94.5 | 5.5 | 3.5 | 1.9 |
| Western | 95.1 | 4.9 | 3.8 | 1.1 |
| North Eastern | 95.9 | 4.1 | 3.2 | 0.9 |
| South Eastern | 95.7 | 4.3 | 3.4 | 0.9 |
| Southern | 95.5 | 4.5 | 3.5 | 1.1 |
| Primary rate | $\mathbf{9 5 . 4}$ | $\mathbf{4 . 6}$ | $\mathbf{3 . 5}$ | $\mathbf{1 . 1}$ |

Chart 2.2: Absence from primary school by former ELB Area, 2014/15

### 2.2.3 Location ${ }^{5}$ of school (urban / rural)

Overall absence was higher for urban primary schools ( $5.0 \%$ of the total half days) than for rural primary schools ( $3.8 \%$ of the total half days), as was unauthorised absence ( $1.4 \%$ compared with $0.6 \%$ respectively). (See Table 2.3).

Table 2.3: Attendance at primary school by location of school, 2014/15

| Location | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Urban | 95.0 | 5.0 | 3.6 | 1.4 |
| Rural | 96.2 | 3.8 | 3.2 | 0.6 |
| Primary rate | 95.4 | 4.6 | 3.5 | $\mathbf{1 . 1}$ |

[^3]
### 2.2.4 Free School Meal Entitlement (FSME)

The figures show that overall absence rates increase in line with the percentage of pupils enrolled who are eligible for free school meals. In schools where less than $10 \%$ of enrolled pupils were eligible for free school meals, the overall absence rate was $3.2 \%$ of the total half days. This compares with $6.4 \%$ of the total half days for schools with more than $50 \%$ of enrolled pupils eligible for free school meals. Since the level of free school meal eligibility is indicative of levels of deprivation, the data suggest that absence is higher in more disadvantaged areas. (See Table 2.4/Chart 2.3).

Table 2.4: Attendance at primary school by FSME, 2014/15

| \% of pupils entitled to <br> Free School Meals | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| :--- | ---: | ---: | ---: | ---: |
|  | 96.8 | 3.2 | 2.7 | 0.6 |
| $10.00-19.99$ | 96.4 | 3.6 | 2.9 | 0.8 |
| $20.00-29.99$ | 95.9 | 4.1 | 3.3 | 0.8 |
| $30.00-39.99$ | 95.3 | 4.7 | 3.5 | 1.2 |
| $40.00-49.99$ | 94.8 | 5.2 | 4.0 | 1.2 |
| 50.00 or more | 93.6 | 6.4 | 4.3 | 2.1 |
| Primary rate | $\mathbf{9 5 . 4}$ | $\mathbf{4 . 6}$ | $\mathbf{3 . 5}$ | $\mathbf{1 . 1}$ |

Chart 2.3: Absence from primary school by FSME, 2014/15

### 2.3 Pupil Level Analysis

### 2.3.1 Gender

Overall absence rates were similar for boys and girls of primary school age (4.7\% and 4.5\% of the total half days respectively). See Table 2.5).

Table 2.5: Attendance at primary school by gender, 2014/15

| Gender | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
|  | 95.3 | 4.7 | 3.5 | 1.1 |
| Female | 95.5 | 4.5 | 3.4 | 1.1 |
| Primary rate | 95.4 | 4.6 | 3.5 | $\mathbf{1 . 1}$ |

### 2.3.2 Year group

The highest rate of overall absence occurred in Year 1 of primary school when $5.0 \%$ of the total half days were missed. (See Table 2.6). Further analysis shows that, with the exception of illness, rates of absence tend to be similar for all reasons regardless of year group. Year 1 pupils miss more total half days due to illness than any other year group ( $3.5 \%$ compared with a low of 2.7\% in Years 3, 4 and 5).

Table 2.6: Attendance at primary school by year group, 2014/15

|  | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
| Year Group | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Year 1 | 95.0 | 5.0 | 3.9 | 1.0 |
| Year 2 | 95.3 | 4.7 | 3.6 | 1.1 |
| Year 3 | 95.6 | 4.4 | 3.3 | 1.1 |
| Year 4 | 95.7 | 4.3 | 3.2 | 1.1 |
| Year 5 | 95.6 | 4.4 | 3.3 | 1.1 |
| Year 6 | 95.5 | 4.5 | 3.4 | 1.1 |
| Year 7 | 95.3 | 4.7 | 3.5 | 1.2 |
| Primary rate | 95.4 | $\mathbf{4 . 6}$ | $\mathbf{3 . 5}$ | $\mathbf{1 . 1}$ |

### 2.3.3 Ethnicity

Irish Traveller children attending primary school had a markedly higher absence rate than any other ethnic group. They missed $26.4 \%$ of the total half days, compared with $4.4 \%$ for white children and $5.7 \%$ for children from a minority ethnic background. (See table 2.7). The absence rate for Irish Traveller children has decreased since $2013 / 14^{6}$, when it was $27.7 \%$. In comparison, the absence rate for White children was $4.3 \%$ in 2013/14 and the absence rate for "Minority Ethnic Background", at 5.7\%, remains the same.

