Stakeholder update

Publication: revised teacher assessment frameworks for use from 2018/19 onwards

We have published the revised suite of statutory teacher assessment frameworks for use from the 2018/19 academic year onwards. It includes frameworks for English reading, English writing, mathematics and science for use at the end of [key stage 1](#), and frameworks for English writing and science at the end of [key stage 2](#).

The English writing frameworks referred to above remain unchanged from the versions introduced at the start of the current academic year.

After last year's public consultation on primary assessment, we confirmed that after this year schools will no longer be required to conduct statutory teacher assessment in English reading and mathematics at the end of KS2. Therefore, there are no new frameworks for these subjects.

Changes made to the English writing frameworks will mean that teacher assessment judgements made in 2018, and in future years, will not be directly comparable to those made prior to 2018. This will also apply to English reading, mathematics and science when the new statutory frameworks for those subjects come into effect next year.

Information: assessment update sent to schools

The information sent to schools is as follows:

Primary assessment

Publication: revised teacher assessment frameworks for use from 2018/19 onwards

Key stage 2

Action: complete pupil registration by 16 March

Action: deadline next Monday to apply for early opening and compensatory marks for spelling

Publication: multiplication tables check development process
