Table of allocations for the period September 2020 to March 2021	5

## Introduction

The school improvement (SI) monitoring and brokering grant was announced on 30 November 2016. The grant has been allocated to local authorities since September 2017 to allow them to continue to monitor performance of maintained schools, broker school improvement provision, and intervene as appropriate. This document sets out allocations of £30 million to cover the period September 2020 to March 2021. We will confirm arrangements beyond March 2021 in due course.

## Modelling

Please note that:

- the £30 million is distributed between all eligible local authorities (excluding City of London and Isles of Scilly) to cover the period of September 2020 to March 2021
- the minimum amount of funding a local authority can receive is £50,000 and all local authorities will receive at the least this amount in October 2020
- the allocations are made on a per eligible school basis for those schools deemed open on 1 September 2020
  - eligible schools are schools run by local authorities, including special schools and PRUs, for pupils aged 5-16
  - the list used was extracted from Get Information About Schools as at September 2020
- the general labour market area cost adjustment (GLM ACA) factor is used matches the ACA used in the Central School Services Block of the 2020 to 2021 National Funding Formula.

## Methodology

Please note that:

- for each local authority, the number of eligible schools was multiplied by its GLM ACA rate to calculate a weighted number of schools
- the sum of the weighted number of schools for all local authorities was divided into the available budget of £30 million to calculate the preliminary SI grant per weighted school

- a preliminary grant allocation was calculated for each local authority by multiplying its weighted number of schools with the preliminary SI grant per weighted school
- the grant allocation for those local authorities falling below the minimum was increased to £50,000.
  - the remaining budget, after applying minimum allocations where required, was divided by the sum of the remaining number of weighted schools (those in local authorities above the minimum allocation) to calculate the adjusted grant per weighted school.
- a revised grant allocation was calculated for each local authority, except those allocated the minimum, by multiplying its weighted number of schools with the adjusted SI grant per weighted school
- the grant allocations were rounded to the nearest pound to produce final figures.

## Table of allocations for the period September 2020 to March 2021

LA Code	LA Name	ACA*	Number of Schools	Initial Weighted Number of Schools*	Weighted Number of Schools After the Minimum Funding is Applied*	Allocation October 2020
202	Camden	1.30	55	71.69	71.69	£164,763