Table 2.7: Attendance at primary school by ethnicity, 2014/15

| Ethnicity | Percentage of total half days |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Attended | Overall absence | Authorised absence | Unauthorised absence |
| White | 95.6 | 4.4 | 3.4 | 1.0 |
| Minority Ethnic Background ${ }^{7}$ | 94.3 | 5.7 | 3.4 | 2.3 |
| Irish Traveller | 73.6 | 26.4 | 15.7 | 10.7 |
| Primary rate | 95.4 | 4.6 | 3.5 | 1.1 |

.

### 2.3.4 Home Language

Table 2.8 below shows the attendance of primary pupils for the top ten reported home languages. At $3.5 \%$, the lowest absence rate is reported for pupils whose home language is Chinese (Mandarin/Putonghua), while the highest absence rate (13.6\%) is reported for pupils whose home language is Romanian. The lowest rate of unauthorised absence is reported for pupils whose home language is English (1.0\%).

Table 2.8: Attendance at primary school by home language, 2014/15

| Home Language | Percentage of total half days |  |  |  | Proportion of enrolments |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  | Attended | Absent | Authorised absence | Unauthorised absence |  |
| English | 95.6 | 4.4 | 3.4 | 1.0 | 93.4 |
| Polish | 92.1 | 7.9 | 5.5 | 2.4 | 2.1 |
| Lithuanian | 92.0 | 8.0 | 5.7 | 2.4 | 0.9 |
| Portuguese | 93.5 | 6.5 | 4.0 | 2.4 | 0.4 |
| Malayalam | 94.4 | 5.6 | 3.7 | 2.0 | 0.3 |
| Romanian | 86.4 | 13.6 | 4.3 | 9.4 | 0.2 |
| Tagalog/Filipino | 94.7 | 5.3 | 3.7 | 1.6 | 0.2 |
| Latvian | 92.9 | 7.1 | 4.8 | 2.3 | 0.2 |
| Slovak | 90.7 | 9.3 | 6.2 | 3.2 | 0.2 |
| Chinese <br> (Mandarin/Putonghua) | 96.5 | 3.5 | 2.2 | 1.3 | 0.2 |
| Other ${ }^{\text {8 }}$ | 94.0 | 6.0 | 3.7 | 2.3 | 1.9 |
| Primary rate | 95.4 | 4.6 | 3.5 | 1.1 | 100.0 |

Note: The table is presented in descending order of proportion of en rolments. Some rates a re based on a small number of en rolments, in which case the a ttendance of one pupil may significa ntly impact on that atte ndance rate. Home language is not known for 32 enrolments, representing $0.02 \%$ of the total enrolments.

[^4]
### 2.3.5 Looked After Children ${ }^{9}$

Looked After Children in primary schools had a lower absence rate (4.1\%) than those who were not in care ( $4.6 \%$ ). This difference is evident year-on-year, however prior to 2013/14, the unauthorised absence rate was higher for Looked After Children than for those not in care. 2013/14 was the first year (of reported data) that unauthorised absence was lower for Looked After Children, and this trend continues in 2014/15 with the unauthorised absence rate for Looked After Children being $0.9 \%$ compared to $1.1 \%$ for those not in care. (See Table 2.9).

Table 2.9: Attendance of Looked After Children at primary school, 2014/15

| Looked after status | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
|  | 95.9 | 4.1 | 3.2 | 0.9 |
| Other | 95.4 | 4.6 | 3.5 | 1.1 |
| Primary rate | $\mathbf{9 5 . 4}$ | $\mathbf{4 . 6}$ | $\mathbf{3 . 5}$ | $\mathbf{1 . 1}$ |

### 2.3.6 Neighbourhood Renewal Areas ${ }^{10}$ (NRAs)

At 6.4\%, the absence rate for pupils living in Neighbourhood Renewal Areas was 2.2 percentage points higher than for pupils who did not live in an NRA. See Table 2.10 below.

