The Department for Education funds The Careers & Enterprise Company to coordinate careers hubs.

What support is available

[Careers hubs](#) offer school and college careers leaders and senior leadership teams with support to develop their careers programme in line with the Gatsby Benchmarks of good careers guidance.

This includes:

- training for careers leaders
- bringing employers, educators and providers together through the hub network
- sharing digital tools and resources

Cost

The programme is fully funded for state-funded schools and colleges.

Who can access

Mainstream state-funded schools and colleges in England, special schools and alternative provision settings.

How to access

Where a careers hub exists, the Enterprise Coordinators should already be in contact with secondary schools in their area to offer support.

If there is not a careers hub in your area, or your school or college is not currently part of a careers hub and you would like to join one, contact The [Careers & Enterprise Company](#).
