

Weighing scales for the National Child Measurement Programme

12 October 2007

The scales listed below conform to the EU Directive 90/384/EEC. You should look carefully at the individual specifications of the scales before purchasing to make sure that you select the ones that best meet your needs.

This is not an exhaustive list, and some scales that meet the EU Directive 90/384/EEC might not be included here.

We will update the list as we gain new information. If you know of any scales that meet the directive that we have not included here, please let us know by emailing ncmp@dh.gsi.gov.uk.