Table 2.10: Attendance rates for primary pupils living in Neighbourhood Renewal Areas, 2014/15

| Area | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Neighbourhood Renewal Area | 93.6 | 6.4 | 4.4 | 2.0 |
| Other | 95.8 | 4.2 | 3.3 | 0.9 |
| Primary rate | $\mathbf{9 5 . 4}$ | $\mathbf{4 . 6}$ | $\mathbf{3 . 5}$ | $\mathbf{1 . 1}$ |

### 2.3.7 Duration of absence

Chart 2.4 shows the number of days absent for all primary pupils enrolled in 2014/15. Of all pupils enrolled in this group in 2014/15, $7.9 \%$ had no absence, a decrease on the $8.6 \%$ with full attendance in $2013 / 14^{11}$. At $39.9 \%$ of total enrolments, between ' 0.5 and 5 days' absence was the group reported most frequently in 2014/15. Approximately $4.5 \%$ of pupils enrolled were absent for more than 25 days, compared to $4.3 \%$ reported in 2013/14.

[^5]Attendance at grant-aided primary, post-primary and special schools in Northern Ireland 2014/15: Detailed statistics

Chart 2.4: Number of days absence, 2014/15

### 2.3.8 Levels of absence

Chart 2.5 shows that over three-fifths of pupils enrolled at primary school (60.2\%) had an absence rate of between $0.01 \%$ and $5.00 \%$ of the total half days, while $4.0 \%$ missed more than $15 \%$ of the total half days. This shows a slight increase in the proportion of pupils with less than $85 \%$ attendance on the previous year (3.8\%) ${ }^{12}$. Schools tend to consider referral of pupils to the Education Welfare Service for non-attendance if absence is more than $15 \%$; however, the final decision is at the discretion of the school on consideration of individual circumstances.

Chart 2.5: Percentage of enrolments at primary school by overall absence rates, 2013/14

[^6]
### 2.3.9 More than 15\% absence

Table 2.10 provides an analysis of those pupils with an absence rate of more than $15 \%$, along with a profile of all pupils for comparative purposes. As explained previously, this is one of the points when schools may consider referring a child to the Education Welfare Service for non-attendance. Looking at the characteristics of the pupils with absence rates of more than $15 \%$, approximately half were from Catholic maintained schools ( $48.2 \%$ ), with $44.4 \%$ from Controlled schools; over one-fifth ( $24.0 \%$ and $22.6 \%$, respectively) were from the former Belfast Education and Library Board and the former Southern Education and Library Board. The largest proportion of pupils with absence rates of more than $15 \%$ were in Year 1 (18.4\%).

Table 2.10: Characteristics of primary school pupils with absence rates of more than 15\% in 2014/15

|  | School and pupil characteristics of pupils with $>15 \%$ absence | School and pupil characteristics of all pupils |
| :---: | :---: | :---: |
| SCHOOL CHARACTERISTICS: |  |  |
| Management type |  |  |
| Controlled | 44.4 | 45.8 |
| Catholic maintained | 48.2 | 45.8 |

## Section 3: Post-primary schools

### 3.1 Key Findings

In post-primary schools in 2013/14, 6.6\% of all half days were missed due to absence; $4.5 \%$ authorised and $2.1 \%$ unauthorised absence (See Table 1.1/Chart 1.1). The most common reason for absence in post-primary schools was illness, which is an authorised absence and accounted for $3.5 \%$ of the total half days ( $52.9 \%$ of all absent half days) (See Table 1.2).

### 3.2 School Level Analysis

### 3.2.1 School Type

At $8.0 \%$ of the total half days, the rate of overall absence in non-grammar schools was higher than in grammar schools ( $4.4 \%$ ). There was a marked difference in the rates of unauthorised absence in non-grammar and grammar schools ( $3.0 \%$ and $0.7 \%$ of the total half days respectively). See Table 3.1/Chart 3.1).

Table 3.1: Attendance at post-primary school by school type, 2014/15

| School Type | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Non-Grammar | 92.0 | 8.0 | 5.0 | 3.0 |
| Grammar | 95.6 | 4.4 | 3.7 | 0.7 |
| Post-primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

Chart 3.1: Absence from post-primary school by school type, 2014/15

### 3.2.2 Management type

Controlled integrated schools had the highest rate of overall absence ( $9.1 \%$ of the total half days) while voluntary schools had the lowest at $4.4 \%$ of the total half days. (See Table 3.2/Chart 3.2).

Table 3.2: Attendance at post-primary school by management type, 2014/15

| Management Type | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Controlled | 93.0 | 7.0 | 4.5 | 2.6 |
| Catholic Maintained | 92.1 | 7.9 | 5.1 | 2.8 |
| Voluntary | 95.6 | 4.4 | 3.8 | 0.6 |
| Other Maintained | 94.3 | 5.7 | 4.6 | 1.1 |
| Controlled Integrated | 90.9 | 9.1 | 6.2 | 2.9 |
| Grant Maintained Integrated | 92.3 | 7.7 | 4.8 | 2.9 |
| Post-primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

Chart 3.2: Absence from post-primary school by management type, 2014/15

### 3.2.3 Former Education and Library Board (ELB) ${ }^{13}$ areas

At 6.9\% of the total half days, the former Western Education and Library Board area had the highest overall absence rate for post-primary schools. The former North Eastern Education and Library Board area reported the lowest rate of overall absence ( $6.2 \%$ of the total half days). (See Table 3.3).

Table 3.3: Attendance at post-primary school by Former ELB Area, 2014/15

| ELB | \% of total half days |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Belfast | 93.4 | 6.6 | 4.6 | 2.0 |
| Western | 93.1 | 6.9 | 4.4 | 2.5 |
| North Eastern | 93.8 | 6.2 | 4.2 | 2.1 |
| South Eastern | 93.2 | 6.8 | 4.8 | 2.0 |
| Southern | 93.6 | 6.4 | 4.6 | 1.8 |
| Post-primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

[^7]
### 3.2.4 Location ${ }^{14}$ of school (urban / rural).

Less than one-fifth of post-primary schools are located in a rural area. In 2014/15 overall and authorised absence was higher in rural schools than in urban schools, (6.8\% and $6.5 \%$ respectively. (See Table 3.4).

Table 3.4: Attendance at post-primary school by location of school, 2014/15

|  | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Location | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Urban | 93.5 | 6.5 | 4.4 | 2.1 |
| Rural | 93.2 | 6.8 | 4.9 | 1.9 |
| Post-primary rate | 93.4 | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

### 3.2.5 Free School Meal Entitlement (FSME)

The figures indicate that for the most part, absence rates increase in line with the percentage of pupils enrolled who are eligible for free school meals. In schools where less than $10 \%$ of pupils enrolled were eligible for free school meals, the overall absence rate was $3.9 \%$ of the total half days. This compares with $9.0 \%$ of the total half days for schools with more than $50 \%$ of pupils enrolled eligible for free school meals. Unauthorised absence is notably higher for schools with high levels of FSME. Since the level of free school meal eligibility is indicative of levels of deprivation, the data indicate that absence tends to be higher in more disadvantaged areas. (See Table 3.5 /Chart 3.3).

Table 3.5: Attendance at post-primary school by FSME, 2014/15

| \% of pupils entitled to <br> Free School Meals | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| :--- | ---: | ---: | ---: | ---: |
|  | 96.1 | 3.9 | 3.3 | 0.6 |
| $10.00-19.99$ | 95.3 | 4.7 | 4.0 | 0.7 |
| $20.00-29.99$ | 93.8 | 6.2 | 4.3 | 1.9 |
| $30.00-39.99$ | 91.8 | 8.2 | 5.1 | 3.1 |
| $40.00-49.99$ | 91.8 | 8.2 | 5.3 | 2.9 |
| 50 or more | 91.0 | 9.0 | 5.3 | 3.7 |
| Post-primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

[^8]Chart 3.3: Absence from post-primary school by FSME, 2014/15

### 3.3 Pupil Level Analysis

### 3.3.1 Gender

At $6.7 \%$ and $6.5 \%$ of total half days, respectively, overall absence was similar for males and females. (See Table 3.6). While the predominant cause of absence for both genders was illness, females missed a greater proportion of the total half days for this reason than males ( $55.2 \%$ and $50.8 \%$ of the total absent half days, respectively). The proportion of total half days missed due to suspension from school was almost four times higher for males than for females.

Table 3.6: Attendance at post-primary school by gender, 2014/15

| Gender | $\%$ of total half days |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Male | 93.3 | 6.7 | 4.4 | 2.2 |
| Female | 93.5 | 6.5 | 4.6 | 1.9 |
| Post-primary rate | 93.4 | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

### 3.3.2 Year group

Absence rates increased steadily between Year 8 and Year 11 (from $5.1 \%$ to $7.8 \%$ of the total half days), before decreasing to $6.5 \%$ of the total half days in Year 12. Rates of unauthorised absence followed the same pattern, increasing from $1.3 \%$ in Year 8 to $2.8 \%$ in Year 11 before falling slightly to $2.3 \%$ in Year 12. (See Table 3.7/Chart 3.4).

Table 3.7: Attendance at post-primary school by year group, 2014/15

| Year Group | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Year 8 | 94.9 | 5.1 | 3.8 | 1.3 |
| Year 9 | 93.7 | 6.3 | 4.5 | 1.8 |
| Year 10 | 92.8 | 7.2 | 5.0 | 2.1 |
| Year 11 | 92.2 | 7.8 | 5.0 | 2.8 |
| Year 12 | 93.5 | 6.5 | 4.1 | 2.3 |
| Post-primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

Chart 3.4: Absence from post-primary school by year group, 2013/14

### 3.3.3 Ethnicity

At $39.0 \%$ of the total half days, the rate of overall absence was higher for Irish Traveller children than for any other ethnic group. This compares with $6.5 \%$ for white children and $5.7 \%$ for children from a minority ethnic background. See Table 3.8 overleaf. The absence rate for Irish Traveller children and those from a minority ethnic background has decreased since $2013 / 14^{15}$, when it was $42.8 \%$ and $5.8 \%$ respectively. In comparison, the absence rate for white children was $6.4 \%$ in 2013/14. (See Table 3.8).

[^9]Table 3.8: Attendance at post-primary school by ethnicity, 2014/15

| Ethnicity | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
|  | 93.5 | 6.5 | 4.5 | 2.0 |
| Minority Ethnic Background $^{16}$ | 94.3 | 5.7 | 3.6 | 2.1 |
| Irish Traveller | 61.0 | 39.0 | 13.0 | 26.0 |
| Post-primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

### 3.3.4 Home Language

Table 3.9 below shows the attendance of post-primary pupils for the most frequently reported home languages. At $2.9 \%$, the lowest absence rate is reported for pupils whose home language is Malayalam, while the highest absence rate (11.9\%) was reported for pupils whose home language is Slovak.

Table 3.9: Attendance at primary school by home language, 2014/15

| Home Language | Percentage of total half days |  |  |  | Proportion <br> of |
| :--- | ---: | ---: | ---: | ---: | ---: |
|  | Attended | Absent | Authorised <br> absence | Unauthorised <br> absence | enrolments |
| English | 93.5 | 6.5 | 4.5 | 2.0 | 95.4 |
| Polish | 91.0 | 9.0 | 5.6 | 3.3 | 1.3 |
| Lithuanian | 90.3 | 9.7 | 6.2 | 3.5 | 0.6 |
| Portuguese | 92.5 | 7.5 | 4.0 | 3.4 | 0.3 |
| Tagalog/Filipino | 95.8 | 4.2 | 2.9 | 1.3 | 0.3 |
| Irish | 95.0 | 5.0 | 4.0 | 1.0 | 0.2 |
| Chinese (Cantonese) | 96.2 | 3.8 | 2.3 | 1.5 | 0.2 |
| Malayalam | 97.1 | 2.9 | 2.1 | 0.8 | 0.2 |
| Latvian | 89.7 | 10.3 | 6.5 | 3.8 | 0.1 |
| Slovak | 88.1 | 11.9 | 7.3 | 4.6 | 0.1 |
| Other ${ }^{17}$ | 93.1 | 6.9 | 4.0 | 2.9 | 1.3 |
| Post-Primary rate | $\mathbf{9 3 . 4}$ | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ | $\mathbf{1 0 0 . 0}$ |

Note: The table is presented in descending order of proportion of enrolments. Some rates are based on a s mall number of enrolments, in which case the attendance of one pupil may significantly impact on that attendance rate. Home language is not know n for 4 enrolments, representing $0.004 \%$ of the total enrolments.

[^10]
### 3.3.5 Looked after children ${ }^{18}$

Rates of overall and unauthorised absence were notably higher for looked after children in post-primary schools ( $10.3 \%$ and $5.2 \%$ of the total half days respectively), compared with $6.5 \%$ and $2.0 \%$ for all other children. See Table 3.10 below.

Table 3.10: Attendance of looked after children at post-primary school, 2014/15

| Looked after children | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Looked after children | 89.7 | 10.3 | 5.2 | 5.2 |
| Other | 93.5 | 6.5 | 4.5 | 2.0 |
| Post-primary rate | 93.4 | $\mathbf{6 . 6}$ | $\mathbf{4 . 5}$ | $\mathbf{2 . 1}$ |

### 3.3.6 Neighbourhood Renewal Areas ${ }^{19}$ (NRAs)

At 9.2\%, the overall absence rate for pupils living in NRAs was 3.1 percentage points higher than for pupils who did not live in an NRA. (See Table 3.11).

Table 3.11: Attendance rates for post-primary pupils living in Neighbourhood Renewal Areas, 2014/15

| NRA | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended Overall <br> absence Authorised <br> absence Unauthorised <br> absence  <br> Neighbourhood Renewal Area 90.8 9.2 5.6 3.6 <br> Other 93.9 6.1 4.3 1.8 <br> Post-primary rate 93.4 $\mathbf{6 . 6}$ $\mathbf{4 . 5}$ $\mathbf{2 . 1}$ 年 |  |  |  |

### 3.3.7 Duration of absence

Chart 3.5 shows the number of days absent for post-primary pupils enrolled in 2014/15. Of all pupils enrolled in Year 8 to Year 12 at post-primary schools, $5.4 \%$ had no absence during $2014 / 15$, a decrease on the $6.1 \%$ that had full attendance in $2013 / 14^{20}$. At $30.5 \%$ of total enrolments, between ' 0.5 and 5.0 days' absence was the group reported most frequently in 2014/15; 10.3\% of pupils enrolled were absent for more than 25 days, compared with $10.6 \%$ in 2013/14.

[^11]Chart 3.5: Number of days absent, 2014/15

### 3.3.8 Levels of absence

Looking at absence rates (number of half days absent as a proportion of all half days), $50.0 \%$ of post-primary pupils had an absence rate of between $0.01 \%$ and $5.00 \%$ of total half days. Of the total pupil enrolments, $9.1 \%$ of pupils enrolled were absent for more than $15 \%$ of the total half days, compared to $9.3 \%$ reported in $2013 / 14^{21}$. Schools tend to consider referral of pupils to the Education Welfare Service for non-attendance if absence is more than $15 \%$; however, the final decision is at the discretion of the school on consideration of individual circumstances. (See Chart 3.6).

Chart 3.6: Percentage of enrolments at post-primary school by overall absence rates, 2014/15

[^12]
### 3.3.9 More than 15\% absence

Table 3.12 provides an analysis of those pupils with an absence rate of more than $15 \%$, along with a profile of all pupils for comparative purposes. As explained previously, this is one of the points when schools may consider referring a child to the Education Welfare Service for non-attendance. Analysis of pupils with an absence rate of more $15 \%$ highlights that almost nine out of ten ( $86.7 \%$ ) attended non-grammar schools and the largest group in this absence band were Year 11 pupils.

Table 3.12: Characteristics of post-primary pupils with absence rates of more than 15\%in 2014/15

|  | School and pupil <br> characteristics of pupils <br> with $>15 \%$ absence | School and pupil <br> characteristics of all <br> pupils |

## Section 4: Special schools

### 4.1 Key Findings

In special schools in 2014/1, $9.8 \%$ of all half days were missed due to absence; $6.7 \%$ authorised and $3.1 \%$ unauthorised absence. (See Table1.1/Chart 1.1). The most common reason for absence in special schools was illness, which is an authorised absence and accounted for $4.5 \%$ of the total half days ( $46.2 \%$ of all absent half days) (See Table 1.2).

### 4.2 School Level Analysis

### 4.2.1 Former Education and Library Board (ELB) ${ }^{22}$ areas

Overall absence was highest (11.2\% of total half days) in Belfast Education and Library Board in 2014/15 and lowest in the North Eastern Education and Library Board special schools ( $8.6 \%$ of total half days). See Table 4.1/Chart 4.1 below.

Table 4.1: Attendance at special school by Education and Library Board, 2014/15

| ELB | \% of total half days |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
| Belfast | 88.8 | 11.2 | 5.8 | 5.5 |
| Western | 90.3 | 9.7 | 7.7 | 2.1 |
| North Eastern | 91.4 | 8.6 | 6.4 | 2.2 |
| South Eastern | 90.3 | 9.7 | 7.3 | 2.4 |
| Southern | 90.4 | 9.6 | 7.4 | 2.2 |
| Special school rate | $\mathbf{9 0 . 2}$ | $\mathbf{9 . 8}$ | $\mathbf{6 . 7}$ | $\mathbf{3 . 1}$ |

Chart 4.1: Absence from special school by Education and Library Board, 2014/15

[^13]
### 4.3 Pupil Level Analysis

### 4.3.1 Gender

Overall absence rates were higher for females attending special schools than for males ( $10.7 \%$ and $9.4 \%$ of the total half days, respectively). (See Table 4.2).

Table 4.2: Attendance at special school by gender, 2014/15

| Gender | Percentage of total half days |  |  |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Attended | Overall <br> absence | Authorised <br> absence | Unauthorised <br> absence |
|  | 90.6 | 9.4 | 6.2 | 3.3 |
| Female | 89.3 | 10.7 | 8.0 | 2.7 |
| Special school rate | 90.2 | 9.8 | 6.7 | $\mathbf{3 . 1}$ |

### 4.3.2 Duration of absence

Of all pupils enrolled in special schools in 2014/15, 3.1\% had no absence, a decrease on the $4.1 \%$ that had full attendance in 2013/14 ${ }^{23}$. In terms of days missed, one-fifth (20.0\%) of pupils enrolled missed more than 25 days in the same year. The equivalent 2013/14 figure was 19.9\%. (See Chart 4.2).

Chart 4.2: Absence from special school by number of days absent, 2014/15

[^14]Attendance at grant-aided primary, post-primary and special schools in Northern Ireland 2014/15: Detailed statistics

### 4.3.3 Levels of absence

Just under two-fifths (39.9\%) of pupils enrolled had an overall absence rate of between $0.01 \%$ and $5.00 \%$ of the total half days. Under one-fifth (18.3\%) were absent for more than $15 \%$ of the total half days, compared to the equivalent $2013 / 14^{24}$ figure of $18.9 \%$.

Chart 4.3: Percentage of enrolments at special school by overall absence rates, 2014/15

[^15]
## Notes for readers

## Background information

## National Statistics

1. The United Kingdom Statistics Authority has designated these statistics as National Statistics, in accordance with the Statistics and Registration Service Act 2007 and signifying compliance with the Code of Practice for Official Statistics.

Designation can be broadly interpreted to mean that the statistics:

- meet identified user needs;
- are well explained and readily accessible;
- are produced according to sound methods, and
- are managed impartially and objectively in the public interest.

Once statistics have been designated as National Statistics it is a statutory requirement that the Code of Practice shall continue to be observed.
2. For general enquiries about National Statistics, contact the National Statistics Public Enquiry Service on 08456013034 minicom: 01633812399
E-mail: info@statistics.gov.uk
Fax: 01633652747
Letters: Customer Contact Centre, Office for National Statistics, Rm 1.101, Government Buildings, Cardiff Road, Newport, NP10 8XG
3. You can also find National Statistics on the Internet: http://www.statistics.gov.uk
4. The statistics in this release have been derived from the annual school census. More information about the collection of school attendance data can be found at:
https://www.deni.gov.uk/publications/attendance-statistics-data-collection-and-validation
5. The $2014 / 15$ figures in this statistical release are based on school census information as at 9 October 2015. They may be subject to minor revision and these will be notified in accordance with our revisions policy. This can be accessed at:
https://www.deni.gov.uk/sites/default/files/publications/de/Statistical\ Revisions.pdf
6. The data is produced at aggregate level only, therefore individual pupils cannot be identified. More information on confidentiality can be found in the DE Confidentiality and Access Statement at the following link:
https://www.deni.gov.uk/sites/default/files/publications/de/Confidentiality\ and\ Acc ess.pdf

## Definitions

7. Attendance or absence is measured for every pupil in half day sessions (am and pm). Absence can be either authorised or unauthorised.

## Attendance

In addition to actual attendance within the school premises, the following are also considered as attendance at school:

- Late (before registration closed)
- Approved sporting activities
- Study leave
- Educational visits
- Work experience
- Alternative education provision (organised by the EA)*
- Home/hospital tuition (organised by the EA)*
- Pupil referral unit*
- Another mainstream school (under Entitlement Framework)*
- Training Organisation (under Entitlement Framework)*
- FE College (under Entitlement Framework)*
- Intensive Support Learning Unit*
- Child and Adolescent Mental Health Services (CAMHS)*

## Authorised absence

An authorised absence is absence with pemission from an authorised school representative on provision of a satisfactory explanation. This includes:

- Artistic endeavour**
- Bereavement
- Suspension
- Agreed family holiday (in very exceptional circumstances)
- Illness
- Medical / dental appointments
- Other exceptional circumstances (includes an exceptional event outside control of the school, for example, travelling children, court appearance)
- Religious observance

## Unauthorised absence

An unauthorised absence is absence without permission from an authorised school representative due to unexplained or unjustified absence. This includes:

- Family holiday not agreed
- Other absence (includes absence not covered by any other code or a reason which is not acceptable to the school, for example, pupil's / parent's or sibling's birthday).
- No reason provided for absence
- Late (after registration closed)

## Notes

The code ' $T$ - Traveller absence' was removed prior to the 2010/11 academic year.

* In 2010/11, the code ' E - Educated offsite' was removed and broken down into 8 new codes, providing more detail on the type of alternative educational provision.
** New code added in 2010/11.
See http://www.deni.gov.uk/attendance circular 201007 - 3rd issue - september 20112. pdf for further information.

## Data quality and coverage

8. Overall absence is considered to be a more reliable measure of absence than authorised and unauthorised absence. Both figures have been provided, however limitations in comparing rates of unauthorised and authorised absence should be noted - for those absences which are not covered by a specific code, the decision to allocate the absence as authorised or unauthorised is taken by the school.
9. Prior to September 2009, schools were advised to record unexplained absence initially as 'no reason yet provided', however, if a reason was not provided within a specified period of time, these should be changed to 'other'. From September 2009 onwards, schools were instructed that, if a reason was never provided, the code should remain as 'no reason yet provided'. This has resulted in higher rates of unauthorised absence being recorded as 'no reason yet provided' and lower figures for 'other' than in previous years.
10. Primary and post-primary data refer to pupils in Years 1 to 12 only, which aligns with the compulsory school age in Northern Ireland. Figures for special schools include all pupils attending special schools in 2014/15.
11. Attendance information was not available for ten primary schools and 11 post-primary schools which had closed prior to the data being collected. This accounts for $1.2 \%$ and $5.3 \%$ of the total primary schools and post-primary schools.
12. Comparative data was obtained from the following sources:

Pupil Absence in Schools in England, Autumn Term 2014 and Spring Term 2015:
https://www.gov.uk/government/statistics/pupil-absence-in-schools-in-england-autumn-
2014-and-spring-2015
Absenteeism from Primary Schools, 2014/15 (Wales):
http://wales.gov.uk/statistics-and-research/absenteeism-primary-schools/?lang=en
Absenteeism from Secondary Schools, 2014/15 (Wales):
http://wales.gov.uk/statistics-and-research/absenteeism-secondary-schools/?lang=en
Attendance and Absence 2014/15 (Scotland):
http://www.gov.scot/Topics/Statistics/Browse/School-
Education/AttendanceAbsenceDatasets/atttab2015

There are slight differences in definitions between the regions, for example, statistics for England include study leave in authorised absence while the DE statistics categorise it as present. Figures for England do not include Summer Term 2014 (when the majority of study leave is recorded), meaning it is still possible to compare their data with NI with the appropriate caveats. There are also methodological differences in collecting the information. For example, the statistics for England are reported on a term by tem basis. Overall absence is considered to be a better measure of comparison, rather than authorised or unauthorised absence.
13. In some cases, percentages may not sum due to rounding.
14. Pupil level information refers to the number of pupil enrolments rather than the number of pupils. A pupil can move schools during the year and will therefore have an attendance record at more than one school.
15. Comparison of the number of looked afterchildren recorded in the school census and the number recorded by the DHSSPS Children Order Statistical Tables suggests some underreporting of looked after children in the school census. It is possible that schools are unaware
of the child's looked after status. Also, since attendance data is collectively retrospectively from schools and matched with current pupil characteristics, the looked after status may have changed. Despite this, attendance rates for looked after children have been included in this publication since the data are sufficiently robust to produce indicative figures.
16. Analysis by the home language of the pupil is included as this variable is the closest approximation available for Country of Birth.
17. As stated earlier, attendance is measured for each pupil in half day sessions. In order to provide information on the actual number of school days missed, these totals have been divided by two. While this is useful to provide an indication of school days missed, it is generally more accurate to report in terms of half days.
18. Schools are required to be in operation for 190 days in the school year, less any School Development Days (SDDs). Schools can apply for up to five SDDs, which can produce slight variations between the numbers of days individual schools are open to pupils.

## Users and uses of the data

19. The statistics are widely used by a range of groups including members of the NI Assembly, the Department of Education, other government departments, the Education Authority, schools, the Education and Training Inspectorate, researchers, students and the public. The data are used to monitor performance, benchmarking against other schools and areas, and to inform DE's corporate goal of "Raising standards for all". The DE policy area particularly concerned with attendance is Additional Educational Needs Team, which is responsible for related policies, guidance to schools in relation to attendance and monitoring non-attendance referrals. Attendance data feeds into other policies, for example it is a performance indicator in the Achieving Belfast and Derry Bright Futures programme and informs policies on traveller children. DE's Every School A Good School policy emphasises the importance of using data to promote improvement. Attendance data is being used within other departments, for example, it is a key indicator in the Education Domain of the Northern Ireland Multiple Deprivation Measure. The Office of the First Minister and Deputy First Minister has developed a suite of indicators to monitor performance against their 10 Year Strategy for Children and Young People. Attendance data feeds into one of the six high level outcomes - Enjoying, Learning and Achieving. It is in turn, also monitored at local level under the Regional Children's Services Plan.
20. Requests for further information should be addressed to:

Michael Woods
